Report Title: Consider waiving "sit-out period" and approve hiring of County retiree Robert Antony

☒Recommendation of the County Administrator ☐ Recommendation of Board Committee

RECOMMENDATIONS:

1. CONSIDER waiving the 180-day "sit-out period" for Robert Antony, Communications Equipment Specialist II, in the Department of Information Technology.

2. FIND that the appointment of Mr. Antony is necessary to fill a critically needed position; and

3. APPROVE and AUTHORIZE the hiring of County retiree, Robert Antony, as a temporary County employee for the period of May 15, 2024, through April 30, 2025, as recommended by the Chief Information Officer.

FISCAL IMPACT:

Salary costs are included within the Department's budget. The total cost for the requested period is approximately $49,920.

BACKGROUND:

The Public Employee Pension Reform Act of 2013 requires that active members who retire on or after January 1, 2013, must wait 180 days after retirement before returning to work as a temporary employee. The Act also allows the Board, based on a finding that the appointment is necessary to fill a critically needed position, to waive the 180-day "sit-out" period.

Mr. Antony retired from his position of Communications Equipment Specialist II on April 1, 2024. He was originally hired on September 24, 1984, and at time of retirement, he had 39 ½ years of County service. When he retired, Mr. Antony was working on a radio encryption project that has been mandated by the California Department of Justice (DOJ) for all law enforcement agencies in the County and in the East Bay Regional Communications Systems Authority (EBRCSA). Members of EBRCSA consist of all law enforcements agencies in the counties and each city in Contra Costa and Alameda County (excluding BART Police). This mandate requires all law enforcement radios that connect to the California Law Enforcement Telecommunications System (CLETS) shall be encrypted to secure the Criminal Justice Information and Personally Identifiable Information that is being accessed is being transmitted securely. This encryption requires that each of the radios in the County and in the EBRCSA be configured by a qualified Communications Equipment Specialist in the Department of Information Technology. Mr. Antony has been trained to utilize specialized equipment known as a KVL 5000 Key Variable Loader to install the AES Encryption on the radios. Mr. Antony will begin this same encryption upgrade for all Health Services

Department base stations for ambulance communications, as well as the Buchanan Airport and the Animal Services base stations. Mr. Antony was mentoring the replacement Communications Equipment Specialist who has completed the encryption training and was shadowing Mr. Antony to gain hands-on experience in providing this encryption service. Continued training will be extremely beneficial to this current staff member and the Department.

CONSEQUENCE OF NEGATIVE ACTION:
Failure to receive Board approval may jeopardize public safety and will not be in alignment with the directive from the California Department of Justice to encrypt all law enforcement radios that access CLETS.

Report Title: HEARING TO CONSIDER THE PROPOSED FORMATION OF ZONE 216 IN THE P-6 COUNTY SERVICE AREA IN THE BAY POINT AREA (DISTRICT V)

☒Recommendation of the County Administrator ☐ Recommendation of Board Committee

RECOMMENDATIONS:

1. OPEN the hearing on the proposed formation of Zone 216 within County Service Area P-6; CONSIDER all oral and written comments; and CLOSE the hearing.

2. DETERMINE whether a majority protest of the voters residing within the boundaries of proposed Zone 216 exists pursuant to Government Code Section 25217.1(b)(1). In the event that the Board determines a majority protest exists, TERMINATE the proceedings.

3. If the Board determines a majority protest does not exist, ADOPT the Resolution, attached hereto, establishing Zone 216 of County Service Area P-6 subject to voter approval of a special tax to fund police protection services within the zone.

FISCAL IMPACT:

The cost of establishing the Police Service District and the election is paid for by the developer of the subdivision.

BACKGROUND:

Per the conditions of approval for Subdivision No. 9588 (County File #SD21-9588), prior to recording the final map for the 15-lot subdivision, the subdivider is required to establish a special police services tax district for the subdivision in order to provide additional funding to augment police services in the area of the subdivision. The property to be placed within the special tax district consists of a 2.88-acre site located at Pullman Avenue & Fairview Avenue in the Bay Point area of the County.

On April 9, 2024, the Board granted conceptual approval for a July 16, 2024, ballot measure seeking approval of a special tax to fund an increase in the level of police protection services that is provided in the Bay Point area of the County.

On April 9, 2024, the Board approved Resolution No. 2024-135, as required by Government Code Section 25217, subdivision (b), as the first step in forming a new zone within County Service Area (CSA) P-6. The

proposed zone would serve as the vehicle to collect special taxes within the proposed zone if a special tax measure is approved by voters on July 16, 2024.

Pursuant to Government Code Section 25217.1, subdivision (a), at the public hearing, the Board is required to hear and consider any protests to the formation of the zone. Pursuant to Government Code Section 25217.1, subdivision (b)(1), in the case of inhabited territory, if at the conclusion of the public hearing, the Board determines that more than 50 percent of the total number of voters residing within the proposed zone have filed written objections to the formation, then the Board shall determine that a majority protest exists and terminate the proceedings.

If there is no majority protest, the Board may continue the proceedings to form the zone by adopting Resolution, which would establish Zone 216 subject to voter approval of the special tax. A separate hearing is also scheduled for May 14, 2024, to consider the adoption of an ordinance authorizing the levy of the tax.

CONSEQUENCE OF NEGATIVE ACTION:

Zone 216 would not be formed and the subdivider would be unable to comply with the conditions of approval of the project. The subdivider would be unable to record the final map for the subdivision.

THE BOARD OF SUPERVISORS OF CONTRA COSTA COUNTY, CALIFORNIA

and for Special Districts, Agencies and Authorities Governed by the Board

IN THE MATTER OF CREATING ZONE 216 OF COUNTY SERVICE AREA P-6 IN THE BAY POINT AREA OF THE COUNTY

WHEREAS, this Board recognizes the need for increased police protection services in the above subject zone and the difficulty of funding the current or an increased level of services.

WHEREAS, establishing the subject zone is a necessary step for the Board of Supervisors to seek voter approval of a special tax for increased police protection services in the zone area. Government Code Sections 25217 and 25217.1 establish procedures for the formation of a zone within a county service area.

NOW, THEREFORE, BE IT RESOLVED THAT:

1. It is in the public interest to provide an increased level of police protection services in the area of proposed Zone 216 of County Service Area P-6.

2. A majority protest against the proposed formation of Zone 216 does not exist, pursuant to Government Code Section 25217.1, subdivision (b).

3. Subject to voter approval of Ordinance No. 2024-09 on July 16, 2024, authorizing the levy of a special tax within proposed Zone 216, that portion of Contra Costa County Service Area P-6 described in Exhibit A attached hereto and shown in Exhibit B attached hereto is established as Zone 216 of County Service Area P-6, effective upon this Board's adoption of a resolution declaring the results of the July 16, 2024, election ("Effective Date").

4. No affected properties located in Zone 216 will be taxed for any existing bonded indebtedness or contractual obligations as a result of the formation of said zone.

5. On or after the Effective Date, the Clerk of this Board shall cause the filing of a statement of the creation of said zone to be made with the County Assessor and the State Board of Equalization (in Sacramento) pursuant to Government Code Sections 54900-54902. The filing shall include a map or plat indicating the boundaries of said zone.

THE BOARD OF SUPERVISORS OF CONTRA COSTA COUNTY, CALIFORNIA

and for Special Districts, Agencies and Authorities Governed by the Board

IN THE MATTER OF RESOLUTION OF INTENTION TO FORM ZONE 216 OF COUNTY SERVICE AREA P-6 IN THE BAY POINT AREA

WHEREAS, the Board of Supervisors of Contra Costa County RESOLVES:

1. The Board of Supervisors of Contra Costa County proposes the formation of new zone in the Bay Point area of County Service Area (CSA) P-6, pursuant to Article 8 of Chapter 2.3 of Part 2 of Division 2 of Title 3 of the California Government Code.

2. The boundaries of the territory to be included in the zone area are described in 'Exhibit A' and shown in 'Exhibit B', both of which are attached hereto and incorporated herein by this reference.

3. The formation of Zone 216 is proposed to provide the County of Contra Costa with a method of financing an increased level of police protection services to the area within the zone.

4. The proposed zone would provide a level of police protection services that exceeds the level of service outside the zone, and if approved by the voters, the proposed zone would generate additional revenue in the form of special taxes to fund the increase in this level of service.

5. The increase in the level of service would be financed through the levy of a voter-approved special tax on all taxable parcels within the zone.

6. The name proposed for the zone is "Zone 216" of CSA P-6.

NOW, THEREFORE, BE IT RESOLVED THAT at 9:00 a.m. on May 14, 2024, in the Chamber of the Board of Supervisors, County Administration Building, 1025 Escobar Street, Martinez, CA 94553, this Board will conduct a public hearing upon the proposed formation of Zone 2608 of CSA P-6. Report Title: HEARING TO CONSIDER ADOPTION OF PROPOSED SPECIAL TAX ORDINANCE AND AUTHORIZE ELECTION TO OBTAIN VOTER APPROVAL (DISTRICT V)

☒Recommendation of the County Administrator ☐ Recommendation of Board Committee

RECOMMENDATIONS:

1. OPEN hearing to consider adopting Ordinance No. 2024-09, authorizing the levy of a special tax for police protection services in Zone 216 of County Service area P-6 in the Bay Point area of the County; CONSIDER oral and written comments received; and CLOSE the public hearing.

2. ADOPT Ordinance No. 2024-09, attached hereto.

3. ADOPT a Resolution, attached hereto, authorizing an election in Zone 216 of County Service Area P-6 to consider approval of Ordinance No. 2024-09.

4. DIRECT the County Clerk, Elections Division, to conduct the election required by Government Code Sections 23027 and 53978. This election shall be held on July 16, 2024.

FISCAL IMPACT:

The cost of establishing the Police Service District and election is paid for by the developer of the subdivision.

BACKGROUND:

Per the conditions of approval for Subdivision No. 9588 (County File #SD21-9588), prior to recording the final map for the 15-lot subdivision, the subdivider is required to establish a special Police Services tax district for the purposes of providing additional funding to augment police services in the area. The property to be subdivided and placed within the proposed special tax district consists of a 2.88-acre site located at Pullman Avenue and Fairview Avenue in the Bay Point area of the County.

On April 9, 2024, the Board approved Resolution No. 2024-135, as required by Government Code Section 25217, subdivision (b), as the first step in forming a new zone within County Service Area (CSA) P-6 in the Bay Point area of the County. The proposed zone would serve as the vehicle to collect special taxes within the boundaries of the zone if a special tax measure is approved by registered voters within the zone area at the July 16, 2024, election.

The Board is scheduled to conduct a separate hearing on May 14, 2024, on the formation of the proposed zone. If the Board determines there is no majority protest to the formation of this new zone, and if the Board adopts the Resolution, establishing CSA P-6, Zone 216 subject to voter approval of the special tax, the next step in the process is the hearing on the adoption of a special tax ordinance, the adoption of that ordinance and adoption of a resolution submitting the tax measure to the voters.

In this action, the Board is asked to conduct the hearing on, and adopt, the special tax ordinance (Ordinance No. 2024-09), which would authorize the levy of a special tax for police protection services on all taxable parcels in the area of Zone 216 if a special tax ballot measure is approved by a two-thirds majority of the registered voters in the zone area. This Resolution, the adoption of which is also recommended, sets forth appropriate ballot language, directs the County Clerk, Elections Division, to conduct the aforementioned election as part of the July 16, 2024, election, and supplies appropriate ballot language.

CONSEQUENCE OF NEGATIVE ACTION:

The project developer would be unable to comply with the conditions of approval for the project. The developer would be unable to record the final map for the subdivision.

THE BOARD OF SUPERVISORS OF CONTRA COSTA COUNTY, CALIFORNIA

and for Special Districts, Agencies and Authorities Governed by the Board

IN THE MATTER OF AUTHORIZING A SPECIAL TAX IN PROPOSED ZONE 216 OF COUNTY SERVICE AREA P-6

WHEREAS, this Board recognizes the need for increased police protection services in the above subject zone and the difficulty of funding the current or an increased level of services. Government Code Sections 50077 and 53978 establish procedures for voter authorization of a special tax in order to provide additional funding for police protection.

NOW, THEREFORE, BE IT RESOLVED

1. Ordinance No. 2024-09, adopted on this date, is to be presented for approval of the voters of proposed Zone 216 of County Service Area P-6 at the election to be held on July 16, 2024, according to the following ballot proposition:

> *"Shall Ordinance No. 2024-09, to provide additional funding for police protection services, be approved to authorize a special tax on property located in Zone 216 of County Service Area P-6 in the Bay Point area of the County, at an initial annual amount of $200 per parcel for single-family, residential parcels, with higher and lower amounts for properties in other use categories identified in the ordinance, commencing with the tax year beginning July 1, 2025?"*

2. The Contra Costa County Registrar of Voters is designated as the Election Official for this election, and the County Clerk, Elections Division, is hereby authorized and directed to provide all notices and take all other actions necessary to hold the election described in this resolution including, but not limited to, providing notices of times within which arguments for and against are to be submitted.

3. The County Administrator, or his designee, shall serve as the Eligible Filer for purposes of filing necessary documents with the Elections Official to facilitate listing of the above ballot proposition.

of County Service Area P-6

The Contra Costa County Board of Supervisors ORDAINS as follows:

ARTICLE I. PURPOSE AND INTENT. It is the purpose and intent of this Ordinance to authorize the levy of a tax on parcels of real property on the secured property tax roll of Contra Costa County that are within Zone 216 of Contra Costa County Service Area No. P-6 in order to augment funding for police protection services.

This tax is a special tax within the meaning of Section 4 of Article XIIIA of the California Constitution. Because the burden of this tax falls upon property, this tax also is a property tax, but this tax is not determined according to nor in any manner based upon the value of property; this tax is levied on a parcel and use of property basis. Insofar as not inconsistent with this Ordinance or with legislation authorizing special taxes and insofar as applicable to a property tax that is not based on value, such provisions of the California Revenue and Taxation Code and of Article XIII of the California Constitution as relate to *ad valorem* property taxes are intended to apply to the collection and administration of this tax (Article IV of this Ordinance), as authorized by law.

The revenues raised by this tax are to be used solely for the purposes of obtaining, furnishing, operating, and maintaining police protection equipment or apparatus, for paying the salaries and benefits of police protection personnel, and for such other police protection service expenses as are deemed necessary.

ARTICLE II. DEFINITIONS. The following definitions shall apply throughout the Ordinance:

1. "Parcel" means the land and any improvements thereon, designated by an assessor's parcel map and parcel number and carried on the secured property tax roll of Contra Costa County. For the purposes of the Ordinance, "parcel" does not include any land or improvements outside the boundaries of Zone 216 of County Service Area P-6 nor any land or improvements owned by any governmental entity.

2. "Fiscal year" means the period of July 1 through the following June 30.

3. Contra Costa County Service Area P-6 Zone 216 (hereinafter called "Zone") means that portion of unincorporated area of Contra Costa County located within the Zone's boundaries described and shown in Exhibits A and B attached hereto.

4. "Use Code" means the code number assigned by the Assessor of Contra Costa County in order to classify parcels according to use for *ad valorem* property tax purposes. A copy

of the Assessor's use code classifications chart is attached hereto as Exhibit C and incorporated herein.

5. "Consumer Price Index" means the Consumer Price Index for all Urban Consumers (CPI-U) for the San Francisco-Oakland-San Jose Area (1982-84=100) as published by the U.S. Department of Labor, Bureau of Labor Statistics. If the Consumer Price Index is discontinued or revised, such other government index or computation with which it is replaced shall be used in order to obtain substantially the same result as would be obtained if the Consumer Price Index had not been discontinued of revised.

6. "Constant first year dollars" shall mean an actual dollar amount which, in years subsequent to the first fiscal year the tax is levied, shall have the same purchasing power as the base amount in first fiscal year dollars as measured by the Consumer Price Index. The base amount shall be the amount of tax per parcel as specified in Article III 1A herein. The adjustment from actual to constant dollars shall be made by use of the Consumer Price Index, as specified in Section III 1B herein.

ARTICLE III. AMOUNT AND LEVEL OF TAXES

1. The tax per year on each parcel in the Zone shall not exceed the amount applicable to the parcel as specified below.

A. For First Fiscal Year:

The tax per year for the first fiscal year (July 1, 2025 through June 30, 2026) shall be the Amount of Tax per Parcel for the Property Use Code Category as set forth in Exhibit D incorporated herein.

B. For Subsequent Fiscal Years:

In order to keep the tax on each parcel in constant first year dollars for each fiscal year subsequent to the first fiscal year, the tax per year shall by adjusted as set forth below to reflect any increase in the Consumer Price Index beyond the first fiscal year a tax is levied.

In July, the Board of Supervisors of Contra Costa County shall determine the amount of taxes to be levied upon the parcels in the Zone for the then current fiscal year as set forth below.

For each Property Use Category on Exhibit C, the tax per year on each parcel for each fiscal year subsequent to the first fiscal year shall be an amount determined as follows:

Tax Per Parcel For Then Current Fiscal Year	=	Tax Per Parcel For Previous Fiscal Year	X	(Consumer Price Index for April of Immediately Preceding Fiscal Year) (Consumer Price Index For the first Fiscal Year Of Levy)

In no event shall the tax per parcel for any fiscal year be less than the amount established for the first fiscal year.

2. The taxes levied on each parcel pursuant to this Article shall be a charge upon the parcel and shall be due and collectible as set forth in Article IV, below. A complete listing of the amount of taxes on each Zone shall be maintained by the Sheriff-Coroner of the County of Contra Costa at Martinez, California, and be available for public inspection during the remainder of the fiscal year for which such taxes are levied.

ARTICLE IV. COLLECTION AND ADMINISTRATION.

1. Taxes as Liens Against the Property.

The amount of taxes for each parcel each year shall constitute a lien on such property, in accordance with Revenue and Taxation Code section 2187, and shall have the same effect as an *ad valorem* real property tax lien until fully paid.

2. Collection.

The taxes on each parcel shall be billed on the secured roll tax bills for *ad valorem* property taxes and shall be due the County of Contra Costa. Insofar as feasible and insofar as not inconsistent with this Ordinance, the taxes are to be collected in the same manner in which the County collects secured roll *ad valorem* property taxes. Insofar as feasible and insofar as not inconsistent with the Ordinance, the times and procedure regarding exemptions, due dates, installment payments, corrections, cancellations, refunds, late payments, penalties, liens, and collection for secured roll *ad valorem* property taxes shall be applicable to the collection of this tax. Notwithstanding anything to the contrary in the foregoing, as to this tax: 1) the secured roll tax bills shall be the only notices required for this tax, and 2) the homeowner and veterans exemptions shall not be applicable because such exemptions are determined by dollar amount value.

3. Costs of Administration by the County.

The reasonable costs incurred by the County officers collecting and administering this tax shall be deducted from the collected taxes.

ARTICLE V. ACCOUNTABILITY MEASURES.

1. Account.

Upon the levy and collection of the tax authorized by this ordinance, an account shall be created into which the proceeds of the tax will be deposited. The proceeds of the tax authorized by this Ordinance shall be applied only to the specific purposes identified in this Ordinance.

2. Annual Report.

An annual report that complies with the requirements of Government Code section 50075.3 shall be filed with the Board of Supervisors of Contra Costa County no later than January 1 of each fiscal year in which the tax is levied.

ARTICLE V. SEVERABILITY CLAUSE

If any article, section, subsection, sentence, phrase of clause of this Ordinance is for any reason held to be invalid, such decision shall not affect the validity of the remaining portion of this Ordinance. The voters of the Zone hereby declare that they would have adopted the remainder of the Ordinance, including each article, section, subsection, sentence phrase or clause, irrespective of the invalidity of any other article, section, subsection, sentence, phrase or clause.

ARTICLE VI. EFFECTIVE DATE.

This Ordinance shall take effect immediately upon its confirmation by two-thirds of the voters voting within Zone 216 in an election to be held on July 16, 2024, so that taxes shall first be collected hereunder for the tax year beginning July 1, 2025. Within 15 days of passage, this Ordinance shall be published once, with the names of the Supervisors voting for and against it, in the Contra Costa Times, a newspaper of general circulation published in this County.

IN THE MATTER OF RESOLUTION OF INTENTION TO FORM ZONE 216 OF COUNTY SERVICE AREA P-6 IN THE BAY POINT AREA

WHEREAS, the Board of Supervisors of Contra Costa County RESOLVES:

1. The Board of Supervisors of Contra Costa County proposes the formation of new zone in the Bay Point area of County Service Area (CSA) P-6, pursuant to Article 8 of Chapter 2.3 of Part 2 of Division 2 of Title 3 of the California Government Code.

2. The boundaries of the territory to be included in the zone area are described in 'Exhibit A' and shown in 'Exhibit B', both of which are attached hereto and incorporated herein by this reference.

5. The increase in the level of service would be financed through the levy of a voter-approved special tax on all taxable parcels within the zone.

6. The name proposed for the zone is "Zone 216" of CSA P-6.

NOW, THEREFORE, BE IT RESOLVED THAT at 9:00 a.m. on May 14, 2024, in the Chamber of the Board of Supervisors, County Administration Building, 1025 Escobar Street, Martinez, CA 94553, this Board will conduct a public hearing upon the proposed formation of Zone 2608 of CSA P-6. The attached list of referrals was reviewed and approved by the Transportation, Water, and Infrastructure Committee at its March 11, 2024, meeting for recommendation to the full Board of Supervisors. As seen in the attached and described below, the Committee recommends the following changes to the 2023 referral list for 2024:

1. **New**: *Review and monitor Transportation Element development of the General Plan Update.*

CONSEQUENCE OF NEGATIVE ACTION:
The Transportation, Water and Infrastructure Committee will not have a Board of Supervisors approved list of issues to address.

Report Title: SB 1057 (Menjivar) Juvenile Justice Coordinating Council

☐Recommendation of the County Administrator ☒ Recommendation of Board Committee

RECOMMENDATIONS:

ADOPT a position of "Oppose" on SB 1057 (Menjivar) Juvenile Justice Coordinating Council, a bill that proposes to make considerable changes to the local planning body and associated processes for the deployment of Juvenile Justice Crime Prevention Act (JJCPA) funds, as recommended by the Legislation Committee of the Board.

FISCAL IMPACT:

According to the Chief Probation Officers of California: "SB 1057…would repurpose and reprioritize new processes thereby redirecting the expenditure of critical juvenile justice investments which are expended in accordance with research-based standards and producing highly effective results."

BACKGROUND:

At their April 16, 2024 meeting, the Legislation Committee (Chair Burgis/Vice Chair Carlson) considered and supported a recommendation from the County's Chief Probation Officer to oppose SB 1057 (Menjivar). SB 1057 is also opposed by CSAC, the Urban Counties of California, and the Rural County Representatives of California. (See Attachment C.)

SB 1057, as recently amended, proposes considerable changes to local Juvenile Justice Coordinating Councils (JJCC), as well as to the process for the JJCCs' deployment of Juvenile Justice Crime Prevention Act (JJCPA) funds. These funds were realigned to counties in 2011 and serve as the bedrock of counties' juvenile justice systems.

SB 1057 recasts the composition of the JJCC by (1) requiring that the body be comprised of at least half community representatives and the remainder allocated to representatives from government agencies, as specified in the bill (2) removing the chief probation officer as the chair of the JJCC and instead specifying that the JJCC with its newly formulated composition shall elect two co-chairs, at least one of whom must be a community representative. The bill would require that if bylaws establish term limits, all individuals of the council be subject to term limits. In addition, this measure confers authority to the Board of State and Community Corrections (BSCC) or other state entity with oversight over administration of these funds to

determine remedial action or to withhold JJCPA funding if a county fails to establish a JJCC. Finally, it establishes a new request for proposal (RFP) process for JJCPA funds under which a local agency other than a law enforcement related agency - with a stated preference for behavioral health-related local agencies - must administer the RFP.

Attachment A is the text of SB 1057.

Attachment B is the Senate Committee on Public Safety analysis of the bill.

AMENDED IN SENATE MARCH 19, 2024

SENATE BILL No. 1057

Introduced by Senator Menjivar
(Coauthor: Senator Skinner)

February 8, 2024

An act to amend Section 30061 of the Government Code, and to repeal and add Section 749.22 of the Welfare and Institutions Code, relating to juveniles.

LEGISLATIVE COUNSEL'S DIGEST

SB 1057, as amended, Menjivar. Juvenile justice coordinating council.

Under existing law, there is established in each county treasury a Supplemental Law Enforcement Services Account (SLESA) to receive all amounts allocated to a county for specified purposes. Existing law requires the moneys to be allocated in specified amounts, including, but not limited to, 50% to a county or city and county to implement a comprehensive multiagency juvenile justice plan, as specified. Existing law requires the juvenile justice plan to be developed by the local juvenile justice coordinating council in each county and city and county. Existing law requires the plan to be annually reviewed and updated by the council and submitted to the Board of State and Community Corrections. Existing law requires a county or city and county to submit a report to the board of supervisors and the board to assess the effectiveness of the programs, strategies, and system enhancements funded under these provisions and specifies the information to be included in the report.

This bill would require a county or city and county to establish a juvenile justice coordinating council in order to obtain funding under

these provisions. The bill would require the board to evaluate if a county or a city and county has complied with the requirements of these provisions and would authorize the board or any state agency overseeing the administration of these funds to determine an appropriate remedial action or to withhold funding if a county or city and county fails to create a juvenile justice coordinating council. The bill would revise required components of the multiagency juvenile justice plan to, among other things, additionally require a plan to include an assessment of existing community-based youth development services, identification and prioritization of areas of the community that are vulnerable to court system involvement due to high rates of poverty and the incarceration of at-promise youth's family members, among other things, and a description of the target population funded under these provisions. The bill would require assessments to prioritize soliciting direct feedback on youth participants' satisfaction with existing services and resources. The bill would require programs and strategies funded under these provisions to, among other things, be modeled on healing-centered, restorative, trauma-informed, and positive youth development approaches and in collaboration with community-based organizations. The bill would prohibit the sharing of personally identifying information across agencies without informed, voluntary, revocable, and written consent of youth participants or their parents or legal guardians. The bill would require a council to include additional information in its annual report to the board of supervisors and the board relating to their programs, including data on youth participants and council members.

The bill would require the local agency overseeing requests for proposals for funds under these provisions to engage with community stakeholders, as specified, and take into account the county's juvenile justice plan and equity funding across the county. The bill would authorize any local agency to oversee the request for proposals except for a law enforcement-related agency, with preference for behavioral health-related local agencies.

Existing law requires a juvenile justice coordinating council to consist of certain members, including, but not limited to, the chief probation officer, as chair, and a representative from the district attorney's office, the public defender's office, and the sheriff's department, among others.

This bill would revise and recast those membership provisions, and instead require each county juvenile justice coordinating council to, at a minimum, consist of at least 50% community representatives with the remainder of the seats allocated ~~to representatives from governmental~~

~~agencies,~~ as specified. The bill would require the council to include an at-promise youth, as defined, and either a person with experience in the juvenile court system or a system-impacted family member. ~~The bill would require a council to select 2 cochairs from amongst its members, at least one of whom shall be a community representative.~~ *The bill would require, if a county board of supervisors or a county's juvenile coordinating council's bylaws established term limits, that all individuals of the council be subject to the term limits.* The bill would require a council to meet no less than 3 times per year and announce its meetings at least 10 days in advance of a meeting.

Vote: majority. Appropriation: no. Fiscal committee: yes. State-mandated local program: no.

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares all of the following:

(1) The grant administration under the Juvenile Justice Crime Prevention Act (JJCPA), which was created under the Schiff-Cardenas Crime Prevention Act of 2000 (Chapter 353 of the Statutes of 2000), requires that each county establish a juvenile justice coordinating council (Council) that consists of representatives from a variety of local agencies and community groups to ensure the county's multiagency juvenile justice plan is collaborative and comprehensive. A 2020 audit by the California State Auditor found that 20 percent of counties lacked a Council entirely. Of those counties that did complete plans, the California State Auditor found that counties generally made limited revisions to their plans over the past 20 years despite significant changes to the juvenile justice landscape.

(2) The Councils were intended to guide the implementation of JJCPA funds to support community-run prevention and intervention programs that would include meaningful planning and program assessments. Many of the Councils have fallen short of the original vision to support positive youth development in community settings and reduce youth involvement in the court system. The use of JJCPA funds on law enforcement salaries and benefits, including net-widening with excessive probation supervision, is contradictory to the act's original intent of investment in collaborative, community-based services.

(3) To be aligned with the purpose of the JJCPA, programs and strategies created by the Councils and funded under the JJCPA should be primarily focused on preventing young people from entering the criminal legal system through developing a nonpunitive, community-based, healing-centered, culturally competent, restorative, trauma-informed approach that is supported by key stakeholders, which is critical to reducing collateral consequences for justice-involved youth and saving taxpayer dollars.

(4) The Council's juvenile justice plans and subsequent allocation of JJCPA funds do not reflect the drastically changing landscape of California's youth justice system or research on best practices to support youth. Since 2000, youth arrests have declined by over 80 percent. California has also seen a 66-percent decline in referrals to probation since 2006. Research shows that many at-promise youth are in the free community; therefore, the juvenile justice plans, programs, and strategies should reflect this changing landscape by investing in community-based solutions and services.

(5) Comprehensive multiagency juvenile justice plans should focus on creating nurturing environments conducive to healthy youth development. An analysis of multiple studies of system-involved youth shows significantly higher adverse childhood experience (ACE) scores, overrepresentation of minority youth, and documented associations between these ACEs and increased behavioral, legal, mental health, substance abuse, pregnancy, victimization, and educational problems. Arrest, court hearings, detention, and incarceration are inherently stressful, and can exacerbate trauma symptoms.

(6) "State Strategies to Address the Needs of Justice-Involved Youth Impacted by Collateral Consequences" (February 2023) by the National Governors Association found that justice-involved youth face a diverse range of collateral consequences that can have both immediate and long-term negative and adverse impacts on their well-being and the well-being of their families.

(7) The Justice Policy Institute's "Sticker Shock 2020: The Cost of Youth Incarceration" (July 2020) provides that extensive research reveals that secure youth incarceration increases the likelihood of recidivism and harms educational attainment, lifetime wages, and future health outcomes for youth. In 2020, California spent an average of $833 per day per youth in confinement, which

is equivalent to spending $308,259 per year per youth. Prevention and intervention services for youth development are more cost effective to be administered through community-based services rather than through law enforcement agencies and incarceration.

(b) Therefore, it is the intent of the Legislature to include strong community representation on each Council, including at-promise youth, people and families impacted by the juvenile court system, and community-based service providers, to ensure that juvenile justice plans primarily focus on providing healing-centered, culturally competent, restorative, community-based programs and services that reduce and avoid young people's engagement with law enforcement, including programs and services administered by or overseen by law enforcement agencies.

SEC. 2. Section 30061 of the Government Code is amended to read:

30061. (a) There shall be established in each county treasury a Supplemental Law Enforcement Services Account (SLESA), to receive all amounts allocated to a county for purposes of implementing this chapter.

(b) In any fiscal year for which a county receives moneys to be expended for the implementation of this chapter, the county auditor shall allocate the moneys in the county's SLESA within 30 days of the deposit of those moneys into the fund. The moneys shall be allocated as follows:

(1) Five and fifteen-hundredths percent to the county sheriff for county jail construction and operation. In the case of the Counties of Madera, Napa, and Santa Clara, this allocation shall be made to the county director or chief of corrections.

(2) Five and fifteen-hundredths percent to the district attorney for criminal prosecution.

(3) Thirty-nine and seven-tenths percent to the county and the cities within the county, and, in the case of the Counties of San Mateo, Kern, Siskiyou, and Contra Costa, also to the Broadmoor Police Protection District, the Bear Valley Community Services District, the Stallion Springs Community Services District, the Lake Shastina Community Services District, and the Kensington Police Protection and Community Services District, in accordance with the relative population of the cities within the county and the unincorporated area of the county, and the Broadmoor Police Protection District in the County of San Mateo, the Bear Valley

Community Services District and the Stallion Springs Community Services District in the County of Kern, the Lake Shastina Community Services District in the County of Siskiyou, and the Kensington Police Protection and Community Services District in the County of Contra Costa, as specified in the most recent January estimate by the Demographic Research Unit of the Department of Finance, and as adjusted to provide, except as provided in subdivision (i), a grant of at least one hundred thousand dollars ($100,000) to each law enforcement jurisdiction. For a newly incorporated city whose population estimate is not published by the Department of Finance, but that was incorporated prior to July 1 of the fiscal year in which an allocation from the SLESA is to be made, the city manager, or an appointee of the legislative body, if a city manager is not available, and the county administrative or executive officer shall prepare a joint notification to the Department of Finance and the county auditor with a population estimate reduction of the unincorporated area of the county equal to the population of the newly incorporated city by July 15, or within 15 days after the Budget Act is enacted, of the fiscal year in which an allocation from the SLESA is to be made. A person residing within the Broadmoor Police Protection District, the Bear Valley Community Services District, the Stallion Springs Community Services District, the Lake Shastina Community Services District, or the Kensington Police Protection and Community Services District shall not also be counted as residing within the unincorporated area of the County of San Mateo, Kern, Siskiyou, or Contra Costa, or within any city located within those counties. Except as provided in subdivision (i), the county auditor shall allocate a grant of at least one hundred thousand dollars ($100,000) to each law enforcement jurisdiction. Moneys allocated to the county pursuant to this subdivision shall be retained in the county SLESA, and moneys allocated to a city pursuant to this subdivision shall be deposited in a SLESA established in the city treasury.

(4) Fifty percent to the county or city and county to implement a comprehensive multiagency juvenile justice plan, as provided in this paragraph. In order to be eligible for funding under this paragraph, a county or city and county shall establish a juvenile justice coordinating council with membership described in Section 749.22 of the Welfare and Institutions Code. The juvenile justice

plan shall be developed by the local juvenile justice coordinating council in each county and city and county. If a county or city and county fails to establish a juvenile justice coordinating council, the Board of State and Community Corrections or any state agency overseeing the administration of these funds shall have the authority to determine appropriate remedial action or withhold the funding provided under this paragraph. The plan shall be reviewed and updated annually by the juvenile justice coordinating council. The plan or updated plan shall be approved by the county board of supervisors. The plan or updated plan shall be submitted to the Board of State and Community Corrections by May 1 of each year in a format specified by the Board of State and Community Corrections that consolidates the form of submission of the annual comprehensive multiagency juvenile justice plan to be developed under this paragraph with the form for submission of the annual Youthful Offender Block Grant plan that is required to be developed and submitted pursuant to Section 1961 of the Welfare and Institutions Code.

(A) The comprehensive multiagency juvenile justice plan shall include, but not be limited to, all of the following components:

(i) An assessment of existing law enforcement, probation, education, mental health, health, social services, drug and alcohol, and community-based youth development services and resources that specifically center at-promise youth, youth involved in the juvenile court system, and their families. Assessments shall prioritize soliciting direct feedback on youth participants' satisfaction with existing services and resources.

(ii) An identification and prioritization of the neighborhoods, schools, and other areas in the community that are vulnerable to court system involvement due to high rates of poverty, a lack of educational and employment opportunities, racial discrimination, the incarceration of an at-promise youth's family members, and a high prevalence of community violence and crime.

(iii) A local juvenile justice action strategy that provides for a continuum of care to prevent and respond to young people experiencing juvenile court system involvement that is modeled on a framework of positive youth development and demonstrates a healing-centered, culturally competent, restorative, community-based, collaborative, and integrated approach for at-promise youth and youth involved in the juvenile court system.

(iv) A description of the target population for the program strategies that are proposed to be funded pursuant to this paragraph, including a description of the target population's race, ethnicity, age, gender identity, and ZIP Code of residence.

(v) Input from at-promise youth, youth involved in the juvenile court system and their families, and a description of the programs and strategies that are proposed to be funded pursuant to this subparagraph, including documentation of their effectiveness, specific objectives, and outcome measures.

(B) Programs and strategies proposed to be funded under this paragraph shall satisfy all of the following requirements:

(i) Be based on programs and approaches that have been demonstrated to be effective in creating positive youth development outcomes, helping young people avoid engagement with law enforcement agencies, and reducing community violence and crime. These programs and approaches shall be modeled on healing-centered, culturally competent, restorative, trauma-informed, and positive youth development approaches.

(ii) Collaborate and integrate services of all the resources set forth in clause (i) of subparagraph (A), to the extent appropriate, and prioritize collaboration with community-based organizations.

(iii) Employ information sharing systems to ensure that county actions are fully coordinated, and designed to provide data for measuring the success of programs and strategies funded by this paragraph, while still protecting participant confidentiality in prearrest and prebooking diversion programs. Personally identifying information shall not be shared across agencies without the informed, voluntary, revocable, and written consent of youth participants, or their parents or legal guardians on behalf of minors.

(C) The local agency overseeing the request for proposals process for funds provided under this paragraph shall engage community stakeholders, including, but not limited to, at-promise youth, youth involved in the juvenile court system and their families, and the juvenile justice coordinating council in the process of selecting which entities to which to distribute funds. The local agency shall take into account the county's juvenile justice plan and equity of funding across the county in the final selection of proposals to be funded. The local agency overseeing the request for proposals process for funds provided under this paragraph may

be any county agency that is not a law enforcement-related agency, with preference for behavioral health-related local agencies.

(D) To assess the effectiveness of programs and strategies funded pursuant to this paragraph, the juvenile justice coordinating council of each county or city and county shall submit by October 1 of each year a report to the county board of supervisors and to the Board of State and Community Corrections on the programs and strategies funded pursuant to this paragraph. The report shall be in a format specified by the Board of State and Community Corrections that consolidates the report to be submitted pursuant to this chapter with the annual report to be submitted to the Board of State and Community Corrections for the Youthful Offender Block Grant program, as required by subdivision (c) of Section 1961 of the Welfare and Institutions Code. The report shall include all of the following:

(i) An updated description of the programs and strategies that have been funded pursuant to this paragraph in the immediately preceding fiscal year. Descriptions shall include evidence supporting the programs and strategies, including feedback from youth participants.

(ii) An accounting of expenditures during the immediately preceding fiscal year for each program and strategy funded pursuant to this paragraph.

(iii) A description and expenditure report for programs and strategies that have been cofunded during the preceding fiscal year using funds provided under this paragraph and Youthful Offender Block Grant funds provided under Chapter 1.5 (commencing with Section 1950) of Division 2.5 of the Welfare and Institutions Code.

(iv) An updated list of juvenile justice coordinating council members, including their assigned seat and profession, if applicable, and dates for all council meetings in the immediately preceding fiscal year.

(v) Countywide juvenile justice trend data available from existing statewide juvenile justice data systems or networks, as specified by the Board of State and Community Corrections, including, but not limited to, arrests, diversions, petitions filed, petitions sustained, placements, incarcerations, subsequent petitions, and probation violations, disaggregated by race, ethnicity, gender identity, age, and ZIP Code of residence, and including, in a format to be specified by the Board of State and Community

Corrections, a summary description or analysis, based on available information, of how the programs and strategies funded pursuant to this paragraph have or may have contributed to, or influenced, the juvenile justice data trends identified in the report.

(E) The Board of State and Community Corrections shall, within 45 days of having received the county's report, post on its internet website the report and a description or summary of the programs and strategies that have been supported by funds made available to the county under this paragraph.

(F) The Board of State and Community Corrections shall compile the local reports and, by March 1 of each year following their submission, make a report to the Governor and the Legislature summarizing the programs and strategies and related expenditures made by each county and city and county from the appropriation made for the purposes of this paragraph. The annual report to the Governor and the Legislature shall also summarize the countywide trend data and any other pertinent information submitted by counties indicating how the programs and strategies supported by funds appropriated under this paragraph have or may have contributed to, or influenced, the trends identified. The Board of State and Community Corrections may consolidate the annual report to the Legislature required under this paragraph with the annual report required by subdivision (d) of Section 1961 of the Welfare and Institutions Code for the Youthful Offender Block Grant program. The annual report shall be submitted pursuant to Section 9795, and shall be posted for access by the public on the internet website of the Board of State and Community Corrections.

(G) As used in this paragraph, "at-promise youth" means young people up to 25 years of age, inclusive, who are vulnerable to court system involvement due to high rates of poverty, a lack of educational and employment opportunities, racial discrimination, the incarceration of one or more of their family members, and a high prevalence of community violence and crime.

(c) Subject to subdivision (d), for each fiscal year in which the county, each city, the Broadmoor Police Protection District, the Bear Valley Community Services District, the Stallion Springs Community Services District, the Lake Shastina Community Services District, and the Kensington Police Protection and Community Services District receive moneys pursuant to paragraph (3) of subdivision (b), the county, each city, and each district

specified in this subdivision shall appropriate those moneys in accordance with the following procedures:

(1) In the case of the county, the county board of supervisors shall appropriate existing and anticipated moneys exclusively to provide frontline law enforcement services, other than those services specified in paragraphs (1) and (2) of subdivision (b), in the unincorporated areas of the county, in response to written requests submitted to the board by the county sheriff and the district attorney. Any request submitted pursuant to this paragraph shall specify the frontline law enforcement needs of the requesting entity, and those personnel, equipment, and programs that are necessary to meet those needs.

(2) In the case of a city, the city council shall appropriate existing and anticipated moneys exclusively to fund frontline municipal police services, in accordance with written requests submitted by the chief of police of that city or the chief administrator of the law enforcement agency that provides police services for that city.

(3) In the case of the Broadmoor Police Protection District within the County of San Mateo, the Bear Valley Community Services District or the Stallion Springs Community Services District within the County of Kern, the Lake Shastina Community Services District within the County of Siskiyou, or the Kensington Police Protection and Community Services District within the County of Contra Costa, the legislative body of that special district shall appropriate existing and anticipated moneys exclusively to fund frontline municipal police services, in accordance with written requests submitted by the chief administrator of the law enforcement agency that provides police services for that special district.

(d) For each fiscal year in which the county, a city, or the Broadmoor Police Protection District within the County of San Mateo, the Bear Valley Community Services District or the Stallion Springs Community Services District within the County of Kern, the Lake Shastina Community Services District within the County of Siskiyou, or the Kensington Police Protection and Community Services District within the County of Contra Costa receives any moneys pursuant to this chapter, in no event shall the governing body of any of those recipient agencies subsequently alter any previous, valid appropriation by that body, for that same fiscal

year, of moneys allocated to the county or city pursuant to paragraph (3) of subdivision (b).

(e) For the 2011–12 fiscal year, the Controller shall allocate 23.54 percent of the amount deposited in the Local Law Enforcement Services Account in the Local Revenue Fund 2011 for the purposes of paragraphs (1), (2), and (3) of subdivision (b), and shall allocate 23.54 percent for purposes of paragraph (4) of subdivision (b).

(f) Commencing with the 2012–13 fiscal year, subsequent to the allocation described in subdivision (c) of Section 29552, the Controller shall allocate 23.54363596 percent of the remaining amount deposited in the Enhancing Law Enforcement Activities Subaccount in the Local Revenue Fund 2011 for the purposes of paragraphs (1) to (3), inclusive, of subdivision (b), and, subsequent to the allocation described in subdivision (c) of Section 29552, shall allocate 23.54363596 percent of the remaining amount for purposes of paragraph (4) of subdivision (b).

(g) Commencing with the 2013–14 fiscal year, subsequent to the allocation described in subdivision (d) of Section 29552, the Controller shall allocate 23.54363596 percent of the remaining amount deposited in the Enhancing Law Enforcement Activities Subaccount in the Local Revenue Fund 2011 for the purposes of paragraphs (1) to (3), inclusive, of subdivision (b), and, subsequent to the allocation described in subdivision (d) of Section 29552, shall allocate 23.54363596 percent of the remaining amount for purposes of paragraph (4) of subdivision (b). The Controller shall allocate funds in monthly installments to local jurisdictions for public safety in accordance with this section as annually calculated by the Director of Finance.

(h) Funds received pursuant to subdivision (b) shall be expended or encumbered in accordance with this chapter no later than June 30 of the following fiscal year. A local agency that has not met the requirement of this subdivision shall remit unspent SLESA moneys received after April 1, 2009, to the Controller for deposit in the Local Safety and Protection Account, after April 1, 2012, to the Local Law Enforcement Services Account, and after July 1, 2012, to the County Enhancing Law Enforcement Activities Subaccount. This subdivision shall become inoperative on July 1, 2015.

(i) In the 2010–11 fiscal year, if the fourth quarter revenue derived from fees imposed by subdivision (a) of Section 10752.2 of the Revenue and Taxation Code that are deposited in the General Fund and transferred to the Local Safety and Protection Account, and continuously appropriated to the Controller for allocation pursuant to this section, are insufficient to provide a minimum grant of one hundred thousand dollars ($100,000) to each law enforcement jurisdiction, the county auditor shall allocate the revenue proportionately, based on the allocation schedule in paragraph (3) of subdivision (b). The county auditor shall proportionately allocate, based on the allocation schedule in paragraph (3) of subdivision (b), all revenues received after the distribution of the fourth quarter allocation attributable to these fees for which payment was due prior to July 1, 2011, until all minimum allocations are fulfilled, at which point all remaining revenue shall be distributed proportionately among the other jurisdictions.

(j) The county auditor shall redirect unspent funds that were remitted after July 1, 2012, by a local agency to the County Enhancing Law Enforcement Activities Subaccount pursuant to subdivision (h), to the local agency that remitted the unspent funds in an amount equal to the amount remitted.

SEC. 3. Section 749.22 of the Welfare and Institutions Code is repealed.

SEC. 4. Section 749.22 is added to the Welfare and Institutions Code, to read:

749.22. (a) For the purposes of this section, the following definitions apply:

(1) “At-promise youth” means young people up to 25 years of age, inclusive, who are vulnerable to court system involvement due to high rates of poverty, a lack of educational and employment opportunities, racial discrimination, the incarceration of one or more of their family members, and a high prevalence of community violence and crime.

