Department: Sheriff

PROGRAM NARRATIVE:

Please provide a narrative describing the programming being proposed on this AB 109 Budget Proposal Form.

FY 2025-26 Baseline Request

Budget increase reflects negotiated salary adjustments with all contracts and associated MOUs. CCCOE had a 7% salary adjustment in addition to the negotiated MOU salary increases. Food/Clothing/Household increase based on the increase price of supplies. Increase in Behavioral Health Court is for the rent increase in the new location and the cost of the move.

FY 2025 - 2026 Food/Clothing/Household

Funding for food, clothing, and household expenses to meet inmates' needs and Title 15 requirements. These ongoing cost estimates are calculated from a Food/Clothing Services budget of approximately \$4.1 million.

FY 2025 - 2026 Monitoring Costs

These costs are primarily related to the Custody Alternative Facility and the ongoing costs associated with the monitoring through contracts with SCRAM and 3M for alternative custody devices. This program enables defendants to remain out of physical/hard custody while being monitored (e.g.: electronically) under provisions recommended by the Court.

FY 2025 - 2026 IT Support

The ongoing costs associated with the Sheriff's Office and contracts for IT support, which includes installation and maintenance for the alternative custody devices, Jail Management System maintenance, and other computer and electronic requisites supported by the Sheriff's Technical Services Division.

FY 2025 - 2026 Behavioral Health Court

This item is to support the ongoing costs of the Behavioral Health Court as it currently exists, to include vehicle, rent, IT support, phones, PG&E, repairs, limited supplies, cell phones, computers, drug testing, and annual training classes for deputies.

FY 2025 - 2026 Program Administration Costs

This item is to support the ongoing contractual expense for the Jail to Community Programs. Expanded program services to include women in the jail to community contract.

FY 2025 - 2026 Program Services

This item is to support the ongoing program costs within the three detention facilities. The main program contract is with the Contra Costa County Office of Education to provide both reentry and education based services within the facilities.

FY 2025-26 Program Modification Request -

Note: FY 2025-26 revenue assumptions do not support program enhancements or expansions. Instead this section is for program modifications to rightsize prior year under expenditure trends or eliminate programs costs no longer needed in FY 2025-26.

FY 2025/26 AB109 Budget Program Narrative Form**

Department: Probation Post Release Community Supervision (PRCS)

PROGRAM NARRATIVE:

The elements of Public Safety Realignment include the Post-Release Community Supervision (PRCS) of clients released from prison. Those sentenced to local commitments for crimes that would have previously resulted in prison sentences are released from jail and placed on Mandatory Supervision, supervised by the Probation Department. Those clients released from prison and jail after completing a term for violating their parole are also placed on probation supervision. Systems to coordinate and ensure services are available have been developed and continue to be refined. The goal is to ensure clients have the best possible chance to avoid further negative contact with the justice system. This could not occur without proper staffing and effective interventions developed in the community with enhanced partnerships.

FY 2025/26 Baseline Request

The baseline allocation will provide for 12 DPOs, 1 Clerk, and 1 Supervisor. The operating costs account for office expenses, data and communication cost, minor computer and furniture, food, client expenses, travel/training, annual vehicle expenses, and stabilization resources. The current contract for restorative circles is expected to remain the same, therefore there is no change in that amount.

FY 2025/26 Program Modification Request

There is a change in the 0.10 FTE Director Field Services and 0.06 FTE IT support costs as the Department plans to absorb these minimal costs as it is time consuming to track costs.

The new vehicle costs for \$140,000 is also removed as this purchase is expected to be completed in FY 24-25.

OPERATING COSTS - \$1,347,554

Recovery Residences (Sober Living Environment)

No less than four beds are dedicated to AB109 clients who are homeless, have recently graduated from residential and outpatient SUD treatment programs at Uilkema House. Residents may stay for up to 6 months and receive a variety of self-sufficiency services, recovery support and required to continue outpatient services while residing at Uilkema House. Funds are also added to Oxford Houses contract to ensure access for AB109 clients. Oxford Houses are resident-managed sober living environments for individuals in SU remission. Clients residing at an Oxford House are also adhere to the same eligibility requirements of continuing outpatient treatment, working towards self-sufficiency and communicating with a recovery coach on ongoing basis.

