* PLEASE VERIFY THAT THE SUGGESTED SETBACK ON THE BACK WEST SIDE MUST BE 20' REQUIRING A VARIANCE AND NOT THE NORMAL 5' PER PUBLISHED GUIDELINES FOR SWIMMING POOLS

PROJECT NOTES:
1. PROPOSED SWIMMING POOL WITH ELECTRIC HEAT PUMP (NO GAS HEATER).
2. NO TREES ARE WITHIN 20' OF THE PROPOSED PROJECT.

VARIANCE APPLICATION NOTES:

1. THE NORTH (SIDE) AND EAST (FRONT) SETBACKS ARE IN COMPLIANCE WITH THE REQUIRED DISTANCES.
2. THE REAR SETBACK REQUEST IS FOR 5' FROM THE WEST (BACK) PROPERTY LINE.

REASON FOR VARIANCE:
1. ALL OTHER AREAS OF THE PROPERTY ARE STEEP SLOPES AND NOT ACCESSIBLE OR BUILDABLE.

2. VALLEY OAK CT. WAS NOT CORRECTLY BUILT IN THE REQUIRED EASEMENT AND ALMOST ENTIRELY ENCRAOCHES ONTO THE McGREGOR PROPERTY.

3. THE LOCATION OF THE PROPOSED POOL IS RESTRICTED DUE TO THE LOCATION OF VALLEY OAKS CT. BEING BUILT IN THE WRONG LOCATION OUTSIDE OF THE ALLOCATED EASEMENT.

4. IF VALLEY OAKS CT WAS NOT ENCRAOCHING ON THE PROPERTY THERE WOULD BE ROOM FOR THE POOL TO MEET THE 20' SUGGESTED SETBACK.

   *The Alamo MAC **recommends approval** of the application subject to the condition that the existing two large oak trees be preserved to the extent possible; and that the proposed landscaping be consistent with the established character of the surrounding neighborhood. The Council bases its recommendation on the observation that many homes on the street have undergone similar remodels, with the house in question being one of the last unremodeled homes on Angela Avenue; that Angela Avenue is a private road maintained by the neighbors; and that the proposed project would result in the home being more compatible with the neighborhood. Unanimous approval.*

   Public Comment:

Shannon Daughton, Applicant
Mike Gibson

*The property owner was present at the meeting. The Alamo MAC **recommends approval** of the application based on the Council's conclusion that the proposed improvements will enhance the home's compatibility with the surrounding neighborhood. Unanimous approval.*

8. **CDSD25-09717 – 455 Livorna Road**

*The Alamo MAC **recommends approval** contingent upon verification by the Department of Conservation and Development that the slope density complies with General Plan requirements. For the benefit of future residents of this subdivision, the MAC further recommends that, to the extent permitted by law, the property be re-zoned to R-40 to ensure consistency with the General Plan. If the County is legally unable to require the applicant to initiate re-zoning, the MAC recommends that the County evaluate re-zoning the property independently. The MAC further recommends that, to the extent legally possible, the County ensures all conditions of approval, particularly those related to infrastructure and land development, have been met or bonded for the entire subdivision, prior to recording of the first final map. The motion was approved 5 ayes, 1 no, 1 abstention.*