PURPOSE

The purpose of this bill is to: 1) explicitly require a county or city and county to establish a juvenile justice coordinating council in order to obtain Juvenile Justice Crime Prevention Act (JJCPA) funding; 2) require the Board of Community and State Corrections (BSCC) to evaluate if a county or a city and county has complied with the requirements of these provisions and authorize the BSCC or any state agency overseeing the administration of the JJCPA funds to determine an appropriate remedial action or to withhold funding if a county or city and county fails to create a juvenile justice coordinating council; 3) change the membership requirements of a juvenile justice coordinating council to require each county juvenile justice coordinating council to consist of at least 50% community representatives and specifies the governmental agencies that may hold the remaining seats on the council; and 4) require a council to select 2 co-chairs from its members, and requires one of the co-chairs to be a community representative.

Existing law establishes in each county treasury a Supplemental Law Enforcement Services Account (SLESA). (Gov. Code, § 30061, subd. (a).)

Existing law requires the county auditor, in any fiscal year for which a county receives moneys to be expended, to allocate the moneys in the county's SLESA within 30 days of the deposit of those moneys into the fund. Specifies how the moneys are allocated. (Gov. Code, § 30061, subd. (b).)

Existing law requires fifty percent of the money allocated to the county or city and county to implement a comprehensive multiagency juvenile justice plan, as provided. Requires the juvenile justice plan to be developed by the local juvenile justice coordinating council in each county and city and county. Requires the plan to be reviewed and updated annually by the council. (Gov. Code, § 30061, subd. (c)(4).)

Existing law provides that the plan or updated plan may, at the discretion of the county or city and county, be approved by the county board of supervisors. Requires the plan or updated plan to be submitted to the BSCC by May 1 of each year in a format specified by the board. (Gov. Code, § 30061, subd. (c)(4).)

Existing law requires the multiagency juvenile justice plan to include, but not be limited to, all of the following components:

- An assessment of existing law enforcement, probation, education, mental health, health, social services, drug and alcohol, and youth services resources that specifically target at-risk juveniles, juvenile offenders, and their families.
- An identification and prioritization of the neighborhoods, schools, and other areas in the community that face a significant public safety risk from juvenile crime, such as gang activity, daylight burglary, late-night robbery, vandalism, truancy, controlled substances sales, firearm-related violence, and juvenile substance abuse and alcohol use.
- A local juvenile justice action strategy that provides for a continuum of responses to juvenile crime and delinquency and demonstrates a collaborative and integrated approach for implementing a system of swift, certain, and graduated responses for at-risk youth and juvenile offenders.
- A description of the programs, strategies, or system enhancements that are proposed to be funded. (Gov. Code, § 30061, subd. (c)(4)(A).)

Existing law requires that programs, strategies, and system enhancements proposed to be funded satisfy all of the following requirements:

- Be based on programs and approaches that have been demonstrated to be effective in reducing delinquency and addressing juvenile crime for any elements of response to juvenile crime and delinquency, including prevention, intervention, suppression, and incapacitation.
- Collaborate and integrate services of all resources to the extent appropriate.
- Employ information sharing systems to ensure that county actions are fully coordinated, and designed to provide data for measuring the success of juvenile justice programs and strategies. (Gov. Code, § 30061, subd. (c)(4)(B).)

Existing law requires each county or city and county to submit an annual report to the county board of supervisors and to the BSCC on the programs, strategies, and system enhancements funded in order to assess their effectiveness. Requires the report to be in a format specified by the board and to include all of the following:

- An updated description of the programs, strategies, and system enhancements that have been funded in the immediately preceding fiscal year.
- An accounting of expenditures during the immediately preceding fiscal year for each program, strategy, or system enhancement funded.
- A description and expenditure report for programs, strategies, or system enhancements that have been co-funded during the preceding fiscal year using JJCPA funds and Youthful Offender Block Grant funds.
- Countywide juvenile justice trend data available from existing statewide juvenile justice data systems or networks, as specified by the BSCC, including, but not limited to, arrests, diversions, petitions filed, petitions sustained, placements, incarcerations, subsequent petitions, and probation violations, and including, in a format to be specified by the board, a summary description or analysis, based on available information, of how the programs, strategies, or system enhancements funded pursuant to this chapter have or may have contributed to, or influenced, the juvenile justice data trends identified in the report. (Gov. Code, § 30061, subd. (c)(4)(C).)

Existing law requires the BSCC to compile the local reports and, by March 1 of each year following their submission, make a report to the Governor and the Legislature summarizing the programs, strategies, and system enhancements and related expenditures made by each county and city and county. Requires the annual report to the Governor and the Legislature to also summarize the countywide trend data and any other pertinent information submitted by counties indicating how the programs, strategies, or system enhancements supported by appropriated have or may have contributed to, or influenced, the trends identified. Requires the annual report to be posted for access by the public on the website of the board. (Gov. Code, § 30061, subd. (c)(4)(E).)

Existing law establishes the Juvenile Crime Enforcement and Accountability Challenge Grant Program that is administered by the BSCC for the purpose of reducing juvenile crime and delinquency. Requires this program to award grants on a competitive basis following request-for-proposal evaluation standards and guidelines developed by the board to counties that develop and implement a comprehensive, multiagency local action plan that provides for a continuum of responses to juvenile crime and delinquency, including collaborative ways to address local problems of juvenile crime; and demonstrate a collaborative and integrated approach for implementing a system of swift, certain, graduated responses, and appropriate sanctions for at-risk youth and juvenile offenders. (Welf. & Inst. Code, § 749.21.)

Existing law provides that to be eligible for the grant, each county is required to establish a multiagency juvenile justice coordinating council that develops and implements a continuum of county-based responses to juvenile crime. Requires the coordinating councils include, at a minimum, the chief probation officer, as chair, and one representative each from the district attorney's office, the public defender's office, the sheriff's department, the board of supervisors, the department of social services, the department of mental health, a community-based drug and alcohol program, a city police department, the county office of education or a school district, and an at-large community representative. (Welf. & Inst. Code, § 749.22.)

Existing law requires a coordinating council to include representatives from nonprofit community-based organizations providing services to minors. Requires the board of supervisors to be informed of community-based organizations participating on a coordinating council. Requires the coordinating councils to develop a comprehensive, multiagency plan that identifies the resources and strategies for providing an effective continuum of responses for the prevention, intervention, supervision, treatment, and incarceration of male and female juvenile offenders, including strategies to develop and implement locally based or regionally based out-of-home placement options for youths. (Welf. & Inst. Code, § 749.22.)

Existing law provides that counties may utilize community punishment plans developed pursuant to grants awarded from funds included in the 1995 Budget Act to the extent the plans address juvenile crime and the juvenile justice system or local action plans previously developed for this program. Requires the plan include, but not be limited to, the following components:

- An assessment of existing law enforcement, probation, education, mental health, health, social services, drug and alcohol and youth services resources which specifically target at-risk juveniles, juvenile offenders, and their families.
- An identification and prioritization of the neighborhoods, schools, and other areas in the community that face a significant public safety risk from juvenile crime, such as gang

activity, daylight burglary, late-night robbery, vandalism, truancy, controlled substance sales, firearm-related violence, and juvenile alcohol use within the council's jurisdiction.

- A local action plan for improving and marshaling the resources described above to reduce the incidence of juvenile crime and delinquency in the targeted areas and the greater community. Requires the councils to prepare their plans to maximize the provision of collaborative and integrated services of all the resources described above, and to provide specified strategies for all elements of response, including prevention, intervention, suppression, and incapacitation, to provide a continuum for addressing the identified male and female juvenile crime problem, and strategies to develop and implement locally based or regionally based out-of-home placement options for youths.
- Develop information and intelligence-sharing systems to ensure that county actions are fully coordinated, and to provide data for measuring the success of the grantee in achieving its goals. Requires the plan to develop goals related to the outcome measures that will be used to determine the effectiveness of the program.
- Identify outcome measures which must include, but not be limited to, the following: the rate of juvenile arrests, the rate of successful completion of probation, and the rate of successful completion of restitution and court-ordered community service responsibilities. (Welf. & Inst. Code, § 749.22.)

This bill explicitly provides that in order for a county or city and county to be eligible for funding, it must establish a juvenile justice coordinating council.

This bill authorizes the BSCC or any state agency overseeing the administration of these funds to determine appropriate remedial action or withhold funding if a county or city and county fails to establish a juvenile justice coordinating council.

This bill revises the components of the multiagency juvenile justice plan. Specifically, requires the plan include:

- An assessment of existing law enforcement, probation, education, mental health, health, social services, drug and alcohol, and community-based youth development services and resources that specifically center at-promise youth, youth involved in the juvenile court system, and their families. Assessments shall prioritize soliciting direct feedback on youth participants' satisfaction with existing services and resources.
- An identification and prioritization of the neighborhoods, schools, and other areas in the community that are vulnerable to court system involvement due to high rates of poverty, a lack of educational and employment opportunities, racial discrimination, the incarceration of an at-promise youth's family members, and a high prevalence of community violence and crime.
- A local juvenile justice action strategy that provides for a continuum of care to prevent and respond to young people experiencing juvenile court system involvement that is modeled on a framework of positive youth development and demonstrates a healing-centered, culturally competent, restorative, community-based, collaborative, and integrated approach for at-promise youth and youth involved in the juvenile court system.
- A description of the target population for the program strategies that are proposed to be funded pursuant to this paragraph, including a description of the target population's race, ethnicity, age, gender identity, and ZIP Code of residence.

- Input from at-promise youth, youth involved in the juvenile court system and their families, and a description of the programs and strategies that are proposed to be funded pursuant to this subparagraph, including documentation of their effectiveness, specific objectives, and outcome measures.

This bill revises the requirements for JJCPA-funded programs and strategies. Specifically, requires a program or strategy to:

- Be based on programs and approaches that have been demonstrated to be effective in creating positive youth development outcomes, helping young people avoid engagement with law enforcement agencies, and reducing community violence and crime. Requires these programs and approaches to be modeled on healing-centered, culturally competent, restorative, trauma-informed, and positive youth development approaches.
- Collaborate and integrate services of law enforcement, probation, education, mental health, health, social services, drug and alcohol, and community-based youth development services and resources that specifically center at-promise youth, youth involved in the juvenile court system, and their families, to the extent appropriate, and prioritize collaboration with community-based organizations.
- Employ information sharing systems to ensure that county actions are fully coordinated, and designed to provide data for measuring the success of programs and strategies funded by this paragraph, while still protecting participant confidentiality in pre-arrest and pre-booking diversion programs. Prohibits personally identifying information from being shared across agencies without the informed, voluntary, revocable, and written consent of youth participants, or their parents or legal guardians on behalf of minors.

This bill requires the local agency overseeing the request for proposals process for funds provided to engage community stakeholders, including, but not limited to, at-promise youth, youth involved in the juvenile court system and their families, and the juvenile justice coordinating council in the process of selecting which entities to which to distribute funds. Requires the local agency to take into account the county's juvenile justice plan and equity of funding across the county in the final selection of proposals to be funded. Provides that the local agency overseeing the request for proposals process for funds may be any county agency that is not a law enforcement-related agency, with preference for behavioral health-related local agencies.

This bill requires the report regarding funded programs and strategies that each juvenile justice coordinating council must submit annually to the county board of supervisors and the BSCC to include, in addition to the existing requirements, the following information:

- Descriptions of the programs and strategies that include evidence supporting the programs and strategies, including feedback from youth participants.
- An updated list of juvenile justice coordinating council members, including their assigned seat and profession, if applicable, and dates for all council meetings in the immediately preceding fiscal year.
- Countywide juvenile justice trend data that is required under current law to be disaggregated by race, ethnicity, gender identity, age, and ZIP Code of residence.

This bill defines "at-promise youth" to mean young people up to 25 years of age, inclusive, who are vulnerable to court system involvement due to high rates of poverty, a lack of educational and employment opportunities, racial discrimination, the incarceration of one or more of their family members, and a high prevalence of community violence and crime.

This bill defines "community representative" to mean an individual who is currently or formerly justice system-involved, a system-impacted family member, or a representative from a nonprofit, community-based organization that provides services to youth and that does not include law enforcement employees or staff.

This bill provides that in order to be eligible for a grant, each county is required to establish a juvenile justice coordinating council that must develop and implement a continuum of care to prevent and respond to young people experiencing juvenile court system involvement that is modeled on a framework of positive youth development and demonstrates a healing-centered, restorative, community-based, collaborative, and integrated approach for at-promise youth and youth involved in the juvenile court system.

This bill requires a juvenile justice coordinating council to, at a minimum, consist of at least 50 percent community representatives and requires the remainder of seats to be allocated to representatives from governmental agencies.

This bill requires the juvenile justice coordinating council to include an at-promise youth, and either a person with experience in the juvenile court system or a system-impacted family member. Provides that the juvenile justice coordinating council may include one representative each from the public health department, the district attorney's office, the county probation department, the public defender's office, the board of supervisors, the county department of social services, the county department of mental or behavioral health, a community-based drug and alcohol program, a city police department, the county office of education or a school district, and the county department of children, youth, and families, if one exists.

This bill provides that if a county board of supervisors or a county's juvenile justice coordinating council's bylaws establish term limits, all individuals of the council, including co-chairs, are subject to these term limits.

This bill requires a juvenile justice coordinating council to elect two co-chairs from among its members, at least one of whom must be a community representative.

This bill requires the board of supervisors to be informed of any community-based organizations participating on a juvenile justice coordinating council.

This bill requires a juvenile justice coordinating council to meet no less than three times per year and announce meetings at least 10 days in advance. Requires a juvenile justice coordinating council to make meetings accessible to the public through remote participation, such as streaming and remote call-in options. Requires the council to choose meeting times that optimize and encourage public participation.

This bill requires a juvenile justice coordinating council to develop a comprehensive multiagency juvenile justice plan, as specified, that identifies the resources and strategies for providing an

effective continuum of care for at-promise youth, youth involved in the juvenile court system, and their families.

This bill includes uncodified findings and declarations.

This bill makes other technical and conforming changes.

COMMENTS

1. Need For This Bill

According to the author:

> California has committed to ending the era of tough-on-crime approach to youth incarceration while ushering in a new, health-based approach to youth development. While we have made great strides, there remain opportunities for improvement. One urgent opportunity is rectifying the injustices created by the flawed implementation of the Juvenile Justice Crime Prevention Act (JJCPA). The JJCPA was enacted over twenty years ago to service youth in their communities and keep them from entering the justice system. However, the lack of community representation on counties' local Juvenile Justice Coordinating Council (JJCC) has caused us to fall short of that goal.
>
> SB 1057 seeks to remedy this problem by creating a more equitable JJCC composition. The expertise of those who are most impacted by the system, and those working alongside them with a trauma-informed, healing-focused lens, are invaluable to implementing the JJCPA. SB 1057 would require counties to bring these experts to the table. However, it is not enough simply to have a seat at the table. System impacted young people, credible messengers, and trusted community stakeholders must feel safe; SB 1057 will add a community co-chair to JJCCs to ensure community voice does not become illusory. This bill does not defund probation, nor does it require that probation or other county agencies are left behind – SB 1057 simply supplements the current efforts by adding community voice to the decision-making process.

2. Juvenile Justice Crime Prevention Act

The JJCPA was enacted in 2000 to provide a stable funding source to counties with the goal of helping them reduce crime among young people. According to the author statement included in the Assembly Public Safety Committee analysis of AB 1913:

> AB 1913 is a necessary counterpart to Proposition 21, recently passed by the voters. AB 1913 would provide needed support and reform of the juvenile justice system. It would reduce the public safety problems associated with juvenile delinquency in California by implementing programs proven to reduce recidivism among juveniles. (Assem. Com. on Public Safety, Analysis of Assem. Bill 1913 (1999-2000 Reg. Sess.) as amended Mar. 23, 2000, p. 5.)

The JJCPA involves collaboration between the state, local county agencies, and community-based organizations in order to accomplish the goal of reducing delinquency. The target demographic includes youth on probation and in juvenile halls and camps, as well as at-risk youth. The JJCPA requires that each county establish a juvenile justice coordinating council made up of representatives from various local government agencies, CBOs, and the community. The coordinating council is required to develop a comprehensive multiagency juvenile justice plan for the county. State law specifies the four components that must be included in every county's juvenile justice plan which taken together, generally summarize a county's holistic efforts to reduce juvenile crime. The JJCPA requires counties to base their programs on approaches that are effective in reducing juvenile crime and delinquency and requires JJCPA-funded programs and strategies to be designed to provide data for measuring their success. Each county must submit its plan to the BSCC annually, along with a year-end report that describes the county's JJCPA-funded programs and how those programs may have affected the county's juvenile justice trends. The BSCC then compiles the information it receives from the counties and submits an annual report to the Governor and Legislature.

The state provides JJCPA funding to counties based on population. Funding is provided through an annual guaranteed funding amount, referred to as base funding, and if funds are available, an additional variable amount, referred to as growth funding. Because growth funding varies from year to year, counties do not know how much growth funding they will receive in any given year which has resulted in counties not spending their entire JJCPA allocations. During the 2021-2022 fiscal year, the statewide base allocation of JJCPA funds was $107.1 million with an additional $69.9 million allocated from growth funding. (Board of State and Community Corrections, *Juvenile Justice Crime Prevention Act and Youth Offender Block Grant Annual Report to the Legislature* (Mar. 2023), p. 12 available at <http://www.bscc.ca.gov/wp-content/uploads/2023-JJCPA-YOBG-Legislative-Report-FINAL.pdf>.)

Counties enjoy broad discretion in how JJCPA funds are used to support and enhance their juvenile justice systems. According to a report published by the Children's Defense Fund-California in 2018, "[JJCPA funds] ha[ve] been allocated for a range of programs, including policing and probation supervision in schools, public housing and park services, mental health screening and treatment, and community-based arts and after-school programs." (Soung et al., *Juvenile Justice Crime Prevention Act in Los Angeles: A Case Study on Advocacy & Collaborative Reform* (Dec. 2018), p. 3 available at <https://www.cdfca.org/wp-content/uploads/sites/4/2019/01/juvenile-justice-crime-prevention-act-in-los-angeles.pdf?_ga=2.215258129.705757938.1618379732-177568109.1618379732>.) The report noted that there were 150 JJCPA programs administered by the counties in 2014-2015 which served 84,450 at-risk and probation youth. (*Id*.)

3. State Auditor's Report

At the request of the Joint Legislative Audit Committee, the State Auditor conducted an audit to assess five counties' spending and reporting of JJCPA funds, and decision-making processes related to and evaluations of their JJCPA-funded programs. The report containing the audit findings was published in May 2020. The overall conclusion of the report was that weak oversight of the JJCPA by the state and counties had resulted in some counties not having a Juvenile Justice Coordinating Council at all, some counties having vacancies on their council, and several counties making only limited revisions to their comprehensive juvenile justice plan over the last two decades despite significant changes in the statewide juvenile justice landscape.

(State Auditor, *Juvenile Justice Crime Prevention Act: Weak Oversight Has Hindered Its Meaningful Implementation* (Report 2019-116), pp. 1-4, available at <http://auditor.ca.gov/pdfs/reports/2019-116.pdf>.)

The State Auditor made the following recommendations for legislative action:

- To ensure that counties adequately identify how they serve at-risk youth, the Legislature should require counties to define at-risk youth in their comprehensive plans. The Legislature should also require the BSCC to review counties' comprehensive plans to ensure that each contains an adequate definition of at-risk youth.
- The Legislature should direct the BSCC to monitor reports that counties submit to ensure that they include meaningful descriptions or analyses of how their JJCPA-funded programs may have contributed to or influenced countywide juvenile justice trends.
- To enable the BSCC to provide effective oversight of the required elements of the JJCPA, the Legislature should amend state law to describe a process for restricting the spending of JJCPA funding by counties that do not meet JJCPA requirements. As part of that process, the State should prohibit counties from spending JJCPA funds if they have not established Coordinating Councils.
- To make JJCPA funding more stable and predictable, the Legislature should amend state law to increase the amount of guaranteed JJCPA funding the State provides to counties. (*Id*. at p. 5.)

4. Major Provisions of the Bill

This bill makes several changes to the JJCPA and the county juvenile justice coordinating councils.

Juvenile Justice Coordinating Councils

This bill explicitly provides that in order for a county or city and county to be eligible for funding, it must establish a juvenile justice coordinating council, and authorizes the BSCC or any state agency overseeing the administration of these funds to determine appropriate remedial action or withhold funding if a county or city and county fails to establish a juvenile justice coordinating council. This bill also requires a juvenile justice coordinating council to meet no less than three times per year.

This bill additionally requires a juvenile justice coordinating council to consist of at least 50 percent community representatives, and specifically requires the juvenile justice coordinating council include an at-promise youth and either a person with experience in the juvenile court system or a system-impacted family member. With regard to the rest of the rest of the juvenile justice coordinating council's membership, the bill provides that the juvenile justice coordinating council may include one representative each from the public health department, the district attorney's office, the county probation department, the public defender's office, the board of supervisors, the county department of social services, the county department of mental or behavioral health, a community-based drug and alcohol program, a city police department, the county office of education or a school district, and the county department of children, youth, and families, if one exists. Finally, this bill requires a juvenile justice coordinating council to elect

two co-chairs from among its members, at least one of whom must be a community representative.

Multiagency Juvenile Justice Plan

This bill revises the components of the multiagency juvenile justice plan as well as the requirements for JJCPA-funded programs and strategies.

This bill requires the local agency overseeing the request for proposals process for funds provided to engage community stakeholders, including, but not limited to, at-promise youth, youth involved in the juvenile court system and their families, and the juvenile justice coordinating council in the process of selecting which entities to which to distribute funds. This bill also requires the local agency to take into account the county's juvenile justice plan and equity of funding across the county in the final selection of proposals to be funded, and provides that the local agency overseeing the request for proposals process for funds may be any county agency that is not a law enforcement-related agency, with preference for behavioral health-related local agencies.

RFP Process

This bill requires the local agency overseeing the request for proposals process for funds to engage community stakeholders, as specified, and the juvenile justice coordinating council in the process of selecting which entities to which to distribute funds. Notably, this bill requires the local agency overseeing the request for proposals process for funds may be any county agency that is not a law enforcement-related agency, with preference for behavioral health-related local agencies.

Annual Report

This bill requires the report regarding funded programs and strategies that each juvenile justice coordinating council must submit annually to the county board of supervisors and the BSCC to include the following information in addition to the requirements under existing law:

- Descriptions of the programs and strategies that include evidence supporting the programs and strategies, including feedback from youth participants.
- An updated list of juvenile justice coordinating council members, including their assigned seat and profession, if applicable, and dates for all council meetings in the immediately preceding fiscal year.
- Countywide juvenile justice trend data that is required under current law to be disaggregated by race, ethnicity, gender identity, age, and ZIP Code of residence.

5. Argument in Support

The bill's co-sponsors write:

> …SB 1057…would help California fully realize the Juvenile Justice Crime Prevention Act's (JJCPA) vision of providing health-centered, culturally competent, and community-based approaches for at-promise youth and youth involved in the juvenile court system by ensuring equitable community

representation and improved decision-making within county Juvenile Justice Coordinating Councils (JJCCs).

…

In 2000, the Schiff-Cardenas Juvenile Justice Crime Prevention Act was created to support youth in their communities and limit their involvement in the justice system. The grant requires that each county establish a Juvenile Justice Coordinating Council that consists of representatives from a variety of local agencies and community groups to ensure the county's multi-agency juvenile justice plan is collaborative and comprehensive.

However, in 2020, the California State Auditor released a report which found that most counties left mandatory stakeholder seats vacant. In fact, 20 percent of counties lacked a Council entirely during the audit review period. Of those counties that did complete plans, the State Auditor found that counties generally made limited revisions to their plans over the past 20 years although youth arrest have declined by 89 percent from 243,090 in 2000 to 26,000 in 2022, and California has also seen a decline in referrals to probation…from 187,296 in 2006 to 16, 252 in 2022. Additionally, counties' reporting failed to evaluate whether their JJCPA-Funded programs have been effective.

Across the state, inequitable decision-making by JJCCs has continued in the years since the Auditor's report. The Riverside County JJCC was required to add five community member seats following a 2020 settlement centered on the county's Youth Accountability Team (YAT) program. the lawsuit argued that the YAT program spent millions of dollars funneling children into an unconstitutional probation system that denied them their due process rights and subjected them to oppressive, invasive policies, such as surprise searches, unannounced home visitations, strict restrictions on who participants could speak to, curfews, and interrogations into intimate details of their lives. In 2021 and 2022, Fresno and Sacramento Counties were both found to be unlawfully holding meetings on juvenile justice reform behind closed doors. Dismal data reporting has continued, allowing for incidents such as in Los Angeles County, where probation was found to have spent nearly $400,000 yearly on a youth diversion program that served zero youth participants while simultaneously hoarding almost $100 million in JJCPA funding, thus preventing the delivery of much-needed resources to parks and recreation, arts, education, and behavioral health oriented programming.

6. Argument in Opposition

According to the Chief Probation Officers of California:

SB 1057…would repurpose and reprioritize new processes thereby redirecting the expenditure of critical juvenile justice investments which are expended in accordance with research-based standards and producing highly effective results. This funding has been foundational to supporting positive youth outcomes resulting in a 60 percent decline in youth detention rates and a 73 percent decline in juvenile arrest rates over the last decade. Additionally, the bill seeks to revise

the composition of local Juvenile Justice Coordinating Councils and make changes to multiagency juvenile justice plans. In doing so, this bill seeks to do away with collaborative and multi-agency approaches currently relied upon which have been essential tools in supporting an entire continuum that prevents juveniles from becoming more formally system involved through effectuating successful and expeditious re-entry post system involvement….

First, it is important to understand that the current system supports both transparency and multi-disciplinary voices as fundamental pieces to advise the direction of these plans in each of the 58 counties. … JJCPA supports our ability to provide cognitively designed, evidence-based and trauma-informed care. These efforts manifest in either partnerships with other system stakeholders, contracts with non-governmental entities where appropriate, or specific skill building within the probation department to deliver direct prevention services and programming. SB 1057 would create further instability at a time when we are absorbing the responsibility and liability of moving the entire continuum to probation and counties to continue to advance the historical progress made to divert youth away from detention.

Second, SB 1057 would impact county funding in several ways.

New language in the bill would allow the State via the Board of State and Community Corrections to withhold the funding if a county fails to establish a juvenile justice coordinating council. This mechanism is subjective, unclear, and sets a precedent for funding to counties to be withheld for service delivery that is provided by counties.

…

Redirection of important investments in local systems in local systems would create instability and diminution for the provision of necessary supports and services for youth in our communities. We would reiterate the constitutional concerns associated with the requirement to redirect JJCPA resources, given that this funding resides within the 2011 fiscal structure that is constitutionally protected under the provisions of Proposition 30 (2012). \

…

Third, … we are concerned that the changes proposed in this bill will have the adverse impact to its stated goals. … Counties and probation are statutorily responsible for the safety and rehabilitation of all youth across the juvenile continuum, yet this bill removes probation from the role of coordinating the planning process with these statutory duties. Therefore, probation and counties take on the responsibility and accountability for outcomes of juvenile services without the ability to coordinate and guide the plans to meet the goals, outcomes and requirements.

…[I]t is unclear how the approach in this bill … would support the advancement of integrated and coordinated delivery of juvenile prevention and diversion

services. … It is also unclear why this change is being proposed in light of the evolution and decline of youth in detention and with counties' significant focus on preventing youth from coming into contact with the juvenile justice system through efforts such as JJCPA over the last decade.

RE: SB 1057 (Menjivar) – Juvenile Justice Coordinating Council
As amended 3/19/2024 – OPPOSE
Set for hearing 4/23/2024 – Senate Public Safety Committee

Dear Senator Menjivar:

On behalf of the California State Association of Counties (CSAC), the Urban Counties of California (UCC), and the Rural County Representatives of California (RCRC), we write to jointly express our respectful opposition to SB 1057.

Like several bills that have been put before the Legislature in recent years – including AB 1007 (Jones-Sawyer, 2020), SB 493 (Bradford, 2021) and AB 702 (Jackson, 2023) – SB 1057, as recently amended, proposes to make considerable changes to local Juvenile Justice Coordinating Councils (JJCC), as well as the process for the JJCC's deployment of Juvenile Justice Crime Prevention Act (JJCPA) funds. These funds were realigned to counties in 2011 and serve as the bedrock of virtually all counties' juvenile justice systems. Notably, with the passage of SB 823 in 2020, counties now bear full responsibility for the entire juvenile justice system at the local level.

More specifically, SB 1057 extensively recasts the composition of the JJCC by (1) requiring that the body be comprised of at least half community representatives and the remainder from governmental entities and (2) inappropriately removing the chief probation officer as the chair of the JJCC and instead specifying that the JJCC with its newly formulated composition shall elect two co-chairs, at least one of whom must be a community representative. Second, this measure confers authority to the Board of State and Community Corrections (BSCC) or other state entity with oversight over administration of these funds to determine remedial action or to withhold JJCPA funding if a county fails to establish a JJCC. Third, it establishes a new request for proposal (RFP) process for JJCPA funds under which a local agency other than a law enforcement related agency – with a stated preference for behavioral health-related local agencies – must administer the RFP.

First, to be clear, counties welcome the participation of community members and value partner organizations in supporting the therapeutic needs of justice-involved youth in our community.

However, to reinforce our position on the aforementioned previous iterations of this measure, it continues to be wholly inappropriate for community organizations to assume responsibility of core functions for which counties – probation departments, specifically – are prescribed by law to provide and are held fully accountable for the outcomes.

Second, as we also have noted in our advocacy during past legislative deliberations, under no circumstances is it appropriate to withhold or in any way disrupt the flow of JJCPA funds or any other resources that accompany services and responsibilities realigned to counties in 2011. As was outlined in a 2019 state audit report, the JJCPA was enacted statutorily in 2000 and funded for over a decade through the state General Fund. However, the JJCPA – along with a variety of other local assistance services and programs – was moved under the 2011 Public Safety Realignment fiscal structure to ensure it would remain a stable, foundational funding source to support local innovation and a continuum of community service options for youth. Provisions in Proposition 30 (2012) dedicate a specified level of Vehicle License Fee (VLF) funding to the JJCPA along with other local programs and constitutionally protects those investments. This latter feature requires careful thinking and understanding about the constitutional implications of withholding, delaying, repurposing, or redirecting to any degree JJCPA funds.

Counties continue to be concerned about potential remedial action and/or withholding of JJCPA funds, coupled with the proposed JJCC composition requirements, as the bill does not account for the real and challenging circumstances. This concern is exacerbated in rural jurisdictions, where a county may be unable to seat a full JJCC – not for lack of trying, but merely for lack of available or willing volunteers. Thus, the amendment to Government Code section 30061(a)(4) would impede the flow of realigned funds for circumstances that are often outside of county control, and again, appears to ignore the constitutional protections that surround this funding stream. Moreover, increasing the required number of community representatives serving on the JJCC from one "at-large community representative" and "representatives from nonprofit community-based organizations" to "at least 50 percent community representatives" as proposed in Welfare and Institutions Code section 749.22(c)(1), deepens existing challenges with establishing a JJCC.

Third, SB 1057 contemplates establishing a new and unspecified RFP process for deploying JJCPA resources. Taken together with the proposed changes to the JJCC composition, it is our expectation that, in its application, the new RFP process would result in the redirection of JJCPA funds away from county probation departments, as was the intent and goal of the previously referenced bills that failed passage due to the same policy impacts. In short, mandating a community representative as co-chair and explicitly removing law enforcement-related agencies from overseeing the RFP process for funding inappropriately strips the authority county government has over a county government function.

Today, JJCPA funds are – in many instances – dedicated to staffing and personnel costs that are the backbone of our juvenile probation departments. These expenditures have been and continue to be wholly eligible and lawful under the JJCPA. While counties are not opposed to

evaluating ways in which to improve JJCPA reporting and the structure of local coordinating councils (as was done through AB 1998 – Chapter 880, Statutes of 2016), we must oppose any legislation that would undercut a stable, constitutionally protected funding structure at a time when all counties are working diligently to support the entirety of the juvenile justice system. The goal of this measure would contradict the spirit – if not letter – of 2011 Realignment legislation, as well as provisions of Proposition 30.

On the surface, changes to the composition of the JJCC (and for that matter, any other juvenile justice committee or subcommittee), the frequency of meetings, and required components of multiagency juvenile justice plans may seem reasonable. However, from the county perspective, they are reflective of the eventual objective to minimize local authority over mandated county responsibilities and redirect funding. It is also indicative of a latent intent to create endless litigation if dollars are not allocated away from probation departments to other non-law enforcement entities and community-based organizations. These changes not only run counter to the vital governance principle that responsibility must be accompanied by the authority to implement, but unfortunately also result in diminished and delayed programming and service delivery to young people under county care.

UCC, RCRC, and CSAC are united in our view that community-based organizations provide valuable programs and services to justice-involved populations in many parts of the state. However, the process for allocating funds to these organizations should remain a local decision with robust community engagement, as is provided under current law, given that local governments are accountable for the outcomes associated with the treatment and supervision of justice-involved youth. Ultimately, a more productive approach would be to engage in a collaborative discussion on separate, new investments in programs to complement and expand the existing work of county probation departments that share the goals of diverting individuals from the justice system where possible and facilitating positive community reentry.

For these reasons, CSAC, UCC, and RCRC must therefore respectfully, but firmly oppose this measure. Please feel free to contact Ryan Morimune at CSAC (rmorimune@counties.org), Elizabeth Espinosa at UCC (ehe@hbeadvocacy.com), or Sarah Dukett at RCRC (sdukett@rcrcnet.org) for any questions on our associations' perspectives. ☒Recommendation of the County Administrator ☐ Recommendation of Board Committee

RECOMMENDATIONS:
REFER to the Internal Operations Committee the development of a policy governing the installation and ongoing maintenance and management of plaques and memorials in County public space.

FISCAL IMPACT:
To be determined, but it is intended that all costs will be recoverable through fee collection.

BACKGROUND:
Public space is a significant part of the County's social and cultural heritage and makes a valued recreational, environmental, and aesthetic contribution for people who live, work, and recreate in the County. Plaques and memorials provide recognition and can contribute to an understanding of persons closely associated with this history.

Any decision regarding plaques and memorials needs to consider the balance between the desire to commemorate individuals, the public and aesthetic value of the amenity (likely a bench or picnic table) to which the plaque is attached, the ongoing enjoyment of uncluttered, well-maintained County public space, and cost.

This proposed development of a policy will provide a consistent and standard procedure for assessing requests.

☒Recommendation of the County Administrator ☐ Recommendation of Board Committee

RECOMMENDATIONS:

ADOPT Resolution proclaiming the week of May 19-25, 2024, as National Public Works Week in Contra Costa County, as recommended by the Public Works Director, Countywide.

FISCAL IMPACT:
No fiscal impact.

BACKGROUND:
National Public Works Week (NPWW) is observed each year during the third full week of May. NPWW is a celebration of the tens of thousands of public works professionals in North America who provide and maintain the infrastructure and services collectively known as public works. This year's theme is "Advancing Quality of Life for All."

Instituted as a public education campaign by the American Public Works Association (APWA) in 1960, NPWW calls attention to the importance of public works in community life. Public Works agencies across the nation seek to enhance the prestige of the often-unsung heroes of our society-the professionals who serve the public every day with quiet dedication. That quiet dedication includes emergency response at all hours of the day and night. County Public Works crews are well trained to perform a necessary duty to protect life and property in our communities. They respond to everything from flooding in our roadways and County buildings to large landslides, most of the time by Monday morning no one is aware that there was an issue, which is the way it should be.

CONSEQUENCE OF NEGATIVE ACTION:

Contra Costa County will not be able to participate in the nationwide Public Works Week.

THE BOARD OF SUPERVISORS OF CONTRA COSTA COUNTY, CALIFORNIA

and for Special Districts, Agencies and Authorities Governed by the Board

IN THE MATTER OF
Recognizing National Public Works Week May 19-25, 2024.

WHEREAS public works professionals focus on infrastructure, facilities and services that are of vital importance to sustainable and resilient communities and to the public health, high quality of life and well-being of the people of Contra Costa County; and,

WHEREAS, these infrastructure, facilities and services could not be provided without the dedicated efforts of public works professionals, who are engineers, maintenance workers, technicians, tradespeople, and many other managers and employees at all levels of government and the private sector, who are responsible for rebuilding, improving and protecting our nation's transportation, flood control, public buildings, parks, and other structures and facilities essential for our citizens; and,

WHEREAS it is in the public interest for the citizens and civic leaders in Contra Costa County to gain knowledge of and to maintain a progressive interest and understanding of the importance of public works and public works programs in their respective communities; and,

WHEREAS the year 2024 marks the 64th annual National Public Works Week sponsored by the American Public Works Association/Canadian Public Works Association.

NOW, THEREFORE, IT IS RESOLVED, that the Board of Supervisors of Contra Costa County does hereby recognize the week May 19-25, 2024, as National Public Works Week in Contra Costa County. THIS FORM IS A PUBLIC DOCUMENT

Please explain why you would like to serve on this particular board, committee, or commission.

I want to serve on this commission to continue and deepen the work within our school systems for mental health services for children, youth and teens. I have been an advocate in this space for over 20 years, first as a CASA at the age of 29 where I volunteered in the newborn program for 8 years. There after serving on several board, commissions and committee that support breaking barriers of access to mental health services for children, youth and teens.

Describe your qualifications for this appointment. (NOTE: you may also include a copy of your resume).

See attached resume.

As a CASA volunteer I chose the newborn program because of the importance of ensuring that children received the right healthcare at birth to reduce the impact of any social determinants of health they would encounter. I also worked in the youth/young adult CASA program supporting those who suffered with mental health challenges, advocating for support within the school systems. I believe bringing this background to this commission can be an added value to the current work the group is doing in the area of support of children, youth and teens. Also, I have been serving on the MHSA, Advisory Council Committee (formerly CPAW) since 2017.

I am including my resume with this application:

Qualifications and Volunteer Experience

Please explain why you would like to serve on this particular board, commitee, or commission.

Public service has been my interest for a decade as a citizen reporter, I broke news on a personal blog that made stories in Newsweek and Rolling Stone, and investigations I started are in development by two documentary production companies. This happened by Do It Yourself practice. That's how I also developed interest in bicycling as a way of life that connects transit, urban design and culture. With climate change threatening the planet, bicycling is an essential part of a greener future and I get to advocate for it by teaching people to ride a bike for the first time. As an observer, reporter, teacher, and doer, I would like to help the committee represent the public interest for making bicycles a great transit option.

Describe your qualifications for this appointment. (NOTE: you may also include a copy of your resume with this application)

I use access I would advocate for, cycling hundreds of miles a month around the county and the SF bay. I make systems work together, my entrepreneurial activity is funded by running an Amazon seller business with logistics for importing and delivering goods around the world. I have served hundreds of thousands of customers and do my own bookkeeping for experience in budgeting and spending decisions.

CONTRA COSTA COUNTY

Staff Report

File #: RES 2024-167 **Agenda Date:** 5/14/2024 **Agenda #:** C.32.

To: **Board of Supervisors**

From: John Kopchik, Director, Conservation and Development

Report Title: Senate Bill 1 Grant Opportunity

☒Recommendation of the County Administrator ☐ Recommendation of Board Committee

RECOMMENDATIONS:
ADOPT a resolution to approve and authorize the Conservation and Development Director, or designee, to apply for and accept a grant of up to a maximum of $1,500,000 from the California Ocean Protection Council, Senate Bill 1 Grant Program, for the preparation of the Contra Costa County Resilient Shoreline Plan that would create focused adaptation strategies and implement actions for the communities along Contra Costa County's shoreline.

FISCAL IMPACT:
If awarded, the Senate Bill 1 Grant Program Grant funds will be distributed among the lead applicant (County) and any partners, which will include community-based organizations, local shoreline governments, and technical subconsultants. This partnership will improve capacity and develop priorities to address sea level rise within our respective jurisdictions. Measure X funds for climate equity and resilience as well as water policy planning funds through the County's Water Agency support the work of the Department of Conservation and Development staff who will be administering the grant. The Senate Bill 1 Grant Program does not require a County match.

BACKGROUND:
Sea level rise is altering the physical environment and is a continual challenge to the 1.16 million people of Contra Costa County. With warmer temperatures and more extreme weather, sea level rise modeling indicates the County's shoreline, comprised of built and natural infrastructure, can expect to be subject to more severe and frequent flooding. The assets at risk include homes, businesses, industrial sites, hazardous materials sites, brownfields, the U.S. Navy's Military Ocean Terminal at Concord, railroads, wastewater treatment facilities, electrical substations, natural gas and crude oil pipelines, prime agricultural resources, and in-Delta Legacy Communities. The Contra Costa County shoreline is also home to four refineries, two of which have converted their operations to process renewable fuel. Additionally, a majority of the county's impacted communities are located along the shoreline.

The San Francisco Bay Conservation and Development Commission (BCDC) has been leading the Bay Area's planning response to sea level rise and has conducted numerous studies and reports on the impacts of sea level

rise in the region. The County has participated in these and other regional efforts - BCDC's Contra Costa Adapting to Rising Tides study, BCDC's East Contra Costa Adapting to Rising Tides study, and the Delta Stewardship Council's Delta Adapts Vulnerability Assessment - that broadly characterize sea level rise risks to subregions of the County's shoreline.

According to an April 2023 joint presentation by the Metropolitan Transportation Commission/Association of Bay Area Governments and BCDC, the cost to adapt to sea level rise in the Bay Area is estimated to be approximately $110 billion. Of the $110 billion, it is estimated that $13 billion is needed to fund adaptation in Contra Costa County alone. Contra Costa County was identified as one of three Bay Area counties with significant adaptation implementation gaps.

In May 2023, the Board established the Contra Costa Resilient Shoreline Ad Hoc Committee (Committee), composed of two County Supervisors with staff support by the Department of Conservation and Development (DCD), to address sea level rise adaptation and resilience. The Committee will lead the effort to prepare the Contra Costa Resilient Shoreline Plan (Plan). The Plan will be developed and guided by community input with the goal to build capacity to prepare for, and recover from, the disruptions of sea level rise.

The costs in staff time and materials for DCD work activities associated with the Committee will be funded by water policy planning funds collected through the County's Water Agency and the Measure X - Climate Equity and Resilience Investment allocation administered by DCD. However, additional funding will be necessary to develop a robust sea level rise adaptation plan.

The Senate Bill 1 Grant Program operates through the California Ocean Protection Council and will provide funding to local and regional governments to develop sea level rise adaptation plans and implementation projects under the direction of Senate Bill 1. Track One of the Senate Bill 1 Grant Program supports projects in the pre-planning, data collection, and planning phases. Track One proposals will be accepted through a rolling, quarterly, non-competitive process, provided the proposals satisfy the criteria in the Senate Bill 1 Grant Program Sea Level Rise Adaptation Criteria and Solicitation.

DCD has initiated the Resilient Shoreline Coalition, consisting of a growing list of collaborators and partners that have supported the County's pursuit of grant funding for the Contra Costa Resilient Shoreline Plan. Outreach to shoreline cities, special districts, and community-based organizations to gauge interest in being a partner on this grant will continue until all shoreline cities and other shoreline stakeholders are briefed.

Staff recommends the Board approve the submittal of the Senate Bill 1 Grant Program grant application to develop the Contra Costa Resilient Shoreline Plan.

CONSEQUENCE OF NEGATIVE ACTION:
Should the Board not approve the grant application, the County would miss an opportunity to leverage State funds for developing a resilient shoreline plan.

THE BOARD OF SUPERVISORS OF CONTRA COSTA COUNTY, CALIFORNIA

and for Special Districts, Agencies and Authorities Governed by the Board

IN THE MATTER OF A RESOLUTION OF THE BOARD OF SUPERVISORS OF CONTRA COSTA COUNTY AUTHORIZING PREPARATION AND SUBMITTAL OF A SENATE BILL 1 GRANT PROGRAM TRACK ONE PROPOSAL TO THE CALIFORNIA OCEAN PROTECTION COUNCIL

WHEREAS, climate change is accelerating rising sea levels, increasing storm frequency and intensity, and moving groundwater toward the surface. The confluence of more intense winter storms, extreme high tides, and higher runoff, with higher sea levels, will increase the frequency and duration of shoreline flooding long before areas are permanently inundated by sea level rise alone, threatening our economy, public health, and natural resources; and

WHEREAS, Contra Costa County is one of the nine San Francisco Bay Area counties and is one the five Sacramento-San Joaquin Delta counties, with nine cities and fifteen unincorporated communities along the 90-plus miles of shoreline; and

WHEREAS, the San Francisco Bay Area is a vibrant, diverse, ecologically unique, innovative, and pioneering region that will be deeply and deleteriously affected by climate change without tremendous effort and investments to adapt to a constantly changing shoreline. The San Francisco Bay shoreline constitutes approximately one-third of the California coastline, but the Bay Area is estimated to experience two-thirds of the negative economic impacts due to the flooding that would occur absent adequate measures to adapt and protect people, places, and habitats; and

WHEREAS, the Sacramento-San Joaquin Delta is the largest freshwater tidal estuary of its kind on the American west coast, providing invaluable ecological, economic, and cultural resources to Contra Costa County and the entire Delta region as well as drinking water for much of the population in California; and

WHEREAS, the Bay-Delta ecosystem is already stressed by human activities that have drastically lowered its adaptive capacity, and climate change will further alter the ecosystem by inundating or eroding remaining wetlands, changing sediment dynamics, altering species composition and the food web, increasing the acidity of waters, changing freshwater flows, altering salinity levels, and impairing water quality. Moreover, further loss of tidal wetlands will increase the risk of shoreline flooding; and

WHEREAS, flood damage to vital shoreline development, public infrastructure, and facilities such as neighborhoods, commercial centers, airports, seaports, regional transportation facilities, landfills, contaminated lands, and wastewater treatment facilities absent adaptation will require costly repairs and likely will result in the interruption or loss of vital services, large-scale social dislocation, and degraded environmental quality; and

WHEREAS, the increasingly frequent and severe impacts of climate change in the Bay and Delta do not conform to jurisdictional boundaries or the planning and regulatory authority of any one agency or organization; and

WHEREAS, the impacts of sea level rise in Contra Costa County have been well documented through numerous studies developed by the Bay Conservation and Development Commission, Contra Costa County, the Delta Stewardship Council, and other organizations; and

WHEREAS, Contra Costa County recognizes the urgency of taking bold action to mitigate greenhouse gas emissions and adapt to the impacts of climate change, ensuring a sustainable and prosperous future for all residents; and

WHEREAS, climate change impacts in Contra Costa County will be most acutely felt by children, seniors, low-income populations, communities of color, and residents with unstable economic or housing situations; and

WHEREAS, the Vulnerability Assessment developed for the Envision Contra Costa 2045 General Plan indicates that the most vulnerable County residents, including households in poverty, low-income households, and persons experiencing homelessness, are more likely to be severely impacted by a changing climate, including flooding and sea level rise; and

WHEREAS, the Senate Bill 1 Grant Program provides a unique opportunity for Contra Costa County to access funding, technical assistance, and resources to build the capacity of Contra Costa County communities and jurisdictions along the shoreline to be resilient against the impacts of rising seas and develop cross-jurisdictional partnerships and collaboratives at a scale that addresses the needs and priorities of Contra Costa County's unique shoreline communities; and

WHEREAS, the Board of Supervisors of Contra Costa County is eligible to receive State funding for the development of sea level rise adaptation plans and implementation projects and related work through the California Ocean Protection Council's Senate Bill 1 Grant Program; and

WHEREAS, authorization, like a resolution, is required showing that the grantee is authorized to sign the grant agreement with the California Ocean Protection Council before such funds can be claimed through the Senate Bill 1 Grant Program; and

NOW, THEREFORE, BE IT RESOLVED by the Board of Supervisors of Contra Costa County, that the Conservation and Development Director, or designee, is authorized to apply for and accept a Senate Bill 1 Grant Program Grant and, if selected for an award, is authorized to execute funding agreements and other documents necessary for this purpose; and

BE IT FURTHER RESOLVED THAT, the Board appoints the Conservation and Development Director, or designee, as agent to conduct all negotiations, execute and submit all documents including, but not limited to, applications, agreements, and payment requests that may be necessary for completion of the aforementioned application.