SUD Residential Treatment

Residential SUD treatment will be provided for up to 250 clients. These services will be provided in the community by Discovery House, a county operated program, and through other DMC certified Community-Based Organizations (CBO) under a contract with Behavioral Health's Alcohol and Other Drug Services (AODS). With the implementation of the Drug Medi-Cal Organized Delivery System (DMC-ODS), AOD has experienced an increase on the number of clients. We have transitioned from 90-days length of stays to a client-centered treatment approach in alignment with the ASAM Criteria. Moreover, the Centers for Medicare and Medicaid (CMS) eliminated the restriction on the number of admissions to residential treatment per year. Because of the CalAIM changes, there has been further recognition that justice involved populations may require extra time in residential treatment and recovery residences.

SUD Outpatient Treatment

Outpatient treatment will be available for up to 24 clients. Outpatient services will be provided through DMC certified Community-Based Organizations (CBO) under a contract with Behavioral Health's AODS. In September 2022, AOD added Options for Recovery in the Concord area. Options became DMC Certified in September 2023, but they are still working towards stabilization in Contra Costa. Options for Recovery is an Alameda-based provider with expertise in justice involved and unhoused populations. Outpatient services consist of individual and group counseling sessions and determined by the ASAM Criteria based on individual needs. Accordingly, the duration of treatment is driven by medical necessity rather than a fixed length of stay. Outpatient treatment accompanied by Recovery Residences, promote client self-sufficiency, health and recovery.

Drug Medi-Cal Federal Financial Participation (FFP)

While DMC allows counties to draw down Federal funding, a non-federal match is required. AB109 funding is used by AODS to cover the match for every AB109 client and criminal justice-involved client. Additionally, because DMC only covers treatment and excludes the cost for room and board at residential facilities, AB109 funds are used for each bed day. Since 2019 AODS has been monitoring Medi-Cal eligibility for all AB109 admissions and it has consistently demonstrated that approximately 98% of AB109 clients referred to SUD treatment are in fact Medi-Cal eligible. Every year however, AOD analyzes DMC data claims and a large percentage of claims are disallowed due to various reasons mostly related to the State. As a result, some of the AB109 funded allocated to AODS is used to cover the cost incurred by SU providers for services rendered for AB109 clients for claims not approved by Medi-Cal. Similarly, AB109 funding supports non-DMC eligible (undocumented and out of county) justice involved clients. While the number of admissions into residential treatment are no longer restricted, AB109 clients will still continue to receive extensions and additional admissions through AB109 funding. Additionally, in FY23-24 Contra Costa was required to comply with the CalAIM initiative which included payment reform under the new payment provisions, all CBO rates were increased. AB109 funding also support and advance CalAIM justice-involved implementation.

Pharmacy/Lab

Includes medication and lab fees for AB109 clients who are not covered by insurance.

ISF Fee

ISF is an annual fee for vehicle maintenance, insurance, and replacement. ISF charge will allow for replacement of the vehicle at the end of the vehicle life (90,000 miles) at no cost to the department.

Occupancy

Occupancy costs will provide office and meeting space for Forensic Services staff to meet with clients. Occupancy costs include rent and tenant improvements. It does not include other items such as utilities, telephone or data lines.

Travel Expenses

Funds will be used to offset travel expenses such as mileage reimbursement and bridge tolls to meetings and clinical appointments on behalf of AB109 clients.

CAPITAL COSTS (ONE-TIME) - \$0

No one-time capital costs are requests for FY 25/26.

Contra Costa County Community Corrections Partnership
FY 2025-26 AB109 Budget Program Narrative Form

Department: District Attorney's Office

PROGRAM NARRATIVE:

Please provide a narrative describing the programming being proposed on this AB 109 Budget Proposal Form.

The District Attorney's Office is requesting \$2,407,781 for FY 2025-26. The request will continue the programs approved in the FY 2024-25 ongoing AB 109 budget. The realignment team will address the responsibilities presented by the realignment of our criminal justice system pursuant to Penal Code section 1170(h). The Department will continue to provide the Neighborhood Restorative Partnership program.

