Qualifications and Volunteer Experience

Please explain why you would like to serve on this particular board, committee, or commission.

I have a strong interest in Resource Conservation. I feel that the collaborative and cooperative mode of operation used by the RCD is the way I would like to contribute to progress in this field. The RCD has been growing and becoming more diverse, and I would like to continue to be part of this movement.

Describe your qualifications for this appointment. (NOTE: you may also include a copy of your resume with this application)

I have been on the Board, for more than 10 years and more recently, President, during which time we have shepherded in the concept of Watershed Management, pioneered water-conservation practices in east county among other accomplishments - these practices are now the rule rather than the exception. We have built a state-of-the-art Salmonid Fish Passage under Interstate 80 on Pinole Creek, cleaned up numerous legacy dump sites, started up and continue to run several Watershed Management Councils, run numerous Watershed Symposia. I have shepherded the RCD through changes in Staff and Executive Directors and Board. I feel that I have been a stabilizing and progressive influence during these turbulent times and would very much appreciate the opportunity to carry on the work. I am presently the president of this Board and have overseen a period of growth and expanded effectiveness of this District. We have expanded the services we provide and the clients we help and have expanded our share of clients. Our Board and Staff are now more diverse than they have ever been, representing a wide and deep scope of expertise and cultural, gender and ethnic attributes. We have greatly expanded our collaboration with other RCD's and with other groups and agencies and serve a wider range of clients in an expanding of services and projects. We are leaders in coping with the Corona pandemic, having switched to working remotely and taking precautionary steps such as meeting virtually before these measures became mandatory. I represented the RCD to the Contra Costa chapter of the California Special Districts Association, and represent Contra Costa Special Districts on LAFCo and the East Bay Regional Parks District Parks Advisory Committee (PAC). I feel that these connections put me in a position to foster "cross-border" cooperation and collaborations. It has been a pleasure and an honor to be part of this renaissance and I would greatly appreciate the opportunity to continue this work.