☒Recommendation of the County Administrator ☐ Recommendation of Board Committee

RECOMMENDATIONS:
ADOPT a resolution to approve and authorize the Conservation and Development Director, or designee, to apply for and accept a grant of up to a maximum of $650,000 from the Integrated Climate Adaptation and Resiliency Program of the California Governor's Office of Planning and Research, Adaptation Planning Grant Program, for the preparation of the Contra Costa County Resilient Shoreline Plan that would create focused adaptation strategies and implement actions for the communities along Contra Costa County's shoreline.

FISCAL IMPACT:
If awarded, the Adaptation Planning Grant Program Grant funds will be distributed among the lead applicant (County) and any co-applicants. Currently, The Watershed Project, City of Martinez, City of Oakley, City of Pinole, Contra Costa Resource Conservation District, and the Greenbelt Alliance have indicated interest in becoming co-applicants. This partnership will improve capacity and develop priorities to address sea level rise within our respective jurisdictions. Measure X funds for climate equity and resilience as well as water policy planning funds through the County's Water Agency support the work of the Department of Conservation and Development staff who will be administering the grant. However, additional funding will be necessary to develop a robust sea level rise adaptation plan.

The Adaptation Planning Grant Program operates through the California Governor's Office of Planning and Research's Integrated Climate Adaptation and Resiliency Program and will help address local, regional, and tribal planning needs by providing support for identifying communities' climate resilience priorities and the development of a pipeline of climate resilient infrastructure projects. The Adaptation Planning Grant Program builds statewide resilience by prioritizing funding, capacity building resources, and equitable decision-making power for vulnerable communities and through integrated climate adaptation planning that addresses cross-sector issues intersecting multiple climate risks. Planning activities that may be funded through the Adaptation Planning Grant Program include scoping activities, vulnerability and risk assessment activities, preparing the community's adaptation framework, and preparing an implementation program.

DCD has initiated the Resilient Shoreline Coalition consisting of a growing list of collaborators and partners that have supported the County's pursuit of grant funding for the Contra Costa Resilient Shoreline Plan. So far, The Watershed Project, City of Martinez, City of Oakley, City of Pinole, Contra Costa Resource Conservation District, and the Greenbelt Alliance are interested in partnering. Outreach and meetings will continue until all shoreline cities and other shoreline stakeholders are briefed about this grant opportunity.

Staff recommends the Board approve the submittal of the Adaptation Planning Grant Program grant application to develop the Contra Costa Resilient Shoreline Plan.

ADOPT a resolution authorizing the execution and delivery of a Termination of Regulatory Agreement and Declaration of Restrictive Covenants (Termination Agreement), terminating the Regulatory Agreement and Declaration of Restrictive Covenants dated as of August 1, 2005, recorded as Instrument No. 2005-0490141-00, in connection with the County's issuance in 2005 of (i) $3,135,000 County of Contra Costa Multifamily Housing Revenue Bonds 2005 Series A-1 (the Series A-1 Bonds), and (ii) $15,499,000 County of Contra Costa Multifamily Housing Revenue Bonds (Giant Road Family Apartments) 2005 Series A-2 (the Series A-2 Bonds) to finance the Giant Road Family Apartments, an affordable housing development located at 2832 Giant Road, in San Pablo (Property), which termination will enable the Property to be refinanced.

2. APPROVE and AUTHORIZE the Director of the Department of Conservation and Development, or designee, to execute the Termination Agreement, the form of which is on file with the Clerk of the Board.

3. AUTHORIZE the Director of the Department of Conservation and Development, or designee, to take any and all actions and execute and deliver any and all certifications, agreements, and other documents needed in connection with the Termination Agreement.

FISCAL IMPACT:

There is no negative impact on the General Fund. The County will be reimbursed by the new owner of the Property for any costs incurred in connection with the Termination Agreement. The purchase price of the Property is expected to enable the current owner to redeem the outstanding bonds in full.

BACKGROUND:

The recommended action is the adoption of a resolution by the Board of Supervisors, as the legislative body of

the County, authorizing the execution and delivery of the Termination Agreement.

The County and the current owner of the Property entered into the Regulatory Agreement and Declaration of Restrictive Covenants dated as of August 1, 2005, recorded on December 22, 2005, as Document No. 2005-0490141-00 (Regulatory Agreement), in connection with the issuance of (i) $3,135,000, County of Contra Costa Multifamily Housing Revenue Bonds 2005 Series A-1 (the Series A-1 Bonds), and (ii) $15,499,000, County of Contra Costa Multifamily Housing Revenue Bonds (Giant Road Family Apartments) 2005 Series A-2 (the Series A-2 Bonds) to finance the Giant Road Family Apartments, a multifamily affordable housing rental development located at the Property. The Regulatory Agreement restricts the use of the Property during the term of the Regulatory Agreement.

The Series A-2 Bonds were previously paid in full and are no longer outstanding. The current owner proposes to sell the Property to a new owner. The new owner proposes to acquire and rehabilitate the Property by refinancing the Series A-1 Bonds and other outstanding debt secured by the Property. In connection with the refinancing of the Series A-1 Bonds, the Series A-1 Bonds are expected to be redeemed in full.

As part of the refinancing of the Property, the California Municipal Finance Authority, a joint exercise of powers agency duly organized and existing under the laws of the State of California (CMFA), and the new owner propose the issuance of new multifamily housing revenue bonds and the implementation of a Regulatory Agreement and Declaration of Restrictive Covenants dated as of June 1, 2024, which will impose new low- and moderate-income housing restrictions on the Property. The new restrictions will satisfy the Internal Revenue Code of 1986, as amended, and will extend beyond the time period covered by the Regulatory Agreement. In support of the issuance of the new housing revenue bonds, CMFA and the new owner have requested that the County agree to terminate the Regulatory Agreement.

The original financing in 2005 included Community Development Block Grant (CDBG) and HOME Investment Partnership Program (HOME) funds totaling $1,700,000. As part of the proposed refinancing, the County's CDBG and HOME loans are proposed to be restructured. The restructuring of the existing CDBG and HOME loans will be the subject of a separate Board action.

CONSEQUENCE OF NEGATIVE ACTION:

Failure to terminate the Regulatory Agreement will prevent the refinancing and rehabilitation of the Property.

From: John Kopchik, Director, Conservation and Development

Report Title: APPROVE and AUTHORIZE the Conservation and Development Director, or designee, to apply for and accept, if awarded, the Urban and Community Forestry Grant, in an amount not to exceed $1.5 million, from the California Department of Forestry and Fire Protection.

☒Recommendation of the County Administrator ☐ Recommendation of Board Committee

RECOMMENDATIONS:
APPROVE and AUTHORIZE the Conservation and Development Director, or designee, to apply for and accept, if awarded, an Urban and Community Forestry Grant, in an amount not to exceed $1.5 million through April 30, 2028, from the California Department of Forestry and Fire Protection, to develop an Urban Forest Management Plan and

ADOPT a resolution that approves the submittal of the grant application to the California Department of Forestry and Fire Protection.

FISCAL IMPACT:
There is no impact on the General Fund. Should the grant be awarded, the County would receive up to $1.5 million to develop an Urban Forest Management Plan, or Tree Plan. There is no matching requirement.

BACKGROUND:
The recommendation to develop an Urban Forest Master Plan builds on many years of work by the County. In 2015, Contra Costa Health published *Climate Change Vulnerability in Contra Costa County: A Focus on Heat*, The study found that urban heat islands - areas with little tree cover and significant portions of land covered by impervious surfaces or impenetrable materials such as pavement and rooftops - may be significantly hotter than in surrounding areas, especially at night. This creates a host of health and safety impacts. The census tracts identified in the study as being most affected by extreme heat are very similar to those identified as Impacted Communities in the ongoing update to both the County's draft Climate Action Plan and General Plan. Subsequent research by other entities finds that neighborhoods with greater tree canopy have higher property values, an equity concern.

Developing a Tree Plan is identified in both the County's draft Climate Action Plan and General Plan as an important action to achieve climate resilience and health goals. The draft General Plan in the Health and Safety Element includes a policy to increase the tree canopy on public property, especially in Impacted Communities and areas with a high heat index. It also includes an action to prepare a tree master plan for the county that emphasizes planting of low-maintenance native tree species and include includes quantified goals and tracking methods, including mapping the tree canopy, and prioritizes planning in Impacted Communities and along safe

routes to schools.

The draft Climate Action Plan includes, as part of the strategy to increase resilience to climate hazards and foster community health, increased tree planting by the County and public and private partners. The draft Climate Action Plan calls for the County to consider preparing and implementing a Tree Master Plan.

In October 2023, the Board of Supervisors accepted the *Healthy Lands, Healthy People* study, funded through a Sustainable Agricultural Lands Conservation grant from the California Strategic Growth Council and California Department of Conservation. *Healthy Lands, Healthy People* identified strategies to use the natural and working lands in Contra Costa County to address climate change by storing greenhouse gas emissions. One of the recommendations of the study was to develop an Urban Forest Management Plan, or Tree Plan.

The Urban and Community Forestry Grant includes six grant type options. Of the available options, staff recommend pursuing the Urban Forest Management Activities grant type as it is closely aligned with the County's goals to develop an Urban Forest Management Plan. Allowable activities in this grant type include community engagement and education, establishing/updating of a jurisdiction-wide tree inventory, mapping and analysis of the urban forest, workforce development around tree planting and ongoing maintenance, and development of a long-term management plan for the entire unincorporated County.

The California Department of Forestry and Fire Protection is accepting applications through May 30, 2024, for the Urban and Community Forestry Grant, which is part of California's Inflation Reduction Act funding allocation. There is no matching requirement for this grant. Applicants are required to certify by resolution the approval of the application before it is submitted.

The County is well-situated to apply for the Urban Forest Management Activities grant type with an award ranging from $150,000 and $1.5 million. The grant awards will be announced June-July 2024. The grant period will begin upon contract execution and the term goes through April 30, 2028.

The recommended grant activities will support development of an Urban Forest Management Plan, or Tree Plan, that will:

- Catalog tree canopy. A key first step will be to assess the tree canopy in communities in unincorporated areas of the County.
- Identify types of trees to plant, with consideration to species that are native, fire-resistant, and able to survive in the anticipated heat that climate change will bring, among other things.
- Develop policies and best practices for ensuring trees on both private and public property are planted, maintained, and thrive.
- Identify potential funding sources.
- Anticipate workforce development opportunities and strategies.
- Conduct demonstration project(s).

The County will work with community-based organizations to conduct needs assessments, focus groups, meetings, and other dialogue opportunities around the benefits of increased tree canopy, understand priorities and concerns of community members, and develop strategies for encouraging residents to plant and maintain trees on privately owned property.

CONSEQUENCE OF NEGATIVE ACTION:
Failure to approve and authorize staff to apply for the grant means the County would forego an opportunity to fund development of an Urban Forest Management Plan.

Report Title: Multifamily Housing Revenue Bonds - Mayfair Affordable in El Cerrito

☒Recommendation of the County Administrator ☐ Recommendation of Board Committee

RECOMMENDATIONS:

ADOPT a resolution authorizing the issuance of multifamily housing revenue bonds ("Bonds") designated as "County of Contra Costa, California, Multifamily Housing Revenue Note (Mayfair Affordable), 2024 Series A" in an amount not to exceed $35,141,577, to finance the acquisition and construction of a 69-unit multifamily residential rental housing development known as Mayfair Affordable located at 11690 San Pablo Avenue in El Cerrito, California (the "Development").

1) FIND and DECLARE that the recitals contained in the proposed resolution are true and correct;

2) APPROVE the form of, and authorizing the County to execute, the Funding Loan Agreement among the County (the "Governmental Lender"), BMO Bank N.A, a national banking association, in its capacity as Initial Funding Lender (the "Initial Funding Lender"), and U.S. Bank Trust Company, National Association (the "Fiscal Agent") regarding the Governmental Lender sale of the Bonds to the Initial Funding Lender for the purpose of loaning the proceeds to Mayfair Affordable Housing L.P., a limited partnership duly organized and existing under the laws of the State of California (the "Borrower");

3) APPROVE the form of, and authorizing the County to execute, the Project Loan Agreement among the Government Lender, the Fiscal Agent, and the Borrower regarding the County loan of Bonds proceeds to the Borrower;

4) APPROVE the form of, and authorize the County to execute, the Regulatory Agreement and Declaration of Restrictive Covenants among the County and Borrower;

5) Authorize the delivery of the Note by the County to the Funding Lender as the initial purchaser of the Note;

6) APPOINT Stradling Yocca & Rauth, LLP as bond counsel for the transaction;

7) ACKNOWLEDGE that adoption of this resolution does not relieve or exempt the project sponsor from

obtaining required permits or approvals, nor obligate the County to incur any obligation to provide financial assistance with respect to the Bonds or the Development; and

8) AUTHORIZE and DIRECT the Chair of the Board of Supervisors, the Vice-chair of the Board of Supervisors, the County Administrator, the Director of the Department of Conservation and Development, the Assistant Deputy Director of the Department of Conservation and Development, County Counsel and the Clerk of the Board to take any and all actions and execute and deliver any and all certifications, agreements, and other documents needed in connection with the Bonds.

FISCAL IMPACT:

No impact to the General Fund. At the closing for the Bonds, the County will be reimbursed for any costs incurred in the issuance process. Annual expenses for monitoring of Regulatory Agreement provisions ensuring units in the Development will be rented to low-income households will be reimbursed through issuer fees established in the documents for the Note. The Note will be solely secured by and payable from revenues (e.g. Development rents, reserves, etc.) pledged under the Note documents. No County funds are pledged to secure the repayment of the Note.

BACKGROUND:

The recommended action is the adoption of a resolution by the Board of Supervisors, as the legislative body of the County, authorizing the issuance of multifamily housing revenue bonds, the proceeds of which will be used to finance the acquisition and construction of a residential housing development known as Mayfair Affordable, a single 6-story building with 69-units, which includes 68 low-income and very low-income units for households earning between 30% and 60% of area median income (AMI) and one manager's unit located at 11690 San Pablo Avenue in El Cerrito (the "Development"). The ownership and operating entity for the Development will be Mayfair Affordable Housing LP (the "Borrower"), a California limited partnership. The Development will be managed by BRIDGE Property Management Company (BPMC).

Department of Conservation and Development staff held a noticed public hearing on January 9, 2024, to permit interested parties to comment on the proposed financing and the Development. No comments were received from the public. The Board adopted Resolution No. 2024-33 on February 6, 2024, to authorize proceeding with the issuance of the Note for the Development pursuant to Section 147(f) of the Internal Revenue Code and the submittal of an application by the County for tax-exempt private activity bond authority from the California Debt Limit Allocation Committee (CDLAC). On December 6, 2023, CDLAC awarded the County authority to issue the Bonds in a maximum principal amount of $35,141,577 through its Resolution No. 23-247.

The structure of the financing will be one note (the term "note" is interchangeable with "bond" as they both evidence a borrowing). The County of Contra Costa, California Multifamily Housing Revenue Note (Mayfair Affordable Apartments), 2024 Series A (the "Note") will be purchased by BMO Bank (the "Initial Funding Lender") and the proceeds of the sale will be loaned by the County to Mayfair Affordable Housing LP ("the Borrower") to finance the construction of the Development. The loan will be assigned to US Bank Trust Company (the "Fiscal Agent"). The transaction is expected to Close on or about May 22, 2024.

The Development will be one hundred percent affordable with 68 units affordable to households earning between 30% and 60% of AMI, plus one manager's unit. A Regulatory Agreement governing these affordability

restrictions will be recorded against the property.

CONSEQUENCE OF NEGATIVE ACTION:

Negative action would prevent the County from issuing the Multifamily Housing Revenue Note in order to provide a loan to Mayfair Affordable Housing LP to finance the acquisition and construction. Without the loan to Mayfair Affordable Housing LP, the development will be delayed or possibly not be built.

ARTICLE II

THE FUNDING LOAN

Section 2.01 Terms.

(a) The total principal amount of the Funding Loan is hereby expressly limited to the Authorized Amount. Subject to Section 2.10 hereof, the Funding Loan shall be originated and funded by the Initial Funding Lender to the Governmental Lender in accordance with Section 2.01(b) below; except that the initial disbursement of the Funding Loan on the Delivery Date shall be deposited by the Initial Funding Lender with the Title Company on the Delivery Date on behalf of the Governmental Lender and shall be disbursed in accordance with the Settlement Sheet. The Funding Loan shall be evidenced by the Governmental Note and shall bear interest and be paid in accordance with the payment terms set forth in the Governmental Note and this Funding Loan Agreement.

(b) The Funding Loan shall be originated by the Initial Funding Lender on a draw-down basis. The proceeds of the Funding Loan shall be advanced by the Initial Funding Lender in installments directly to the Fiscal Agent for deposit into the Project Account upon receipt of an Advance Request and the satisfaction of the conditions to such advance set forth in the Construction Continuing Covenant Agreement and the form of requisition attached as Exhibit E hereto, provided that upon the agreement of the Initial Funding Lender and the Borrower, the form of requisition in the Construction Continuing Covenant Agreement may be used. Upon the advancement of the proceeds of the Funding Loan in accordance with the terms hereof, the principal amount of the Governmental Note in a principal amount equal to the amount so advanced shall be deemed to be increased automatically and without further acts on the part of the Governmental Lender or the Fiscal Agent. The initial installment of the Funding Loan shall be in the amount of [$55,000.00] which amount shall be advanced by the Initial Funding Lender and deposited in the Project Loan Fund on the Delivery Date for application as provided in Section 2.11. Notwithstanding anything in this Funding Loan Agreement to the contrary, no additional amounts of the Funding Loan may be drawn down and funded hereunder after the Advance Termination Date. Any extension of the Advance Termination Date shall be subject to the receipt by the Fiscal Agent of (i) the prior written consent of the Initial Funding Lender

and Freddie Mac and (ii) an opinion of Bond Counsel (which shall also be addressed to the Funding Lender Representative) to the effect that such extension will not adversely affect the tax exempt status of the interest on the Governmental Note.

(c) The Fiscal Agent shall maintain in its books a log which shall reflect the principal amount of the Funding Loan advanced by the Initial Funding Lender from time to time in accordance with the provisions of Section 2.01(b) above (the "Record of Advances"). The principal amount due on the Governmental Note shall be only such amount as has been advanced by the Initial Funding Lender as reflected in the Record of Advances and not otherwise prepaid pursuant to the terms of this Funding Loan Agreement. The records maintained by the Fiscal Agent in such regard will be conclusive evidence of the outstanding principal amount of the Funding Loan (absent manifest error). The Fiscal Agent shall notify the Governmental Lender, the Seller/Servicer, Freddie Mac and the Borrower if any advance of the proceeds of the Funding Loan is not made by the Initial Funding Lender when due hereunder.

(d) The Funding Loan shall bear interest payable on each Funding Loan Payment Date at (i) the Construction Phase Interest Rate during the Construction Phase and (ii) the Permanent Phase Interest Rate during the Permanent Phase. Interest shall accrue on the principal amount of the Funding Loan which has been advanced hereunder and is outstanding as reflected on the Record of Advances.

(e) The Funding Loan shall mature on the Maturity Date, subject to scheduled monthly principal payments, and to optional and mandatory prepayment prior to maturity as provided in Article III hereof. If the Conversion Date occurs on or prior to the initial Forward Commitment Maturity Date, then the unpaid principal balance of the Funding Loan shall be paid on the dates and in the amounts set forth on the initial Funding Loan Amortization Schedule provided on the Delivery Date and attached as Schedule 1 to the Governmental Note, provided that, at Funding Lender's discretion, a new Funding Loan Amortization Schedule may be provided on the Conversion Date that reflects the Conversion Date and the term of the Permanent Phase. If the Forward Commitment Maturity Date is changed by Freddie Mac in accordance with the Freddie Mac Commitment and the Construction Phase Financing Agreement, the first principal payment date under the Funding Loan Amortization Schedule may be changed consistent with the terms thereof; provided, however, if the Forward Commitment Maturity Date is extended, the Funding Loan Amortization Schedule shall automatically be extended (i) to the first day of the month immediately succeeding the Conversion Date if the Conversion Date occurs on the first calendar day of a month or (ii) the first day of the second month immediately succeeding the Conversion Date if the Conversion Date occurs on a day other than the first calendar day of the month (in either case with the succeeding principal installments remaining consistent with the original schedule but for them occurring on later dates) and any change of amortization shall be subject to the receipt by Fiscal Agent, Initial Funding Lender, and Governmental Lender of an opinion of Bond Counsel (which shall also be addressed to Seller/Servicer and Freddie Mac) on or prior to the Conversion Date to the effect that such change of the Funding Loan Amortization Schedule will not adversely affect the tax-exempt status of the Governmental Note. Additionally, in the event the outstanding amount of the Funding Loan on the Conversion Date is greater than or less than the starting principal amount set forth in the initial Funding Loan Amortization Schedule, a new Funding Loan Amortization Schedule will be generated on the Conversion Date at such greater or lesser outstanding principal amount based on the parameters set forth in the Freddie Mac Commitment, subject to receipt of an opinion of Bond Counsel as aforesaid. In the event the initial Funding Loan Amortization Schedule is modified in accordance with this Section 2.01(e), a replacement Funding Loan Amortization Schedule will be provided by Seller/Servicer which will be

attached to the Governmental Note on the Conversion Date. All unpaid principal and all accrued and unpaid interest outstanding under the Funding Loan shall be due and payable on the Maturity Date.

(f) Payment of principal of, Prepayment Premium, if any, and interest on the Funding Loan shall be paid by wire transfer in immediately available funds to an account within the United States of America designated by the Funding Lender (unless otherwise directed by the Funding Lender).

(g) Subject to Section 2.12 hereof, on or before the date fixed for payment, money shall be deposited with the Fiscal Agent to pay, and the Fiscal Agent is hereby authorized and directed to apply such money to the payment of, the Funding Loan, together with accrued interest thereon to the date of payment.

(h) In no contingency or event whatsoever shall the aggregate of all amounts deemed interest hereunder and charged or collected pursuant to the terms of this Funding Loan Agreement exceed the highest rate permissible under any law which a court of competent jurisdiction shall, in a final determination, deem applicable hereto. In the event that such court determines the Funding Lender has charged or received interest hereunder in excess of the highest applicable rate, the Funding Lender shall apply, in its sole discretion, and set off such excess interest received by the Funding Lender against other obligations due or to become due under the Financing Documents and such rate shall automatically be reduced to the maximum rate permitted by such law.

In the event of any conflict as to the payment terms of the Governmental Note and the Project Note, the term of the Project Note shall control and the terms of the Governmental Note shall be deemed amended thereby, provided that no such amendment shall increase the obligations of the Governmental Lender under the Funding Loan or the Governmental Note except to the extent payable solely from the Pledged Security. Further, no such amendment shall cause the Governmental Lender's obligations hereunder and under the Governmental Note to be other than limited obligations as set forth in Section 2.03 below.

Section 2.02 Pledged Security. To secure the payment of the principal of, Prepayment Premium, if any, and interest on the Funding Loan according to its tenor and effect, and the performance and observance by the Governmental Lender of all the covenants expressed or implied herein and in the Governmental Note, and the payment and performance of all amounts and obligations under the Continuing Covenant Agreement, the Governmental Lender does hereby grant, bargain, sell, convey, pledge and assign a security interest, unto the Fiscal Agent, and its successors in such capacity and its and their assigns in and to the following; excepting, however, in each case the Unassigned Rights (said property being herein referred to as the "Pledged Security") for the benefit of the Funding Lender:

(a) All right, title and interest of the Governmental Lender in and to all Revenues;

(b) All right, title and interest of the Governmental Lender in and to the Project Loan Agreement, the Project Note, the Security Instrument and the other Project Loan Documents (other than the Unassigned Rights), including all extensions and renewals of the terms thereof, if any, including, but without limiting the generality of the foregoing, the present and continuing right to receive, receipt for, collect or make claim for any of the money, income, revenues, issues, profits and other amounts payable or receivable thereunder (including all casualty insurance proceeds or condemnation awards, payments, settlements or other compensation to be paid in connection therewith), whether payable under the above referenced documents or otherwise, to bring actions and

proceedings thereunder or for the enforcement thereof, and to do any and all things which the Governmental Lender or any other Person is or may become entitled to do under said documents; and

(c) Except for funds, money or securities in the Costs of Issuance Fund, the Administration Fund and the Rebate Fund, all funds, money and securities and any and all other rights and interests in property whether tangible or intangible from time to time hereafter by delivery or by writing of any kind, conveyed, mortgaged, pledged, assigned or transferred as and for additional security hereunder for the Funding Loan by the Governmental Lender or by anyone on its behalf or with its written consent to the Fiscal Agent, which is hereby authorized to receive any and all such property at any and all times and to hold and apply the same subject to the terms hereof.

The pledge and assignment of and the security interest granted in the Pledged Security pursuant to this Section 2.02 for the payment of the principal of, premium, if any, and interest on the Governmental Note, in accordance with its terms and provisions, and for the payment of all other amounts due hereunder, shall attach and be valid and binding from and after the Delivery Date. The Pledged Security so pledged and then or thereafter received by the Fiscal Agent shall immediately be subject to the lien of such pledge and security interest without any physical delivery or recording thereof or further act, and the lien of such pledge and security interest shall be valid and binding and prior to the claims of any and all parties having claims of any kind in tort, contract or otherwise against the Governmental Lender irrespective of whether such parties have notice thereof. The Funding Lender shall have, in connection with the security interest granted hereunder, all rights and remedies available to a secured party under the Uniform Commercial Code as enacted in the State.

The foregoing notwithstanding, if the Governmental Lender or its successors or assigns shall pay or cause to be paid to the Funding Lender in full the principal, interest and Prepayment Premium, if any, to become due with respect to the Funding Loan at the times and in the manner provided in Article IX hereof, and if the Governmental Lender shall keep, perform and observe, or cause to be kept, performed and observed, all of its covenants, warranties and agreements contained herein, then these presents and the estate and rights hereby granted shall, at the option of the Governmental Lender, cease, terminate and be void, and thereupon the Fiscal Agent shall cancel and discharge the lien of this Funding Loan Agreement and execute and deliver to the Governmental Lender such instruments in writing as shall be requisite to satisfy the lien hereof, and, subject to the provisions of Sections 4.09 and 4.10 hereof and Article IX hereof, reconvey to the Governmental Lender the estate hereby conveyed, and assign and deliver to the Governmental Lender any property at the time subject to the lien of this Funding Loan Agreement which may then be in its possession, except for the Rebate Fund and cash held by the Fiscal Agent for the payment of interest on and principal of the Governmental Note; otherwise this Funding Loan Agreement to be and shall remain in full force and effect.

Section 2.03 Limited Obligations. None of the Governmental Lender, any member of the Board of Supervisors of the Governmental Lender or any person executing this Funding Loan Agreement, the Project Loan Agreement or the Governmental Note is liable personally on the Governmental Note or subject to any personal liability or accountability by reason of its execution and delivery. The Funding Loan Agreement and the Governmental Note are limited obligations of the Governmental Lender, payable solely from Revenues and other money and assets received by the Fiscal Agent on behalf of the Governmental Lender pursuant to the Project Loan Agreement. None of the Governmental Lender, the State of California, or any of its political subdivisions shall be directly, indirectly, contingently or morally obligated to use any other moneys or assets to pay all or any portion of the payments due in respect of the Funding Loan or the Governmental Note, to levy or to pledge any form of taxation whatever therefor or to make any appropriation for its payment. The

Governmental Note is not secured by a pledge of the faith and credit of the Governmental Lender, the State of California or any of its political subdivisions nor does it constitute indebtedness within the meaning of any constitutional or statutory debt limitation. The Governmental Lender shall not be liable for payment of the principal of, prepayment price or interest in respect of the Governmental Note or any other costs, expenses, losses, damages, claims or actions of any conceivable kind on any conceivable theory, under or by reason of or in connection with the Funding Loan Agreement, the Project Loan Agreement, the Governmental Note or any other document, except only to the extent amounts are received for the payment thereof from the Borrower under the Project Loan Agreement.

Section 2.04 Funding Loan Agreement Constitutes Contract. In consideration of the origination and funding of the Funding Loan by the Initial Funding Lender, the provisions of this Funding Loan Agreement shall be part of the contract of the Governmental Lender with the Initial Funding Lender and any successors or assigns thereof in such capacity from time to time.

Section 2.05 Form and Execution. The Governmental Note shall be in substantially the form attached as Exhibit A and shall be delivered to the holders thereof in physical form and not as book entry bonds. The Governmental Note shall be executed on behalf of the Governmental Lender by the manual or facsimile signature of an Authorized Officer of the Governmental Lender. Any facsimile signature shall have the same force and effect as if said officer had manually signed the Governmental Note.

Section 2.06 Authentication. The Governmental Note shall not be valid or obligatory for any purpose or entitled to any security or benefit under this Funding Loan Agreement unless a certificate of authentication on the Governmental Note, substantially in the form set forth in Exhibit A, shall have been duly executed by an Authorized Officer of the Fiscal Agent; and such executed certificate of authentication upon the Governmental Note shall be conclusive evidence that the Governmental Note has been duly executed, registered, authenticated and delivered under this Funding Loan Agreement.

Section 2.07 Mutilated, Lost, Stolen or Destroyed Governmental Note. In the event the Governmental Note is mutilated, lost, stolen or destroyed, the Governmental Lender shall execute and the Fiscal Agent shall authenticate a new Governmental Note substantially in the form set forth in Exhibit A in exchange and substitution for and upon cancellation of the mutilated Governmental Note or in lieu of and in substitution for such lost, stolen or destroyed Governmental Note, upon payment by the Funding Lender of any applicable tax or governmental charge and the reasonable expenses and charges of the Governmental Lender and the Fiscal Agent in connection therewith, and in the case where the Governmental Note is lost, stolen or destroyed, the filing with the Fiscal Agent of evidence satisfactory to it that the Governmental Note was lost, stolen or destroyed, and of the ownership thereof, and furnishing the Governmental Lender and the Fiscal Agent with indemnity satisfactory to each of them. In the event where the Governmental Note shall have matured, instead of delivering a new Governmental Note the Governmental Lender may pay the same without surrender thereof.

Section 2.08 Registration; Transfer of Funding Loan; Transferee Representations Letter.

(a) The Funding Loan shall be fully registered as to principal and interest in the manner and with any additional designation as the Fiscal Agent deems necessary for the purpose of identifying the registered owner thereof. The Funding Loan shall be transferable only on the registration books of the Fiscal Agent. The Fiscal Agent shall maintain books or other records showing the name and date

of registration, address and employer identification number of the registered owner of the Funding Loan and any transfers of the Funding Loan as provided herein. The Funding Loan shall (i) initially be registered to the Initial Funding Lender, (ii) upon the Conversion Date shall be registered to the Seller/Servicer, and (iii) upon the Freddie Mac Purchase Date, shall be registered to Freddie Mac.

(b) The Funding Lender shall have the right to sell, assign or otherwise transfer in whole its interest in the Funding Loan or to grant a participation interest in the Funding Loan in a percentage of not less than twenty-five percent (25%) of the outstanding principal amount of the Funding Loan; provided that the Funding Loan may be transferred, or any participation interest therein granted, only to an "accredited investor" as that term is defined in Rule 501 of Regulation D under the Securities Act or a "qualified institutional buyer" as that term is defined under Rule 144A of the Securities Act (such "accredited investor" or "qualified institutional buyer" a "Qualified Transferee") that delivers a letter to the Fiscal Agent substantially in the form attached hereto as Exhibit C setting forth certain representations with respect to such Qualified Transferee (the "Transferee Representations Letter"). Notwithstanding the preceding sentence, no Transferee Representations Letter shall be required for the Funding Lender to (i) Transfer the Funding Loan to any affiliate or other party related to the Funding Lender that is a Qualified Transferee or (ii) Sell or transfer the Funding Loan to a special purpose entity, a trust or a custodial or similar pooling arrangement from which the Funding Loan or securitized interests therein are not expected to be sold or transferred except to (A) owners or beneficial owners thereof that are Qualified Transferees or (B) in circumstances where secondary market credit enhancement is provided for such securitized interests resulting in a rating thereof of at least "A" or better. In connection with any sale, assignment or transfer of the Funding Loan, the Funding Lender shall give notice of such sale, assignment or transfer to the Fiscal Agent and the Fiscal Agent shall record such sale, assignment or transfer on its books or other records maintained for the registration of transfer of the Funding Loan. It shall not be necessary to present, exchange, or re-authenticate the Governmental Note in connection with any sale, assignment or transfer of the Funding Loan, provided that Funding Lender shall provide Fiscal Agent with the name and date of registration, address, and employer identification number of the assignee or transferee, so that Fiscal Agent may maintain the registration records, together with any information necessary to allow Fiscal Agent to comply with any applicable tax reporting obligations.

Section 2.09 TEL Securitization; Allocation of Funding Loan Interest. In accordance with the provisions of Section 2.08 hereof, the Funding Lender may transfer the Funding Loan to a Qualified Transferee in connection with the securitization of the Funding Loan, in which event the Funding Lender Representative may direct the Fiscal Agent to make all future payments with respect to the Funding Loan to the appointed master servicer for that securitization (or an account designated by such master servicer), and the Fiscal Agent shall accept such direction from the Funding Lender Representative. In the event that the Funding Lender transfers the Funding Loan to a Qualified Transferee in accordance with the provisions of Section 2.08 hereof, the Funding Lender Representative may also give notice to the Fiscal Agent that the Funding Lender has agreed to allow the Loan Servicer to retain a portion of the monthly interest payable on the Funding Loan as additional compensation for the servicing of the Funding Loan (an "Additional Servicing Fee"), which Additional Servicing Fee will equal no more than an annual 2 basis points with respect to the unpaid principal balance of the Governmental Note, in which event the Fiscal Agent shall accept and pay to the Funding Lender such lesser amount of interest received from the Loan Servicer and shall consider such payment to be in full compliance with the terms of the Governmental Note, the Project Note and all other Financing Documents with regard to the interest owed on the Funding Loan.

Section 2.10 Funding Loan Closing Conditions; Delivery of Governmental Note. Closing of the Funding Loan on the Delivery Date shall be conditioned upon, and the Governmental Lender shall only execute and deliver to the Fiscal Agent, and the Fiscal Agent shall only authenticate the Governmental Note and deliver the Governmental Note to the Initial Funding Lender upon, receipt by the Fiscal Agent (and, with respect to the documentation listed below, the Initial Funding Lender) of all of the following:

(f) An opinion of counsel to the Borrower, addressed to the Governmental Lender, the Fiscal Agent, the Initial Funding Lender, the Seller/Servicer and Freddie Mac, to the effect that the Borrower is duly organized and validly existing and in good standing under the laws of the state in which it has been organized and in good standing under the laws of each other state in which the Borrower transacts business and has full power and authority to enter into the Financing Documents to which it is a party, that its execution and delivery of and performance of its covenants in such documents do not contravene law or any provision of any other documents to which it is a party or by which it or such property is bound or affected, and that all such agreements have been duly authorized, executed and delivered by the Borrower, and are legal, valid and binding obligations of the Borrower enforceable against the Borrower in accordance with their respective terms;

(g) A customary approving opinion of Bond Counsel, including but not limited to an opinion to the effect that the interest on the Governmental Note, under laws in effect on the date of such opinion, is excluded from the gross income of the holders thereof for federal income tax purposes and, where applicable, for State income tax purposes;

(h) An opinion of Bond Counsel to the effect that the Governmental Note is exempt from registration under the Securities Act, and this Funding Loan Agreement is exempt from qualification under the Trust Indenture Act of 1939, as amended;

(i) A certified copy of the Resolution;

(l) A Transferee Representations Letter from the Initial Funding Lender substantially in the form attached hereto as Exhibit C.

(m) Confirmation that all conditions stated in Section 3.01 of the Project Loan Agreement have been satisfied.

Section 2.11 Establishment of Project Loan Fund; Application of Funding Loan Proceeds and Other Money.

(a) The Fiscal Agent shall establish, maintain and hold in trust and there is hereby established with the Fiscal Agent a Project Loan Fund and therein a Project Account and a Borrower Equity Account. No amount shall be charged against the Project Loan Fund except as expressly provided in this Section 2.11 and Section 4.02 hereof.

(b) The initial proceeds of the Funding Loan disbursed on the Delivery Date shall be delivered by the Initial Funding Lender to the Title Company on behalf of the Governmental Lender on the Delivery Date to be disbursed in accordance with the Settlement Sheet. Amounts in the Project Loan Fund shall be disbursed as provided in subparagraph (d) below, subject to the conditions set forth in Section 3.01 of the Project Loan Agreement. Upon the disbursement of all amounts in the Project Loan Fund, the Fiscal Agent shall close the Project Loan Fund.

(c) The Borrower shall deliver from sources other than the Loans: (i) to Fiscal Agent, on or prior to the Delivery Date, the Costs of Issuance Deposit for deposit to the credit of the Costs of Issuance Fund and the Borrower Equity Deposit for deposit to the credit of the Borrower Equity Account; and (ii) to Loan Servicer, on or prior to the Delivery Date, the Stub Payment Amount. Fiscal Agent shall also deposit in the Costs of Issuance Deposit and the Borrower Equity Account any additional amounts delivered from time to time to the Fiscal Agent and directed by Borrower or Loan Servicer to be deposited therein, excluding any proceeds of the Loans.

(d) Upon the making of the initial deposits described above in this Section 2.11, the Governmental Lender shall originate the Project Loan pursuant to the Project Loan Agreement and the Title Company shall disburse the proceeds thereof as provided in the Settlement Sheet. The Fiscal Agent shall make disbursements of amounts in the Project Loan Fund to the Borrower or otherwise as provided in Section 4.02 hereof.

Section 2.12 Direct Loan Payments to Funding Lender; Loan Servicer Disbursement of Fees.

(a) Notwithstanding any provision in this Funding Loan Agreement to the contrary, during any period that a Loan Servicer is engaged with respect to the Loans, the Governmental Lender and the Fiscal Agent agree that all payments of principal of, Prepayment Premium, if any, and interest on the Funding Loan and all fees due hereunder and under the Project Loan Agreement shall be paid by

the Borrower to the Loan Servicer; provided, however, during the Construction Phase, (i) the Fiscal Agent may make the debt service and fee payments out of the Project Loan Fund as required under Section 4.02 hereof and (ii) the Funding Lender may fund draws on the Funding Loan directly to the Funding Lender at the times, in the amounts and in payment of interest due on the Project Note, without requisition or approval from any other person, and such draws shall be deemed to be Funding Loan draws to fund corresponding draws on the Project Loan to the Borrower, and receipt by the Funding Lender thereof shall be deemed to be receipt of such payments of interest on the Project Loan by the Borrower to satisfy corresponding payments of interest on the Funding Loan. The Funding Lender shall promptly notify the Fiscal Agent and the Loan Servicer in writing of the date and amount of any Funding Loan draws made directly to the Funding Lender for the payment of interest on the Project Note during the Construction Phase as provided above. The Loan Servicer shall remit all payments collected from the Borrower of principal of, Prepayment Premium, if any, and interest on the Funding Loan, together with other amounts due to the Funding Lender, directly to the Funding Lender (without payment through the Fiscal Agent) per the instructions of the Funding Lender Representative. The Loan Servicer shall be entitled to retain its Servicing Fee (if any) collected from the Borrower and shall remit the Governmental Lender Fee to the Governmental Lender and shall remit the Fiscal Agent's Ordinary Fees and Expenses to the Fiscal Agent, together with any other amounts due to the Governmental Lender and the Fiscal Agent collected by the Loan Servicer from the Borrower, in each case in accordance with their respective instructions. Any payment made in accordance with the provisions of this Section 2.12 shall be accompanied by sufficient information to identify the source and proper application of such payment.

The Loan Servicer shall promptly notify the Fiscal Agent, the Funding Lender Representative and the Governmental Lender in writing of any failure of the Borrower to make any payment of principal of, Prepayment Premium, if any, and interest on the Funding Loan when due or to pay any fees due hereunder or under the Project Loan Agreement, and the Fiscal Agent and the Governmental Lender shall not be deemed to have any notice of such failure unless it has received such notice in writing.

(b) If the Governmental Note is sold or transferred as provided in Section 2.08, the Funding Lender Representative shall notify the Fiscal Agent and the Borrower in writing of the name and address of the transferee.

(c) So long as payments of principal of, Prepayment Premium, if any, and interest on the Governmental Note and all fees due hereunder and under the Project Loan Agreement are being made to the Loan Servicer in accordance with this Section 2.12 and no Event of Default has occurred of which the Fiscal Agent has been given, or been deemed to have, notice thereof pursuant to this Funding Loan Agreement, the Fiscal Agent shall have no obligations to collect loan payments with respect to the Funding Loan, nor shall it be obligated to collect loan payments or fee payments pursuant to the Project Loan Agreement, except at the express written direction of the Funding Lender Representative; [provided, however, the Fiscal Agent shall be responsible for making the debt service and fee payments out of the Project Loan Fund as required under Section 4.02 hereof during the Construction Phase]. Notwithstanding the foregoing, the Funding Lender Representative may elect to have the Fiscal Agent collect and remit loan payments and fee payments hereunder and under the Project Loan Agreement upon written notice of such election to the Fiscal Agent, the Borrower and the Governmental Lender.

Section 2.13 Conversion. If the Conversion Notice is issued in compliance with the terms of the Construction Phase Financing Agreement, Conversion will occur on the Conversion Date indicated in such Conversion Notice. If the Conversion Notice is not so issued, Conversion will not

occur, and neither the Seller/Servicer nor Freddie Mac will have any obligations with respect to the purchase of the Funding Loan or otherwise with respect to the Loans or the Project.

Section 3.02 Notice of Prepayment. Notice of the intended prepayment of the Funding Loan shall be given by the Fiscal Agent by first class mail, postage prepaid, or by overnight delivery service, to the Funding Lender. All such prepayment notices shall be given not less than ten (10) days (not less than thirty (30) days in the case of optional prepayment) nor more than sixty (60) days prior to the date fixed for prepayment. Notices of prepayment shall state all of the following: (a) The prepayment date. (b) The prepayment amount. (c) The place or places where amounts due upon such prepayment will be payable.

Notice of such prepayment shall also be sent by first class mail, postage prepaid, or by overnight delivery service, to the Loan Servicer, not later than the time of mailing of notices required by the first paragraph above, and in any event no later than simultaneously with the mailing of notices required by the first paragraph above; provided, that neither failure to receive such notice nor any defect in any notice so mailed shall affect the sufficiency of the proceedings for the prepayment of the Funding Loan.

Notwithstanding the foregoing, in the event the Fiscal Agent is not collecting and remitting loan payments hereunder, the Fiscal Agent shall have no obligation to send prepayment notices pursuant to this Section 3.02.

ARTICLE IV

REVENUES AND FUNDS

Section 4.01 Pledge of Revenues and Assets; Establishment of Funds. The pledge and assignment of and the security interest granted in the Pledged Security pursuant to Section 2.02 hereof shall attach, be perfected and be valid and binding from and after the time of the closing of the Funding Loan and delivery of the Governmental Note by the Fiscal Agent or by any Person authorized by the Fiscal Agent to deliver the Governmental Note. The Pledged Security so pledged and then or thereafter received by the Fiscal Agent shall immediately be subject to the lien of such pledge and security interest without any physical delivery thereof or further act, and the lien of such pledge and security interest shall be valid and binding and prior to the claims of any and all parties having claims of any kind in tort, contract or otherwise against the Governmental Lender irrespective of whether such parties have notice thereof.

In addition to the Project Loan Fund established pursuant to Section 2.11 hereof, the Fiscal Agent shall establish, maintain and hold in trust the following funds and accounts, each of which is hereby established and each of which shall be disbursed and applied only as herein authorized:

(a) Revenue Fund;

(b) Loan Payment Fund;

(c) Loan Prepayment Fund;

(d) Administration Fund;

(e) Costs of Issuance Fund; and

(f) Rebate Fund.