FY 2025-26 Baseline Request

The DA's realignment team includes (4) FTE Deputy District Attorneys, (1) Legal Assistant (Neighborhood Restorative Partnership Coordinator), (1) Senior Level Clerk, (2) Experienced Level Clerk, (3) Victim/Witness Assistance Program Specialists, and (1) Part Time 0.5 FTE Senior Level Clerk. \$2,277,781 is being requested for Salary and Benefits. Benefits Costs include FICA, medical, workers' compensation, SUI, deferred compensation, Paulson costs, benefits administration, and retiree health. \$130,000 is being requested for ongoing operating costs.

Neighborhood Restorative Partnership

In an effort to offer smart and safe alternatives for low level non-violent misdemeanors, the District Attorney's Office has implemented the Neighborhood Restorative Partnership (NRP). In lieu of filing criminal charges, this community based pre-charging diversion program utilizes a restorative justice lens to resolve low-level misdemeanors and quality of life crimes. Adjudicators – comprised primarily of residents who live and work in the community where the incident occurred – hear the case and create plans that enable the participant to address harms caused to the community and parties affected by the incident. This program reduces the number of cases making their way through the criminal justice system, saving both time and money for the courts and impacted county agencies. By keeping low-level non-violent offenders out of the criminal justice system, and keeping convictions off their record, this program aids in preventing obstacles to obtaining employment, education, housing, and meaningful participation in the community.

Realignment/Re-entry Coordinator Attorney

This position is the office point person on all issues involving the implementation of prevention, realignment and re-entry. They attend Community Corrections Partnership meetings to provide information to the CCP when requested and to keep the office informed as to the CCP's policy decisions. They also participate in the Strategic Re-entry Plan Development, Pre-Release Planning Pilot, Pre-trial Services, and the Racial Justice Oversight Body.

ACER Attorneys

These attorneys staff the Superior Court's in-custody arraignment courts and their early disposition calendars. This includes appearances at arraignments, weighing in on bail motions, interaction with the court on pre-trial release and attempts at disposition of cases early in the judicial process, before additional resources are used. These attorneys appear at felony arraignments and review all pre-release reports.

Note: FY 2025-26 revenue assumptions do not support program enhancements or expansions. Instead this section is for program modifications to rightsize prior year under expenditure trends or eliminate programs costs no longer needed in FY 2025-26.

The District Attorney's Office does not have program modification request for the FY2025-26 ongoing AB 109 Budget.

PROGRAM NARRATIVE:

FY 2025-26 Baseline Request

The Mental Health Evaluation Team (MHET) program has been running successfully since 2014. The program started with 3 MHET officers from local police departments, one in each region of the county. It has now expanded to include 3 deputy sheriffs on the team. MHET is a co-responding model, a clinician and a police officer/deputy sheriff respond to each referral in the community county wide. Referrals come from law enforcement for individuals with whom they have had multiple calls or contacts about what has been assessed to be BH needs. MHET coordinates services with PES, hospitals, APS, custody facilities, and community agencies. The goal of each response is to stabilize the situation, support the community and families, engage the referred individual and support him/her until they are engaged in long term BH services. The goals of MHET include: reducing repeat calls to law enforcement, reduce violent encounters between individuals with BH needs and law enforcement, reduce visits to PES, increase safety for all, increase utilization of outpatient BH services, and provide education and support to families and the community.

Department: Superior Court

PROGRAM NARRATIVE:

FY 2025-26 Baseline Request

The Contra Costa Superior Court respectfully requests one-time funding from the County's FY 2025-26 AB 109 allocation in the amount of \$237,829. The funding continues to address the extra workload associated with PRCS cases, parole violation petitions, and the Pretrial Release Program by funding two dedicated courtroom clerks whose sole focus is on capturing court proceedings, and entering the appropriate case information timely.

The Court calendars many cases involving the supervision of "non-non-non" offenders. This workload continues to exceed that which could reasonably be handled by a single courtroom clerk. In response, the court allocated a second clerk to each of the high volume calendars at all times.

The additional clerk serves as a primary resource for the Judge, Justice Partners and the Attorneys in answering questions and receiving paperwork. The second clerk also preps calendars, answers incoming phone calls, responds to faxes and enters data in case management while the primary clerk records matters on the record. The two clerk team works together in departments creating a more efficient process for each case.