The funds and accounts established pursuant to Section 2.11 and this Section 4.01 shall be maintained in the corporate trust department of the Fiscal Agent as segregated trust accounts, separate and identifiable from all other funds held by the Fiscal Agent. The Fiscal Agent shall, at the written direction of an Authorized Officer of the Governmental Lender, and may, in its discretion, establish such additional accounts within any Fund, and subaccounts within any of the accounts, as the Governmental Lender or the Fiscal Agent may deem necessary or useful for the purpose of identifying more precisely the sources of payments into and disbursements from that Fund and its accounts, or for the purpose of complying with the requirements of the Code relating to arbitrage, but the establishment of any such account or subaccount shall not alter or modify any of the requirements of this Funding Loan Agreement with respect to a deposit or use of money in the funds established hereunder, or result in commingling of funds not permitted hereunder.

All money required to be deposited with or paid to the Fiscal Agent for the account of any of the funds or accounts created by this Funding Loan Agreement shall be held by the Fiscal Agent for the benefit of the Funding Lender, and, except for money held in the Administration Fund or the Rebate

Fund, shall, while held by the Fiscal Agent, constitute part of the Pledge Security and be subject to the lien hereof.

Section 4.02 Project Loan Fund.

(a) Deposit. The Fiscal Agent shall deposit the proceeds of the Funding Loan delivered by Initial Funding Lender into the Project Account of the Project Loan Fund upon receipt of each advance thereof (other than the initial advance to the Title Company) as provided in Section 2.11(b) hereof. The Fiscal Agent shall deposit the Borrower Equity Deposit into the Borrower Equity Account of the Project Loan Fund, as well as any additional amounts delivered from time to time to the Fiscal Agent and directed by the Borrower or Loan Servicer to be deposited therein (excluding any proceeds of the Loans), as provided in Section 2.11(c) hereof.

(b) Disbursements. Amounts on deposit in the Project Loan Fund shall be disbursed from time to time by the Fiscal Agent for the purpose of: (i) [paying interest on the Funding Loan and the Fee Component in each case when due during the Construction Phase and] (ii) paying Costs of the Project. In addition, amounts in the Project Loan Fund shall be transferred to the Loan Prepayment Fund, the Rebate Fund and the Borrower at the times and in the manner provided in subsection (e) of this Section 4.02.

(c) Transfers and Requisitions. Unless the Fiscal Agent is instructed otherwise by the Funding Lender Representative, Fiscal Agent shall automatically transfer amounts from the Borrower Equity Account of the Project Loan Fund to the Administration Fund to pay to the appropriate party its accrued fees that are included in the Fee Component that are due and payable as set forth herein or upon receipt of an invoice, without any need for a Requisition or other written direction. Unless the Fiscal Agent is instructed otherwise by the Initial Funding Lender, during the Construction Phase, the Fiscal Agent shall automatically transfer amounts in the Borrower Equity Account of the Project Loan Fund to the Loan Payment Fund to pay interest on the Project Loan and Funding Loan without any need for a Requisition or other written direction. The Fiscal Agent shall make disbursements from the respective accounts of the Project Loan Fund for purposes described in subsection (b)[(ii)] of this Section 4.02 only upon the receipt of Requisitions signed by an Authorized Officer of the Borrower and countersigned by an Authorized Officer of the Loan Servicer (signifying the consent to the Requisition by the Loan Servicer). The Fiscal Agent shall have no right or duty to determine whether any requested disbursement from the Project Loan Fund complies with the terms, conditions and provisions of the Construction Continuing Covenant Agreement. The countersignature of the Authorized Officer of the Loan Servicer on a Requisition shall be deemed a certification and, insofar as the Fiscal Agent and the Governmental Lender are concerned, constitute conclusive evidence, that all of the terms, conditions and requirements of the Construction Continuing Covenant Agreement applicable to such disbursement have been fully satisfied or waived. The Fiscal Agent shall, immediately upon each receipt of a completed Requisition signed by an Authorized Officer of the Borrower and countersigned by an Authorized Officer of the Loan Servicer, initiate procedures with the provider of a Qualified Investment to make withdrawals as necessary to fund the Requisition.

Notwithstanding anything to the contrary contained herein, during any period in which an Event of Default has occurred and is then continuing under the Loans or any Financing Document (notice of which default has been given in writing by the Funding Lender Representative or the Loan Servicer to the Fiscal Agent and the Governmental Lender, and the Fiscal Agent shall be entitled to conclusively rely on any such written notice as to the occurrence and continuation of such a default),

no signature of an Authorized Officer of Borrower shall be required for any Requisition duly signed by an Authorized Officer of Loan Servicer.

(d) If a Requisition signed by an Authorized Officer of the Borrower and countersigned by an Authorized Officer of the Loan Servicer or (as permitted hereunder) solely by an Authorized Officer of the Loan Servicer, is received by the Fiscal Agent, the requested disbursement shall be paid by the Fiscal Agent as soon as practicable, but in no event later than three (3) Business Days following receipt thereof by the Fiscal Agent. Upon final disbursement of all amounts on deposit in the Project Loan Fund, including all interest accrued therein, the Fiscal Agent shall close the Project Loan Fund.

(e) Immediately prior to any mandatory prepayment of the Funding Loan pursuant to Section 3.01(b)(i) hereof, any amount then remaining in the Project Loan Fund shall, at the written direction of the Funding Lender Representative, be transferred to the Loan Prepayment Fund to pay amounts due on the Funding Loan, if any. In addition, any amount remaining in the Project Account of the Project Loan Fund following completion of the construction of the Project in accordance with the Construction Continuing Covenant Agreement, evidenced by an instrument signed by the Funding Lender Representative or the Loan Servicer, shall be transferred to the Loan Prepayment Fund and used to prepay the Funding Loan in accordance with Section 3.01(b)(ii) hereof, unless the Fiscal Agent receives an opinion of Bond Counsel (which shall also be addressed to the Funding Lender Representative) to the effect that a use of such money for other than prepayment of the Funding Loan will not adversely affect the tax exempt status of the interest on the Governmental Note; provided, that any amounts in the Project Account of the Project Loan Fund in excess of the amount needed to fund the related prepayment of the Funding Loan shall be transferred to the Rebate Fund. In the event that (i) there are funds remaining in the Borrower Equity Account following completion of the construction of the Project in accordance with the Construction Continuing Covenant Agreement (as evidenced by an instrument signed by Funding Lender Representative), (ii) the Conversion Date has occurred, and (iii) no default by the Borrower exists under this Funding Loan Agreement or any Project Loan Document, such funds shall be paid by the Fiscal Agent to the Borrower at the written direction of the Funding Lender Representative or the Loan Servicer.

(f) Amounts on deposit in the Project Loan Fund shall be invested as provided in Section 4.07 hereof. All Investment Income on amounts on deposit in the Project Loan Fund shall be retained in and credited to and become a part of the amounts on deposit in the respective account within the Project Loan Fund from which the funds were invested, and shall constitute part of any transfers required by subsection (b) or (e) of this Section 4.02.

Section 4.03 Application of Revenues.

(a) All Revenues received by the Fiscal Agent shall be deposited by the Fiscal Agent, promptly upon receipt thereof, to the Revenue Fund, except for each of the following: (i) Proceeds of the Funding Loan received by the Fiscal Agent pursuant to Section 2.01(b), which shall be applied in accordance with the provisions of Section 2.11 hereof. (ii) Deposits into the Loan Prepayment Fund as required under subsection (c) of this Section 4.03. (iii) Investment Income to the extent required under the terms hereof to be retained in the funds and accounts to which they are attributable. (iv) Amounts required to be transferred between funds and accounts as provided in this Article IV.

(b) Subject to Section 2.12 hereof, on each Funding Loan Payment Date or any other date on which payment of principal of or interest on the Funding Loan becomes due and payable, the Fiscal

Agent, out of money in the Revenue Fund, shall credit the following amounts to the following funds, but in the order and within the limitations hereinafter indicated with respect thereto, as follows:

FIRST: to the Loan Payment Fund, an amount equal to the principal of and interest due on the Funding Loan on such date (including scheduled principal pursuant to the Funding Loan Amortization Schedule); and

SECOND: to the Loan Prepayment Fund, an amount equal to the principal and interest due on the Funding Loan on such date with respect to a mandatory prepayment of all or a portion of the Funding Loan pursuant to Section 3.01(b) hereof (other than any extraordinary mandatory prepayment as described in Section 4.03(c)(i) or (iii) below).

(c) Promptly upon receipt, the Fiscal Agent shall deposit each of the following directly into the Loan Prepayment Fund (i) Net Proceeds representing casualty insurance proceeds or condemnation awards paid as a prepayment of the Project Loan, such amount to be applied to provide for the extraordinary mandatory prepayment of all or a portion of the Funding Loan pursuant to Section 3.01(b)(i) hereof; (ii) Funds paid to the Fiscal Agent to be applied to the optional prepayment of all or a portion of the Funding Loan pursuant to Section 3.01(a); and (iii) Amounts transferred to the Loan Prepayment Fund from the Project Loan Fund pursuant to Section 4.02(e) hereof.

(d) Subject to Section 2.12 hereof, should the amount in the Loan Payment Fund be insufficient to pay the amount due on the Funding Loan on any given Funding Loan Payment Date, the Fiscal Agent shall credit to the Loan Payment Fund the amount of such deficiency by charging the following funds and accounts in the following order of priority: (i) the Revenue Fund; and (ii) the Loan Prepayment Fund, except no such charge to the Loan Prepayment Fund shall be made from money to be used to effect a prepayment for which notice of prepayment has been provided for hereunder.

Section 4.04 Application of Loan Payment Fund. Subject to Section 2.12 hereof, the Fiscal Agent shall charge the Loan Payment Fund, on each Funding Loan Payment Date, an amount equal to the unpaid interest and principal due on the Funding Loan on such Funding Loan Payment Date as provided in Section 4.03(a) and (b), and shall cause the same to be applied to the payment of such interest and principal when due. Any money remaining in the Loan Payment Fund on any Funding Loan Payment Date after application as provided in the preceding sentence may, to the extent there shall exist any deficiency in the Loan Prepayment Fund to prepay the Funding Loan if called for prepayment on such Funding Loan Payment Date, be transferred to the Loan Prepayment Fund to be applied for such purpose.

Any Investment Income on amounts on deposit in the Loan Payment Fund shall be deposited by the Fiscal Agent upon receipt thereof in the Revenue Fund.

No amount shall be charged against the Loan Payment Fund except as expressly provided in this Article IV and in Section 6.05 hereof.

Section 4.05 Application of Loan Prepayment Fund. Any money credited to the Loan Prepayment Fund shall be applied as set forth in Sections 4.03(b) and 4.03(c) hereof; provided, however, that to the extent any money credited to the Loan Prepayment Fund is in excess of the amount necessary to effect the prepayments described in Sections 4.03(b) and 4.03(c) hereof it shall be applied to make up any deficiency in the Loan Payment Fund on any Funding Loan Payment Date, to the extent

money then available in accordance with Section 4.03(d) hereof in the Revenue Fund is insufficient to make up such deficiency; provided that no money to be used to effect a prepayment for which a notice of prepayment has been provided shall be so transferred to the Loan Payment Fund.

On or before each Funding Loan Payment Date, any Investment Income on amounts on deposit in the Loan Prepayment Fund shall be credited by the Fiscal Agent to the Revenue Fund.

No amount shall be charged against the Loan Prepayment Fund except as expressly provided in this Article IV and in Section 6.05 hereof.

Section 4.06 Administration Fund. Subject to Section 2.12 hereof, the Fiscal Agent shall deposit into the Administration Fund, promptly upon receipt thereof, all amounts received from the Loan Servicer (or the Borrower if no Loan Servicer exists for the Loans) designated for deposit into such fund, [together with amounts transferred by the Fiscal Agent from the Project Loan Fund for deposit to the Administration Fund pursuant to Section 4.02]. Amounts in the Administration Fund shall be withdrawn or maintained, as appropriate, by the Fiscal Agent and used FIRST, to pay to the Fiscal Agent when due the Fiscal Agent's Ordinary Fees and Expenses; SECOND, to pay to the Governmental Lender when due the Governmental Lender Fee; THIRD, to pay when due the reasonable fees and expenses of a Rebate Analyst in connection with the computations relating to arbitrage rebate required under this Funding Loan Agreement and the Project Loan Agreement, upon receipt of an invoice from the Rebate Analyst; FOURTH, to pay to the Fiscal Agent any Fiscal Agent's Extraordinary Fees and Expenses due and payable from time to time, as set forth in an invoice submitted to the Borrower and the Loan Servicer; FIFTH, to pay to the Governmental Lender any extraordinary expenses it may incur in connection with the Loans or this Funding Loan Agreement from time to time, as set forth in an invoice submitted to the Fiscal Agent and the Loan Servicer; SIXTH, to pay to the Funding Lender Representative any unpaid amounts due under the Continuing Covenant Agreement, as certified in writing by the Funding Lender Representative to the Fiscal Agent; SEVENTH, to make up any deficiency in the Loan Prepayment Fund on any prepayment date of the Funding Loan, to the extent money then available in accordance with Section 4.03(d) hereof in the Loan Prepayment Fund is insufficient to prepay the Funding Loan scheduled for prepayment on such prepayment date; and EIGHTH, to transfer any remaining balance after application as aforesaid to the Revenue Fund.

In the event that the amounts on deposit in the Administration Fund are not equal to the amounts payable from the Administration Fund as provided in the preceding paragraph on any date on which such amounts are due and payable, the Fiscal Agent shall give notice to the Borrower and the Loan Servicer (with a copy to the Governmental Lender) of such deficiency and of the amount of such deficiency and request payment within two (2) Business Days to the Fiscal Agent of the amount of such deficiency. Upon payment by the Borrower or the Loan Servicer of such deficiency, the amounts for which such deficiency was requested shall be paid by the Fiscal Agent.

On or before each Funding Loan Payment Date, any Investment Income on amounts on deposit in the Administration Fund not needed to pay the foregoing amounts shall be credited by the Fiscal Agent to the Revenue Fund.

No amount shall be charged against the Administration Fund except as expressly provided in this Article IV and Section 6.05 hereof.

Section 4.07 Investment of Funds. The money held by the Fiscal Agent shall constitute trust funds for the purposes hereof. Any money attributable to each of the funds and accounts hereunder shall be, except as otherwise expressly provided herein, invested by the Fiscal Agent, at the written direction of the Borrower (or, in the case of the Rebate Fund, as provided in Section 5.07(b)), in Qualified Investments which mature or shall be subject to prepayment or withdrawal at par without penalty on or prior to the earlier of (a) six (6) months from the date of investment and (b) the date such money is needed; provided, that if the Fiscal Agent shall have entered into any investment agreement requiring investment of money in any fund or account hereunder in accordance with such investment agreement and if such investment agreement constitutes a Qualified Investment, such money shall be invested in accordance with such requirements. Such investments may be made through the investment or securities department of the Fiscal Agent. The Fiscal Agent may purchase from or sell to itself or an affiliate, as principal or agent, securities herein authorized and, in such capacity, Fiscal Agent or such affiliate may charge its ordinary and customary fees for such trades, including account maintenance fees, which fees, for purposes of this Funding Loan Agreement, shall be treated as Fiscal Agent's Extraordinary Fees and Expenses. The Fiscal Agent shall be entitled to assume, absent receipt by the Fiscal Agent of written notice to the contrary, that any investment which at the time of purchase is a Qualified Investment remains a Qualified Investment thereafter. In no event shall Fiscal Agent be required to provide supervision, recommendations, or advice with respect to any investment. In the absence of written direction from Borrower, Fiscal Agent shall hold amounts on deposit in the funds and accounts established under this Funding Loan Agreement uninvested.

Qualified Investments representing an investment of money attributable to any fund or account shall be deemed at all times to be a part of said fund or account, and, except as otherwise may be provided expressly in other Sections hereof, the interest thereon and any profit arising on the sale thereof shall be credited to the Revenue Fund, and any loss resulting on the sale thereof shall be charged against the Revenue Fund. Such investments shall be sold at the best price obtainable (at least par) whenever it shall be necessary so to do in order to provide money to make any transfer, withdrawal, payment or disbursement from said fund or account. In the case of any required transfer of money to another such fund or account, such investments may be transferred to that fund or account in lieu of the required money if permitted hereby as an investment of money in that fund or account. The Fiscal Agent shall not be liable or responsible for any loss resulting from any investment made in accordance herewith.

The Governmental Lender acknowledges that to the extent that regulations of the Office of the Comptroller of the Currency or other applicable regulatory agency grant the Governmental Lender the right to receive brokerage confirmations of the security transactions as they occur, to the extent permitted by law, the Governmental Lender specifically waives compliance with 12 C.F.R. 12 and hereby notifies the Fiscal Agent hereunder, that no brokerage confirmations need be sent relating to the security transactions as they occur.

In computing for any purpose hereunder the amount in any fund or account on any date, obligations so purchased shall be valued at Fair Market Value.

Section 4.08 Accounting Records. The Fiscal Agent shall maintain accurate books and records for all funds and accounts established by the Fiscal Agent hereunder.

Section 4.09 Amounts Remaining in Funds. After full payment of the Funding Loan (or provision for payment thereof having been made in accordance with Section 9.01 hereof) and full payment of the fees, charges and expenses of the Governmental Lender, the Fiscal Agent, the Rebate

Analyst, the Funding Lender and the Loan Servicer and other amounts required to be paid hereunder or under any Project Loan Document, including, but not limited to, the Continuing Covenant Agreement (as certified in writing to the Fiscal Agent by the Governmental Lender with respect to amounts due to the Governmental Lender and by the Funding Lender Representative or the Loan Servicer on its behalf with respect to amounts owed under the Continuing Covenant Agreement and by the Rebate Analyst with respect to amounts due to the Rebate Analyst), any amounts remaining in any fund or account hereunder other than the Rebate Fund shall be paid to the Borrower.

Section 4.10 Rebate Fund; Compliance with Tax Certificate. The Rebate Fund shall be established by the Fiscal Agent and held and applied as provided in this Section 4.10. On any date on which any amounts are required by applicable federal tax law to be rebated to the federal government, amounts shall be deposited into the Rebate Fund by the Borrower for such purpose. All money at any time deposited in the Rebate Fund shall be held by the Fiscal Agent in trust, to the extent required to satisfy the rebate requirement (as set forth in the Tax Certificate) and as calculated by the Rebate Analyst, for payment to the government of the United States of America, and none of the Governmental Lender, the Borrower or the Funding Lender shall have any rights in or claim to such money. All amounts deposited into or on deposit in the Rebate Fund shall be governed by this Section 4.10 and by the Tax Certificate. The Fiscal Agent shall conclusively be deemed to have complied with such provisions if it follows the written instructions of the Governmental Lender, Bond Counsel or the Rebate Analyst, including supplying all necessary information in the manner set forth in the Tax Certificate, and shall not be required to take any actions under the Tax Certificate in the absence of written instructions from the Governmental Lender, Bond Counsel or the Rebate Analyst.

Within 55 days of the end of each fifth Rebate Year, the Borrower shall cause the Rebate Analyst to calculate the amount of rebatable arbitrage, in accordance with Section 148(f)(2) of the Code and Section 1.148-3 of the Treasury Regulations (taking into account any exceptions with respect to the computation of the rebatable arbitrage, described, if applicable, in the Tax Certificate (e.g., the temporary investments exceptions of Section 148(f)(4)(B) and (C) of the Code)), for this purpose treating the last day of the applicable Rebate Year as a (computation) date, within the meaning of Section 1.148-1(b) of the Treasury Regulations (the "Rebatable Arbitrage"). Pursuant to Section 2.04 of the Project Loan Agreement, the Borrower shall cause the Rebate Analyst to provide such calculations to the Fiscal Agent and the Governmental Lender. In the event that the Borrower fails to provide such information to the Fiscal Agent and the Governmental Lender within 55 days of the end of each fifth Rebate Year, the Fiscal Agent, at the expense of the Borrower, shall select the Rebate Analyst, with the prior written approval of the Governmental Lender, and shall cause the Rebate Analyst to calculate the amount of rebatable arbitrage as required herein.

Within 55 days of the end of each fifth Rebate Year, upon the written direction of the Governmental Lender, Bond Counsel or the Rebate Analyst, an amount shall be deposited to the Rebate Fund by the Fiscal Agent from amounts provided by the Borrower, if and to the extent required so that the balance in the Rebate Fund shall equal the amount of Rebatable Arbitrage so calculated in accordance with the preceding paragraph.

The Fiscal Agent shall pay, as directed by the Governmental Lender, Bond Counsel or the Rebate Analyst, to the United States Department of the Treasury, out of amounts in the Rebate Fund:

(a) Not later than 60 days after the end of (i) the fifth Rebate Year, and (ii) each applicable fifth Rebate Year thereafter, an amount equal to at least 90% of the Rebatable Arbitrage calculated as of the end of such Rebate Year; and

(b) Not later than 60 days after the payment in whole of the Funding Loan, an amount equal to 100% of the Rebatable Arbitrage calculated as of the end of such applicable Rebate Year, and any income attributable to the Rebatable Arbitrage, computed in accordance with Section 148(f) of the Code.

Each payment required to be made under this Section 4.10 shall be made to the Internal Revenue Service Center, Ogden, Utah 84201 (or such other address provided in such direction), on or before the date on which such payment is due, and shall be accompanied by Internal Revenue Service Form 8038 T, which shall be prepared by the Rebate Analyst and provided to the Fiscal Agent.

Notwithstanding any provision of this Funding Loan Agreement to the contrary, the obligation to remit payment of the Rebatable Arbitrage to the United States of America and to comply with all other requirements of Sections 2.04 and 4.03 of the Project Loan Agreement and this Section 4.10, and the requirements of the Tax Certificate shall survive the defeasance or payment in full of the Funding Loan.

Any funds remaining in the Rebate Fund after payment in full of the Funding Loan and payment and satisfaction of any rebate requirement, or provision made therefor satisfactory to the Fiscal Agent, shall be withdrawn and remitted to the Borrower.

The Fiscal Agent shall obtain and keep such records of the computations made pursuant to this Section 4.10 as are required under Section 148(f) of the Code to the extent furnished to the Fiscal Agent. The Borrower shall or shall cause the Rebate Analyst to provide to the Governmental Lender and the Fiscal Agent copies of all rebate computations made pursuant to this Section 4.10. The Fiscal Agent shall keep and make available to the Borrower such records concerning the investments of the gross proceeds of the Funding Loan and the investments of earnings from those investments made by the Fiscal Agent as may be requested by the Borrower in order to enable the Borrower to cause the Rebate Analyst to make the aforesaid computations as are required under Section 148(f) of the Code.

Notwithstanding the foregoing, the computations and payments of Rebatable Arbitrage need not be made to the extent that neither the Governmental Lender nor the Borrower will thereby fail to comply with any requirements of Section 148(f) of the Code based on an opinion of Bond Counsel, to the effect that such failure will not adversely affect the exclusion of interest on the Governmental Note from the gross income of the holders thereof for federal income tax purposes, a copy of which shall be provided to the Fiscal Agent and the Funding Lender Representative, at the expense of the Borrower.

Section 4.11 Costs of Issuance Fund. It is hereby acknowledged that no funds will be received by the Fiscal Agent on the Delivery Date for deposit to the Cost of Issuance Fund. The Borrower will pay all Costs of Issuance through the escrow with the Title Company on the Delivery Date as set forth in the Settlement Sheet or thereafter as required by the Project Loan Agreement.

Section 4.12 Reports From the Fiscal Agent. The Fiscal Agent shall, on or before the fifteenth (15th) day of each month, file with the Funding Lender Representative, the Loan Servicer, the Governmental Lender (at its written request) and the Borrower a statement setting forth in respect of the preceding calendar month all of the following:

(a) The amount withdrawn or transferred by it, and the amount deposited within or on account of each fund and account held by it under the provisions of this Funding Loan Agreement, including the amount of investment income on each fund and account.

(b) The amount on deposit with it at the end of such month to the credit of each fund and account.

(c) A brief description of all obligations held by it as an investment of money in each such fund and account.

(d) Any other information which the Funding Lender Representative or the Governmental Lender may reasonably request and to which the Fiscal Agent has access in the ordinary course of its operations.

Upon the written request of the Funding Lender, the Fiscal Agent, at the cost of the Borrower, shall provide a copy of such statement to Funding Lender. All records and files pertaining to the Pledged Security shall be open at all reasonable times to the inspection of the Governmental Lender and the Funding Lender Representative or the Loan Servicer and their agents and representatives upon reasonable prior notice during normal business hours.

ARTICLE V

GENERAL COVENANTS AND REPRESENTATIONS

Section 5.01 Payment of Principal and Interest. Subject to Section 2.03 hereof, the Governmental Lender covenants that it will promptly pay or cause to be paid, but only from the sources identified herein, sufficient amounts to provide for the payment of the principal of, Prepayment Premium, if any, and interest on the Funding Loan at the place, on the dates and in the manner provided herein and in the Governmental Note, according to the true intent and meaning thereof.

Section 5.02 Performance of Covenants. Subject to Section 2.03 hereof, the Governmental Lender covenants that it will faithfully perform at all times any and all of its covenants, undertakings, stipulations and provisions contained in this Funding Loan Agreement, in the Governmental Note and in all proceedings pertaining thereto.

Section 5.03 Instruments of Further Assurance. The Governmental Lender covenants that it will do, execute, acknowledge and deliver or cause to be done, executed, acknowledged and delivered, such supplements hereto, and such further acts, instruments and transfers as may be reasonably required for the better assuring, transferring, conveying, pledging, assigning and confirming unto the Fiscal Agent all and singular its interest in the property herein described and the revenues, receipts and other amounts pledged hereby to the payment of the principal of, Prepayment Premium, if any, and interest on the Funding Loan, but only at the written request of the Loan Servicer, the Fiscal Agent or the Funding Lender and only if the Governmental Lender has received from the Borrower (or the party requesting any such action) assurance satisfactory to the Governmental Lender that the Governmental Lender will be reimbursed for its expenses incurred or to be incurred in connection with taking any such action or executing such instrument and is otherwise indemnified against liability related thereto.

Any and all interest in property hereafter acquired which is of any kind or nature herein provided to be and become subject to the lien hereof shall and without any further conveyance, assignment or act on the part of the Governmental Lender or the Fiscal Agent, become and be subject to the lien of this Funding Loan Agreement as fully and completely as though specifically described

herein, but nothing in this sentence shall be deemed to modify or change the obligations of the Governmental Lender under this Section 5.03.

The Governmental Lender covenants and agrees that, except as herein otherwise expressly provided, it has not and will not sell, convey, mortgage, encumber or otherwise dispose of any part of its interest in the Pledged Security or the revenues or receipts therefrom.

The Governmental Lender will promptly notify the Fiscal Agent, the Funding Lender Representative and the Loan Servicer in writing of the occurrence of any of the following:

(a) The submission of any claim or the initiation of any legal process, litigation or administrative or judicial investigation against the Governmental Lender with respect to the Loans;

(b) Any change in the location of the Governmental Lender's principal office or any change in the location of the Governmental Lender's books and records relating to the transactions contemplated hereby;

(c) The occurrence of any default or Event of Default of which the Governmental Lender has actual knowledge;

(d) The commencement of any proceedings or any proceedings instituted by or against the Governmental Lender in any federal, state or local court or before any governmental body or agency, or before any arbitration board, relating to the Notes; or

(e) The commencement of any proceedings by or against the Governmental Lender under any applicable bankruptcy, reorganization, liquidation, rehabilitation, insolvency or other similar law now or hereafter in effect or of any proceeding in which a receiver, liquidator, conservator, trustee or similar official shall have been, or may be, appointed or requested for the Governmental Lender or any of its assets relating to the Loans.

Section 5.04 Inspection of Project Books. The Governmental Lender covenants and agrees that all books and documents in its possession relating to the Project shall, upon reasonable prior notice, during normal business hours, be open to inspection and copying by such accountants or other agents as the Fiscal Agent or the Funding Lender Representative may from time to time reasonably designate.

Section 5.05 No Modification of Security; Additional Indebtedness. The Governmental Lender covenants to and for the benefit of the Funding Lender that it will not, without the prior written consent of the Funding Lender Representative, take any of the following actions:

(a) Alter, modify or cancel, or agree to consent to alter, modify or cancel any agreement to which Governmental Lender is a party, or which has been assigned to Governmental Lender, and which relates to or affects the security for the Loans or the payment of any amount owed under the Financing Documents;

(b) Create or suffer to be created any lien upon the Pledged Security or any part thereof other than the lien created hereby and by the Security Instrument.

Section 5.06 Damage, Destruction or Condemnation. Net Proceeds resulting from casualty to or condemnation of the Project shall be applied as provided in the Continuing Covenant Agreement and, to the extent consistent therewith, Section 3.01(b)(i) hereof.

Section 5.07 Tax Covenants.

(a) Governmental Lender's Covenants. The Governmental Lender covenants to and for the benefit of the Funding Lender that it will:

(i) Neither make or use nor cause to be made or used any investment or other use of the proceeds of the Funding Loan or the money and investments held in the funds and accounts in any manner which would cause the Governmental Note to be an "arbitrage bond" under Section 148 of the Code and the regulations issued under Section 148 of the Code (the "Treasury Regulations") or which would otherwise cause the interest payable on the Governmental Note to be includable in the gross income of the holders thereof for federal income tax purposes;

(ii) To the extent it has received assurance satisfactory to the Governmental Lender that the Governmental Lender will be reimbursed for its expenses incurred or to be incurred in connection therewith and is otherwise indemnified against liability related thereto, enforce or cause to be enforced all obligations of the Borrower under the TEL Regulatory Agreement in accordance with its terms;

(iii) Not take or cause to be taken (to the extent within its power and control) any other action or actions, or fail to take any action or actions, if the same would cause the interest payable on the Governmental Note to be includable in the gross income of the holders thereof for federal income tax purposes;

(iv) At the written request of the Loan Servicer, the Fiscal Agent or the Funding Lender and only if the Governmental Lender has received from the party requesting any such action assurance satisfactory to the Governmental Lender that the Governmental Lender will be reimbursed for its expenses incurred or to be incurred in connection with taking any such action or executing such instrument and is otherwise indemnified against liability related thereto, do and perform all acts and things permitted by law and necessary or desirable in order to assure that interest paid by the Governmental Lender on the Funding Loan will be excluded from the gross income of the holders thereof for federal income tax purposes, pursuant to the Code, except in the event where the Funding Lender is a "substantial user" of the facilities financed with the Loans or a "related person" within the meaning of the Code; and

(v) Not take any action or permit or suffer any action to be taken (to the extent within its power and control) if the result of the same would be to cause the Governmental Note to be "federally guaranteed" within the meaning of Section 149(b) of the Code and the regulations issued under Section 149 of the Code.

In furtherance of the covenants in this Section 5.07, the Governmental Lender and the Borrower shall execute, deliver and comply with the provisions of the Tax Certificate, which is by this reference incorporated into this Funding Loan Agreement and made a part of this Funding Loan Agreement as if set forth in this Funding Loan Agreement in full, and by its acceptance of this Funding Loan Agreement the Fiscal Agent acknowledges receipt of the Tax Certificate and acknowledges its incorporation into this Funding Loan Agreement by this reference and agrees to comply with the terms specifically applicable to it.

(b) Fiscal Agent's Covenants. The Fiscal Agent agrees that it will invest funds held under this Funding Loan Agreement in accordance with the covenants and terms of this Funding Loan

Agreement and the Tax Certificate (this covenant shall extend through the term of the Funding Loan, to all funds and accounts created under this Funding Loan Agreement and all money on deposit to the credit of any such fund or account). The Fiscal Agent covenants to and for the benefit of the Funding Lender that, notwithstanding any other provisions of this Funding Loan Agreement or of any other Financing Document, it will not knowingly make or cause to be made any investment or other use of the money in the funds or accounts created hereunder which would cause the Governmental Note to be classified as an "arbitrage bond" within the meaning of Sections 103(b) and 148 of the Code or would cause the interest on the Governmental Note to be includable in the gross income of the holders thereof for federal income tax purposes; provided that the Fiscal Agent shall be deemed to have complied with such requirements and shall have no liability to the extent it reasonably follows the written directions of the Borrower, the Governmental Lender, the Funding Lender Representative, Bond Counsel or the Rebate Analyst. This covenant shall extend, throughout the term of the Funding Loan, to all funds created under this Funding Loan Agreement and all money on deposit to the credit of any such fund. Pursuant to this covenant, with respect to the investments of the funds and accounts under this Funding Loan Agreement, the Fiscal Agent obligates itself to comply throughout the term of the Funding Loan with the requirements of Sections 103(b) and 148 of the Code; provided that the Fiscal Agent shall be deemed to have complied with such requirements and shall have no liability to the extent it reasonably follows the written directions of the Borrower, the Governmental Lender, Bond Counsel or the Rebate Analyst. The Fiscal Agent further covenants that should the Governmental Lender or the Borrower file with the Fiscal Agent (it being understood that neither the Governmental Lender nor the Borrower has an obligation to so file), or should the Fiscal Agent receive, an opinion of Bond Counsel to the effect that any proposed investment or other use of proceeds of the Funding Loan would cause the Governmental Note to become an "arbitrage bond," then the Fiscal Agent will comply with any written instructions of the Governmental Lender, the Borrower, the Funding Lender Representative or Bond Counsel regarding such investment (which shall, in any event, be a Qualified Investment) or use so as to prevent the Governmental Note from becoming an "arbitrage bond," and the Fiscal Agent will bear no liability to the Governmental Lender, the Borrower, the Funding Lender or the Funding Lender Representative for investments made in accordance with such instructions.

Section 5.08 Representations and Warranties of the Governmental Lender. The Governmental Lender hereby represents and warrants as follows:

(a) The Governmental Lender is a public body, corporate and politic, duly organized, validly existing and in good standing under the laws of the State.

(b) The Governmental Lender has all necessary power and authority to issue the Governmental Note and to execute and deliver this Funding Loan Agreement, the Project Loan Agreement and the other Financing Documents to which it is a party, and to perform its duties and discharge its obligations hereunder and thereunder.

(c) The Revenues and Pledged Security are and will be free and clear of any pledge, lien or encumbrance prior to, or equal with, the pledge created by this Funding Loan Agreement, and all action on the part of the Governmental Lender to that end has been duly and validly taken.

(d) This Funding Loan Agreement, the Governmental Note, the Project Loan Agreement and the TEL Regulatory Agreement have been validly authorized, executed and delivered by the Governmental Lender, and assuming due authorization, execution and delivery by the other parties thereto, constitute valid and binding obligations of the Governmental Lender, enforceable against the Governmental Lender in accordance with their respective terms, except as enforceability may be

limited by bankruptcy, insolvency, moratorium or other laws affecting creditors' rights generally and the application of equitable principles.

THE GOVERNMENTAL LENDER MAKES NO REPRESENTATION, COVENANT OR AGREEMENT AS TO THE FINANCIAL POSITION OR BUSINESS CONDITION OF THE BORROWER OR THE PROJECT, AND DOES NOT REPRESENT OR WARRANT AS TO ANY STATEMENTS, MATERIALS, REPRESENTATIONS OR CERTIFICATIONS FURNISHED BY THE BORROWER IN CONNECTION WITH THE PROJECT LOAN OR AS TO THE CORRECTNESS, COMPLETENESS OR ACCURACY THEREOF.

Section 5.09 Performance by the Borrower.

(a) Without relieving the Governmental Lender from the responsibility for performance and observance of the agreements and covenants required to be performed and observed by it hereunder, the Borrower, on behalf of the Governmental Lender, may perform any such agreement or covenant so long as the Borrower is not in default (beyond any applicable notice and cure period) under the Project Loan Agreement.

(b) A default by the Borrower in any of its covenants, representations and agreements in the Project Loan Agreement, TEL Regulatory Agreement or Tax Certificate on which the Governmental Lender is relying in the various sections of this Article V shall not be considered a default hereunder by the Governmental Lender.

ARTICLE VI

DEFAULT PROVISIONS AND REMEDIES OF FISCAL AGENT AND FUNDING LENDER

Section 6.01 Events of Default. The occurrence of any one or more of the following will constitute an Event of Default with respect to the Funding Loan (an "Event of Default") under this Funding Loan Agreement:

(a) Failure to pay the principal of, Prepayment Premium, if any, or interest on the Funding Loan when due, whether on a Funding Loan Payment Date, at the stated maturity thereof, by proceedings for prepayment thereof, by acceleration or otherwise; or

(b) Failure to observe the covenants set forth in Section 5.05 hereof; or

(c) Failure to observe or perform any of the covenants, agreements or conditions on the part of the Governmental Lender (other than those set forth in Sections 5.01 and 5.05 hereof) set forth in this Funding Loan Agreement or in the Governmental Note and the continuance thereof for a period of thirty (30) days (or such longer period, if any, as is specified herein for particular defaults) after written notice thereof to the Governmental Lender from the Fiscal Agent or the Funding Lender Representative specifying such default and requiring the same to be remedied; provided that if such default cannot be cured within such thirty (30) day period through the exercise of diligence and the Governmental Lender commences the required cure within such thirty (30) day period and continues the cure with diligence and the Governmental Lender reasonably anticipates that the default could be cured within sixty (60) days, the Governmental Lender shall have sixty (60) days following receipt of such notice to effect the cure; or

(d) Receipt by the Fiscal Agent of written notice from the Funding Lender Representative of the occurrence of an "Event of Default" under the Project Loan Agreement or the Continuing Covenant Agreement.

The Fiscal Agent will promptly notify the Governmental Lender, the Loan Servicer, the Limited Partner (as defined in the Project Loan Agreement), the Funding Lender Representative, and the Borrower after a Responsible Officer obtains actual knowledge of the occurrence of an Event of Default or obtains actual knowledge of the occurrence of an event which would become an Event of Default with the passage of time or the giving of notice or both. Notwithstanding anything to the contrary contained herein, the Limited Partner (as defined in the Project Loan Agreement) shall have the right, but not the obligation, to cure a default on the same terms as Borrower may in accordance with the terms of this Funding Loan Agreement, and Funding Lender agrees to accept or reject such cure on the same basis as if provided by Borrower itself.

Section 6.02 Acceleration; Other Remedies Upon Event of Default.

Upon the occurrence of an Event of Default, the Fiscal Agent shall, upon the written request of the Funding Lender Representative, by notice in writing delivered to the Governmental Lender, declare the principal of the Funding Loan and the interest accrued thereon immediately due and payable, and interest shall continue to accrue thereon until such amounts are paid.

At any time after the Funding Loan shall have been so declared due and payable, and before any judgment or decree for the payment of the money due shall have been obtained or entered, the Fiscal Agent may, but only if directed in writing by the Funding Lender Representative, by written notice to the Governmental Lender and the Fiscal Agent, rescind and annul such declaration and its consequences if the Governmental Lender or the Borrower shall pay to or deposit with the Fiscal Agent a sum sufficient to pay all principal on the Funding Loan then due (other than solely by reason of such declaration) and all unpaid installments of interest (if any) on the Funding Loan then due, with interest at the rate borne by the Funding Loan on such overdue principal and (to the extent legally enforceable) on such overdue installments of interest, and all of Fiscal Agent's Extraordinary Fees and Expenses incurred to date shall have been made good or cured or adequate provision shall have been made therefor, and all outstanding amounts then due and unpaid under the Financing Documents (collectively, the "Cure Amount") shall have been paid in full, and all other defaults hereunder shall have been made good or cured or waived in writing by the Funding Lender Representative; but no such rescission and annulment shall extend to or shall affect any subsequent default, nor shall it impair or exhaust any right or power consequent thereon.

Upon the occurrence and during the continuance of an Event of Default, the Fiscal Agent in its own name and as trustee of an express trust, on behalf and for the benefit and protection of the Funding Lender, may also proceed to protect and enforce any rights of the Fiscal Agent and, to the full extent that the Funding Lender itself might do, the rights of the Funding Lender under the laws of the State or under this Funding Loan Agreement by such of the following remedies as the Fiscal Agent shall deem most effectual to protect and enforce such rights; provided that, the Fiscal Agent may undertake any such remedy only upon the receipt of the prior written consent of the Funding Lender Representative (which consent may be given in the sole discretion of the Funding Lender Representative):

(i) By mandamus or other suit, action or proceeding at law or in equity, to enforce the payment of the principal of, Prepayment Premium, if any, or interest on the Funding Loan and to

require the Governmental Lender to carry out any covenants or agreements with or for the benefit of the Funding Lender and to perform its duties under the Act, this Funding Loan Agreement, the Project Loan Agreement or the TEL Regulatory Agreement (as applicable) to the extent permitted under the applicable provisions thereof;

(ii) By pursuing any available remedies under the Project Loan Agreement, the TEL Regulatory Agreement or any other Financing Document;

(iii) By realizing or causing to be realized through sale or otherwise upon the Pledged Security; and

(iv) By action or suit in equity enjoin any acts or things that may be unlawful or in violation of the rights of the Funding Lender and execute any other papers and documents and do and perform any and all such acts and things as may be necessary or advisable in the opinion of the Fiscal Agent in order to have the claim of the Funding Lender against the Governmental Lender allowed in any bankruptcy or other proceeding.

No remedy by the terms of this Funding Loan Agreement conferred upon or reserved to the Fiscal Agent or to the Funding Lender is intended to be exclusive of any other remedy, but each and every such remedy shall be cumulative and shall be in addition to any other remedy given to the Fiscal Agent or the Funding Lender hereunder or under the Project Loan Agreement, the TEL Regulatory Agreement, the Continuing Covenant Agreement or any other Financing Document, as applicable, or now or hereafter existing at law or in equity or by statute. No delay or omission to exercise any right or power accruing upon any Event of Default shall impair any such right or power or shall be construed to be a waiver of any such Event of Default or acquiescence therein, and every such right and power may be exercised from time to time and as often as may be deemed expedient. No waiver of any Event of Default hereunder, whether by the Fiscal Agent or the Funding Lender, shall extend to or shall affect any subsequent default or Event of Default or shall impair any rights or remedies consequent thereto.

Section 6.03 Funding Lender Representative Control of Proceedings. Notwithstanding anything to the contrary herein, the Funding Lender Representative shall have the sole and exclusive right at any time to direct the time, method and place of conducting all proceedings to be taken in connection with the enforcement of the terms and conditions of this Funding Loan Agreement, or for the appointment of a receiver or any other proceedings hereunder, in accordance with the provisions of law and of this Funding Loan Agreement. In addition, the Funding Lender Representative shall have the sole and exclusive right at any time to directly enforce all rights and remedies hereunder and under the other Financing Documents with or without the involvement of the Fiscal Agent or the Governmental Lender (and in connection therewith the Fiscal Agent shall transfer or assign to the Funding Lender Representative all of its interest in the Pledged Security at the request of the Funding Lender Representative). In no event shall the exercise of any of the foregoing rights result in an acceleration of the Funding Loan without the express direction of the Funding Lender Representative.

Section 6.04 Waiver by Governmental Lender. Upon the occurrence of an Event of Default, to the extent that such right may then lawfully be waived, neither the Governmental Lender nor anyone claiming through or under it shall set up, claim or seek to take advantage of any appraisal, valuation, stay, extension or prepayment laws now or hereinafter in force, in order to prevent or hinder the enforcement of this Funding Loan Agreement; and the Governmental Lender, for itself and all who may claim through or under it, hereby waives, to the extent that it lawfully may do so, the benefit of

all such laws and all right of appraisement and prepayment to which it may be entitled under the laws of the State and the United States of America.

Section 6.05 Application of Money After Default. All money collected by the Fiscal Agent at any time pursuant to this Article VI shall, except to the extent, if any, otherwise directed by a court of competent jurisdiction, be credited by the Fiscal Agent to the Revenue Fund. Such money so credited to the Revenue Fund and all other money from time to time credited to the Revenue Fund shall at all times be held, transferred, withdrawn and applied as prescribed by the provisions of Article IV hereof and this Section 6.05.

In the event that at any time the money credited to the Revenue Fund, the Loan Payment Fund and the Loan Prepayment Fund available for the payment of interest or principal then due with respect to the Governmental Note shall be insufficient for such payment, such money shall be applied as follows and in the following order of priority:

(a) For payment of all amounts due to the Fiscal Agent incurred in performance of its duties under this Funding Loan Agreement, including, without limitation, the payment of all of Fiscal Agent's Extraordinary Fees and Expenses incurred in exercising any remedies under this Funding Loan Agreement.

(b) To the extent directed in writing by the Funding Lender Representative, to the reimbursement of any unreimbursed advances made by or on behalf of the Funding Lender pursuant to the Continuing Covenant Agreement or the Security Instrument.

(c) Unless the full principal amount of the Funding Loan shall have become or have been declared due and payable:

FIRST: to the Funding Lender, all installments of interest then due on the Funding Loan in the order of the maturity of such installments; and

SECOND: to the Funding Lender, unpaid principal of and Prepayment Premium, if any, on the Funding Loan which shall have become due, whether at maturity or by call for prepayment, in the order in which they became due and payable.

(d) If the full principal amount of the Governmental Note shall have become or have been declared due and payable, to the Funding Lender for the payment of the principal of, Prepayment Premium, if any, and interest then due and unpaid on the Funding Loan without preference or priority of principal over interest or of interest over principal, or of any installment of interest over any other installment of interest.

Section 6.06 Remedies Not Exclusive. No right or remedy conferred upon or reserved to the Fiscal Agent, the Funding Lender or the Funding Lender Representative by the terms of this Funding Loan Agreement is intended to be exclusive of any other right or remedy, but each and every such remedy shall be cumulative and shall be in addition to every other right or remedy given to the Fiscal Agent, the Funding Lender or the Funding Lender Representative under this Funding Loan Agreement or existing at law or in equity or by statute (including the Act).

Section 6.07 Fiscal Agent May Enforce Rights Without Governmental Note. All rights of action and claims, including the right to file proof of claims, under this Funding Loan Agreement

may be prosecuted and enforced by the Fiscal Agent at the written direction of the Funding Lender Representative without the possession of the Governmental Note or the production thereof in any trial or other proceedings relating thereto. Subject to the rights of the Funding Lender Representative to direct proceedings hereunder, any such suit or proceeding instituted by the Fiscal Agent shall be brought in its name as Fiscal Agent without the necessity of joining as plaintiffs or defendants any Funding Lender, and any recovery or judgment shall be for the benefit as provided herein of the Funding Lender.

Section 6.08 Termination of Proceedings. In case the Fiscal Agent (at the direction of the Funding Lender Representative) or the Funding Lender Representative shall have proceeded to enforce any right under this Funding Loan Agreement by the appointment of a receiver, by entry or otherwise, and such proceedings shall have been discontinued or abandoned for any reason, or shall have been determined adversely, then and in every such case the Governmental Lender, the Fiscal Agent, the Funding Lender Representative, the Borrower and the Funding Lender shall be restored to their former positions and rights hereunder with respect to the Pledged Security herein conveyed, and all rights, remedies and powers of the Fiscal Agent and the Funding Lender Representative shall continue as if no such proceedings had been taken.

Section 6.09 Waivers of Events of Default. The Fiscal Agent shall waive any Event of Default hereunder and its consequences and rescind any declaration of maturity of principal of and interest on the Funding Loan upon the written direction of the Funding Lender Representative. In case of any such waiver or rescission, or in case any proceeding taken by the Fiscal Agent on account of any such Event of Default shall have been discontinued or abandoned or determined adversely, then and in every such case the Governmental Lender, the Fiscal Agent, the Borrower, the Loan Servicer, the Funding Lender Representative and the Funding Lender shall be restored to their former positions and rights hereunder, respectively, but no such waiver or rescission shall extend to any subsequent or other default, or impair any right consequent thereto.

Section 6.10 Interest on Unpaid Amounts and Default Rate for Nonpayment. In the event that principal of or interest payable on the Funding Loan is not paid when due, there shall be payable on the amount not timely paid, on each Funding Loan Payment Date, interest at the Default Rate, to the extent permitted by law. Interest on the Funding Loan shall accrue at the Default Rate until the unpaid amount, together with interest thereon, shall have been paid in full.

Section 6.11 Assignment of Project Loan; Remedies Under the Project Loan.

(a) The Funding Lender Representative shall have the right, with respect to the Project Loan, in its sole and absolute discretion, without directing the Fiscal Agent to effect an acceleration of the Funding Loan, to instruct the Fiscal Agent in writing to assign the Project Note, the Security Instrument and the other Project Loan Documents to the Funding Lender Representative, in which event the Fiscal Agent shall do all of the following: (i) Endorse and deliver the Project Note to the Funding Lender Representative and assign (in recordable form) the Security Instrument. (ii) Execute and deliver to the Funding Lender Representative all documents prepared by the Funding Lender Representative necessary to assign (in recordable form) all other Project Loan Documents to the Funding Lender Representative. (iii) Execute all such documents prepared by the Funding Lender Representative as are necessary to legally and validly effectuate the assignments provided for in the preceding clauses (i) and (ii).

(b) The Fiscal Agent's assignments to the Funding Lender Representative pursuant to this Section 6.12 shall be without recourse or warranty except that the Fiscal Agent shall represent and warrant in connection therewith (i) That the Fiscal Agent has not previously endorsed or assigned any such documents or instruments and (ii) That the Fiscal Agent has the corporate authority to endorse and assign such documents and instruments and such endorsements and assignments have been duly authorized.

(c) The Funding Lender Representative shall have the right, in its own name or on behalf of the Governmental Lender or the Fiscal Agent, to declare any default and exercise any remedies under the Project Loan Agreement, the Project Note or the Security Instrument, whether or not the Governmental Note has been accelerated or declared due and payable by reason of an Event of Default or the occurrence of a mandatory prepayment.

Section 6.12 Substitution. Upon receipt of written notice from the Funding Lender Representative and the approval of the Governmental Lender as and to the extent permitted under, and subject in any event to the provisions of, Section 12 of the TEL Regulatory Agreement, the Fiscal Agent shall exchange the Project Note and the Security Instrument for a new Project Note and Security Instrument, evidencing and securing a new loan (the "New Project Loan"), which may be executed by a Person other than the Borrower as owner of the Project (the "New Borrower"), provided that if the Fiscal Agent, the Funding Lender or a nominee of the Fiscal Agent or the Funding Lender has acquired the Project through foreclosure, by accepting a deed in lieu of foreclosure or by comparable conversion of the Project, no approval from the Governmental Lender of such exchange shall be required. Prior to accepting a New Project Loan, the Fiscal Agent shall have received (i) written evidence that the New Borrower shall have executed and recorded a document substantially in the form of the TEL Regulatory Agreement (or executed and recorded an assumption of all of the Borrower's obligations under the TEL Regulatory Agreement) and that the Project Loan Documents have been modified as necessary to be applicable to the New Project Loan, (ii) an opinion of Bond Counsel, to the effect that such exchange and modification, in and of itself, will not adversely affect the exclusion of interest on the Governmental Note, from the gross income of the holders thereof for federal income tax purposes, and (iii) written confirmation by the Governmental Lender that any applicable requirements of Section 12 of the TEL Regulatory Agreement have been satisfied (unless Governmental Lender consent is not required pursuant to the immediately preceding sentence).

ARTICLE VII

CONCERNING THE FISCAL AGENT

Section 7.01 Standard of Care. The Fiscal Agent, prior to an Event of Default as defined in Section 6.01 hereof and after the curing or waiver of all such events which may have occurred, shall perform such duties and only such duties as are specifically set forth in this Funding Loan Agreement and no implied covenants or obligations should be read into this Funding Loan Agreement against Fiscal Agent. The Fiscal Agent, during the existence of any such Event of Default (which shall not have been cured or waived), shall exercise such rights and powers vested in it by this Funding Loan Agreement and use the same degree of care and skill in its exercise as a prudent Person would exercise or use under similar circumstances in the conduct of such Person's own affairs. For the avoidance of doubt, the permissive right of Fiscal Agent to do things enumerated in this Funding Loan Agreement or the Project Loan Agreement shall not be construed as a duty.

No provision of this Funding Loan Agreement shall be construed to relieve the Fiscal Agent from liability for its breach of trust, own negligence or willful misconduct, except that:

(a) Prior to an Event of Default hereunder, and after the curing or waiver of all such Events of Default which may have occurred:

(i) The duties and obligations of the Fiscal Agent shall be determined solely by the express provisions of this Funding Loan Agreement, and the Fiscal Agent shall not be liable except with regard to the performance of such duties and obligations as are specifically set forth in this Funding Loan Agreement; and

(ii) In the absence of bad faith on the part of the Fiscal Agent, the Fiscal Agent may conclusively rely, as to the truth of the statements and the correctness of the opinions expressed therein, upon any certificate or opinion furnished to the Fiscal Agent by the Person or Persons authorized to furnish the same;

(b) At all times, regardless of whether or not any such Event of Default shall exist:

(i) The Fiscal Agent shall not be liable for any error of judgment made in good faith by an officer or employee of the Fiscal Agent except for willful misconduct or negligence by the officer or employee of the Fiscal Agent as the case may be; and

(ii) The Fiscal Agent shall not be liable with respect to any action taken or omitted to be taken by it in good faith in accordance with the direction of the Funding Lender Representative relating to the time, method and place of conducting any proceeding for any remedy available to the Fiscal Agent, or exercising any trust or power conferred upon the Fiscal Agent under this Funding Loan Agreement.

When Fiscal Agent incurs expenses or renders services after the occurrence of an Event of Default, such expenses and the compensation for such services are intended to constitute expenses of administration under any federal or state bankruptcy, insolvency, arrangement, moratorium, reorganization or other debtor relief law.

Section 7.02 Reliance Upon Documents. Except as otherwise provided in Section 7.01 hereof:

(a) The Fiscal Agent may rely upon the authenticity or truth of the statements and the correctness of the opinions expressed in, and shall be protected in acting upon any resolution, certificate, statement, instrument, opinion, report, notice, notarial seal, stamp, acknowledgment, verification, request, consent, order, bond, or other paper or document in good faith deemed by it to be genuine and correct and to have been signed or sent by the proper party or parties, including any Electronic Instruction and Notice as permitted hereunder or under the Project Loan Agreement.

(b) Any notice, request, direction, election, order or demand of the Governmental Lender mentioned herein shall be sufficiently evidenced by an instrument signed in the name of the Governmental Lender by an Authorized Officer of the Governmental Lender (unless other evidence in respect thereof be herein specifically prescribed), and any resolution of the Governmental Lender may be evidenced to the Fiscal Agent by a copy of such resolution duly certified by an Authorized Officer of the Governmental Lender.

(c) Any notice, request, certificate, statement, requisition, direction, election, order or demand of the Borrower mentioned herein shall be sufficiently evidenced by an instrument purporting to be signed in the name of the Borrower by any Authorized Officer of the Borrower (unless other evidence in respect thereof be herein specifically prescribed), and any resolution or certification of the Borrower may be evidenced to the Fiscal Agent by a copy of such resolution duly certified by a secretary or other authorized representative of the Borrower.

(d) Any notice, request, certificate, statement, requisition, direction, election, order or demand of the Loan Servicer mentioned herein shall be sufficiently evidenced by an instrument signed in the name of the Loan Servicer by an Authorized Officer of the Loan Servicer (unless other evidence in respect thereof be herein specifically prescribed).

(e) Any notice, request, direction, election, order or demand of the Funding Lender Representative mentioned herein shall be sufficiently evidenced by an instrument purporting to be signed in the name of the Funding Lender Representative by any Authorized Officer of the Funding Lender Representative (unless other evidence in respect thereof be herein specifically prescribed).

(f) In the administration of the trusts of this Funding Loan Agreement, the Fiscal Agent may execute any of the trusts or powers hereby granted directly or through its agents, custodians, nominees, receivers or attorneys appointed with due care, and the Fiscal Agent may consult with counsel (who may be counsel for the Governmental Lender, the Loan Servicer or the Funding Lender Representative) concerning all matters of trusts hereof and duties hereunder, and the opinion or advice of such counsel shall be full and complete authorization and protection in respect of any action taken, suffered or omitted by it hereunder in good faith and in accordance with the opinion of such counsel.

(g) Whenever in the administration of the trusts of this Funding Loan Agreement, the Fiscal Agent shall deem it necessary or desirable that a matter be proved or established prior to taking or permitting any action hereunder, such matters (unless other evidence in respect thereof be herein specifically prescribed), may in the absence of negligence or willful misconduct on the part of the Fiscal Agent, be deemed to be conclusively proved and established by a certificate of an officer or authorized agent of the Governmental Lender or the Borrower and such certificate shall in the absence of bad faith on the part of the Fiscal Agent be full warrant to the Fiscal Agent for any action taken or permitted by it under the provisions of this Funding Loan Agreement, but in its discretion the Fiscal Agent may in lieu thereof accept other evidence of such matter or may require such further or additional evidence as it may deem reasonable.

(h) The recitals herein and in the Governmental Note (except the Fiscal Agent's certificate of authentication thereon) shall not be considered as made by or imposing any obligation or liability upon the Fiscal Agent. The Fiscal Agent makes no representations as to the value or condition of the Pledged Security or any part thereof, or as to the title of the Governmental Lender or the Borrower to the Pledged Security, or as to the security of this Funding Loan Agreement, or of the Governmental Note issued hereunder, and the Fiscal Agent shall incur no liability or responsibility in respect of any of such matters.

(i) The Fiscal Agent shall not be personally liable for debts contracted or liability for damages incurred in the management or operation of the Pledged Security except for its own willful misconduct or negligence; and every provision of this Funding Loan Agreement relating to the conduct or affecting the liability of or affording protection to the Fiscal Agent shall be subject to the provisions of this Section 7.02(i).

(j) The Fiscal Agent shall not be required to ascertain or inquire as to the performance or observance of any of the covenants or agreements (except to the extent they obligate the Fiscal Agent) herein or in any contracts or securities assigned or conveyed to or pledged with the Fiscal Agent hereunder, except Events of Default that are evident under Section 6.01(a) hereof. The Fiscal Agent shall not be required to take notice or be deemed to have notice or actual knowledge of any default or Event of Default specified in Section 6.01 hereof (except defaults under Section 6.01(a) hereof to the extent they are collecting loan payments hereunder) unless the Fiscal Agent shall receive from the Governmental Lender or the Funding Lender Representative written notice stating that a default or Event of Default has occurred and specifying the same, and in the absence of such notice the Fiscal Agent may conclusively assume that there is no such default. Every provision contained in this Funding Loan Agreement or related instruments or in any such contract or security wherein the duty of the Fiscal Agent depends on the occurrence and continuance of such default shall be subject to the provisions of this Section 7.02(j).

(k) The Fiscal Agent shall be under no duty to confirm or verify any financial or other statements or reports or certificates furnished pursuant to any provisions hereof, except to the extent such statement or reports are furnished by or under the direction of the Fiscal Agent, and shall be under no other duty in respect of the same except to retain the same in its files and permit the inspection of the same at reasonable times by the Funding Lender; and

(l) The Fiscal Agent shall be under no obligation to exercise those rights or powers vested in it by this Funding Loan Agreement, other than such rights and powers which it shall be obliged to exercise in the ordinary course of acting as Fiscal Agent under the terms and provisions of this Funding Loan Agreement and as required by law, at the request or direction of the Funding Lender Representative pursuant to Section 6.03 hereof, unless the Funding Lender Representative shall have offered to the Fiscal Agent security or indemnity satisfactory to Fiscal Agent against the costs, expenses and liabilities which might be incurred by it in the compliance with such request or direction.

None of the provisions contained in this Funding Loan Agreement shall require the Fiscal Agent to expend or risk its own funds or otherwise incur personal financial liability in the performance of any of its duties or in the exercise of any of its rights or powers.

The Fiscal Agent is authorized and directed to execute in its capacity as Fiscal Agent, the Project Loan Agreement and shall have no responsibility or liability with respect to any information, statement or recital in any offering memorandum or other disclosure material prepared or distributed with respect to the delivery of the Governmental Note and no responsibility for compliance with any state or federal securities laws in connection with the Governmental Note. In acting or omitting to act pursuant to the Project Loan Agreement or any other documents executed in connection herewith, Fiscal Agent shall be entitled to all of the rights, immunities and indemnities accorded to it under this Funding Loan Agreement, including, but not limited to, this Article VII..

The Fiscal Agent or any of its affiliates may act as advisor or sponsor with respect to any Qualified Investments.

Any resolution, certification, notice, request, direction, election, order or demand delivered to the Fiscal Agent pursuant to this Section 7.02 shall remain in effect until the Fiscal Agent receives written notice to the contrary from the party that delivered such instrument accompanied by revised information for such party.

The Fiscal Agent shall have no responsibility for the value of any collateral or with respect to the perfection or priority of any security interest in any collateral except as otherwise provided in Section 7.15 hereof.

Notwithstanding anything contained herein or in the Security Instrument to the contrary, upon the occurrence and continuance of an Event of Default, before taking any foreclosure action or any action which may subject Fiscal Agent to liability under any environmental law, statute, regulation or similar requirement relating to the environment, Fiscal Agent may require that a satisfactory indemnity bond, indemnity or environmental impairment insurance be furnished for the payment or reimbursement of all expenses to which it may be put and to protect it against all liability resulting from any claims, judgments, damages, losses, penalties, fines, liabilities (including strict liability) and expenses which may result from such foreclosure or other action. Fiscal Agent shall not be required to take any action to foreclose or otherwise enforce the Security Instrument unless indemnified to its satisfaction and will not be required to foreclose if doing so will subject it to environmental liability or will require the approval of a governmental regulator that cannot be obtained.

Section 7.03 Use of Proceeds. The Fiscal Agent shall not be accountable for the use or application of the Governmental Note authenticated or delivered hereunder or of the proceeds of the Funding Loan or any other moneys paid over by Fiscal Agent in accordance with the provisions of this Funding Loan Agreement except as provided herein.

Section 7.04 Trust Imposed. All money received by the Fiscal Agent shall, until used or applied as herein provided, be held in trust for the purposes for which it was received.

Section 7.05 Compensation of Fiscal Agent. The Fiscal Agent shall be entitled to its Fiscal Agent's Ordinary Fees and Expenses in connection with the services rendered by it in the execution of the trusts hereby created and in the exercise and performance of any of the powers and duties of the Fiscal Agent hereunder or under any Financing Document to the extent money is available therefor, in accordance with Section 4.06 hereof, exclusive of Extraordinary Services. The Fiscal Agent shall be entitled to Fiscal Agent's Extraordinary Fees and Expenses in connection with any Extraordinary Services performed consistent with the duties hereunder or under any of the Financing Documents; provided the Fiscal Agent shall not perform any Extraordinary Services or incur any Fiscal Agent's Extraordinary Fees and Expenses without the consent of the Funding Lender Representative. If any property, other than cash, shall at any time be held by the Fiscal Agent subject to this Funding Loan Agreement, or any supplement hereto, as security for the Funding Loan, the Fiscal Agent, if and to the extent authorized by a receivership, bankruptcy, or other court of competent jurisdiction or by the instrument subjecting such property to the provisions of this Funding Loan Agreement as such security for the Funding Loan, shall be entitled to make advances for the purpose of preserving such property or of discharging tax liens or other liens or encumbrances thereon. Payment to the Fiscal Agent for its services and reimbursement to the Fiscal Agent for its expenses, disbursements, liabilities and advances, shall be limited to the sources described in the Project Loan Agreement and in Sections 4.06, 4.09 and 6.05 hereof. The Governmental Lender shall have no liability for Fiscal Agent's fees, costs or expenses. Subject to the provisions of Section 7.08 hereof, the Fiscal Agent agrees that it shall continue to perform its duties hereunder and under the Financing Documents even in the event that money designated for payment of its fees shall be insufficient for such purposes or in the event that the Borrower fails to pay the Fiscal Agent's Ordinary Fees and Expenses or, if applicable, the Fiscal Agent's Extraordinary Fees and Expenses as required by the Project Loan Agreement.

The Borrower shall indemnify and hold harmless the Fiscal Agent and its officers, directors, officials, employees, agents, receivers, attorneys, accountants, advisors, consultants and servants, past, present or future, from and against all of the following: (a) Any and all claims by or on behalf of any Person arising from any cause whatsoever in connection with this Funding Loan Agreement or transactions contemplated hereby, the Project, or the delivery of the Governmental Note or the Loans; (b) Any and all claims arising from any act or omission of the Borrower or any of its agents, contractors, servants, employees or licensees in connection with the Project, or the delivery of the Governmental Note or the Loans; and (c) All costs, counsel fees, expenses or liabilities incurred in connection with any such claim or proceeding brought thereon; except that the Borrower shall not be required to indemnify any person for damages caused by the gross negligence, willful misconduct or unlawful acts of such person or which arise from events occurring after the Borrower ceases to own the Project. In the event that any action or proceeding is brought or claim made against the Fiscal Agent, or any of its officers, directors, officials, employees, agents, receivers, attorneys, accountants, advisors, consultants or servants, with respect to which indemnity may be sought hereunder, the Borrower, upon written notice thereof from the indemnified party, shall assume the investigation and defense thereof, including the employment of counsel and the payment of all expenses (except for matters attributable to the negligence or willful misconduct of such Person). The indemnified party shall have the right to approve a settlement to which it is a party and to employ separate counsel in any such action or proceedings and to participate in the investigation and defense thereof, and the Borrower shall pay the reasonable fees and expenses of such separate counsel. The provisions of this Section 7.05 shall survive the termination of this Funding Loan Agreement.

Section 7.06 Qualifications of Fiscal Agent. There shall at all times be a Fiscal Agent hereunder which shall be an association or a corporation organized and doing business under the laws of the United States of America or any state thereof, authorized under such laws to exercise corporate trust powers. Any successor Fiscal Agent shall have a combined capital and surplus of at least $50,000,000 (or shall be a wholly-owned subsidiary of an association or corporation that has such combined capital and surplus), and be subject to supervision or examination by federal or state authority, or shall have been appointed by a court of competent jurisdiction pursuant to Section 7.10 hereof. If such association or corporation publishes reports of condition at least annually, pursuant to law or to the requirements of any supervising or examining authority referred to above, then for the purposes of this Section 7.06, the combined capital and surplus of such association or corporation shall be deemed to be its combined capital and surplus as set forth in its most recent report of condition so published. In case at any time the Fiscal Agent shall cease to be eligible in accordance with the provisions of this Section 7.06 and another association or corporation is eligible, the Fiscal Agent shall resign immediately in the manner and with the effect specified in Section 7.08 hereof.

Section 7.07 Merger of Fiscal Agent. Any association or corporation into which the Fiscal Agent may be converted or merged, or with which it may be consolidated, or to which it may sell or transfer its corporate trust business and assets as a whole or substantially as a whole, or any association or corporation resulting from any such conversion, sale, merger, consolidation or transfer to which it is a party shall, ipso facto, be and become successor Fiscal Agent hereunder and vested with all the title to the whole property or Pledged Security and all the trusts, powers, discretions, immunities, privileges and all other matters as was its predecessor, without the execution or filing of any instruments or any further act, deed or conveyance on the part of any of the parties hereto, anything herein to the contrary notwithstanding, and shall also be and become successor Fiscal Agent in respect of the legal interest of the Fiscal Agent in the Loans.

Section 7.08 Resignation by the Fiscal Agent. The Fiscal Agent may at any time resign from the trusts hereby created by giving written notice to the Governmental Lender, the Borrower, the Loan Servicer and the Funding Lender Representative. Such notice to the Governmental Lender, the Borrower, the Loan Servicer and the Funding Lender Representative may be served personally or sent by certified mail or overnight delivery service. The resignation of the Fiscal Agent shall not be effective until a successor Fiscal Agent has been appointed as provided herein and such successor Fiscal Agent shall have agreed in writing to be bound by the duties and obligations of the Fiscal Agent hereunder; provided, however, that after giving notice of resignation, the Fiscal Agent may petition any court of competent jurisdiction for appointment of a temporary Fiscal Agent until a successor Fiscal Agent is appointed. The rights of the Fiscal Agent to indemnity, compensation and reimbursement of fees and expenses shall survive the Fiscal Agent's resignation as set forth herein and in Section 6.01(d) of the Project Loan Agreement.

Section 7.09 Removal of the Fiscal Agent. The Fiscal Agent may be removed at any time, either with or without cause, with the consent of the Funding Lender Representative (which consent of the Funding Lender Representative shall not be unreasonably withheld), by a written instrument signed by the Governmental Lender and delivered to the Fiscal Agent, the Loan Servicer and the Borrower. The Fiscal Agent may also be removed by a written instrument signed by the Funding Lender Representative and delivered to the Fiscal Agent, the Loan Servicer, the Governmental Lender and the Borrower. In each case written notice of such removal shall be given to the Loan Servicer, the Borrower and to the Funding Lender. Any such removal shall take effect on the day specified in such written instrument(s), but the Fiscal Agent shall not be discharged from the trusts hereby created until a successor Fiscal Agent has been appointed and has accepted such appointment and has agreed in writing to be bound by the duties and obligations of the Fiscal Agent hereunder. The rights of the Fiscal Agent to indemnity, compensation and reimbursement of fees and expenses shall survive the Fiscal Agent's removal as set forth herein and in Section 6.01(d) of the Project Loan Agreement.

Section 7.10 Appointment of Successor Fiscal Agent.

(a) In case at any time the Fiscal Agent shall resign or be removed, or be dissolved, or shall be in course of dissolution or liquidation, or otherwise become incapable of acting hereunder, or shall be adjudged a bankrupt or insolvent, or if a receiver of the Fiscal Agent or of its property shall be appointed, or if a public supervisory office shall take charge or control of the Fiscal Agent or of its property or affairs, a vacancy shall forthwith and ipso facto be created in the office of such Fiscal Agent hereunder, and the Governmental Lender, with the written consent of the Funding Lender Representative, shall promptly appoint a successor Fiscal Agent. Any such appointment shall be made by a written instrument executed by an Authorized Officer of the Governmental Lender. If the Governmental Lender fails to appoint a successor Fiscal Agent within ten (10) days following receipt of written notice of the resignation or removal of the Fiscal Agent pursuant to Section 7.08 or Section 7.9 hereunder, as applicable, the Funding Lender Representative may appoint a successor Fiscal Agent and shall provide written notice thereof to the Governmental Lender.

(b) If, in a proper case, no appointment of a successor Fiscal Agent shall be made pursuant to subsection (a) of this Section 7.10 within sixty (60) days following delivery of all required notices of resignation given pursuant to Section 7.08 hereof or of removal of the Fiscal Agent pursuant to Section 7.09 hereof, the retiring Fiscal Agent may apply to any court of competent jurisdiction to appoint a successor Fiscal Agent. The court may thereupon, after such notice, if any, as such court may deem proper and prescribe, appoint a successor Fiscal Agent.

Section 7.11 Concerning Any Successor Fiscal Agent. Every successor Fiscal Agent appointed hereunder shall execute, acknowledge and deliver to its predecessor and also to the Governmental Lender a written instrument accepting such appointment hereunder, and thereupon such successor, without any further act, deed or conveyance, shall become fully vested with all the Pledged Security and the rights, powers, trusts, duties and obligations of its predecessor; but such predecessor shall, nevertheless, on the written request of the Governmental Lender, the Borrower or the Funding Lender Representative, or of its successor, and upon payment of all amounts due such predecessor, including but not limited to fees and expenses of counsel, execute and deliver such instruments as may be appropriate to transfer to such successor Fiscal Agent all the Pledged Security and the rights, powers and trusts of such predecessor hereunder; and every predecessor Fiscal Agent shall deliver all securities and money held by it as Fiscal Agent hereunder to its successor. Should any instrument in writing from the Governmental Lender be required by a successor Fiscal Agent for more fully and certainly vesting in such successor the Pledged Security and all rights, powers and duties hereby vested or intended to be vested in the predecessor, any and all such instruments in writing shall, on request, be executed, acknowledged and delivered by the Governmental Lender. The resignation of any Fiscal Agent and the instrument or instruments removing any Fiscal Agent and appointing a successor hereunder, together with all other instruments provided for in this Article VII, shall be filed and/or recorded by the successor Fiscal Agent in each recording office where this Funding Loan Agreement shall have been filed and/or recorded. Each successor Fiscal Agent shall mail notice by first class mail, postage prepaid, at least once within thirty (30) days of such appointment, to the Funding Lender.

Section 7.12 Successor Fiscal Agent. In the event of a change in the office of Fiscal Agent, the predecessor Fiscal Agent which shall have resigned or shall have been removed shall cease to be Fiscal Agent with respect to the Governmental Note, and the successor Fiscal Agent shall become such Fiscal Agent.

Section 7.13 Appointment of Co-Fiscal Agent or Separate Fiscal Agent. It is the intent of the Governmental Lender and the Fiscal Agent that there shall be no violation of any law of any jurisdiction (including particularly the laws of the State) denying or restricting the right of banking corporations or associations to transact business as Fiscal Agent in such jurisdiction. It is recognized that in case of litigation under or connected with this Funding Loan Agreement, the Project Loan Agreement or any of the other Financing Documents, and, in particular, in case of the enforcement of any remedies on default, or in case the Fiscal Agent deems that by reason of any present or future law of any jurisdiction it may not exercise any of the powers, rights or remedies herein or therein granted to the Fiscal Agent or hold title to the properties in trust, as herein granted, or take any other action which may be desirable or necessary in connection therewith, it may be necessary that the Fiscal Agent, with the consent of the Governmental Lender and the Funding Lender Representative, appoint an additional individual or institution as a co-fiscal agent or separate fiscal agent. The Fiscal Agent shall provide prompt written notice to the Borrower of the appointment of any co-fiscal agent or separate fiscal agent.

In the event that the Fiscal Agent appoints an additional individual or institution as a co-fiscal agent or separate fiscal agent, in the event of the incapacity or lack of authority of the Fiscal Agent, by reason of any present or future law of any jurisdiction, to exercise any of the rights, powers, trusts and remedies granted to the Fiscal Agent herein or to hold title to the Pledged Security or to take any other action that may be necessary or desirable in connection therewith, each and every remedy, power, right, obligation, claim, demand, cause of action, immunity, estate, title, interest and lien expressed or intended by this Funding Loan Agreement to be imposed upon, exercised by or vested in or conveyed to the Fiscal Agent with respect thereto shall be imposed upon, exercisable by and vest in such separate

fiscal agent or co-fiscal agent, but only to the extent necessary to enable such co-fiscal agent or separate fiscal agent to exercise such powers, rights, trusts and remedies, and every covenant and obligation necessary to the exercise thereof by such co-fiscal agent or separate fiscal agent shall run to and be enforceable by either of them, subject to the remaining provisions of this Section 7.13. Such co-fiscal agent or separate fiscal agent shall deliver an instrument in writing acknowledging and accepting its appointment hereunder to the Governmental Lender and the Fiscal Agent.

Should any instrument in writing from the Governmental Lender be required by the co-fiscal agent or separate fiscal agent so appointed by the Fiscal Agent for more fully and certainly vesting in and confirming to him or it such properties, rights, powers, trusts, duties and obligations, any and all such instruments in writing shall, on request, be executed, acknowledged and delivered by the Governmental Lender, the Fiscal Agent and the Borrower. If the Governmental Lender shall fail to deliver the same within thirty (30) days of such request, the Fiscal Agent is hereby appointed attorney-in-fact for the Governmental Lender to execute, acknowledge and deliver such instruments in the Governmental Lender's name and stead. In case any co-fiscal agent or separate fiscal agent, or a successor to either, shall die, become incapable of acting, resign or be removed, all the estates, properties, rights, powers, trusts, duties and obligations of such co-fiscal agent or separate fiscal agent, so far as permitted by law, shall vest in and be exercised by the Fiscal Agent until the appointment of a new Fiscal Agent or successor to such co-fiscal agent or separate fiscal agent.

Every co-fiscal agent or separate fiscal agent shall, to the extent permitted by law, but to such extent only, be appointed subject to the following terms, namely:

(a) The Governmental Note shall be authenticated and delivered, and all rights, powers, trusts, duties and obligations by this Funding Loan Agreement conferred upon the Fiscal Agent in respect of the custody, control or management of money, papers, securities and other personal property shall be exercised solely by the Fiscal Agent;

(b) All rights, powers, trusts, duties and obligations conferred or imposed upon the Fiscal Agent shall be conferred or imposed upon or exercised or performed by the Fiscal Agent, or by the Fiscal Agent and such co-fiscal agent, or separate fiscal agent jointly, as shall be provided in the instrument appointing such co-fiscal agent or separate fiscal agent, except to the extent that under the law of any jurisdiction in which any particular act or acts are to be performed the Fiscal Agent shall be incompetent or unqualified to perform such act or acts, in which event such act or acts shall be performed by such co-fiscal agent or separate fiscal agent;

(c) Any request in writing by the Fiscal Agent to any co-fiscal agent or separate fiscal agent to take or to refrain from taking any action hereunder shall be sufficient warrant for the taking or the refraining from taking of such action by such co-fiscal agent or separate fiscal agent;

(d) Any co-fiscal agent or separate fiscal agent to the extent permitted by law shall delegate to the Fiscal Agent the exercise of any right, power, trust, duty or obligation, discretionary or otherwise;

(e) The Fiscal Agent at any time by an instrument in writing with the concurrence of the Governmental Lender evidenced by a certified resolution may accept the resignation of or remove any co-fiscal agent or separate fiscal agent appointed under this Section 7.13 and in case an Event of Default shall have occurred and be continuing, the Fiscal Agent shall have power to accept the resignation of or remove any such co-fiscal agent or separate fiscal agent without the concurrence of the Governmental Lender, and upon the request of the Fiscal Agent, the Governmental Lender shall

join with the Fiscal Agent in the execution, delivery and performance of all instruments and agreements necessary or proper to effectuate such resignation or removal. A successor to any co-fiscal agent or separate fiscal agent so resigned or removed may be appointed in the manner provided in this Section 7.13;

(f) No Fiscal Agent or co-fiscal agent hereunder shall be personally liable by reason of any act or omission of any other Fiscal Agent hereunder;

(g) Any demand, request, direction, appointment, removal, notice, consent, waiver or other action in writing executed by the Funding Lender Representative and delivered to the Fiscal Agent shall be deemed to have been delivered to each such co-fiscal agent or separate fiscal agent; and

(h) Any money, papers, securities or other items of personal property received by any such co-fiscal agent or separate fiscal agent hereunder shall forthwith, so far as may be permitted by law, be turned over to the Fiscal Agent.

The total compensation of the Fiscal Agent and any co-fiscal agent or separate fiscal agent shall be as, and may not exceed the amount, provided in Section 7.05 hereof.

Section 7.14 Notice of Certain Events. The Fiscal Agent shall give written notice to the Governmental Lender, the Loan Servicer and the Funding Lender Representative of any failure by the Borrower to comply with the terms of the TEL Regulatory Agreement or any Determination of Taxability of which a Responsible Officer has actual knowledge.

Section 7.15 Filing of Financing Statements. The Fiscal Agent shall, at the expense of the Borrower, file or record or cause to be filed or recorded all continuation statements for financing statements that have been delivered to Fiscal Agent on which Fiscal Agent is named as a secured party or additional secured party for the purpose of continuing without lapse the effectiveness of those financing statements which have been filed on or approximately on the Delivery Date in connection with the security for the Funding Loan pursuant to the authority of the Uniform Commercial Code. Upon the filing of any such continuation statement the Fiscal Agent shall immediately notify the Governmental Lender, the Borrower, the Funding Lender Representative and the Loan Servicer that the same has been done. If direction is given by the Loan Servicer or the Funding Lender Representative, the Fiscal Agent shall file all continuation statements in accordance with such directions.

Notwithstanding anything to the contrary contained herein, Fiscal Agent shall not be responsible for any initial filings of any financing statements or the information contained therein (including the exhibits thereto), the perfection of any such security interests, or the accuracy or sufficiency of any description of collateral in such initial filings or for filing any modifications or amendments to the initial filings required by any amendments to Article 9 of the Uniform Commercial Code and unless the Fiscal Agent shall have been notified by Funding Lender that any such initial filing or description of collateral was or has become defective, the Fiscal Agent shall be fully protected in relying on such initial filing and descriptions in filing any continuation statements or modifications thereto pursuant to this Section 7.15 and in filing any continuation statements in the same filing offices as the initial filings were made.

Section 7.16 USA Patriot Act Requirements of the Fiscal Agent. To help the government of the United States of America fight the funding of terrorism and money laundering activities, federal

law requires all financial institutions to obtain, verify, and record information that identifies each person who opens an account. For a non-individual Person such as a business entity, a charity, a trust, or other legal entity, the Fiscal Agent may request documentation to verify such Person's formation and existence as a legal entity. The Fiscal Agent may also request financial statements, licenses, identification and authorization documents from individuals claiming authority to represent such Person or other relevant documentation.

ARTICLE VIII

AMENDMENTS OF CERTAIN DOCUMENTS

Section 8.01 Amendments to this Funding Loan Agreement. Any of the terms of this Funding Loan Agreement and the Governmental Note may be amended or waived only by an instrument signed by the Fiscal Agent and the Governmental Lender, and with the prior written consent of the Funding Lender Representative.

Section 8.02 Amendments to Financing Documents Require Consent of Funding Lender Representative. Neither the Governmental Lender nor the Fiscal Agent shall consent to any amendment, change or modification of any Financing Document without the prior written consent of the Funding Lender Representative. The Fiscal Agent shall enter into such amendments to the Financing Documents as shall be directed by the Funding Lender Representative, including entering into the amendments attached as exhibits to the Construction Phase Financing Agreement on the Conversion Date.

Section 8.03 Opinion of Bond Counsel Required. No amendment to this Funding Loan Agreement, the Governmental Note, the Project Loan Agreement, the Project Note, the Security Instrument or the TEL Regulatory Agreement shall become effective unless and until all of the following have occurred: (a) The Funding Lender Representative shall have consented to the same in writing in its sole discretion and (b) The Funding Lender Representative, the Governmental Lender and the Fiscal Agent shall have received, at the expense of the Borrower, (i) An opinion of Bond Counsel to the effect that such amendment, change or modification will not, in and of itself, cause interest on the Governmental Note to be includable in gross income of the holders thereof for federal income tax purposes, and (ii) An opinion of counsel acceptable to the Funding Lender Representative to the effect that any such proposed such amendment, change or modification is authorized and complies with the provisions of this Funding Loan Agreement and is a legal, valid and binding obligation of the parties thereto, subject to normal exceptions relating to bankruptcy, insolvency and equitable principles limitations.

ARTICLE IX

SATISFACTION AND DISCHARGE OF FUNDING LOAN AGREEMENT

Section 9.01 Discharge of Lien.

(a) These presents and the estates and rights hereby granted shall cease, determine and be void if the Governmental Lender shall:

(i) Pay or cause to be paid to the Funding Lender the principal, interest and Prepayment Premium, if any, to become due with respect to the Funding Loan at the times and in the manner stipulated herein and in the Governmental Note, in any one or more of the following ways:

(A) By the payment of all unpaid principal of (including Prepayment Premium, if any) and interest on the Funding Loan; or

(B) After the Conversion Date and prior to the Window Period (or, if the Conversion Date does not occur, after the latest date on which Conversion was permitted to occur under the Construction Phase Financing Agreement), by the deposit to the account of the Fiscal Agent, in trust, of money or securities in the necessary amount to pay the principal, Prepayment Premium and interest to the Maturity Date; or

(C) By the delivery of the Governmental Note by the Funding Lender to the Fiscal Agent for cancellation;

and

(ii) Have paid all amounts due and owing under the other Financing Documents;

(iii) Have paid all fees and expenses of and any other amounts due to the Fiscal Agent, the Loan Servicer and the Rebate Analyst, and

(iv) Keep, perform and observe all and singular the covenants and promises in the Governmental Note and in this Funding Loan Agreement expressed as to be kept, performed and observed by it or on its part.

(b) Upon satisfaction of each of the requirements of Section 9.01(a), Fiscal Agent shall cancel and discharge the lien of this Funding Loan Agreement and execute and deliver to the Governmental Lender such instruments in writing as shall be requisite to satisfy the lien hereof, and reconvey to the Governmental Lender the estate hereby conveyed, and assign and deliver to the Governmental Lender any interest in property at the time subject to the lien of this Funding Loan Agreement which may then be in its possession, except amounts held by the Fiscal Agent for the payment of principal of, interest and Prepayment Premium, if any, on the Governmental Note, and the payment of any amounts owed to the United States of America pursuant to Section 4.10 hereof.

(c) After the Conversion Date and prior to the Window Period (or, if the Conversion Date does not occur, after the latest date on which Conversion was permitted to occur under the Construction Phase Financing Agreement) and subject to the satisfaction of the conditions set forth in Section 4.04(c) of the Project Loan Agreement, the Funding Loan shall, prior to the Maturity Date, be deemed to have been paid within the meaning and with the effect expressed in Section 9.01(a) based on a deposit of moneys or securities with Fiscal Agent pursuant to Section 9.01(a)(i)(B) if, under circumstances which do not cause interest on the Governmental Note to become includable in the gross income of the holders thereof for federal income tax purposes, each of the following conditions shall have been fulfilled: (i) There shall be on deposit with the Fiscal Agent either money or noncallable and nonprepayable direct obligations of the United States of America (or other defeasance securities constituting Qualified Investments approved in writing by the Funding Lender Representative) in an amount, together with anticipated earnings thereon (but not including any reinvestment of such earnings), which will be sufficient to pay, when due, the principal and interest due and to become due

on the Funding Loan up to and on the Maturity Date. (ii) The Fiscal Agent shall have received a verification report of a firm of certified public accountants or financial analyst reasonably acceptable to the Fiscal Agent and the Funding Lender Representative as to the adequacy of the amounts or securities so deposited to fully pay the Funding Loan. (iii) The Fiscal Agent and the Funding Lender Representative shall have received a written opinion of nationally recognized counsel experienced in bankruptcy matters to the effect that if the Borrower, any general partner, member or guarantor of the Borrower, or the Governmental Lender were to become a debtor in a proceeding under the Bankruptcy Code: (A) Payment of such money to the Funding Lender would not constitute a voidable preference under Section 547 of the Bankruptcy Code and (B) The automatic stay provisions of Section 362(a) of the Bankruptcy Code would not prevent application of such money to the payment of the Funding Loan. (iv) The Fiscal Agent and the Funding Lender Representative shall have received an opinion of Bond Counsel to the effect that the defeasance of the Funding Loan is in accordance with the provisions of the Funding Loan Agreement and that such defeasance will not adversely affect the exclusion of interest on the Governmental Note from the gross income of the holders thereof for federal income tax purposes. (v) The Fiscal Agent shall have received written confirmation that all fees, expenses or reimbursement of any advances due to the Funding Lender and the Loan Servicer under the Financing Documents have been fully paid.

Section 9.02 Discharge of Liability on Funding Loan. Upon the deposit with the Fiscal Agent, in trust, on or before the Maturity Date, of money or securities in the necessary amount (as provided in Section 9.01 above) to pay or prepay the Funding Loan (whether upon or prior to the Maturity Date or the prepayment date of the Funding Loan) provided that, if the Funding Loan is to be prepaid prior to the maturity thereof, notice of such prepayment shall have been given as provided in Article III or provision satisfactory to the Fiscal Agent shall have been made for the giving of such notice, all liability of the Governmental Lender in respect of the Funding Loan shall cease, terminate and be completely discharged, except only that thereafter the Funding Lender shall be entitled to payment by the Governmental Lender, and the Governmental Lender shall remain liable for such payment, but only out of the money or securities deposited with the Fiscal Agent as aforesaid for their payment, subject, however, to the provisions of Section 9.03 hereof.

Section 9.03 Payment of Funding Loan After Discharge of Funding Loan Agreement. Notwithstanding any provisions of this Funding Loan Agreement, and subject to applicable unclaimed property laws of the State, any money deposited with the Fiscal Agent or any paying agent in trust for the payment of the principal of, interest or Prepayment Premium on the Governmental Note remaining unclaimed for two (2) years after the maturity or earlier payment date, to the extent permitted by applicable law, shall be paid to the Borrower, whereupon all liability of the Governmental Lender and the Fiscal Agent with respect to such money shall cease, and the Funding Lender shall thereafter look solely to the Borrower for payment of any amounts then due. All money held by the Fiscal Agent and subject to this Section 9.03 shall be held uninvested and without liability for interest thereon.

ARTICLE X

MISCELLANEOUS

Section 10.02 Limitation of Rights. With the exception of rights herein expressly conferred, nothing expressed or to be implied from this Funding Loan Agreement or the Governmental Note is intended or shall be construed to give to any Person other than the Parties hereto, the Funding Lender, the Funding Lender Representative, the Loan Servicer and the Borrower, any legal or equitable right, remedy or claim under or in respect to this Funding Loan Agreement or any covenants, conditions and provisions hereof.

Section 10.03 Construction of Conflicts; Severability. If any provision of this Funding Loan Agreement shall be held or deemed to be, or shall in fact be inoperative or unenforceable as applied in any particular case in any jurisdiction or jurisdictions or in all jurisdictions, or in all cases because it conflicts with any other provision or provisions hereof or any constitution, statute, rule of law or public policy, or for any other reason, such circumstances shall not have the effect of rendering the provision in question inoperative or unenforceable in any other case or circumstance, or of rendering any other provision or provisions herein contained invalid, inoperative, or unenforceable to any extent whatever.

The invalidity of any one or more phrases, sentences, clauses or sections in this Funding Loan Agreement contained, shall not affect the remaining portions of this Funding Loan Agreement, or any part thereof.

Section 10.04 Notices.

(a) Whenever in this Funding Loan Agreement the giving of notice by mail or otherwise is required, the giving of such notice may be waived in writing by the Person entitled to receive such notice and in any such case the giving or receipt of such notice shall not be a condition precedent to the validity of any action taken in reliance upon such waiver.

FORM OF GOVERNMENTAL NOTE

COUNTY OF CONTRA COSTA, CALIFORNIA
MULTIFAMILY HOUSING REVENUE NOTE
(Mayfair Affordable Apartments),
2024 SERIES A

US [$35,141,577] [May __, 2024]

FOR VALUE RECEIVED, the undersigned, COUNTY OF CONTRA COSTA, CALIFORNIA (the "Obligor"), promises to pay (but solely from the sources and in the manner provided for in the Funding Loan Agreement referenced below) to the order of BMO BANK N.A. (the "Funding Lender"), and its assigns, the maximum principal sum of [Thirty-Five Million One Hundred Forty-One Thousand Five Hundred Seventy Seven] Dollars (US [$35,141,577]), plus Prepayment Premium, if any, and interest thereon and to pay the other amounts owing from time to time hereunder, all as set forth below.

This County of Contra Costa, California Multifamily Housing Revenue Note (Mayfair Affordable Apartments), 2024 Series A (this " Governmental Note") is being delivered pursuant to that certain Funding Loan Agreement dated as of [May 1, 2024] (together with any and all amendments, modifications, supplements and restatements, the "Funding Loan Agreement"), among the Funding Lender, the Obligor and U.S. Bank Trust Company, National Association, as fiscal agent (the "Fiscal Agent"), pursuant to which the Obligor has incurred a loan in the maximum aggregate principal amount of [$35,141,577] (the "Funding Loan"), and this Governmental Note is entitled to the benefits of the Funding Loan Agreement and is subject to the terms, conditions and provisions thereof. The Obligor is using the proceeds of the Funding Loan to make a loan to Mayfair Affordable Housing LP, a California limited partnership (the "Borrower") pursuant to the Project Loan Agreement dated as of [May 1, 2024] (the "Project Loan Agreement"), among the Obligor, the Borrower and the Fiscal Agent. The outstanding principal balance of this Governmental Note at any time shall be an amount equal to the proceeds of the Funding Loan advanced by the Funding Lender under the Funding Loan Agreement and not otherwise prepaid.

1. Defined Terms. As used in this Governmental Note, (i) the term "Funding Lender" means the holder of this Governmental Note, and (ii) the term "Indebtedness" means the principal of, Prepayment Premium, if any, and interest on or any other amounts due at any time under this Governmental Note or the Funding Loan Agreement. "Event of Default" and other capitalized terms used but not defined in this Governmental Note shall have the meanings given to such term in the Funding Loan Agreement.

2. Payments of Principal and Interest. The Obligor shall pay (but solely from the sources and in the manner provided for in the Funding Loan Agreement) on the first calendar day of each month commencing [_____] 1, 2024, interest on this Governmental Note at (i) the Construction Phase Interest Rate during the Construction Phase and (ii) the Permanent Phase Interest Rate during the Permanent Phase, and shall also pay interest on this Governmental Note at the foregoing rates on the date of any optional or mandatory prepayment or acceleration of all or part of the Funding Loan pursuant to the Funding Loan Agreement, in an amount equal to the accrued and unpaid interest to the date of prepayment on the portion of this Governmental Note subject to prepayment. Interest shall

accrue on the principal amount of the Funding Loan which has been advanced under the Funding Loan Agreement and is outstanding as reflected on the Record of Advances.

The Obligor shall pay (but solely from the sources and in the manner provided for in the Funding Loan Agreement) the outstanding principal of this Governmental Note on [June 1, 2044] (the "Maturity Date") and in monthly installments on each date set forth on the Funding Loan Amortization Schedule attached as Schedule 1 hereto in an amount equal to the corresponding amounts set forth thereon (as such Schedule 1 may be replaced by a new Funding Loan Amortization Schedule provided by the Seller/Servicer on the Conversion Date as provided in Section 2.01(e) of the Funding Loan Agreement) or at such earlier times and in such amounts as may be required, in the event of an optional or mandatory prepayment or acceleration of the Funding Loan pursuant to the Funding Loan Agreement. The outstanding principal hereof is subject to acceleration at the time or times and under the terms and conditions, and with notice, if any, as provided under the Funding Loan Agreement.

3. Manner of Payment. All payments under this Governmental Note shall be made in lawful currency of the United States and in immediately available funds as provided for herein and in the Funding Loan Agreement.

4. Application of Payments. If at any time the Funding Lender receives any amount applicable to the Indebtedness which is less than all amounts due and payable at such time, the Funding Lender may apply that payment to amounts then due and payable in any manner and in any order determined by the Funding Lender, in the Funding Lender's discretion. Neither the Funding Lender's acceptance of a payment in an amount that is less than all amounts then due and payable nor the Funding Lender's application of such payment shall constitute or be deemed to constitute either a waiver of the unpaid amounts or an accord and satisfaction.

5. Security. The Indebtedness is secured by, among other things, the Pledged Security pledged pursuant to the Funding Loan Agreement.

6. Acceleration. If an Event of Default has occurred and is continuing, the entire unpaid principal balance, any accrued interest, and all other amounts payable under this Governmental Note shall at once become due and payable, at the option of the Funding Lender, as governed by the Funding Loan Agreement, without any prior notice to the Obligor (unless required by applicable law). The Funding Lender may exercise this option to accelerate regardless of any prior forbearance.

7. Prepayment; Prepayment Premium. This Governmental Note is subject to prepayment as specified in the Funding Loan Agreement. Prepayment Premium shall be payable as specified in the Funding Loan Agreement.

8. Forbearance. Any forbearance by the Funding Lender in exercising any right or remedy under this Governmental Note or any other document evidencing or securing the Funding Loan or otherwise afforded by applicable law, shall not be a waiver of or preclude the exercise of that or any other right or remedy. The acceptance by the Funding Lender of any payment after the due date of such payment, or in an amount which is less than the required payment, shall not be a waiver of the Funding Lender's right to require prompt payment when due of all other payments or to exercise any right or remedy with respect to any failure to make prompt payment. Enforcement by the Funding Lender of any security for the obligations under this Governmental Note shall not constitute an election by the Funding Lender of remedies so as to preclude the exercise of any other right or remedy available to the Funding Lender.

9. Waivers. Presentment, demand, notice of dishonor, protest, notice of acceleration, notice of intent to demand or accelerate payment or maturity, presentment for payment, notice of nonpayment, grace and diligence in collecting the Indebtedness are waived by the Obligor and all endorsers and guarantors of this Governmental Note and all other third party obligors.

10. Loan Charges. Neither this Governmental Note nor any of the other Financing Documents will be construed to create a contract for the use, forbearance, or detention of money requiring payment of interest at a rate greater than the rate of interest which results in the maximum amount of interest allowed by applicable law (the "Maximum Interest Rate"). If any applicable law limiting the amount of interest or other charges permitted to be collected from Obligor in connection with the Funding Loan is interpreted so that any interest or other charge provided for in any Financing Document, whether considered separately or together with other charges provided for in any other Financing Document, violates that law, and Obligor is entitled to the benefit of that law, that interest or charge is hereby reduced to the extent necessary to eliminate that violation. The amounts, if any, previously paid to Funding Lender in excess of the permitted amounts will be applied by Funding Lender to reduce the unpaid principal balance of this Governmental Note. For the purpose of determining whether any applicable law limiting the amount of interest or other charges permitted to be collected from Obligor has been violated, all indebtedness that constitutes interest, as well as all other charges made in connection with the indebtedness that constitute interest, will be deemed to be allocated and spread ratably over the stated term of this Governmental Note. Unless otherwise required by applicable law, such allocation and spreading will be effected in such a manner that the rate of interest so computed is uniform throughout the stated term of this Governmental Note.

11. Governing Law. This Governmental Note shall be governed by the internal law of the State of California (the "Property Jurisdiction").

12. Captions. The captions of the paragraphs of this Governmental Note are for convenience only and shall be disregarded in construing this Governmental Note.

13. Address for Payment. All payments due under this Governmental Note shall be payable at the principal office of the Funding Lender as designated by the Funding Lender in writing to the Fiscal Agent and the Loan Servicer.

14. Default Rate. So long as (a) any monthly installment under this Governmental Note remains past due, or (b) any other Event of Default has occurred and is continuing, interest under this Governmental Note shall accrue on the unpaid principal balance from the earlier of the due date of the first unpaid monthly installment or the occurrence of such other Event of Default, as applicable, at a rate (the "Default Rate") equal to the lesser of (i) the Construction Phase Interest Rate or Permanent Phase Interest Rate, as applicable, otherwise in effect notwithstanding the default plus four percent (4%) per annum or (ii) the Maximum Interest Rate. If the unpaid principal balance and all accrued interest are not paid in full on the Maturity Date, the unpaid principal balance and all accrued interest shall bear interest from the Maturity Date at the Default Rate.

15. Limited Obligation. None of the Governmental Lender or any person executing the Funding Loan Agreement, the Project Loan Agreement or this Governmental Note is liable personally on this Governmental Note or subject to any personal liability or accountability by reason of its execution and delivery. The Funding Loan Agreement and this Governmental Note are limited obligations of the Governmental Lender, payable solely from and secured by the pledge of the Revenues. Neither the Governmental Lender, nor the State of California or any of its political

subdivisions, shall be directly, indirectly, contingently or morally obligated to use any other moneys or assets to pay all or any portion of the payments due in respect of this Governmental Note, to levy or to pledge any form of taxation whatever therefor or to make any appropriation for its payment. This Governmental Note is not a pledge of the faith and credit of the Governmental Lender or the State of California or any of its political subdivisions nor does it constitute indebtedness within the meaning of any constitutional or statutory debt limitation. The Governmental Lender shall not be liable for payment of the principal of, prepayment price or interest in respect of this Governmental Note or any other costs, expenses, losses, damages, claims or actions of any conceivable kind on any conceivable theory, under or by reason of or in connection with the Funding Loan Agreement, the Project Loan Agreement, this Governmental Note or any other documents, except only to the extent amounts are received for the payment thereof from the Borrower under the Project Loan Agreement.

16. Transfer. This Governmental Note may only be transferred in accordance with the requirements of Section 2.08(b) of the Funding Loan Agreement.

(a) It will at all times comply with the terms of the Tax Certificate and the TEL Regulatory Agreement;

(b) It will not take, or permit to be taken on its behalf, any action which would cause the interest payable on the Governmental Note to be included in gross income of the holders of the Governmental Note for federal income tax purposes, and will take such action as may be necessary in the opinion of Bond Counsel to continue such exclusion from gross income, including, without limitation, the preparation and filing of all statements required to be filed by it in order to maintain the exclusion (including, but not limited to, the filing of all reports and certifications required by the TEL Regulatory Agreement);

(c) No changes will be made to the Project, no actions will be taken by the Borrower and the Borrower will not omit to take any actions, which will in any way adversely affect the tax-exempt status of the Governmental Note;

(d) It will comply with the requirements of Section 148 of the Code and the Treasury Regulations issued thereunder throughout the term of the Funding Loan and the Project Loan and will not make any use of the proceeds of the Funding Loan or the Project Loan, or of any other funds which may be deemed to be proceeds of the Governmental Note under the Code and the Treasury Regulations, which would cause the Governmental Note to be an "arbitrage bond" within the meaning of Section 148 of the Code; and

(e) If the Borrower becomes aware of any situation, event or condition which would, to the best of its knowledge, result in the interest on the Governmental Note becoming includable in gross income of the holders thereof for federal income tax purposes, it will promptly give written notice of such circumstance, event or condition to the Governmental Lender, the Fiscal Agent, the Funding Lender Representative and the Loan Servicer.

(f) The full amount of each disbursement of proceeds of the Project Loan will be applied to pay or to reimburse the Borrower for the payment of Costs of the Project and, after taking into account any proposed disbursement, (i) at least 95% of the net proceeds of the Governmental Note (as defined in Section 150 of the Code) will be used to provide a qualified residential rental project (as defined in Section 142(d) of the Code) and (ii) less than 25% of the net proceeds of the Governmental Note will have been disbursed to pay or to reimburse the Borrower for the cost of acquiring land. None of the proceeds of the Governmental Note (as defined for purposes of Section 147(g) of the Code) will be disbursed to provide working capital;

(g) The Borrower will cause all of the residential units in the Project to be rented or available for rental on a basis which satisfies the requirements of the Act, the Code and the TEL Regulatory Agreement;

(h) All leases for rental units in the Project will comply with all applicable laws and the TEL Regulatory Agreement;

(i) In connection with any lease or grant by the Borrower of the use of the Project, the Borrower will require that the lessee or user of any portion of the Project not to use that portion of the

Project in any manner which would violate the covenants set forth in this Project Loan Agreement or the TEL Regulatory Agreement;

(j) No proceeds of the Funding Loan shall be used for the acquisition of any tangible property or an interest therein, other than land or an interest in land, unless the first use of such property is pursuant to such acquisition; provided, however, that this limitation shall not apply with respect to any building (and the equipment therefor) if construction expenditures (as defined in Section 147(d) of the Code) with respect to such building equal or exceed 15 percent of the portion of the cost of acquiring such building (and equipment) financed with the proceeds; and provided, further, that this limitation shall not apply with respect to any structure other than a building if construction expenditures with respect to such structure equal or exceed 100 percent of the portion of the cost of acquiring such structure financed with the proceeds;

(k) From the proceeds of the Funding Loan and investment earnings thereon, an amount not in excess of two percent (2%) of the proceeds of the Funding Loan will be used for Costs of Issuance of the Governmental Note, all within the meaning of Section 147(g)(1) of the Code; and

(l) No proceeds of the Funding Loan shall be used directly or indirectly to provide any airplane, skybox or other private luxury box, health club facility, facility used for gambling or store the principal business of which is the sale of alcoholic beverages for consumption off premises.

In the event of a conflict between the terms and requirements of this Section 2.05 and the Tax Certificate, the terms and requirements of the Tax Certificate shall control.

ARTICLE IV

LOAN PAYMENTS

Section 4.01 Payments Under the Project Note; Independent Obligation of Borrower.

(a) Payment Obligations. The Borrower agrees to repay the Project Loan on each Project Loan Payment Date as provided in the Project Note, and in all instances at the times and in the amounts necessary to enable the Fiscal Agent, on behalf of the Governmental Lender, or the Loan Servicer, to pay all amounts payable with respect to the Funding Loan, when due, whether at maturity or upon prepayment (with Prepayment Premium, if applicable), acceleration or otherwise. To ensure such timely payment during the Permanent Phase, the Loan Servicer shall collect from the Borrower, and the Borrower shall provide to the Loan Servicer the foregoing payments not less than two (2) Business Days prior to each respective Project Loan Payment Date.

The obligation of the Borrower to make the payments set forth in this Article IV shall be an independent obligation of the Borrower, separate from its obligation to make payments under the Project Note, provided that in all events payments made by the Borrower under and pursuant to the Project Note shall be credited against the Borrower's obligations hereunder on a dollar for dollar basis. If for any reason the Project Note or any provision of the Project Note shall be held invalid or unenforceable against the Borrower by any court of competent jurisdiction, the Project Note or such provision of the Project Note shall be deemed to be the obligation of the Borrower pursuant to this Project Loan Agreement to the full extent permitted by law and such holding shall not invalidate or render unenforceable any of the provisions of this Article IV and shall not serve to discharge any of the Borrower's payment obligations hereunder or eliminate the credit against such obligations to the extent of payments made under the Project Note.

(b) Obligations Unconditional; No Set-Off. The obligation of the Borrower to repay the Project Loan, to perform all of its obligations under the Project Loan Documents, to provide indemnification pursuant to Section 6.01 hereof, to pay costs, expenses and charges pursuant to Section 4.02 hereof and to make any and all other payments required by this Project Loan Agreement, the Funding Loan Agreement or any other documents contemplated by this Project Loan Agreement or by the Project Loan Documents shall, subject to the limitations set forth in Section 4.06 hereof, be absolute and unconditional, and shall be paid or performed without notice or demand (except as otherwise provided herein or in the other Project Loan Documents), and without abatement, deduction, set-off, counterclaim, recoupment or defense or any right of termination or cancellation arising from any circumstance whatsoever, whether now existing or hereafter arising, and irrespective of whether the Borrower's title to the Project or to any part thereof is defective or nonexistent, and notwithstanding any damage due to loss, theft or destruction of the Project or any part thereof, any failure of consideration or frustration of commercial purpose, the taking by eminent domain of title to or of the right of temporary use of all or any part of the Project, legal curtailment of the Borrower's use thereof, the eviction or constructive eviction of the Borrower, any change in the tax or other laws of the United States of America, the State or any political subdivision thereof, any change in the Governmental Lender's legal organization or status, or any default of the Governmental Lender or the Fiscal Agent

hereunder or under any other Financing Document, and regardless of the invalidity of any action of the Governmental Lender or the invalidity of any portion of this Project Loan Agreement.

(c) Payments from Borrower to Fiscal Agent or Loan Servicer. Each payment by the Borrower hereunder or under the Project Note shall be made in immediately available funds to the Loan Servicer on each Project Loan Payment Date or such other date when such payment is due; provided, however, such Project Loan Payment shall be made directly to the Fiscal Agent if there is no Loan Servicer or if the Borrower is so directed in writing by the Funding Lender Representative. Each such payment shall be made to the Fiscal Agent or the Loan Servicer, as applicable, by deposit to such account as the Fiscal Agent or the Loan Servicer may designate by written notice to the Borrower. Whenever any Project Loan Payment or any other payment under this Project Loan Agreement or under the Project Note shall be stated to be due on a day that is not a Business Day, such payment shall be made on the first Business Day immediately thereafter.

To the extent that any portion of the Fee Component, the Servicing Fee, or amounts required to be deposited pursuant to the Continuing Covenant Agreement and the other Project Loan Documents remain due and owing at any time, such amounts remaining due and owing shall be payable from money on deposit in the Administration Fund as provided in Section 4.06 of the Funding Loan Agreement or from other money of the Borrower, to the extent that money in the Administration Fund is insufficient for such purposes. All other fees and expenses shall be payable from money of the Borrower as provided in subsection (b) of this Section 4.02.

(b) Mandatory Prepayment of the Project Loan. The Borrower shall be required to prepay all or a portion of the outstanding principal balance of the Project Loan, together with accrued interest thereon, and together with any Prepayment Premium due under the Project Note, as provided in the Project Note. Additionally, the Borrower shall be required to prepay all or a portion of the outstanding principal balance of the Project Loan, together with accrued interest thereon, and together with any Prepayment Premium due under the Project Note, in connection with the following:

(i) In part, in the event the Borrower makes a Pre-Conversion Loan Equalization Payment; and

In addition, after the Conversion Date and prior to the Window Period, the Borrower may cause a defeasance of the Funding Loan resulting in a release of the Pledged Security by satisfying the conditions set forth hereunder and in Article IX of the Funding Loan Agreement. In connection therewith, the Borrower will give written notice (a "Defeasance Notice") to the Funding Lender Representative, the Loan Servicer, the Governmental Lender and the Fiscal Agent of the date the Borrower desires to defease the Funding Loan (the "Defeasance Date"). The Defeasance Date may not be more than 60 calendar days, nor less than 30 calendar days, after the delivery of the Defeasance Notice. In addition to, and not in limitation of any other provisions of this Project Loan Agreement, the Borrower shall pay all fees, costs and expenses in connection with any defeasance whether or not such defeasance occurs. (a) Except as otherwise set forth in the Project Note and subsection 4.06(b) below, the obligations of the Borrower under this Project Loan Agreement and the other Financing Documents are non-recourse liabilities of the Borrower which shall be enforced only against the Project and other property of the Borrower encumbered by the Financing Documents and not personally against the

Borrower or any partner of the Borrower or any successor or assign of the Borrower. However, nothing in this Section 4.06 shall limit the right of the Governmental Lender, the Fiscal Agent, the Loan Servicer or the Funding Lender Representative to proceed against the Borrower to recover any fees owing to any of them or any actual out-of-pocket expenses (including but not limited to actual out-of-pocket attorneys' fees incurred by any of them) incurred by any of them in connection with the enforcement of any rights under this Project Loan Agreement or the other Financing Documents. Nothing in this Section 4.06 shall limit any right that the Loan Servicer or the Funding Lender Representative may have to enforce the Project Note, the Security Instrument, or any other Financing Document in accordance with their terms.

(b) Notwithstanding anything contained in any other provision of this Project Loan Agreement to the contrary (but subject to the provisions of Section 7.06 hereof), the following obligations of the Borrower shall be and remain the joint and several full recourse obligations of the Borrower and each of the Borrower's general partners: (i) the Borrower's obligations to the Governmental Lender and the Fiscal Agent under subsections [(b)(ii), (b)(iii), (b)(iv),] (b)(v), (b)(vi), and (b)(vii) of Section 4.02 hereof; (ii) the Borrower's obligations under Sections 2.05 and 6.01 of this Project Loan Agreement; (iii) the Borrower's obligation to pay any and all rebate amounts that may be or become owing with respect to the Funding Loan and fees and expenses of the Rebate Analyst as provided in Sections 2.04, 4.02(b)(viii), and 4.03 of this Project Loan Agreement and the Tax Certificate; and (iv) the Borrower's obligation to pay legal fees and expenses under Section 7.04 hereof.

Whenever the Funding Loan Agreement by its terms imposes a duty or obligation upon the Borrower, such duty or obligation shall be binding upon the Borrower to the same extent as if the Borrower were an express party to the Funding Loan Agreement, and the Borrower shall carry out and perform all of its obligations under the Funding Loan Agreement as fully as if the Borrower were a party to the Funding Loan Agreement.

Section 5.04 Borrower to Maintain Its Existence; Certification of No Default.

(a) The Borrower agrees to maintain its existence and maintain its current legal status with authority to own and operate the Project.

(b) In addition to performing all other similar requirements under the Financing Documents to which the Borrower is a party, the Borrower shall, within 30 days after the end of each

calendar year, render to the Fiscal Agent (with a copy to the Governmental Lender) a certificate executed by an Authorized Officer of the Borrower to the effect that the Borrower is not, as of the date of such certificate, in default of any of its covenants, agreements, representations or warranties under any of the Financing Documents to which the Borrower is a party and that, to the best of the Borrower's knowledge, after reasonable investigation, there has occurred no default or Event of Default (as such terms are defined in each respective Financing Document) under any of the Financing Documents.

Section 5.05 Borrower to Remain Qualified in State and Appoint Agent. The Borrower will remain duly qualified to transact business in the State and will maintain an agent in the State on whom service of process may be made in connection with any actions against the Borrower.

Section 5.06 Sale or Other Transfer of Project. The Borrower may convey and transfer the Project only upon strict compliance with the provisions of the Financing Documents, and upon receipt of the prior written consent of the Governmental Lender and the Funding Lender Representative.

Section 5.07 Right to Perform Borrower's Obligations. In the event the Borrower fails to perform any of its obligations under this Project Loan Agreement, the Governmental Lender, the Fiscal Agent, the Loan Servicer, the Limited Partner, and/or the Funding Lender Representative, after giving requisite notice, if any, and subject to Section 5.05 of the Funding Loan Agreement, may, but shall be under no obligation to, perform such obligation and pay all costs related thereto, and all such costs so advanced shall become an additional obligation of the Borrower hereunder, payable on demand and if not paid on demand with interest thereon at the default rate of interest payable under the Project Loan Documents.

Section 5.08 Notice of Certain Events. The Borrower shall promptly advise the Governmental Lender, the Fiscal Agent, the Funding Lender Representative and the Loan Servicer in writing of the occurrence of any Event of Default hereunder or any event which, with the passage of time or service of notice or both, would constitute an Event of Default, specifying the nature and period of existence of such event and the actions being taken or proposed to be taken with respect thereto.

Section 5.09 Survival of Covenants. The provisions of Sections 2.04, 2.05, 4.02, 4.03, 6.01 and 7.04 hereof shall survive the expiration or earlier termination of this Project Loan Agreement and, with regard to the Fiscal Agent, the resignation or removal of the Fiscal Agent.

Section 5.10 Access to Project; Records. Subject to reasonable notice and the rights of tenants at the Project, the Governmental Lender, the Fiscal Agent, the Loan Servicer and the Funding Lender Representative, and the respective duly authorized agents of each, shall have the right (but not any duty or obligation) at all reasonable times and during normal business hours to do any of the following: (a) Enter the Project and any other location containing the records relating to the Borrower, the Project, the Loans and the Borrower's compliance with the terms and conditions of the Financing Documents; (b) Inspect and audit any and all of the Borrower's records or accounts pertaining to the Borrower, the Project, the Loans and the Borrower's compliance with the terms and conditions of the Financing Documents; and (c) Require the Borrower, at the Borrower's sole expense, (i) to furnish such documents to the Governmental Lender, the Fiscal Agent, the Loan Servicer and the Funding Lender Representative, as the Governmental Lender, the Fiscal Agent, the Loan Servicer or the Funding Lender Representative, as the case may be, from time to time, deems reasonably necessary in order to determine that the provisions of the Financing Documents have been complied with and (ii) to make copies of any records that the Governmental Lender, the Fiscal Agent, the Loan Servicer or the

Funding Lender Representative or the respective duly authorized agents of each, may reasonably require. The Borrower shall make available to the Governmental Lender, the Fiscal Agent, the Loan Servicer and the Funding Lender Representative, such information concerning the Project, the Security Instrument and the Financing Documents as any of them may reasonably request.

Section 5.11 TEL Regulatory Agreement. The covenants of the Borrower in the TEL Regulatory Agreement shall be deemed to constitute covenants of the Borrower running with the land and an equitable servitude for the benefit of the Governmental Lender and the Funding Lender and shall be binding upon any owners of the Project until such time as such restrictions expire as provided in the TEL Regulatory Agreement. The Borrower covenants to file of record the TEL Regulatory Agreement and such other documents, and to take such other steps as are necessary in order to assure that the restrictions contained in the TEL Regulatory Agreement will, subject to the terms of the TEL Regulatory Agreement, be binding upon all owners of the Project. The Borrower covenants to include such restrictions or a reference to such restrictions in any documents transferring any interest in the Project to another to the end that such transferee has notice of, and is bound by, the TEL Regulatory Agreement. Section 5.13 Obligation of the Borrower To Construct the Project. The Borrower shall proceed with reasonable dispatch (and in no event later than required under the Financing Documents) to complete the construction, development and equipping of the Project as required by the Financing Documents. If amounts on deposit in the Project Loan Fund designated for the Project and available to be disbursed to the Borrower are not sufficient to pay the costs of the acquisition, construction, development and equipping, the Borrower shall pay such additional costs from its own funds. The Borrower shall not be entitled to any reimbursement from the Governmental Lender, the Fiscal Agent, the Loan Servicer, the Funding Lender Representative or the Funding Lender in respect of any such additional costs or to any diminution or abatement in the repayment of the Project Loan. None of the Fiscal Agent, the Governmental Lender, the Funding Lender, the Funding Lender Representative or the Loan Servicer makes any representation or warranty, either express or implied, that money, if any, which will be paid into the Project Loan Fund or otherwise made available to the Borrower will be sufficient to complete the Project, and none of the Fiscal Agent, the Governmental Lender, the Funding Lender, the Funding Lender Representative or the Loan Servicer shall be liable to the Borrower or any other person if for any reason the Project is not completed.

Section 5.14 Filing of Financing Statements. The Borrower shall file or record or cause to be filed or recorded on or prior to the Delivery Date all UCC financing statements which are required to be filed or recorded in order fully to protect and preserve the security interests relating to the priority

of the Project Loan, the Funding Loan, the Pledged Security and the Security Instrument, and the rights and powers of the Governmental Lender, the Fiscal Agent and the Funding Lender in connection with such security interests. The Borrower shall cooperate with the Fiscal Agent in connection with the filing of any continuation statements for the purpose of continuing without lapse the effectiveness of such financing statements; provided, however, that Fiscal Agent shall only file or record, or cause to be filed or recorded, those UCC continuation statements on which Fiscal Agent is named as a secured party or additional secured party for financing statements that have been delivered to Fiscal Agent, at Borrower's expense.

ARTICLE VI

INDEMNIFICATION

Section 6.01 Indemnification.

(a) Indemnified Losses. To the fullest extent permitted by law, the Borrower agrees to indemnify, hold harmless and defend the Governmental Lender, the Fiscal Agent, the Loan Servicer, the Funding Lender and each of their respective officers, Supervisors, directors, officials, employees, attorneys and agents (collectively, the "Indemnified Parties"), against any and all losses, damages (including, but not limited to, consequential and punitive damages), claims, actions, liabilities, costs and expenses of any conceivable nature, kind or character (including, without limitation, reasonable attorneys' fees, litigation and court costs, amounts paid in settlement and amounts paid to discharge judgments) to which the Indemnified Parties, or any of them, may become subject under federal or state securities laws or any other statutory law or at common law or otherwise (collectively, "Losses"), to the extent arising, directly or indirectly, out of or based upon or in any way relating to any of the following:

(i) any breach by the Borrower of its obligations under the Financing Documents or the execution, amendment, restructuring or enforcement thereof, or in connection with transactions contemplated thereby, including the issuance, sale, transfer or resale of the Governmental Note;

(ii) any act or omission of the Borrower or any of its agents, contractors, servants, employees or licensees in connection with the Project Loan or the Project, the operation of the Project, or the condition, environmental or otherwise, occupancy, use, possession, conduct or management of work done in or about, or from the planning, design, acquisition, installation, construction or equipping of, the Project or any part thereof;

(iii) any accident, injury to, or death of persons or loss of or damage to property occurring in, on or about the Project or any part thereof;

(iv) any lien (other than liens permitted under the Continuing Covenant Agreement) or charge upon payments by the Borrower to the Governmental Lender, the Fiscal Agent or the Loan Servicer hereunder, or any Taxes (including, without limitation, all ad valorem taxes and sales taxes), assessments, impositions and other charges imposed on the Governmental Lender or the Fiscal Agent in respect of any portion of the Project (other than income and similar taxes on fees received or earned in connection therewith);

(v) any violation of any environmental law, rule or regulation with respect to, or the release of any hazardous materials from, the Project or any part thereof;

(vi) the enforcement of, or any action taken by the Governmental Lender, the Fiscal Agent or the Funding Lender Representative related to remedies under this Project Loan Agreement, the Funding Loan Agreement or any other Financing Document;

(vii) any untrue statement of a material fact or alleged untrue statement of a material fact by the Borrower contained in any offering statement or document for the Governmental Note or any of the Financing Documents to which the Borrower is a party, or any omission or alleged omission by the Borrower of a material fact from any offering statement or document for the Governmental Note necessary to be stated therein in order to make the statements made therein by the Borrower, in the light of the circumstances under which they were made, not misleading;

(viii) any declaration of taxability of interest on the Governmental Note or allegations (or regulatory inquiry) that interest on the Governmental Note is includable in gross income of the holders thereof for federal income tax purposes (including any Determination of Taxability);

(ix) any audit or inquiry by the Internal Revenue Service with respect to the Project and/or the tax-exempt status of the Governmental Note; or

(x) the Fiscal Agent's acceptance or administration of the trust of the Funding Loan Agreement, or the exercise or performance of any of its powers or duties thereunder or under any of the documents relating to the Governmental Note to which it is a party;

except (A) in the case of the foregoing indemnification of the Fiscal Agent, or any of its respective officers, commissioners, members, directors, officials, employees, attorneys and agents, to the extent such Losses are caused by the negligence, unlawful acts or willful misconduct of such Indemnified Party; or (B) in the case of the foregoing indemnification of the Loan Servicer, the Funding Lender or the Governmental Lender or any of their respective officers, Supervisors, directors, officials, employees, attorneys and agents, to the extent such Losses are caused by the willful misconduct of such Indemnified Party.

(b) Procedures. In the event that any action or proceeding is brought against any Indemnified Party with respect to which indemnity may be sought hereunder, the Borrower, upon written notice from such Indemnified Party, shall assume the investigation and defense thereof, including the employment of counsel selected or approved by the Indemnified Party, and shall assume the payment of all expenses related thereto, with full power to litigate, compromise or settle the same in its sole discretion; provided that such Indemnified Party shall have the right to review and approve or disapprove any such compromise or settlement. Each Indemnified Party shall have the right to employ separate counsel in any such action or proceeding and to participate in the investigation and defense thereof. The Borrower shall pay the reasonable fees and expenses of such separate counsel; provided, however, that such Indemnified Party may employ separate counsel at the expense of the Borrower only if, in such Indemnified Party's good faith judgment, a conflict of interest exists by reason of common representation or if all parties commonly represented do not agree as to the action (or inaction) of counsel.

(c) Borrower to Remain Obligated. Notwithstanding any transfer of the Project to another owner in accordance with the provisions of this Project Loan Agreement, the Continuing Covenant Agreement, and the Regulatory Agreement, the Borrower shall remain obligated to indemnify each Indemnified Party pursuant to this Section 6.01 for Losses with respect to any claims based on actions or events occurring prior to the date of such transfer unless (i) such subsequent owner assumed in

writing at the time of such transfer all obligations of the Borrower under this Section 6.01 (including obligations under this Section 6.01 for Losses with respect to any claims based on actions or events occurring prior to the date of such transfer) and (ii) any such transfer is in compliance with the requirements of the Financing Documents.

(d) Survival. The provisions of this Section 6.01 shall survive the termination of this Project Loan Agreement.

(e) No Limitation on Other Indemnification Rights. The provisions of this Section 6.01 shall not operate to limit any other rights of the Governmental Lender to be held harmless, defended or indemnified by the Borrower under any other instrument or agreement, including, without limitation, the TEL Regulatory Agreement

Section 6.02 Limitation With Respect to the Funding Lender. Notwithstanding anything in this Project Loan Agreement to the contrary, in the event that the Funding Lender (or its nominee) shall become the owner of the Project as a result of a foreclosure or a deed in lieu of foreclosure, or comparable conversion of the Project Loan, the Funding Lender (or its nominee) shall not be liable for any breach or default of any prior owner of the Project under this Project Loan Agreement and shall only be responsible for defaults and obligations incurred or occurring during the period that the Funding Lender (or its nominee) is the owner of the Project. Accordingly, during any period that the Funding Lender (or its nominee) owns the Project and that this Article VI is applicable to the Funding Lender (or its nominee), the Funding Lender's (or its nominee's) obligations under this Article VI shall be limited to acts and omissions of the Funding Lender (or its nominee) occurring during the period of the Funding Lender's (or its nominee's) ownership of the Project.

ARTICLE VII

EVENTS OF DEFAULT AND REMEDIES

Section 7.01 Events of Default. The occurrence of any one or more of the following will constitute an "Event of Default" under this Project Loan Agreement, and the term "Event of Default" shall mean, whenever it is used in this Project Loan Agreement, one or all of the following events:

(a) Any representation or warranty made by the Borrower in the Financing Documents or any certificate, statement, data or information furnished by the Borrower in connection therewith or included by the Borrower in its application to the Governmental Lender for assistance proves at any time to have been incorrect when made in any material respect;

(b) Failure by the Borrower to pay any amounts due under this Project Loan Agreement or the Project Note or the other Financing Documents at the times and in the amounts required by this Project Loan Agreement or the Project Note or such other Financing Documents, as applicable;

(c) The Borrower shall fail to observe or perform any other term, covenant, condition or agreement (after taking into account any applicable cure period) set forth in this Project Loan Agreement, which failure continues for a period of 30 days after notice of such failure by the Governmental Lender, the Fiscal Agent or the Funding Lender Representative to the Borrower (unless such default cannot with due diligence be cured within 30 days but can be cured within a reasonable period and will not, in the Funding Lender Representative's sole discretion, adversely affect the Funding Lender or result in impairment of this Project Loan Agreement or any other Financing

Document, in which case no Event of Default shall be deemed to exist so long as Borrower shall have commenced to cure the default or Event of Default within 30 days after receipt of notice, and thereafter diligently and continuously prosecutes such cure to completion); provided, however, no such notice or grace periods shall apply in the case of any such failure which could, in the Funding Lender Representative's judgment, absent immediate exercise by the Funding Lender Representative of a right or remedy under this Project Loan Agreement, result in harm to the Funding Lender, impairment of this Project Loan Agreement or any other Financing Document;

(d) The occurrence of a default under the Continuing Covenant Agreement or the Security Instrument (after taking into account any applicable cure period thereunder) shall at the discretion of the Funding Lender Representative constitute an Event of Default under this Project Loan Agreement but only if the Fiscal Agent is provided written notice by the Funding Lender Representative that an Event of Default has occurred under such Financing Document and the Fiscal Agent is instructed by the Funding Lender Representative that such default constitutes an Event of Default hereunder. The occurrence of an Event of Default hereunder shall in the discretion of the Funding Lender Representative constitute a default under the other Financing Documents.

Nothing contained in this Section 7.01 is intended to amend or modify any of the provisions of the Financing Documents or to bind the Governmental Lender, the Fiscal Agent, the Loan Servicer or the Funding Lender Representative to any notice and cure periods other than as expressly set forth in the Financing Documents. Notwithstanding anything to the contrary contained herein, the Limited Partner shall have the right, but not the obligation, to cure a default on the same terms as Borrower may in accordance with the terms of this Section 7.01, and the Governmental Lender, the Fiscal Agent, the Loan Servicer and Funding Lender agree to accept or reject such cure on the same basis as if provided by the Borrower itself.

Section 7.02 Remedies on Default. Subject to Section 7.06 hereof, whenever any Event of Default hereunder shall have occurred and be continuing, the Funding Lender (or the Fiscal Agent at the direction of the Funding Lender), may take any one or more of the following remedial steps:

(a) Such action, without notice or demand, as the Funding Lender deems advisable to protect and enforce its rights against the Borrower and in and to the Project, including declaring the Project Loan to be immediately due and payable (including, without limitation, declaring the principal of, Prepayment Premium, if any, and interest on and all other amounts due on the Project Note to be immediately due and payable).

(b) Without being required to give any notice (other than to the Governmental Lender or the Fiscal Agent, as applicable), except as provided herein, pursue all remedies of a creditor under the laws of the State, as supplemented and amended, or any other applicable laws.

(c) Whatever action at law or in equity may appear necessary or desirable to collect the payments under this Project Loan Agreement then due and thereafter to become due, or to enforce performance and observance of any obligation, agreement or covenant of the Borrower under this Project Loan Agreement.

In addition, subject to Section 7.06 hereof, the Governmental Lender and the Fiscal Agent may pursue remedies with respect to the Unassigned Rights.

Any amounts collected pursuant to Article IV hereof and any other amounts which would be applicable to payment of principal of, Prepayment Premium, if any, and interest and all other amounts due on the Funding Loan collected pursuant to action taken under this Section 7.02 shall be applied in accordance with the provisions of the Funding Loan Agreement.

Section 7.03 No Remedy Exclusive. Upon the occurrence of an Event of Default, all or any one or more of the rights, powers, privileges and other remedies available against the Borrower hereunder or under the Financing Documents or otherwise at law or in equity may be exercised by the Funding Lender (or the Fiscal Agent at the direction of the Funding Lender), at any time and from time to time, whether or not the Funding Lender has accelerated the Project Loan, and whether or not the Funding Lender shall have commenced any foreclosure proceeding or other action for the enforcement of its rights and remedies under any of the Financing Documents. No remedy conferred upon or reserved to the Funding Lender or the Fiscal Agent by this Project Loan Agreement is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given under this Project Loan Agreement or now or hereafter existing at law or in equity or by statute. No delay or omission to exercise any right or power accruing upon any Event of Default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right and power may be exercised from time to time and as often as may be deemed expedient. In order to entitle the Funding Lender (or the Fiscal Agent at the direction of the Funding Lender) to exercise any remedy reserved to it in this Article, it shall not be necessary to give any notice, other than such notice as may be expressly required by this Project Loan Agreement.

Section 7.04 Agreement to Pay Attorneys' Fees and Expenses. In the event the Borrower shall default under any of the provisions of this Project Loan Agreement and the Governmental Lender, the Fiscal Agent, the Loan Servicer or the Funding Lender Representative shall employ attorneys or incur other expenses for the collection of loan payments or the enforcement of performance or observance of any obligation or agreement on the part of the Borrower contained in this Project Loan Agreement or in the Project Note, the Borrower shall on demand therefor reimburse the reasonable fees of such attorneys and such other expenses so incurred.

Section 7.05 No Additional Waiver Implied by One Waiver. In the event any agreement contained in this Project Loan Agreement shall be breached by any party and thereafter waived by the other parties, such waiver shall be limited to the particular breach so waived and shall not be deemed to waive any other breach hereunder.

Section 7.06 Control of Proceedings.

(a) Notwithstanding anything to the contrary herein, the Funding Lender Representative shall have the sole and exclusive right at any time to direct the time, method and place of conducting all proceedings to be taken in connection with the enforcement of the terms and conditions of this Project Loan Agreement, or for the appointment of a receiver or any other proceedings hereunder, in accordance with the provisions of law and of this Project Loan Agreement. In addition, the Funding Lender Representative shall have the sole and exclusive right at any time to directly enforce all rights and remedies hereunder and under the other Financing Documents with or without the involvement of the Fiscal Agent or the Governmental Lender. In no event shall the exercise of any of the foregoing rights result in an acceleration of the Project Loan without the express direction of the Funding Lender Representative.

(b) The Governmental Lender and the Fiscal Agent covenant that they will not, without the prior written consent of the Funding Lender Representative, take any of the following actions:

(i) Prosecute any action with respect to a lien on the Project; or

(ii) Initiate or take any action which may have the effect, directly or indirectly, of impairing the ability of the Borrower to timely pay the principal of, interest on, or other amounts due under, the Project Loan; or

(iii) Interfere with or attempt to influence the exercise by the Funding Lender Representative of any of its rights under the Financing Documents upon the occurrence of any event of default by the Borrower under the Financing Documents; or

(iv) Take any action to accelerate or otherwise enforce payment or seek other remedies with respect to the Project Loan or the Funding Loan.

(c) Notwithstanding Sections 7.06(a) and 7.06(b) hereof, the Governmental Lender or the Fiscal Agent may take one or both of the following actions:

(i) Specifically enforce the tax covenants of the Borrower specified in Section 2.04 and 2.05 hereof or seek injunctive relief against acts which may be in violation thereof;

(ii) Specifically enforce the TEL Regulatory Agreement or seek injunctive relief against acts which may be in violation of the TEL Regulatory Agreement or are otherwise inconsistent with the operation of the Project in accordance with applicable requirements of the Code and State law, including the Act (but in neither the case of subsection (c)(i) above or this subsection (c)(ii) may the Governmental Lender or the Fiscal Agent seek any form of monetary damages from the Borrower in connection with such enforcement).

In addition, notwithstanding Section 7.06(a) and Section 7.06(b) hereof, the Governmental Lender and the Fiscal Agent may seek specific performance of the other Unassigned Rights (provided no monetary damages are sought), and nothing herein shall be construed to limit the rights of the Governmental Lender, the Fiscal Agent or any Indemnified Party related to the Governmental Lender or the Fiscal Agent under Section 6.01 (each a "Related Indemnified Party") to enforce their respective rights against the Borrower under Sections 4.02, 4.03, 6.01 and 7.04 hereof, provided that no obligation of the Borrower to the Governmental Lender, the Fiscal Agent or any Related Indemnified Party under such sections shall be secured by or in any manner constitute a lien on, or security interest in, the Project, whether in favor of the Governmental Lender, the Fiscal Agent or any Related Indemnified Party, and all such obligations are and shall be subordinate in priority, in right to payment and in all other respects to all other obligations, liens, rights (including without limitation the right to payment) and interests arising or created under the Financing Documents (except for the Fiscal Agent's right to receive payment of Fiscal Agent's Extraordinary Fees and Expenses pursuant to Section 6.05(a) of the Funding Loan Agreement after an Event of Default with respect to the Funding Loan, which Fiscal Agent's Extraordinary Fees and Expenses shall be payable as provided thereunder). Accordingly, none of the Governmental Lender, the Fiscal Agent or any Related Indemnified Party shall have the right to enforce any monetary obligation arising under such sections other than directly against the Borrower, without recourse to the Project. In addition, any such enforcement must not cause the Borrower to file a petition seeking reorganization, arrangement, adjustment or composition of or in respect of the

Borrower under any applicable liquidation, insolvency, bankruptcy, construction, composition, reorganization, conservation or other similar law in effect now or in the future.

Section 7.07 Assumption of Obligations. In the event that the Fiscal Agent or the Funding Lender or their respective assignee or designee shall become the legal or beneficial owner of the Project by foreclosure or deed in lieu of foreclosure, such party shall succeed to the rights and the obligations of the Borrower under this Project Loan Agreement, the Project Note, the TEL Regulatory Agreement, and any other Financing Documents to which the Borrower is a party or with respect to which it is a third-party beneficiary. Such assumption shall be effective from and after the effective date of such acquisition and shall be made with the benefit of the limitations of liability set forth therein and without any liability for the prior acts of the Borrower.

ARTICLE VIII

MISCELLANEOUS

Section 8.01 Notices.

(a) Whenever in this Project Loan Agreement the giving of notice by mail or otherwise is required, the giving of such notice may be waived in writing by the person entitled to receive such notice and in any such case the giving or receipt of such notice shall not be a condition precedent to the validity of any action taken in reliance upon such waiver.

Any notice, request, complaint, demand, communication or other paper required or permitted to be delivered to the Governmental Lender, the Fiscal Agent, the Funding Lender Representative, the Borrower or the Loan Servicer shall be sufficiently given and shall be deemed given (unless another form of notice shall be specifically set forth herein) on the Business Day following the date on which such notice or other communication shall have been delivered to a national overnight delivery service (receipt of which to be evidenced by a signed receipt from such overnight delivery service) addressed to the appropriate party at the addresses set forth in Section 10.04 of the Funding Loan Agreement or as required or permitted by this Project Loan Agreement by Electronic Instruction and Notice. The Governmental Lender, the Fiscal Agent, the Funding Lender Representative, the Borrower, the Limited Partner, or the Loan Servicer may, by notice given as provided in this paragraph, designate any further or different address to which subsequent notices or other communication shall be sent.

A duplicate copy of each notice or other communication given hereunder by any party to the Loan Servicer shall also be given to the Funding Lender Representative and a duplicate copy of each notice or other communication given hereunder by any party to the Funding Lender Representative shall be given to the Loan Servicer.

The Fiscal Agent agrees to accept and act upon Electronic Instruction and Notice of written instructions and/or directions pursuant to this Project Loan Agreement.

(b) The Fiscal Agent shall provide to the Funding Lender Representative and the Loan Servicer (i) prompt notice of the occurrence of any Event of Default hereunder and (ii) any written information or other communication received by the Fiscal Agent hereunder within ten (10) Business Days of receiving a written request from the Funding Lender Representative for any such information or other communication.

Section 8.02 Concerning Successors and Assigns. All covenants, agreements, representations and warranties made herein and in the certificates delivered pursuant hereto shall survive the financing herein contemplated and shall continue in full force and effect so long as the obligations hereunder are outstanding. Whenever in this Project Loan Agreement any of the parties hereto is referred to, such reference shall be deemed to include the successors and assigns of such party; and all covenants, promises and agreements by or on behalf of the Borrower which are contained in this Project Loan Agreement shall bind its successors and assigns and inure to the benefit of the successors and assigns of the Governmental Lender, the Fiscal Agent, the Loan Servicer, the Funding Lender and the Funding Lender Representative, as applicable.

Section 8.03 Governing Law. This Project Loan Agreement shall be construed in accordance with and governed by the internal laws of the State and, where applicable, the laws of the United States of America.

Section 8.04 Modifications in Writing. Modification or the waiver of any provisions of this Project Loan Agreement or consent to any departure by the parties therefrom, shall in no event be effective unless the same shall be in writing approved by the parties hereto and shall require the prior written consent of the Funding Lender Representative and then such waiver or consent shall be effective only in the specific instance and for the purpose for which given. No notice to or demand on the Borrower in any case shall entitle it to any other or further notice or demand in the same circumstances.

Section 8.05 Further Assurances and Corrective Instruments. The Governmental Lender, the Fiscal Agent and the Borrower agree that they will, from time to time, execute, acknowledge and deliver, or cause to be executed, acknowledged and delivered, such supplements hereto and such further instruments as may reasonably be required (including such supplements or further instruments requested by the Funding Lender Representative) for correcting any inadequate or incorrect description of the performance of this Project Loan Agreement; provided, however, that no such supplement or further instruction shall change the essential economic terms of the Project Loan or impose on the Borrower greater liability in connection with the Project Loan Documents without the written consent of the Borrower.

Section 8.06 Captions. The section headings contained herein are for reference purposes only and shall not in any way affect the meaning or interpretation of this Project Loan Agreement.

Section 8.07 Severability. The invalidity or unenforceability of any provision of this Project Loan Agreement shall not affect the validity of any other provision, and all other provisions shall remain in full force and effect.

Section 8.08 Counterparts. This Project Loan Agreement may be signed in any number of counterparts with the same effect as if the signatures thereto and hereto were upon the same instrument.

Section 8.09 Amounts Remaining in Loan Payment Fund or Other Funds. It is agreed by the parties hereto that any amounts remaining in the Loan Payment Fund or other funds and accounts established under the Funding Loan Agreement upon expiration or sooner termination of the term hereof (and the repayment in full of the Project Loan and all other amounts owing under the Project Loan Documents), shall be paid in accordance with the Funding Loan Agreement.

Section 8.10 Effective Date and Term. This Project Loan Agreement shall become effective upon its execution and delivery by the parties hereto, shall be effective and remain in full force from the date hereof, and, subject to the provisions hereof, shall expire on such date as the Funding Loan Agreement shall terminate.

Section 8.11 Cross References. Any reference in this Project Loan Agreement to an "Exhibit," an "Article," a "Section," a "Subsection" or a "Paragraph" shall, unless otherwise explicitly provided, be construed as referring, respectively, to an exhibit attached to this Project Loan Agreement, an article of this Project Loan Agreement, a section of this Project Loan Agreement, a subsection of the section of this Project Loan Agreement in which the reference appears and a paragraph of the subsection within this Project Loan Agreement in which the reference appears. All schedules and exhibits attached to or referred to in this Project Loan Agreement are incorporated by reference into this Project Loan Agreement.

Section 8.12 Funding Lender Representative and Servicer as Third Party Beneficiaries. The parties hereto agree and acknowledge that the Funding Lender Representative and the Loan Servicer are third party beneficiaries of this Project Loan Agreement.

Section 8.13 Supplemental Financings. Governmental Lender and Fiscal Agent each acknowledges that Loan Servicer (or another originating lender that is generally approved by Freddie Mac to sell mortgages to Freddie Mac) may make additional loans to Borrower secured by additional mortgages on the Project ("Additional Loans"), provided however that no such Additional Loans may be made without the prior written consent of Governmental Lender. Additional Loans must be subordinate to the repayment of the Project Loan by Borrower. [*to discuss*]

Section 8.14 Non-Liability of Governmental Lender. None of the Governmental Lender, any member of the Board of Supervisors of the Governmental Lender or any person executing the Funding Loan Agreement, this Project Loan Agreement or the Governmental Note is liable personally on the Governmental Note or subject to any personal liability or accountability by reason of its execution and delivery. The Funding Loan Agreement and the Governmental Note are limited obligations of the Governmental Lender, payable solely from Revenues and other money and assets received by the Fiscal Agent on behalf of the Governmental Lender pursuant to this Project Loan Agreement. Neither the Governmental Lender nor the State of California or any of its political subdivisions shall be directly, indirectly, contingently or morally obligated to use any other moneys or assets to pay all or any portion of the payments due in respect of the Governmental Note, to levy or to pledge any form of taxation whatever therefor or to make any appropriation for its payment. The Governmental Note is not a pledge of the faith and credit of the Governmental Lender or the State of California or any of its political subdivisions nor does it constitute indebtedness within the meaning of any constitutional or statutory debt limitation. The Governmental Lender shall not be liable for payment of the principal of, Prepayment Premium or interest in respect of the Governmental Note or any other costs, expenses, losses, damages, claims or actions of any conceivable kind on any conceivable theory, under or by reason of or in connection with the Funding Loan Agreement, this Project Loan Agreement, the Governmental Note or any other Financing Document, except only to the extent amounts are received for the payment thereof from the Borrower under this Project Loan Agreement.

The Borrower hereby acknowledges that the Governmental Lender's sole source of money to repay the Funding Loan will be provided by the payments made by the Borrower pursuant to this Project Loan Agreement, together with investment income on certain funds and accounts held by the

Fiscal Agent under the Funding Loan Agreement, and hereby agrees that if the payments to be made hereunder shall ever prove insufficient to pay all principal (or Prepayment Premium) and interest on the Funding Loan as the same shall become due (whether by maturity, prepayment, acceleration or otherwise), then upon notice from the Fiscal Agent, the Borrower shall pay such amounts as are required from time to time to prevent any deficiency or default in the payment of such principal (or Prepayment Premium) or interest, including, but not limited to, any deficiency caused by acts, omissions, nonfeasance or malfeasance on the part of the Fiscal Agent, the Borrower, the Governmental Lender or any third party, subject to any right of reimbursement from the Fiscal Agent, the Governmental Lender or any such third party, as the case may be, therefor but solely, in the case of the Governmental Lender, from the Revenues, other than with respect to any deficiency caused by the willful misconduct of the Governmental Lender.

Section 8.15 No Liability of Officers. No recourse under or upon any obligation, covenant, or agreement or in the Governmental Note, or under any judgment obtained against the Governmental Lender, or by the enforcement of any assessment or by any legal or equitable proceeding by virtue of any constitution or statute or otherwise or under any circumstances, shall be had against any Supervisor, director, employee, agent or officer, as such, past, present, or future, of the Governmental Lender, either directly or through the Governmental Lender, or otherwise, for the payment for or to the Governmental Lender or any receiver thereof, or for or to the Funding Lender, of any sum that may be due and unpaid by the Governmental Lender upon the Funding Loan. Any and all personal liability of every nature, whether at common law or in equity, or by statute or by constitution or otherwise, of any such Supervisor, director, employee, agent or officer, as such, to respond by reason of any act or omission on his or her part or otherwise, for the payment for or to the Governmental Lender or any receiver thereof, or for or to the Funding Lender, of any sum that may remain due and unpaid upon the Funding Loan, is hereby expressly waived and released as a condition of and consideration for the execution of this Project Loan Agreement and the issuance of the Governmental Note.

Section 8.16 Capacity of the Fiscal Agent. The Fiscal Agent is entering into this Project Loan Agreement solely in its capacity as Fiscal Agent and shall be entitled to the rights, protections, limitations from liability and immunities afforded it as Fiscal Agent under the Funding Loan Agreement. The Fiscal Agent shall be responsible only for the duties of the Fiscal Agent expressly set forth herein and in the Funding Loan Agreement.

Section 8.17 Reliance. The representations, covenants, agreements and warranties set forth in this Project Loan Agreement may be relied upon by the Governmental Lender, the Fiscal Agent, Bond Counsel, the Loan Servicer, the Funding Lender and the Funding Lender Representative. In performing their duties and obligations under this Project Loan Agreement and under the Funding Loan Agreement, the Governmental Lender and the Fiscal Agent may rely upon statements and certificates of the Borrower, upon certificates of tenants believed to be genuine and to have been executed by the proper person or persons, and upon audits of the books and records of the Borrower pertaining to occupancy of the Project. In addition, the Governmental Lender and the Fiscal Agent may consult with counsel, and the opinion of such counsel shall be full and complete authorization and protection in respect of any action taken or suffered by the Governmental Lender or the Fiscal Agent under this Project Loan Agreement and under the Funding Loan Agreement in good faith and in conformity with the opinion of such counsel. It is expressly understood and agreed by the parties to this Project Loan Agreement (other than the Governmental Lender) that:

(a) the Governmental Lender may rely conclusively on the truth and accuracy of any certificate, opinion, notice or other instrument furnished to the Governmental Lender by the Fiscal

Agent, the Funding Lender or the Borrower as to the existence of a fact or state of affairs required under this Project Loan Agreement to be noticed by the Governmental Lender;

(b) the Governmental Lender shall not be under any obligation to perform any record keeping or to provide any legal service, it being understood that such services shall be performed or caused to be performed by the Fiscal Agent, the Funding Lender Representative, the Loan Servicer or the Borrower, as applicable; and

(c) none of the provisions of this Project Loan Agreement shall require the Governmental Lender or the Fiscal Agent to expend or risk its own funds (apart from the proceeds of Funding Loan issued under the Funding Loan Agreement) or otherwise endure financial liability in the performance of any of its duties or in the exercise of any of its rights under this Project Loan Agreement, unless it shall first have been adequately indemnified to its satisfaction against the costs, expenses and liabilities which may be incurred by taking any such action.

Section 8.18 Assignment. Neither the Funding Lender nor the Fiscal Agent may assign or transfer its interest in the Project Loan Documents separately from its interest in the Funding Loan Agreement and the Governmental Note. Any assignment or transfer of Project Loan Documents by Funding Lender or Fiscal Agent must be in conformity with the requirements of Section 2.08 of the Funding Loan Agreement. Upon such assignment, all references to Funding Lender or the Fiscal Agent, as appropriate, in this Project Loan Agreement and in any Project Loan Document shall be deemed to refer to such assignee or successor in interest and such assignee or successor in interest shall thereafter stand in the place of the Funding Lender or the Fiscal Agent, as appropriate. The Borrower shall accord full recognition to any such assignment, and all rights and remedies of Funding Lender in connection with the interest so assigned shall be as fully enforceable by such assignee as they were by Funding Lender before such assignment. In connection with any proposed assignment, Funding Lender may disclose to the proposed assignee any information that the Borrower has delivered, or caused to be delivered, to Funding Lender with reference to the Borrower, General Partner, any Affiliate of either of them, or the Project, including information that the Borrower is required to deliver to Funding Lender pursuant to this Project Loan Agreement, provided that such proposed assignee agrees to treat such information as confidential.

Section 8.19 Governmental Lender, Funding Lender and Servicer Not in Control; No Partnership. None of the covenants or other provisions contained in this Project Loan Agreement shall, or shall be deemed to, give the Governmental Lender, the Funding Lender, the Fiscal Agent or the Servicer the right or power to exercise control over the affairs or management of the Borrower, the power of the Governmental Lender, the Funding Lender, the Fiscal Agent and the Servicer being limited to the rights to exercise the remedies referred to in the Project Loan Documents and the Financing Documents. Section 2. Representations, Covenants and Warranties of the Borrower.

(a) The statements made in the various certificates delivered by the Borrower to the Governmental Lender, the Loan Servicer or the Initial Funding Lender on the Closing Date are true and correct.

(b) The Borrower (and any person related to it within the meaning of Section 147(a)(2) of the Code) will not take or omit to take, as is applicable, any action if such action or omission would in any way cause the proceeds of the Project Loan to be applied in a manner contrary to the applicable requirements of the Project Loan Agreement and this Regulatory Agreement.

(c) The Borrower will not take or permit, or omit to take or cause to be taken, as is appropriate, any action that would adversely affect the exclusion from gross income for federal income tax purposes of the interest on the Governmental Note, or the exemption from California personal income taxation of the interest on the Governmental Note and, if it should take or permit, or omit to take or cause to be taken, any such action, it will take all lawful actions necessary to rescind or correct such actions or omissions promptly upon obtaining knowledge thereof.

(d) The Borrower will take such action or actions as may be necessary, in the written opinion of Tax Counsel filed with the Governmental Lender and the Loan Servicer, to comply fully with the Act, the Code and all applicable rules, rulings, policies, procedures, Regulations or other official statements promulgated, proposed or made by the Department of the Treasury or the Internal Revenue Service to the extent necessary to maintain the exclusion from gross income for federal income tax purposes of interest on the Governmental Note.

(e) The acquisition by the Borrower of an interest in the site on which the Project is located and the commencement of the construction of the Project occurred after the date which was 60 days prior to the Inducement Date. The Borrower has incurred a substantial binding obligation to expend proceeds of the Project Loan pursuant to which the Borrower is obligated to expend an amount at least equal to five percent (5%) of the [$35,141,577] maximum principal amount of the Project Loan.

(f) The Borrower will proceed with due diligence to complete the construction of the Project and the full expenditure of the proceeds of the Project Loan. The Borrower reasonably expects to complete the construction of the Project and to expend the full maximum [$35,141,577] principal amount of the Project Loan by [_____ 1, 20__].

(g) The Borrower's reasonable expectations respecting the total expenditure of the proceeds of the Project Loan have been accurately set forth in a certificate of the Borrower delivered to the Governmental Lender on the Closing Date. At all times, the aggregate disbursements of the proceeds of the Project Loan will have been applied to pay or to reimburse the Borrower for the payment of Qualified Project Costs in an amount equal to ninety-seven percent (97%) or more of such disbursements, and less than twenty-five percent (25%) of such disbursements shall have been used to pay for the acquisition of land or an interest therein.

(h) Notwithstanding the provisions of Section 2.04 of the Project Loan Agreement, and in addition thereto, the Borrower agrees to obtain a written report from an independent firm with experience in calculating excess investment earnings for purposes of Section 148(f) of the Code, not less than once on or about each five year anniversary of the Closing Date and within thirty (30) days of the date the Governmental Note has been paid in full, determining that either (i) no excess investment earnings subject to rebate to the federal government under Section 148(f) of the Code have arisen with respect to the Governmental Note in the prior five-year period (or, with respect to the final such report following the repayment of the Governmental Note, have arisen since the last five-year report); or (ii) excess investment earnings have so arisen during the prior five-year period (or, with respect to the final such report following the repayment of the Governmental Note, have arisen since the last five-year report), and specifying the amount thereof that needs to be rebated to the federal government and the date by which such amount needs to be so rebated. The Borrower shall provide a copy of each report prepared in accordance with the preceding sentence to the Governmental Lender, each time within one week of its receipt of the same from the independent firm that prepared the respective report.

(i) As soon as practicable after the Completion Date, the Borrower shall deliver to the Governmental Lender a duly executed Completion Certificate.

(j) The Borrower acknowledges that the Governmental Lender has appointed the Administrator to administer this Regulatory Agreement and to monitor performance by the Borrower of the terms, provisions and requirements hereof. The Borrower shall comply with any reasonable request by the Governmental Lender, the Administrator or the Loan Servicer to deliver to the Administrator or the Loan Servicer, as applicable, in addition to the Governmental Lender, any reports, notices or other documents required to be delivered pursuant hereto, and to make the Project and the books and records with respect thereto available for inspection by the Administrator as an agent of the Governmental Lender and the Loan Servicer upon its respective written request.

(k) Within thirty (30) days after the date on which fifty percent (50%) of the dwelling units in the Project are first occupied, the Borrower will submit to the Governmental Lender (with a copy to

the Funding Lender), and will cause to be recorded in the County Recorder's office, a duly executed and completed Certificate as to Commencement of Qualified Project Period in the form of Exhibit G hereto.

(l) Money on deposit in any fund or account in connection with the Project Loan or the Funding Loan, whether or not such money was derived from other sources, shall not be used by or under the direction of the Borrower, in a manner which would cause the Governmental Note to be an "arbitrage bond" within the meaning of Section 148 of the Code, and the Borrower specifically agrees that the investment of money in any such fund shall be restricted as may be necessary to prevent the Governmental Note from being an "arbitrage bond" under the Code.

(m) All of the proceeds of the Project Loan and earnings from the investment of such proceeds will be used to pay Project Costs; and no more than two percent (2%) of the proceeds of the Project Loan will be used to pay issuance costs of the Governmental Note, within the meaning of Section 147(g) of the Code.

(n) No portion of the proceeds of the Project Loan shall be used to provide any airplane, skybox or other private luxury box, health club facility, facility primarily used for gambling, or store the principal business of which is the sale of alcoholic beverages for consumption off premises. No portion of the proceeds of the Project Loan shall be used for an office unless the office is located on the premises of the facilities constituting the Project and unless not more than a de minimis amount of the functions to be performed at such office is not related to the day-to-day operations of the Project.

(o) In accordance with Section 147(b) of the Code, the average maturity of the Governmental Note does not exceed 120% of the average reasonably expected remaining economic life of the facilities being financed by the Project Loan.

(p) The Borrower shall comply with all applicable requirements of Section 65863.10 of the California Government Code pertaining to the Project, including the requirements for providing notices in Sections (b), (c), (d) and (e) thereof, and with all applicable requirements of Section 65863.11 of the California Government Code pertaining to the Project.

(q) The Borrower shall pay all of the Costs of Issuance.

(r) The Borrower hereby incorporates herein, as if set forth in full herein, each of the representations, covenants and warranties of the Borrower contained in the Tax Certificate and the Project Loan Agreement relating to the Project.

(s) The Borrower hereby represents and warrants that the Project is located entirely within the City of El Cerrito, California.

(t) The Borrower acknowledges, represents and warrants that it understands the nature and structure of the transactions contemplated by this Regulatory Agreement; that it is familiar with the provisions of all of the Project Loan Documents to which it is a party or of which it is a beneficiary; that it understands the financial and legal risks inherent in such transactions; and that it has not relied on the Governmental Lender for any guidance or expertise in analyzing the financial or other consequences of such financing transactions or otherwise relied on the Governmental Lender in any manner except to issue the Governmental Note in order to provide funds to assist the Borrower in acquiring and constructing the Project.

Section 3. Qualified Residential Rental Project. The Borrower hereby acknowledges and agrees that the Project is to be owned, managed and operated as a "residential rental project" within the meaning of Section 142(d) of the Code for a term equal to the Compliance Period. To that end, and for the term of this Regulatory Agreement, the Borrower hereby represents, covenants, warrants and agrees as follows:

(a) The Project will be operated for the purpose of providing multifamily residential rental property. The Borrower will own, manage and operate the Project as a project to provide multifamily residential rental property comprised of a building or structure or several interrelated buildings or structures, together with any functionally related and subordinate facilities, and no other facilities, in accordance with Section 142(d) of the Code, Section 1.103-8(b) of the Treasury Regulations and the provisions of the Act, and in accordance with such requirements as may be imposed thereby on the Project from time to time.

(b) All of the dwelling units in the Project (except for not more than one unit set aside for a resident manager or other administrative use) will be similarly constructed units, and each dwelling unit in the Project will contain complete separate and distinct facilities for living, sleeping, eating, cooking and sanitation for a single person or a family, including a sleeping area, bathing and sanitation facilities and cooking facilities equipped with a cooking range, refrigerator and sink.

(c) None of the dwelling units in the Project will at any time be utilized on a transient basis or rented for a period of less than 30 consecutive days, or will ever be used as a hotel, motel, dormitory, fraternity house, sorority house, rooming house, nursing home, hospital, sanitarium, rest home or trailer court or park; provided that the use of certain units for tenant guests on an intermittent basis shall not be considered transient use for purposes of this Regulatory Agreement.

(d) No part of the Project will at any time during the Compliance Period be owned by a cooperative housing corporation, nor shall the Borrower take any steps in connection with a conversion to such ownership or use, and the Borrower will not take any steps in connection with a conversion of the Project to condominium ownership during the Compliance Period (except that the Borrower may obtain final map approval and the Final Subdivision Public Report from the California Department of Real Estate and may file a condominium plan with the County).

(e) All of the Available Units in the Project will be available for rental during the period beginning on the date hereof and ending on the termination of the Compliance Period on a continuous, "first-come, first-served" basis to members of the general public, and the Borrower will not give preference to any particular class or group in renting the dwelling units in the Project, except (i) not more than one unit may be set aside for a resident manager or other administrative use, or (ii) to the extent that dwelling units are required to be leased or rented in such a manner that they constitute Low Income Units or otherwise as necessary to comply with Section 6(a), (b) and (c), or (iii) to the extent required under any "extended low-income housing commitment" (an "Extended Use Agreement") applicable to the Project, or (iv) to the extent required by the provisions of any documents related to the provision of State or federal low income housing tax credits for the Project, or (v) to the extent required by Section 5.5 of that certain Regulatory Agreement and Declaration of Restrictive Covenants, dated as of April 30, 2019, by and between the City of El Cerrito and the Borrower (as successor in interest to the Fee Owner), which was recorded in the official records of Contra Costa County on May 1, 2019 as Document No. 2019-0061849-00.

(f) The Project site consists of a parcel or parcels that are contiguous except for the interposition of a road, street or stream, and all of the facilities of the Project comprise a single geographically and functionally integrated project for residential rental property, as evidenced by the ownership, management, accounting and operation of the Project.

(g) The Borrower shall not discriminate on the basis of race, creed, color, sex, source of income (e.g. AFDC, SSI), physical disability, age, national origin or marital status in the rental, lease, use or occupancy of the Project or in connection with the employment or application for employment of persons for the operation and management of the Project.

(h) No dwelling unit in the Project shall be occupied by the Borrower. Notwithstanding the foregoing, if the Project contains five or more dwelling units, this paragraph shall not be construed to prohibit occupancy of dwelling units by one or more resident managers or maintenance personnel any of whom may be the Borrower; provided that the number of such managers or maintenance personnel is not unreasonable given industry standards in the area for the number of dwelling units in the Project.

(i) The Borrower will not sell dwelling units within the Project.

(j) Should involuntary noncompliance with the provisions of Section 1.103-8(b) of the Treasury Regulations be caused by fire, seizure, requisition, foreclosure, transfer of title by deed in lieu of foreclosure, change in a federal law or an action of a federal agency after the Closing Date which prevents the Governmental Lender from enforcing the requirements of the Code and the Treasury Regulations as applicable to the Project, or condemnation or similar event, the Borrower covenants that, within a "reasonable period" determined in accordance with the applicable Regulations, it will either prepay the Project Loan or, if permitted under the provisions of the Project Loan Agreement, apply any proceeds received as a result of any of the preceding events to rehabilitate the Project to meet the requirements of Section 142(d) of the Code and the applicable Regulations.

(k) During the Qualified Project Period, the Borrower shall submit a completed Internal Revenue Code Form 8703 or such other annual certification as required by the Code with respect to the Project to the Secretary of the Treasury on or before March 31 of each year (or such other date as may be required by the Code).

The Governmental Lender hereby elects to have the Project meet the requirements of Section 142(d)(1)(B) of the Code.

Section 4. Low Income Tenants; Reporting Requirements. Pursuant to the requirements of the Code, the Borrower hereby represents, warrants and covenants as follows:

(a) During the Compliance Period, no less than forty percent (40%) of the total number of completed units in the Project shall at all times be Low Income Units. For the purposes of this paragraph (a), a vacant unit that was most recently a Low Income Unit is treated as a Low Income Unit until reoccupied, other than for a temporary period of not more than 31 days, at which time the character of such unit shall be redetermined.

In addition to the foregoing, the Borrower shall comply with the "Other Restricted Units" requirements of Section 14.b. of Exhibit A to the CDLAC Resolution, as required by Section 29(a),

including the tenant income restrictions referenced after Section 7 of Exhibit A to the CDLAC Resolution.

(b) No tenant qualifying as a Low Income Tenant upon initial occupancy shall be denied continued occupancy of a unit in the Project because, after admission, the aggregate Gross Income of all tenants in the unit occupied by such Low Income Tenant increases to exceed the qualifying limit for a Low Income Unit. However, should the aggregate Gross Income of tenants in a Low Income Unit, as of the most recent determination thereof, exceed one hundred forty percent (140%) of the applicable income limit for a Low Income Unit occupied by the same number of tenants, the next available unit of comparable or smaller size must be rented to (or held vacant and available for immediate occupancy by) Low Income Tenant(s). The unit occupied by such tenants whose aggregate Gross Income exceeds such applicable income limit shall continue to be treated as a Low Income Unit for purposes of the 40% requirement of Section 4(a) hereof unless and until an Available Unit of comparable or smaller size is rented to persons other than Low Income Tenants.

(c) During the Compliance Period, the Borrower will obtain, complete and maintain on file Income Certifications for each Low Income Tenant, including (i) an Income Certification dated immediately prior to the initial occupancy of such Low Income Tenant in the unit and a second Income Certification dated one year after the Low-Income Tenant's initial move-in date, and (ii) thereafter, an annual Income Certification with respect to each Low Income Tenant. In lieu of obtaining the annual Income Certifications required by clause (ii) of the preceding sentence, the Borrower may, with respect to any particular twelve-month period ending each February 1, deliver to the Administrator no later than fifteen days after such date a certification that as of each February 1, no residential unit in the Project was occupied within the preceding twelve months by a new resident whose income exceeded the limit applicable to Low Income Tenants upon admission to the Project. The Administrator may at any time and in its sole and absolute discretion notify the Borrower in writing that it will no longer accept certifications of the Borrower made pursuant to the preceding sentence and that the Borrower will thereafter be required to obtain annual Income Certifications for tenants. The Borrower will also provide such additional information as may be required in the future by the Code, the State or the Governmental Lender, as the same may be amended from time to time, or in such other form and manner as may be required by applicable rules, rulings, policies, procedures, Regulations or other official statements now or hereafter promulgated, proposed or made by the Department of the Treasury or the Internal Revenue Service with respect to Tax-Exempt obligations. Upon request of the Administrator or the Governmental Lender, copies of Income Certifications for Low Income Tenants commencing or continuing occupation of a Low Income Unit shall be submitted to the Administrator or the Governmental Lender, as requested.

(d) The Borrower shall make a good faith effort to verify that the income information provided by an applicant in an Income Certification is accurate by taking one or more of the following steps as a part of the verification process: (1) obtain pay stubs for the three most recent pay periods, (2) obtain an income tax return for the most recent tax year, (3) obtain a credit report or conduct a similar type credit search, (4) obtain an income verification from the applicant's current employer, (5) obtain an income verification from the Social Security Administration and/or the California Department of Social Services if the applicant receives assistance from either of such agencies, or (6) if the applicant is unemployed and does not have an income tax return, obtain another form of independent verification reasonably acceptable to the Administrator.

(e) The Borrower will maintain complete and accurate records pertaining to the Low Income Units, and will permit any duly authorized representative of the Administrator, the

Governmental Lender, the Loan Servicer, the Department of the Treasury or the Internal Revenue Service to inspect the books and records of the Borrower pertaining to the Project, including those records pertaining to the occupancy of the Low Income Units.

(f) The Borrower will prepare and submit to the Administrator, on behalf of the Governmental Lender, not less than annually, commencing not less than six months after the Closing Date, a Certificate of Continuing Program Compliance executed by the Borrower in substantially the form attached hereto as Exhibit C. During the Compliance Period, the Borrower shall submit a completed Internal Revenue Code Form 8703 or such other annual certification as required by the Code with respect to the Project, to the Secretary of the Treasury on or before March 31 of each year (or such other date as may be required by the Code).

(g) During the entire Compliance Period, all tenant leases or rental agreements shall be subordinate to this Regulatory Agreement. All leases pertaining to Low Income Units shall contain clauses, among others, wherein each tenant who occupies a Low Income Unit: (i) certifies the accuracy of the statements made by such tenant in the Income Certification; (ii) agrees that the family income and other eligibility requirements shall be deemed substantial and material obligations of the tenancy of such tenant, that such tenant will comply promptly with all requests for information with respect thereto from the Borrower, the Governmental Lender or the Administrator on behalf of the Governmental Lender, and that the failure to provide accurate information in the Income Certification or refusal to comply with a request for information with respect thereto shall be deemed a violation of a substantial obligation of the tenancy of such tenant; (iii) acknowledges that the Borrower has relied on the statements made by such tenant in the Income Certification and supporting information supplied by the Low Income Tenant in determining qualification for occupancy of a Low Income Unit, and that any material misstatement in such certification (whether or not intentional) will be cause for immediate termination of such lease or rental agreement; (iv) agrees that the tenant's income is subject to annual certification in accordance with Section 4(c) and that if upon any such certification the aggregate Gross Income of tenants in such unit exceeds the applicable income limit under Section 4(b), the unit occupied by such tenant may cease to qualify as a Low Income Unit and such unit's rent may be subject to increase; and (v) agrees that a tenant's failure to cooperate with the annual recertification process required by this Regulatory Agreement is grounds for termination of the lease or rental agreement.

For purposes of this Section 4, no unit occupied by a residential manager shall be treated as a rental unit during the time of such occupation.

Section 5. Tax-Exempt Status of the Governmental Note. The Borrower and the Governmental Lender, as applicable, each hereby represents, warrants and agrees as follows:

(a) The Borrower and the Governmental Lender will not knowingly take or permit, or omit to take or cause to be taken, as is appropriate, any action that would adversely affect the Tax-Exempt nature of the interest on the Governmental Note and, if either of them should take or permit, or omit to take or cause to be taken, any such action, it will take all lawful actions necessary to rescind or correct such actions or omissions promptly upon obtaining knowledge thereof.

(b) The Borrower and the Governmental Lender will file of record such documents and take such other steps as are necessary, in the written opinion of Tax Counsel filed with the Governmental Lender (with a copy to the Borrower), in order to insure that the requirements and restrictions of this Regulatory Agreement will be binding upon all owners of the Project, including,

but not limited to, the execution and recordation of this Regulatory Agreement in the real property records of the County.

Section 6. Requirements of the Act. In addition to the other requirements set forth herein, the Borrower hereby agrees that it shall comply with each of the requirements of the Act, including the following:

(a) As provided in Section 52080(a)(1)(B) of the Act, forty percent (40%) or more of the completed residential units in the Project shall be occupied by, or held vacant and available for occupancy by, individuals whose income is 60 percent or less of area median income, within the meaning of Section 52080(a)(1) of the Act (it being acknowledged that (i) units required to be set aside for Low Income Tenants pursuant to Section 4(a) may be counted for purposes of satisfying the requirements of this Section 6(a) if the related Low Income Tenants otherwise satisfy the requirements of this Section 6(a) and (ii) units with over-income tenants previously qualified as Low Income Tenants as may be counted as satisfying the requirements of this Section 6(a) to the extent provided in Section 4(b)).

(b) The rental payments paid by the occupants of the units described in paragraph (a) of this Section (excluding any supplemental rental assistance from the state, the federal government, or any other public agency to those occupants or on behalf of those units) shall not exceed thirty percent of sixty percent of area median income, within the meaning of Section 52080(a)(1) of the Act.

(c) The Borrower shall accept as tenants, on the same basis as all other prospective tenants, Low Income Tenants who are recipients of federal certificates or vouchers for rent subsidies pursuant to the existing program under Section 8 of the Housing Law. The selection criteria applied to certificate holders under Section 8 of the Housing Law shall not be more burdensome than the criteria applied to all other prospective tenants.

(d) The Borrower shall ensure that units occupied as required by paragraph (a) of this Section are of comparable quality and offer a range of sizes and number of bedrooms comparable to those units which are available to other tenants.

(e) As provided in Section 52080(e) of the Act, the Project may be syndicated after prior written approval of the Governmental Lender. The Governmental Lender shall grant that approval only after it determines that the terms and conditions of the syndication (1) shall not reduce or limit any of the requirements of the Act or regulations adopted or documents executed pursuant to the Act, (2) shall not cause any of the requirements in this Regulatory Agreement to be subordinated to the syndication agreement, or (3) shall not result in the provision of fewer assisted units, or the reduction of any benefits or services, than were in existence prior to the syndication agreement. The Governmental Lender hereby acknowledges that this Section 6(e) does not apply to any syndication of federal tax credits for the Project.

(f) Following the expiration or termination of the Qualified Project Period, except in the event of foreclosure and redemption of the Governmental Note, deed in lieu of foreclosure, eminent domain, or action of a federal agency preventing enforcement, units required to be reserved for occupancy pursuant to Section 6(a) shall remain available to any eligible household occupying a reserved unit at the date of such expiration or termination, at a rent not greater than the amount required by Section 6(b), until the earliest of any of the following occur:

(1) The household's income exceeds 140 percent of the maximum eligible income specified in Section 6(a).

(2) The household voluntarily moves or is evicted for "good cause." "Good cause" for the purposes of this section means the nonpayment of rent or allegation of facts necessary to prove major, or repeated minor, violations of material provisions of the occupancy agreement which detrimentally affect the health, safety, occupancy or quiet enjoyment of other persons or the structure, the fiscal integrity of the Project or the purposes or special programs of the Project.

(3) Thirty years after the date of commencement of the Qualified Project Period.

(4) The Borrower pays the relocation assistance and benefits to tenants as provided in subdivision (b) of Section 7264 of the California Government Code.

(g) Except in the event of foreclosure and repayment of the Governmental Note, deed in lieu of foreclosure, eminent domain, or action of a federal agency preventing enforcement, during the three years prior to expiration of the Qualified Project Period, the Borrower shall continue to make available to eligible households reserved units that have been vacated to the same extent that nonreserved units are made available to noneligible households.

(h) This Section shall not be construed to require the Governmental Lender to monitor the Borrower's compliance with the provisions of paragraph (f), or that the Governmental Lender shall have any liability whatsoever in the event of the failure by the Borrower to comply with any of the provisions of this Regulatory Agreement.

(i) The covenants and conditions of this Regulatory Agreement shall be binding upon successors in interest of the Borrower.

(j) This Regulatory Agreement shall be recorded in the office of the County Recorder of the County, and shall be recorded in the grantor-grantee index to the names of the Borrower as grantor and to the name of the Governmental Lender as grantee.

Section 7. Requirements of the Governmental Lender. In addition to other requirements set forth herein and to the extent not prohibited by the requirements set forth in Sections 4 through 6 hereof, the Borrower hereby agrees to comply with each of the requirements of the Governmental Lender set forth in this Section 7, as follows:

(a) All tenant lists, applications and waiting lists relating to the Project shall at all times be kept separate and identifiable from any other business of the Borrower and shall be maintained as required by the Governmental Lender, in a reasonable condition for proper audit and subject to examination upon reasonable notice (which need not be in excess of three Business Days) and during business hours by representatives of the Governmental Lender.

(b) The Borrower shall not discriminate on the basis of race, creed, color, religion, sex, sexual orientation, marital status, national origin, source of income (e.g. AFDC and SSI), ancestry or handicap in the lease, use or occupancy of the Project (except as required to comply with Section 3(e)(ii), (iii) or (iv)), or in connection with the employment or application for employment of persons for the construction, operation, or management of the Project.

(c) The Borrower shall not, at initial occupancy, permit occupancy in any unit in the Project by more than (i) two persons per bedroom in the unit, plus (ii) one person; and the Borrower shall at all times offer for rent the largest unit then available for the applicable household size (being one bedroom units for 2-3 person households, and two bedroom units for 4-5 person households). The foregoing, however, shall not apply to one unit in the Project occupied by or set aside for a resident manager.

(d) The Borrower shall pay to the Governmental Lender (i) through the escrow account established by the Title Company on the Closing Date the Governmental Lender Issuance Fee and the Governmental Lender Annual Fee for the period from the Closing Date to but not including [May 1, 2025], and (ii) directly to the Governmental Lender on each [May 1], on and after [May 1, 2025], the Governmental Lender Annual Fee; without in either case any requirement for notice or billing of the amount due. In addition, the Borrower shall pay to the Governmental Lender promptly following receipt of an invoice that reasonably identifies the relevant expenses and the amounts thereof, any out of pocket expenses incurred by the Governmental Lender in connection with the Governmental Note, the Project Note, the Funding Loan Agreement, the Project Loan Agreement, this Regulatory Agreement or any of the other Financing Documents, including but not limited to any costs related to the FOCUS Program.

(e) The rent limits set forth in Sections 6(b) and 6(f) shall apply to all Low Income Units. In addition, the rental payments paid by Low Income Tenants for the Low Income Units shall not exceed Affordable Rents.

(f) The Borrower will accept as tenants, on the same basis as all other prospective tenants, persons who are recipients of federal certificates for rent subsidies pursuant to the existing program under Section 8 of the Act, or its successor. The Borrower shall not apply selection criteria to Section 8 certificate or voucher holders that is more burdensome than criteria applied to all other prospective tenants, nor shall the Borrower apply or permit the application of management policies or lease provisions with respect to the Project which have the effect of precluding occupancy of units by such prospective tenants.

(g) The Borrower shall submit to the Governmental Lender: (i) rent rolls and other information required by the FOCUS Program on a quarterly basis, and (ii) within fifteen (15) days after receipt of a written request, any other information or completed forms requested by the Governmental Lender in order to comply with reporting requirements of the Internal Revenue Service or the State.

(h) The Borrower shall indemnify the Governmental Lender as provided in Section 9 hereof and in Section 6.01 of the Project Loan Agreement.

(i) The Governmental Lender may, at its option and at its expense, at any time appoint an Administrator to administer this Agreement or any provision hereof and to monitor performance by the Borrower of all or of any of the terms, provisions and requirements hereof. Following any such appointment, the Borrower shall comply with any request by the Governmental Lender to deliver to such Administrator, in addition to or instead of the Governmental Lender, any reports, notices or other documents required to be delivered pursuant hereto, and to make the Project and the books and records with respect thereto available for inspection by such administrator as an agent of the Governmental Lender.

(j) The Borrower shall submit its written management policies with respect to the Project, if any, to the Governmental Lender for its review, and shall amend such policies in any way necessary to insure that such policies comply with the provisions of this Regulatory Agreement and the requirements of the existing program under Section 8 of the Housing Law, or its successors. The Borrower shall not promulgate management policies which conflict with the provisions of the addendum to the form of lease for the Project prepared by the Housing Authority of Contra Costa County, and shall attach such addendum to leases for tenants which are holders of Section 8 certificates.

(k) The Borrower shall screen and select tenants for desirability and creditworthiness at its discretion; provided, however, that the Borrower shall consider a prospective tenant's rent history for at least the one year period prior to application as evidence of the tenant's ability to pay the applicable rent.

(l) At least six months prior to the expiration of the Qualified Project Period the Borrower shall provide by first-class mail, postage prepaid, a notice to all tenants in the Low Income Units containing (i) the anticipated date of the expiration of the Qualified Project Period, (ii) any anticipated rent increase upon the expiration of the Qualified Project Period, (iii) a statement that a copy of such notice will be sent to the Governmental Lender, and (iv) a statement that a public hearing may be held by the Governmental Lender on the issue and that the tenant will receive notice of the hearing at least fifteen (15) days in advance of any such hearing. The Borrower shall also file a copy of the above-described notice with the Community Development Bond Program Manager of the Department of Conservation and Development of the Governmental Lender.

(m) Notwithstanding Section 1461 of the Civil Code, the provisions of this Section shall run with the land and may be enforced either in law or in equity by any resident, local agency, entity, or by any other person adversely affected by the Borrower's failure to comply with the provisions of this Section.

(n) The Borrower shall not participate in any refunding of the Governmental Note or the Project Loan by means of the issuance of bonds or other obligations by any governmental body other than the Governmental Lender.

(o) Each of the requirements of Sections 3, 4 and 6 hereof is hereby incorporated as a specific requirement of the Governmental Lender, whether or not required by California or federal law.

(p) The requirements of Section 6 and this Section 7 shall be in effect during the entire Compliance Period.

Any of the foregoing requirements of the Governmental Lender contained in this Section 7 may be expressly waived by the Governmental Lender in writing, but (i) no waiver by the Governmental Lender of any requirement of this Section 7 shall, or shall be deemed to, extend to or affect any other provision of this Regulatory Agreement except to the extent the Governmental Lender has received an opinion of Tax Counsel that any such provision is not required by the Act and may be waived without adversely affecting the exclusion from gross income of interest on the Governmental Note for federal income tax purposes; and (ii) any requirement of this Section 7 shall be void and of no force and effect if the Governmental Lender and the Borrower receive a written opinion of Tax Counsel to the effect that compliance with any such requirement would cause interest on the Governmental Note to cease to be Tax-Exempt or to the effect that compliance with such requirement would be in conflict with the Act or any other State or federal law.

Section 8. Modification of Covenants. The Borrower and the Governmental Lender hereby agree as follows:

(a) To the extent any amendments to the Act, the Treasury Regulations or the Code shall, in the written opinion of Tax Counsel filed with the Governmental Lender and the Borrower (with a copy to the Loan Servicer), retroactively impose requirements upon the ownership or operation of the Project more restrictive than those imposed by this Regulatory Agreement, and if such requirements are applicable to the Project and compliance therewith is necessary to maintain the validity of, or the Tax-Exempt status of interest on the Governmental Note, this Regulatory Agreement shall be deemed to be automatically amended to impose such additional or more restrictive requirements.

(b) To the extent that the Act, the Treasury Regulations or the Code, or any amendments thereto, shall, in the written opinion of Tax Counsel filed with the Governmental Lender and the Borrower (with a copy to the Loan Servicer), impose requirements upon the ownership or operation of the Project less restrictive than imposed by this Regulatory Agreement, this Regulatory Agreement may be amended or modified to provide such less restrictive requirements but only by written amendment signed by the Governmental Lender, at its sole discretion, and the Borrower, and only upon receipt by the Governmental Lender (with a copy to the Loan Servicer) of the written opinion of Tax Counsel to the effect that such amendment is permitted by the Project Loan Agreement and will not affect the Tax-Exempt status of interest on the Governmental Note or violate the requirements of the Act, and otherwise is in accordance with Section 22 hereof.

(c) The Borrower and the Governmental Lender shall execute, deliver and, if applicable, file of record any and all documents and instruments necessary to effectuate the intent of this Section 8.

Section 9. Indemnification; Other Payments. To the fullest extent permitted by law, the Borrower agrees to indemnify, hold harmless and defend the Governmental Lender and each of its officers, Supervisors, officials, employees, attorneys and agents (collectively, the "Indemnified Parties"), against any and all losses, damages, claims, actions, liabilities, costs and expenses of any conceivable nature, kind or character (including, without limitation, reasonable attorneys' fees, litigation and court costs, amounts paid in settlement and amounts paid to discharge judgments) to which the Indemnified Parties, or any of them, may become subject under or any statutory law (including federal or state securities laws) or at common law or otherwise, arising out of or based upon or in any way relating to:

(i) the Funding Loan Agreement, the Project Loan Agreement, this Regulatory Agreement or any of the other Financing Documents and all documents related thereto, or the execution or amendment hereof or thereof or in connection with transactions contemplated hereby or thereby, including the issuance, sale, resale or remarketing of the Funding Loan;

(ii) any act or omission of the Borrower or any of its agents, contractors, servants, employees or licensees in connection with the Project Loan or the Project, the acquisition, construction or operation of the Project, or the condition, environmental or otherwise, occupancy, use, possession, conduct or management of work done in or about, or from the planning, design, acquisition and construction of the Project or any part thereof;

(iii) any lien or charge upon payments by the Borrower to the Governmental Lender or the Loan Servicer or any taxes (including, without limitation, all ad valorem taxes and sales

taxes), assessments, impositions and other charges imposed on the Governmental Lender or the Loan Servicer in respect of any portion of the Project; the Governmental Lender or Loan Servicer will endeavor to give prompt notice to the Borrower of any such lien, charge, tax, assessment, imposition, or other charge but failure to give cush notice shall not reduce or negate in any way Borrower's obligations under this Section 9;

(iv) any violation of the Project Loan Agreement or any environmental law, rule or regulation with respect to, or the release of any toxic substance from, the Project or any part thereof;

(v) the defeasance and/or prepayment, in whole or in part, of the Funding Loan or the Project Loan;

(vi) any untrue statement or misleading statement or alleged untrue statement or alleged misleading statement of a material fact contained in any offering statement or disclosure document for the Funding Loan or any of the documents relating to the Funding Loan, or any omission or alleged omission from any offering statement or disclosure document for the Funding Loan of any material fact necessary to be stated therein in order to make the statements made therein, in the light of the circumstances under which they were made, not misleading; or

(vii) any declaration of taxability of interest on the Governmental Note, or allegations (or regulatory inquiry) that interest on the Governmental Note is taxable for federal tax purposes;

except to the extent such damages are caused by the willful misconduct of such Indemnified Party. In the event that any action or proceeding is brought against any Indemnified Party with respect to which indemnity may be sought hereunder, the Borrower, upon written notice from the Indemnified Party, shall assume the investigation and defense thereof, including the employment of counsel selected by the Indemnified Party, and shall assume the payment of all expenses related thereto, with full power to litigate, compromise or settle the same in its sole discretion; provided that the Indemnified Party shall have the right to review and approve or disapprove any such compromise or settlement. Each Indemnified Party shall have the right to employ separate counsel in any such action or proceeding and participate in the investigation and defense thereof, and the Borrower shall pay the reasonable fees and expenses of such separate counsel; provided, however, that such Indemnified Party may only employ separate counsel at the expense of the Borrower if in the judgment of such Indemnified Party a conflict of interest exists by reason of common representation or if all parties commonly represented do not agree as to the action (or inaction) of counsel.

In addition thereto, the Borrower will pay upon demand all of the fees and expenses paid or incurred by the Governmental Lender in enforcing the provisions hereof.

The provisions of this Section 9 shall survive the final payment or defeasance of the Funding Loan and the Project Loan, and the termination of this Regulatory Agreement.

Nothing contained in this Section 9 shall cause the obligation of the Borrower to pay principal and interest on the Project Loan to be a recourse obligation of the Borrower.

The obligations of the Borrower under this Section are independent of any other contractual obligation of the Borrower to provide indemnity to the Indemnified Parties, and the obligation of the

Borrower to provide indemnity hereunder shall not be interpreted, construed or limited in light of any other separate indemnification obligation of the Borrower. The Indemnified Party shall be entitled simultaneously to seek indemnity under this Section and any other provision under which it is entitled to indemnity.

Section 10. Consideration. The Governmental Lender has agreed to incur the Funding Loan to provide funds to lend to the Borrower to finance the Project, all for the purpose, among others, of inducing the Borrower to construct and operate the Project. In consideration of the issuance of the Governmental Note by the Governmental Lender, the Borrower has entered into this Regulatory Agreement and has agreed to restrict the uses to which this Project can be put on the terms and conditions set forth herein.

Section 11. Reliance. The Governmental Lender and the Borrower hereby recognize and agree that the representations and covenants set forth herein may be relied upon by all persons interested in the legality and validity of the Governmental Note, in the exemption from California personal income taxation of interest on the Governmental Note and in the Tax-Exempt status of the interest on the Governmental Note. In performing their duties and obligations hereunder, the Governmental Lender and the Administrator may rely upon statements and certificates of the Low Income Tenants, and upon audits of the books and records of the Borrower pertaining to the Project. In addition, the Governmental Lender may consult with counsel, and the opinion of such counsel shall be full and complete authorization and protection in respect of any action taken or suffered by the Governmental Lender hereunder in good faith and in conformity with such opinion. In determining whether any default or lack of compliance by the Borrower exists under this Regulatory Agreement, the Governmental Lender shall not be required to conduct any investigation into or review of the operations or records of the Borrower and may rely solely on any written notice or certificate delivered to the Governmental Lender by the Borrower with respect to the occurrence or absence of a default.

Section 12. Transfer of the Project. During the entire Compliance Period, the Borrower shall not Transfer the Project, in whole or in part, without the prior written consent of the Governmental Lender, which consent shall not be unreasonably withheld or delayed, if the following conditions are satisfied: (A) the receipt by the Governmental Lender of evidence acceptable to the Governmental Lender that (1) the Borrower shall not be in default hereunder or under any of the other Project Loan Documents in effect, or the transferee undertakes to cure any defaults of the Borrower to the reasonable satisfaction of the Governmental Lender; (2) the continued operation of the Project shall comply with the provisions of this Regulatory Agreement; (3) either (a) the transferee or its Manager has at least three years' experience in the ownership, operation and management of similar size rental housing projects, and at least one year's experience in the ownership, operation and management of rental housing projects containing below-market-rate units, without any record of material violations of discrimination restrictions or other state or federal laws or regulations or local governmental requirements applicable to such projects, or (b) the transferee agrees to retain a Manager with the experience and record described in subclause (a) above, or (c) the transferring Borrower or its management company will continue to manage the Project, or another management company reasonably acceptable to the Governmental Lender will manage, for at least one year following such Transfer and, if applicable, during such period the transferring Borrower or its management company will provide training to the transferee and its manager in the responsibilities relating to the Low Income Units; and (4) the person or entity that is to acquire the Project does not have pending against it, and does not have a history of significant and material building code violations or complaints concerning the maintenance, upkeep, operation, and regulatory agreement compliance of any of its projects as identified by any local, state or federal regulatory agencies; (B) the execution by the transferee of a

document reasonably acceptable to the Governmental Lender with respect to the assumption of the Borrower's obligations under this Regulatory Agreement and the other Project Loan Documents in effect, including without limitation an instrument of assumption hereof and thereof, and delivery to the Governmental Lender of an opinion of such transferee's counsel to the effect that each such document and this Regulatory Agreement are valid, binding and enforceable obligations of such transferee, subject to bankruptcy and other standard limitations affecting creditor's rights; (C) receipt by the Governmental Lender of an opinion of Tax Counsel to the effect that any such Transfer will not adversely affect the Tax-Exempt status of interest on the Governmental Note; (D) receipt by the Governmental Lender of all fees and/or expenses then currently due and payable to the Governmental Lender by the Borrower under any of the Project Loan Documents; and (E) receipt by the Governmental Lender of evidence of satisfaction of compliance with the provisions of Section 29(d)(i) related to notice to CDLAC of transfer of the Project.

It is hereby expressly stipulated and agreed that any Transfer of the Project in violation of this Section 12 shall be null, void and without effect, shall cause a reversion of title to the Borrower, and shall be ineffective to relieve the Borrower of its obligations under this Regulatory Agreement. The written consent of the Governmental Lender to any Transfer of the Project shall constitute conclusive evidence that the Transfer is not in violation of this Section 12. Nothing in this Section shall affect any provision of any other document or instrument between the Borrower and any other party which requires the Borrower to satisfy certain conditions or obtain the prior written consent of such other party in order to Transfer the Project. Upon any Transfer that complies with this Regulatory Agreement, the Borrower shall be fully released from its obligations hereunder, but only to the extent such obligations have been fully assumed in writing by the transferee of the Project.

The foregoing notwithstanding, the Project may be transferred pursuant to a foreclosure, exercise of power of sale or deed in lieu of foreclosure or comparable conversion under any deed of trust without the consent of the Governmental Lender or compliance with the provisions of this Section 12. The Governmental Lender hereby approves the transfer of limited partnership interests in the Borrower to affiliates of the investor limited partner of the Borrower, including, without limitation, the transfer of membership interests in the Borrower from the investor limited partner and non-managing membership interests in the limited partner of Borrower.

During the entire Compliance Period, the Borrower shall not: (1) encumber any of the Project or grant commercial leases of any part thereof, or permit the conveyance, transfer or encumbrance of any part of the Project, except for (A) encumbrances permitted under the Continuing Covenant Agreement and the Project Loan Agreement, or (B) a Transfer in accordance with the terms of this Regulatory Agreement, in each case upon receipt by the Governmental Lender of an opinion of Tax Counsel to the effect that such action will not adversely affect the Tax-Exempt status of interest on the Governmental Note (provided that such opinion will not be required with respect to any encumbrance, lease or transfer relating to a commercial operation or ancillary facility that will be available for tenant use and is customary to the operation of multifamily housing developments similar to the Project); (2) demolish any part of the Project or substantially subtract from any real or personal property of the Project, except to the extent that what is demolished or removed is replaced with comparable property or such demolition or removal is otherwise permitted by the Project Loan Agreement; or (3) permit the use of the dwelling accommodations of the Project for any purpose except rental residences.

Section 13. Term. This Regulatory Agreement and all and several of the terms hereof shall become effective upon its execution and delivery, and shall remain in full force and effect for the period provided herein and shall terminate as to any provision not otherwise provided with a specific

termination date and shall terminate in its entirety at the end of the Compliance Period, it being expressly agreed and understood that the provisions hereof are intended to survive the repayment of the Governmental Note and of the Project Loan and the termination of the Project Loan Agreement.

The terms of this Regulatory Agreement to the contrary notwithstanding, the requirements of this Regulatory Agreement shall terminate and be of no further force and effect in the event of involuntary noncompliance with the provisions of this Regulatory Agreement caused by fire or other casualty, seizure, requisition, foreclosure or transfer of title by deed in lieu of foreclosure, change in a federal law or an action of a federal agency after the Closing Date, which prevents the Governmental Lender from enforcing such provisions, or condemnation or a similar event, but only if, within a reasonable period, either (a) the Funding Loan is fully repaid, fully cancelled or fully forgiven, or (b) amounts received as a consequence of such event are used to provide a project that meets the requirements hereof; provided, however, that the preceding provisions of this sentence shall cease to apply and the restrictions contained herein shall be reinstated if, at any time subsequent to the termination of such provisions as the result of the foreclosure or the delivery of a deed in lieu of foreclosure or a similar event, the Borrower or any related person (within the meaning of Section 1.103-10(e) of the Treasury Regulations) obtains an ownership interest in the Project for federal income tax purposes. The Borrower hereby agrees that, following any foreclosure, transfer of title by deed in lieu of foreclosure or similar event, neither the Borrower nor any such related person as described above will obtain an ownership interest in the Project for federal tax purposes.

Notwithstanding any other provision of this Regulatory Agreement, this Regulatory Agreement may be terminated upon agreement by the Governmental Lender and the Borrower, with the consent of CDLAC, upon receipt by the Governmental Lender of an opinion of Tax Counsel to the effect that such termination will not adversely affect the exclusion from gross income of interest on the Governmental Note for federal income tax purposes and is otherwise permitted under the Act. Upon the termination of the terms of this Regulatory Agreement, the parties hereto agree to execute, deliver and record appropriate instruments of release and discharge of the terms hereof; provided, however, that the execution and delivery of such instruments shall not be necessary or a prerequisite to the termination of this Regulatory Agreement in accordance with its terms.

Section 14. Covenants to Run With the Land. Notwithstanding Section 1461 of the California Civil Code, the Borrower hereby subjects the Project to the covenants, reservations and restrictions set forth in this Regulatory Agreement. The Governmental Lender and the Borrower hereby declare their express intent that the covenants, reservations and restrictions set forth herein shall be deemed covenants running with the land and shall pass to and be binding upon the Borrower's successors in title to the Project; provided, however, that on the termination of this Regulatory Agreement said covenants, reservations and restrictions shall expire. Each and every contract, deed or other instrument hereafter executed covering or conveying the Project or any portion thereof shall conclusively be held to have been executed, delivered and accepted subject to such covenants, reservations and restrictions, regardless of whether such covenants, reservations and restrictions are set forth in such contract, deed or other instruments.

Section 15. Burden and Benefit. The Governmental Lender and the Borrower hereby declare their understanding and intent that the burdens of the covenants set forth herein touch and concern the land in that the Borrower's legal interest in the Project is rendered less valuable thereby. The Governmental Lender and the Borrower hereby further declare their understanding and intent that the benefits of such covenants touch and concern the land by enhancing and increasing the enjoyment and use of the Project by Low Income Tenants, the intended beneficiaries of such covenants,

reservations and restrictions, and by furthering the public purposes for which the Governmental Note was issued.

Section 16. Uniformity; Common Plan. The covenants, reservations and restrictions hereof shall apply uniformly to the entire Project in order to establish and carry out a common plan for the use of the site on which the Project is located.

Section 17. Default; Enforcement. If the Borrower defaults in the performance or observance of any covenant, agreement or obligation of the Borrower set forth in this Regulatory Agreement, and if such default remains uncured for a period of 60 days after notice thereof shall have been given by the Governmental Lender to the Borrower, or for a period of 60 days from the date the Borrower should, with reasonable diligence, have discovered such default, then the Governmental Lender may declare an "Event of Default" to have occurred hereunder; provided, however, that if the default is of such a nature that it cannot be corrected within 60 days, such default shall not constitute an Event of Default hereunder so long as (i) the Borrower institutes corrective action within said 60 days and diligently pursues such action until the default is corrected, and (ii) in the opinion of Tax Counsel, the failure to cure said default within 60 days will not adversely affect the Tax-Exempt status of interest on the Governmental Note. The Governmental Lender shall have the right to enforce the obligations of the Borrower under this Regulatory Agreement within shorter periods of time than are otherwise provided herein if necessary to insure compliance with the Act or the Code.

Following the declaration of an Event of Default hereunder, the Governmental Lender may at its option and subject to the provisions of Section 7.06 of the Project Loan Agreement, take any one or more of the following steps, in addition to all other remedies provided by law or equity:

(i) by mandamus or other suit, action or proceeding at law or in equity, including injunctive relief, require the Borrower to perform its obligations and covenants hereunder or enjoin any acts or things that may be unlawful or in violation of the rights of the Governmental Lender hereunder;

(ii) have access to and inspect, examine and make copies of all of the books and records of the Borrower pertaining to the Project;

(iii) take such other action at law or in equity as may appear necessary or desirable to enforce the obligations, covenants and agreements of the Borrower hereunder; and

(iv) order and direct the Borrower in writing to terminate the Manager and to select a replacement Manager meeting the requirements hereof within 60 days of such written direction, and to notify the Governmental Lender in writing of the identity of the replacement Manager and certify that such replacement Manager satisfies the requirements hereof.

The Borrower hereby agrees that specific enforcement of the Borrower's agreements contained herein is the only means by which the Governmental Lender may fully obtain the benefits of this Regulatory Agreement made by the Borrower herein, and the Borrower therefore agrees to the imposition of the remedy of specific performance against it in the case of any Event of Default by the Borrower hereunder.

It is acknowledged and agreed by the Borrower and the Governmental Lender that one of the primary purposes of this Regulatory Agreement is to preserve the exclusion from gross income for

federal income tax purposes of interest on the Governmental Note. The Funding Lender and the Loan Servicer are hereby declared intended third party beneficiaries of this Regulatory Agreement and shall be entitled to enforce the provisions hereof in the event of any default hereunder.

The Governmental Lender hereby agrees that cure of any Event of Default made or tendered by any partner of the Borrower shall be deemed to be a cure by the Borrower and shall be accepted or rejected on the same basis as if made or tendered by the Borrower.

Section 18. [intentionally omitted].

Section 19. Recording and Filing.

(a) The Borrower shall cause this Regulatory Agreement and all amendments and supplements hereto and thereto, to be recorded and filed in the real property records of the County, and in such other places as the Governmental Lender may reasonably request. The Borrower shall pay all fees and charges incurred in connection with any such recording.

(b) The Borrower and the Governmental Lender will file of record such other documents and take such other steps as are reasonably necessary, in the opinion of Tax Counsel, in order to insure that the requirements and restrictions of this Regulatory Agreement will be binding upon all owners of the Project.

(c) The Borrower hereby covenants to include or reference the requirements and restrictions contained in this Regulatory Agreement in any documents transferring any interest in the Project to another person to the end that such transferee has notice of, and is bound by, such restrictions, and, except in the case of a foreclosure or comparable involuntary conversion of the Security Instrument), whereby the Funding Lender becomes the owner of the Project, to obtain the agreement from any transferee to abide by all requirements and restrictions of this Regulatory Agreement.

Section 20. Payment of Fees. Notwithstanding any prepayment of the Project Loan and discharge of the Project Loan Agreement, the Borrower shall continue to pay (or, to the extent allowed under the Code, shall prepay the present value at such time of) the fees of the Governmental Lender as provided in this Section 20, unless such prepayment is made in connection with a refunding of the Governmental Note.

The Borrower agrees to pay to the Governmental Lender (i) the Governmental Lender Issuance Fee, which shall be paid on or before the Closing Date, (ii) the Governmental Lender Annual Fee, which shall be payable commencing on the Closing Date and annually on each May 1 thereafter, and continuing throughout the Compliance Period, and (iii) within 30 days after receipt of request for payment thereof, all reasonable out-of-pocket expenses of the Governmental Lender (not including salaries and wages of Governmental Lender employees) related to the Governmental Note, the Project Loan, the other Financing Documents and the Project and the financing thereof, including, without limitation, legal fees and expenses incurred in connection with the interpretation, performance, enforcement or amendment of any documents relating to the Project, the Governmental Note, the Project Loan or any of the other Financing Documents.

In the event that the Qualified Project Period terminates prior to the termination of the Compliance Period (other than by reason of the issuance of refunding bonds), and provided that the conditions of this Section are satisfied, the Borrower shall thereafter and for the remainder of the

Compliance Period pay to the Governmental Lender annually in advance an amount equal to $5,000.00. Notwithstanding the foregoing, any foreclosing lender, its successors, assigns, nominees or a third party purchaser at foreclosure shall not be obligated under this Section following a foreclosure or deed in lieu of foreclosure; provided, however, that the preceding provisions of this sentence shall cease to apply and the requirements contained in this Section shall be reinstated if, at any time subsequent to the termination of the provisions of this Section as the result of the foreclosure or the delivery of a deed in lieu of foreclosure or a similar event, the Borrower or any related person (within the meaning of Section 1.103-10(e) of the Treasury Regulations) obtains an ownership interest in the Project for federal income tax purposes. The full Governmental Lender Annual Fee shall continue to be payable unless and until the Governmental Lender has confirmed receipt of all amounts then due and payable in arrears by the Borrower to the Governmental Lender in connection with the Project Loan, at which point the Governmental Lender Annual Fee shall become effective.

If the Borrower fails to make payment of the Governmental Lender Annual Fee for a period of two consecutive years or more, the Governmental Lender may, in its sole discretion, declare the total amount of the Governmental Lender Annual Fee through the end of the Compliance Period immediately due and payable, such amount to be discounted at a rate equal to the then current market rate for U.S. Treasury obligations of a maturity equal to the remaining term of the Compliance Period.

Section 21. Governing Law; Venue. This Regulatory Agreement shall be construed in accordance with and governed by the laws of the State applicable to contracts made and performed in the State. This Regulatory Agreement shall be enforceable in the State, and any action arising hereunder shall (unless waived by the Governmental Lender in writing) be filed and maintained in the Superior Court of California, County of Contra Costa.

Section 22. Amendments; Waivers. (a) Except as provided in Section 8(a) and 29(e) hereof, this Regulatory Agreement may be amended only by a written instrument executed by the parties hereto or their successors in title, and duly recorded in the real property records of the County, and only upon receipt by the Governmental Lender of an opinion from Tax Counsel that such amendment will not adversely affect the Tax-Exempt status of interest on the Governmental Note and is not contrary to the provisions of the Act.

(a) Anything to the contrary contained herein notwithstanding, the Governmental Lender and the Borrower hereby agree to amend this Regulatory Agreement to the extent required, in the opinion of Tax Counsel, in order that interest on the Governmental Note remains Tax-Exempt. The party requesting such amendment shall notify the other party to this Regulatory Agreement of the proposed amendment, with a copy of such proposed amendment to Tax Counsel and a request that Tax Counsel render to the Governmental Lender an opinion as to the effect of such proposed amendment upon the Tax-Exempt status of interest on the Governmental Note. This provision shall not be subject to any provision of any other agreement requiring any party hereto to obtain the consent of any other person in order to amend this Regulatory Agreement.

(b) Any waiver of, or consent to, any condition under this Regulatory Agreement must be expressly made in writing.

Section 23. Notices. Any notice required to be given hereunder shall be made in writing and shall be given by personal delivery, overnight delivery, certified or registered mail, postage prepaid, return receipt requested, or by telecopy, in each case at the respective addresses specified in Section 11.04 of the Funding Loan Agreement, or at such other addresses as may be specified in writing

by the parties hereto. Unless otherwise specified by the Administrator, the address of the Administrator is the same as the address of the Governmental Lender.

Unless otherwise specified by CDLAC, the address of CDLAC is:

California Debt Limit Allocation Committee

Sacramento, CA 95814
Attention: Executive Director

The Governmental Lender, the Administrator, CDLAC and the Borrower may, by notice given hereunder, designate any further or different addresses to which subsequent notices, certificates or other communications shall be sent. Notice shall be deemed given on the date evidenced by the postal or courier receipt or other written evidence of delivery or electronic transmission; provided that any telecopy or other electronic transmission received by any party after 4:00 p.m., local time of the receiving party, as evidenced by the time shown on such transmission, shall be deemed to have been received the following Business Day.

A copy of each notice of default provided to the Borrower hereunder shall also be provided to the investor limited partner of the Borrower at the address set forth in Section 10.04 of the Funding Loan Agreement.

The Borrower shall notify the Governmental Lender and the Administrator in writing of any change to the name of the Project or any change of name or address for the Borrower or the Manager. The Borrower shall further notify CDLAC in writing of any event provided in Section 29(d) hereof.

Section 24. Severability. If any provision of this Regulatory Agreement shall be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining portions hereof shall not in any way be affected or impaired thereby.

Section 25. Multiple Counterparts. This Regulatory Agreement may be executed in multiple counterparts, all of which shall constitute one and the same instrument, and each of which shall be deemed to be an original.

Section 26. Limitation on Liability. Notwithstanding the foregoing or any other provision or obligation to the contrary contained in this Regulatory Agreement, (i) the liability of the Borrower under this Regulatory Agreement to any person or entity, including, but not limited to, the Governmental Lender and its successors and assigns, is limited to the Borrower's interest in the Project and the amounts held in the funds and accounts created under the Funding Loan Agreement or the Project Loan Agreement, or any rights of the Borrower under any guarantees relating to the Project, and such persons and entities shall look exclusively thereto, or to such other security as may from time to time be given for the payment of obligations arising out of this Regulatory Agreement or any other agreement securing the obligations of the Borrower under this Regulatory Agreement; and (ii) from and after the date of this Regulatory Agreement, no deficiency or other personal judgment, nor any order or decree of specific performance (other than pertaining to this Regulatory Agreement, any agreement pertaining to any Project or any other agreement securing the Borrower's obligations under this Regulatory Agreement), shall be rendered against the Borrower, the assets of the Borrower (other than the Borrower's interest in the Project, this Regulatory Agreement, amounts held in the funds and accounts created under the Project Loan Agreement and the other Project Loan Documents, any rights

of the Borrower under the Project Loan Agreement and the other Project Loan Documents or any other documents relating to the Project Loan or any rights of the Borrower under any guarantees relating to the Project), its partners, successors, transferees or assigns and each of their respective officers, directors, employees, partners, agents, heirs and personal representatives, as the case may be, in any action or proceeding arising out of this Regulatory Agreement, the Project Loan Agreement and the other Project Loan Documents or any agreement securing the obligations of the Borrower under this Regulatory Agreement, or any judgment, order or decree rendered pursuant to any such action or proceeding, except to the extent provided in the Project Loan Agreement.

Section 27. Third-Party Beneficiaries. The Administrator, the Funding Lender, the Loan Servicer, and CDLAC are intended to be and shall each be a third-party beneficiary of this Regulatory Agreement. The Administrator shall have the right (but not the obligation) to enforce, separately or jointly with the Governmental Lender, the terms of this Regulatory Agreement and to pursue an action for specific performance or other available remedy at law or in equity in accordance with Section 17 hereof. CDLAC shall have the right (but not the obligation) to enforce the CDLAC Conditions and to pursue an action for specific performance or other available remedy at law or in equity in accordance with Section 17 hereof, provided that any such action or remedy shall not materially adversely affect the interests and rights of the owner of the Governmental Note. Pursuant to Section 52080(k) of the Act, the requirements of Section 6 may be enforced either in law or in equity by any resident, local agency, entity, or by any other person adversely affected by the Borrower's failure to comply with the requirements of that Section.

Section 28. Property Management. The Borrower agrees that at all times the Project shall be managed by a property manager (i) approved by the Governmental Lender in its reasonable discretion and (ii) who has at least three years' experience in the ownership, operation and management of similar size rental housing projects, and at least one year's experience in the ownership, operation and management of rental housing projects containing below-market-rate units, without any record of material violations of discrimination restrictions or other state or federal laws or regulations or local governmental requirements applicable to such projects (the "Manager"). The Borrower shall submit to the Governmental Lender from time to time such information about the background, experience and financial condition of any existing or proposed Manager as the Governmental Lender may reasonably require to determine whether such Manager meets the requirements for a Manager set forth herein. The Governmental Lender reserves the right to conduct periodic reviews of the management practices and of the Manager to determine if the Project is being operated and managed in accordance with the requirements and standards of this Agreement. The Borrower agrees to cooperate with the Governmental Lender in such reviews.

If the Governmental Lender determines in its reasonable judgment that the Project is not being operated and managed in accordance with one or more of the material requirements or standards of this Regulatory Agreement, the Governmental Lender may, subject to any applicable provisions of the Project Loan Agreement, deliver notice to the Borrower (with a copy to the Loan Servicer) requesting replacement of the Manager, which notice shall state clearly the reasons for such request. The Borrower agrees that, upon receipt of such notice, it shall within 60 days submit to the Governmental Lender a proposal to engage a new Manager meeting the requirements of this Section 28. The Governmental Lender shall respond within 30 days to such proposal or such approval shall be deemed given. Upon receipt of such consent or deemed consent, the Borrower shall within 60 days terminate the existing Manager's engagement and engage the new Manager. If such proposal is denied by the Governmental Lender, the Borrower agrees that upon receipt of notice of such denial, it shall within 60 days submit to the Governmental Lender, a proposal to engage another new Manager meeting the

requirements of this Section 28, subject to the Governmental Lender's consent pursuant to the terms hereof.

Section 29. Requirements of CDLAC. In addition to other requirements set forth herein and to the extent not prohibited by the requirements set forth in Sections 4 through 6 hereof, the Borrower hereby agrees to comply with each of the requirements of CDLAC set forth in this Section 29, as follows:

(a) The Borrower shall comply with the CDLAC Resolution attached hereto as Exhibit E and the CDLAC Conditions set forth in Exhibit A thereto (collectively, the "CDLAC Conditions"), which conditions are incorporated herein by reference and made a part hereof.

The CDLAC Conditions include those referred to in Section 8 of the Exhibit A to the CDLAC Resolution relating to "AMI" as used therein, tenant's incomes and unit occupancy assumptions. The Borrower will prepare and submit to the Governmental Lender, not later than February 1 of each year, until the Project is completed, and on February 1 every three years thereafter until the end of the Compliance Period, a Certificate of Compliance II for Qualified Residential Rental Projects, in substantially the form required or otherwise provided by CDLAC from time to time, executed by an authorized representative of the Borrower. The Certificate of Compliance II for Qualified Residential Rental Projects shall be shall be prepared pursuant to the terms of the CDLAC Conditions. Additionally, the Borrower will prepare and submit to the Governmental Lender, a Certificate of Completion, in substantially the form required or otherwise provided by CDLAC from time to time, executed by an authorized representative of the Borrower certifying among other things to the substantial completion of the construction of the Project. Following the submission of the Certificate of Completion, the Borrower will prepare and submit to the Governmental Lender, not later than February 1 every three years thereafter until the end of the Compliance Period, a California Tax Credit Allocation Committee Project Status Report or equivalent documentation in substantially the form required or otherwise provided by CDLAC from time to time. Compliance with the terms of the CDLAC Conditions not contained within this Regulatory Agreement, but referred to in the CDLAC Conditions are the responsibility of the Borrower to report to the Governmental Lender.

(b) The Borrower acknowledges that the Governmental Lender and the Administrator will monitor or cause to be monitored the Borrower's compliance with the terms of the CDLAC Conditions. The Borrower acknowledges that the Governmental Lender will prepare and submit to CDLAC, not later than March 1 of each year until the construction of the Project is completed, and on March 1 of every three years thereafter until the end of the Compliance Period, a Self-Certification Certificate in the form provided by CDLAC. The Borrower will cooperate fully with the Governmental Lender in connection with such monitoring and reporting requirements.

(c) Except as otherwise provided in Section 13 of this Regulatory Agreement, this Regulatory Agreement shall terminate on the date 55 years after (i) the date on which at least fifty percent (50%) of the units in the Project are first occupied, or (ii) the date on which the Project is otherwise placed in service.

(d) The Borrower shall notify CDLAC in writing of: (i) any change in ownership of the Project, (ii) any change in the Governmental Lender, (iii) any change in the name of the Project or the Manager; (iv) any material default under the Funding Loan Agreement, the Project Loan Agreement or this Regulatory Agreement, including, but not limited to, such defaults associated with the Tax-

Exempt status of the Governmental Note, and the income and rental requirements as provided in Sections 4 and 6 hereof and the CDLAC Conditions; or (v) termination of this Regulatory Agreement.

(e) CDLAC shall have the right, but not the obligation, to deliver revised CDLAC Conditions to the Borrower after the Closing Date at any time that are not more restrictive than the original CDLAC conditions; provided however, that: (i) any changes in the terms and conditions of the CDLAC Conditions prior to the recordation against the Project in the real property records of the County of a regulatory agreement between the Borrower and the California Tax Credit Allocation Committee ("TCAC Regulatory Agreement") shall be limited to such changes as are necessary to correct any factual errors or to otherwise conform the CDLAC Conditions to any change in facts or circumstances applicable to the Borrower or the Project; and (ii) after recordation of the TCAC Regulatory Agreement, any changes in the terms and conditions of the CDLAC Conditions shall be limited to such changes as are necessary to conform Items 1, 6, 7, 10, 11, 12, 14, 15, 16, 18, 19, 20, 21, 22, 23, 24, 25, 26 and 37 of Exhibit A to the CDLAC Conditions to any change in terms and conditions requested by Borrower and approved by CDLAC. The Governmental Lender may, in its sole and absolute discretion, require that the Borrower enter into an amendment to this Regulatory Agreement reflecting the revised CDLAC Conditions, which amendment shall be executed by the parties hereto or their successor in title and duly recorded in the real property records of the County. The Borrower shall pay any costs and expenses in connection therewith and provide CDLAC with a copy of that recorded amendment reflecting the revised CDLAC Conditions.

Any of the foregoing requirements of the CDLAC contained in this Section 29 may be expressly waived by CDLAC, in its sole discretion, in writing, but (i) no waiver by CDLAC of any requirement of this Section 29 shall, or shall be deemed to, extend to or affect any other provision of this Regulatory Agreement except to the extent the Governmental Lender has received an opinion of Tax Counsel that any such provision is not required by the Act or the Code and may be waived without adversely affecting the exclusion from gross income of interest on the Governmental Note for federal income tax purposes; and (ii) any requirement of this Section 29 shall be void and of no force and effect if the Governmental Lender and the Borrower receive a written opinion of Tax Counsel to the effect that compliance with any such requirement would cause interest on the Governmental Note to cease to be Tax-Exempt or to the effect that compliance with such requirement would be in conflict with the Act, the Code or any other State or federal law.

Section 30. Limited Liability of Governmental Lender. All obligations of the Governmental Lender under this Regulatory Agreement are limited obligations, payable solely and only from Project Loan proceeds and other amounts derived by the Governmental Lender from the Project Loan or otherwise under the Project Loan Agreement.

Section 31. Conflict With Other Affordability Agreements. Notwithstanding any provision in this Regulatory Agreement to the contrary, in the event of any conflict between the provisions of this Regulatory Agreement and any other agreement that imposes affordability requirements on the Project, including those referenced in Section 3(e) hereof, the provisions providing for the most affordable units, with the most affordability, in the Project shall prevail, so long as at all times the requirements of Section 2, 3, 4, 6, 7 and 29 of this Regulatory Agreement are in any event satisfied. Notwithstanding the foregoing, a breach or default under any agreement referenced in Section 3(e) hereof shall not, in itself, constitute a breach or a default under this Regulatory Agreement.

Section 32. Annual Reporting Covenant. No later than January 31 of each calendar year (commencing January 31, 2025), the Borrower, on behalf of the Governmental Lender, agrees to

provide to the California Debt and Investment Advisory Commission, by any method approved by the California Debt and Investment Advisory Commission, with a copy to the Governmental Lender, the annual report information required by section 8855(k)(1) of the California Government Code with respect to the Governmental Note. This covenant shall remain in effect until the later of the date (a) the Governmental Note is no longer outstanding or (b) the proceeds of the Governmental Note have been fully spent.

Section 33. Freddie Mac Rider. The provisions of the Freddie Mac Rider attached hereto as Exhibit F are incorporated by reference as if fully set forth herein. In the event of a conflict between provisions of the Freddie Mac Rider and the provisions of this Agreement, the provisions of the Freddie Mac Rider shall control. The provisions of the Freddie Mac Rider shall not take effect until the Loan Servicer or Freddie Mac is the holder of the Governmental Note and shall be terminated automatically and without further action required of any party hereto, the Loan Servicer, or Freddie Mac following the Freddie Mac Purchase Date (as defined in the Funding Loan Agreement) upon the earlier of (a) the date the Governmental Note is paid in full, retired, or otherwise discharged and (b) the date neither the Loan Servicer nor Freddie Mac is the Funding Lender or Funding Lender Representative.

Section 34. Consent of Fee Owner. Fee Owner hereby expressly acknowledges the provisions set forth in this Regulatory Agreement and agrees that this Regulatory Agreement shall encumber the fee title to the Property for the full term hereof.

IN WITNESS WHEREOF, the Governmental Lender and the Borrower have executed this Regulatory Agreement by duly authorized representatives, all as of the date first above written.

WHEREAS, Mayfair Affordable Housing LP ("Project Sponsor") has represented and the Applicant has confirmed in the Application certain facts and information concerning the Project; and

If the Applicant has not issued the Bonds pursuant to the Allocation by the close of business on June 3, 2024, the Applicant shall notify CDLAC and carry forward the Allocation to the next approved project to be awarded a bond allocation pursuant to California Code of Regulations, title 4, section 5133. In a case of extreme hardship, the Executive Director may extend this date by up to five (5) business days.

Section 8. Within twenty-four (24) hours of using the Allocation to issue the Bonds, the Applicant shall notify CDLAC at CDLAC@treasurer.ca.gov that the Allocation has been used. This notice shall identify the Applicant, the Project or qualified residential rental project, the date the Allocation was used, and the amount of the Allocation used.

Section 9. Within fifteen (15) calendar days of the Bonds closing, the Applicant or its counsel shall submit a completed "Report of Action Taken Regarding the Issuance of Private Activity Bonds", as made available by CDLAC.

Section 10. Differences between the amount of the Bonds issued and the amount of the Allocation granted in Section 1 shall be retained by the Applicant as required by 26 U.S.C. §146(f)(3)(A) regarding carryforward elections. The use of a Carryforward Allocation shall be consistent with California Code of Regulations, title 4, section 5133.

Section 11. CDLAC staff is directed to transmit a copy of this Resolution to the Applicant together with a request that the Applicant retain a copy in the Applicant's official records for the term of the Bonds or the term of the income and rental restrictions, whichever is longer. CDLAC staff shall retain a copy of this Resolution in the files of CDLAC, or any successor agency, for the same term.

Section 12. In consideration of the Allocation, the Applicant and Project Sponsor shall comply with all the terms and conditions contained in this Resolution and ensure that these terms and conditions are included in the documents related to the Bonds. The Applicant and Project Sponsor shall expressly agree that the terms and conditions of this Resolution may be enforced by CDLAC through an action for specific performance or any other available remedy, provided CDLAC agrees not to take any action or enforce any remedy that would be materially adverse to the interests of Bondholders. The Applicant and Project Sponsor shall ensure the Bond documents, as appropriate, expressly state CDLAC is a third-party beneficiary of the terms and conditions set forth in this Resolution.

Section 13. Either the "Certification of Compliance II for Qualified Residential Rental Projects" or "Certification of Compliance II for Non-Qualified Residential Rental Projects" shall be submitted by the Project Sponsor to the Applicant no later than March 1st annually until the Project's applicable "Certificate of Completion" has been submitted by the Project Sponsor to the Applicant. An "Annual Applicant Public Benefits and Ongoing Compliance Self-Certification" shall be annually submitted online by the Applicant to CDLAC until the applicable "Certificate of Completion" has been submitted by the Project Sponsor to the Applicant. Following the submission of the applicable "Certificate of Completion" to the Applicant, the applicable "Certification of Compliance II" shall be submitted by the Project Sponsor to the Applicant no later than March 1st, and no later than March 1st every three years thereafter, pursuant to California Code of Regulations, title 4 section 5144. Verification to CDLAC of income and rental information shall not be required prior to the submission of the applicable "Certificate of Completion." A copy of the applicable "Certification of Compliance II" may be found at: http://www.treasurer.ca.gov/cdlac/forms.asp. Failure to submit compliance documents may result in disqualification from future participation for qualified residential rental projects.

Section 14. All relevant bond documents for the Bonds shall permit principal payments or prepayments on the underlying loan(s) as transferred proceeds in a bond preservation and recycling program as permitted by 26 U.S.C. 146(i)(6) and shall require no less than thirty (30) days' notice to CDLAC and the Applicant prior to the redemption of the Bonds at conversion to permanent financing.

Section 15. This Resolution shall take effect immediately upon its adoption.

2. Applicability. The provisions of this Rider shall amend and supplement the provisions of, and in the event of a conflict shall supersede the conflicting provisions of, the Regulatory Agreement.

3. Indemnification. Inasmuch as the covenants, reservations and restrictions of the Regulatory Agreement run with the land, the indemnification obligations of the Borrower contained in the Regulatory Agreement will be deemed applicable to any successor in interest to the Borrower, but, it is acknowledged and agreed, notwithstanding any other provision of the Regulatory Agreement to the contrary, that neither the Funding Lender nor any successor in interest to the Funding Lender will assume or take subject to any liability for the indemnification obligations of the Borrower for acts or omissions of the Borrower prior to any transfer of title to Freddie Mac, whether by foreclosure, deed in lieu of foreclosure or comparable conversion of the Project Loan. The Funding Lender shall indemnify the Governmental Lender following acquisition of the Project by the Funding Lender, by foreclosure, deed in lieu of foreclosure or comparable conversion of the Project Loan, during, and only during, any ensuing period that the Funding Lender owns and operates the Project, provided that the Funding Lender's liability shall be strictly limited to acts and omissions of the Funding Lender occurring during the period of ownership and operation of the Project by the Funding Lender. The Funding Lender shall have no indemnification obligations with respect to the Governmental Note or the Project Loan Documents. The Borrower shall remain liable under the Regulatory Agreement for its actions and omissions prior to any transfer of title to the Funding Lender.

None of the following shall apply to any transfer of title to the Project to the Funding Lender or to a third party by foreclosure, deed in lieu of foreclosure or comparable conversion of the Project Loan or to any subsequent transfer by the Funding Lender following foreclosure, deed-in-lieu of foreclosure or comparable conversion of the Project Loan:

(a) Restrictions on sale or transfer of the Project or of any interest in the Borrower.

(b) Governmental Lender or Fiscal Agent consents.

(c) Transferee agreements, transferee criteria and requirements, opinion requirements, assumption fees, transfer fees, penalties and the like.

No transfer of the Project shall operate to release the Borrower from its obligations under the Regulatory Agreement. Nothing contained in the Regulatory Agreement shall affect any provision of the Security Instrument or any of the other Project Loan Documents that requires the Borrower to obtain the consent of the Funding Lender as a precondition to sale, transfer or other disposition of, or any direct or indirect interest in, the Project or of any direct or indirect interest in the Borrower, excluding transfers permitted by the Security Instrument. No covenant obligating the Borrower to obtain an agreement from any transferee to abide by all requirements and restrictions of the Regulatory Agreement shall have any applicability to a transfer to the Funding Lender upon foreclosure, deed-in-lieu of foreclosure or comparable conversion of the Project Loan by the Funding Lender, or to any subsequent transfer by the Funding Lender following foreclosure, deed-in-lieu of foreclosure or comparable conversion of the Project Loan.

5. Enforcement. Notwithstanding anything contained in the Regulatory Agreement to the contrary:

(a) The occurrence of an event of default under the Regulatory Agreement shall not, under any circumstances whatsoever, be deemed or constitute a default under the Project Loan Documents, except as may be otherwise specified in the Project Loan Documents.

(b) The occurrence of an event of default under the Regulatory Agreement shall not impair, defeat or render invalid the lien of the Security Instrument. No person other than the Funding Lender shall have the right either to declare the principal balance of the Project Note to be immediately due and payable or commence foreclosure or other like action with respect to the Security Instrument. The Governmental Lender acknowledges and agrees that the exercise of any rights and remedies under the Regulatory Agreement is subject to the provisions of the Project Loan Documents.

Promptly upon receiving written notification at its notice address provided for in Section 11.04 of the Funding Loan Agreement that an Event of Default has occurred under and as defined in Section 17 of the Regulatory Agreement, the Governmental Lender or the Fiscal Agent shall, by notice in writing to the Borrower, the Loan Servicer and the Funding Lender, inform the Borrower, the Loan Servicer and the Funding Lender of each of the following:

(a) The occurrence of such violation.

(b) The nature of the violation.

(c) Whether the violation (i) has been cured, (ii) has not been cured, but is curable within a reasonable period of time, or (iii) is incurable.

Notwithstanding the occurrence of such violation, neither the Governmental Lender nor the Fiscal Agent shall have, and each of them acknowledge that they shall not have, any right to cause or direct acceleration of the Project Loan, to enforce the Project Note or to foreclose on the Security Instrument.

7. Amendments. The Regulatory Agreement shall not be amended without the prior written consent of the Funding Lender.

8. Fees; Penalties. The Funding Lender shall not be liable for the payment of any compensation or any accrued unpaid fees, costs, expenses or penalties otherwise owed by the Borrower or any subsequent owner of the Project prior to the date of acquisition of the Project by the Funding Lender, whether such acquisition is by foreclosure, deed-in-lieu of foreclosure or comparable conversion of the Project Loan.

9. Subordination. The terms, covenants and restrictions of the Regulatory Agreement, other than those set forth in Sections 3 through 7, are and shall at all times remain subject and subordinate, in all respects, to the liens, rights and interests created under the Project Loan Documents.

10. Third-Party Beneficiary. The parties to the Regulatory Agreement recognize and agree that the terms of the Regulatory Agreement and the enforcement of those terms are essential to the security of the Funding Lender and are entered into for the benefit of various parties, including the Funding Lender. The Funding Lender shall accordingly have contractual rights in the Regulatory Agreement and shall be entitled (but not obligated) to enforce, separately or jointly with the Governmental Lender, or to cause the Governmental Lender to enforce, the terms of the Regulatory Agreement, subject to the provisions of Section 5.07 of the Funding Loan Agreement. In addition, the Funding Lender is intended to be and shall be a third-party beneficiary of the Regulatory Agreement.

Report Title: Amend Joint Exercise of Powers Agreement for the West Contra Costa Transportation Advisory Committee (WCCTAC)

☒Recommendation of the County Administrator ☐ Recommendation of Board Committee

RECOMMENDATIONS:

APPROVE and AUTHORIZE the Chair, Board of Supervisors, to execute an amendment to the Joint Exercise of Powers Agreement (JEPA) of the West Contra Costa Transportation Advisory Committee (WCCTAC).

FISCAL IMPACT:

None to the General Fund. WCCTAC operations are funded by member agency contributions. The County pays its contribution from Measure J.

BACKGROUND:

WCCTAC is one of four Regional Transportation Planning Committees (RTPC) in Contra Costa County. The RTPCs were created to manage the 1988 Measure C ½ cent transportation sales tax projects and programs, and its extension, Measure J, approved by Contra Costa voters in 2004. In addition to managing revenues from Measures C and J, WCCTAC also administers the sub-regional transportation mitigation fee program (STMP), and participates in defining and implementing policies, programs, and projects to improve local and regional transportation and air quality. WCCTAC is governed by a JEPA between the following member agencies: the cities of El Cerrito, Hercules, Pinole, Richmond, San Pablo; Contra Costa County; and the transit agencies, AC Transit, BART, and WestCAT.

In 2003, when the JEPA was last amended, a seat was added on the WCCTAC Board of Directors for WestCAT (bus transit agency). WCCTAC made further changes to reflect comments from member agencies, including the County, which suggested clarifying certain sections of the agreement and correcting some inconsistent language. The Board of Supervisors approved these amendments in January 2003.

In January 2023, the WCCTAC Board directed WCCTAC staff to pursue an update to the JEPA. Staff returned to the WCCTAC Board on February 24, 2023, with a redline version of the JEPA and sought Board feedback. The changes included: eliminating a prohibition on Board member stipends, updating old terminology, and clarifying some vague language.

In March 2023, the WCCTAC Board recommended their staff transmit the amended draft JEPA to member agencies for review and comment. By May 2023, County staff and County Counsel reviewed the draft and provided minor editorial comments, as well as a request to clarify WCCTAC Board member voting strength language provided in Section 9(3)(c). Final comments from all member agencies were received by WCCTAC in July 2023, which mainly consisted of minor edits, clarifications, and revisions to reflect current practice. The WCCTAC Board directed staff to accept the bulk of comments at its July 2023 meeting.

Though not included in this proposed amendment, WCCTAC is also considering a name change from the "West Contra Costa Transportation Advisory Committee" to the "West Contra Costa Transportation Commission." The WCCTAC Board feels the current name could be confusing for members of the public and other public agencies (including granting agencies) and gives the impression WCCTAC is only an advisory body rather than a JEPA with certain, independent discretionary powers. The Contra Costa Transportation Authority (CCTA) expressed concerns about the potential disproportionate effort and expense of a legal name change (i.e., amending the CCTA administrative code and other governing documents). After discussion between WCCTAC and CCTA, it was recommended WCCTAC maintain its legal name but do business with a different name, which is a practice similar to other quasi-government agencies in the Bay Area. This way, WCCTAC's name would not need to legally change but could change on public-facing materials. WCCTAC is still discussing the matter and there does not appear to be a deadline for a final decision.

CONSEQUENCE OF NEGATIVE ACTION:

By not being party to the WCCTAC Joint Exercise of Powers Agreement the County would not fulfill its obligation under Measure J to participate in cooperative, multi-jurisdictional planning.

Staff Report

File #: 24-1329 **Agenda Date:** 5/14/2024 **Agenda #:** C.38.

To: Board of Supervisors

From: John Kopchik, Director, Conservation and Development

Report Title: Establishment of a Two-Year Funding Cycle for the Administration of the Keller Canyon Mitigation Fund, Beginning with Fiscal Years 2024/25 and 2025/26

☒Recommendation of the County Administrator ☐ Recommendation of Board Committee

RECOMMENDATIONS:

APPROVE and AUTHORIZE the Department of Conservation and Development to establish a two-year funding cycle, for the allocation of the Keller Canyon Mitigation Fund (KCMF), for the service projects and programs, beginning with Fiscal Year (FY) 2024/25 and FY 2025/26, as recommended by Supervisor Glover.

FISCAL IMPACT:

No General Fund impact.100% Keller Canyon Landfill Mitigation Funds are to be used for allocations during the combined program cycle.

BACKGROUND:

In 1990, the Board of Supervisors (Board) approved the Keller Canyon Landfill land use permit and franchise agreement, which included the establishment of fees to mitigate the adverse impacts of the landfill in the local community. The KCMF administrative process was approved in 1992 and subsequently amended in 1994 to provide additional flexibility, including the use of the funds by the Board of Supervisors, at its sole discretion. A one-year allocation cycle was implemented, beginning July 1st and ending June 30th of each year, administered by the District 5 Supervisor's Office, whose constituents are the most impacted by proximity to the landfill.

On May 24, 2011, the Board approved the most recent policies governing the implementation and administration of the KCMF program. This included capping the total grantee allocation at 80% of projected revenue in an upcoming year. Thus, reducing the likelihood that expenses exceed actual revenue received during a given fiscal year. Additionally, the District 5 office appointed the Department of Conservation and Development as both the fiscal and contract manager for the fund.

Currently, the KCMF operates on a one-year funding cycle. A one-year cycle can be challenging for grantees to navigate, especially for budget planning and establishing budget stability for various ongoing service programs provided by various organizations. Furthermore, the cyclical nature of an annual re-application process can be time-consuming for organizations and divert resources away from an organization's service work.

In anticipation of FY 2024/25, and to address the administrative burden of conducting an annual one-year funding cycle, District 5 Supervisor Federal Glover has recommended the establishment and implementation of a two-year funding cycle for the KCMF program. This change would reduce the administrative burden of carrying out the application process and promoting this program each year, while also fostering a stronger, long-term relationship with community partners.

The primary disadvantage of moving to a two-year funding cycle is if an organization is not awarded funds in the first year of a two-year funding cycle, they cannot apply for two years. If the two-year cycle is approved beginning with FYs 2024/25 - 2025/26, an organization that is not awarded for the FYs 2024/25 - 2025/26 two-year cycle would have to wait to apply for the next two-year funding cycle, which would be the FY 2026/27 - 2027/28 cycle.

CONSEQUENCE OF NEGATIVE ACTION:

If the two-year funding cycle is not approved and authorized, County staff would need to initiate another annual RFP process, in which the service providers or awarded programs/projects would need to complete another formal application, where the administrative process typically takes five or more months to complete.

Report Title: Resolution approving the Side Letter to reallocate salaries of the Senior Clerk-Project and Intermediate Clerk-Project classifications.

☒Recommendation of the County Administrator ☐ Recommendation of Board Committee

RECOMMENDATIONS:

ADOPT a Resolution approving the Side Letter between Contra Costa County and AFSCME, Local 1 to reallocate the salaries of the Senior Clerk - Project (9KT7) and the Intermediate Clerk - Project (99J3) classifications to match the salary range of the Clerk - Senior Level (JWXC) and the Clerk - Experienced Level (JWXB), respectively.

The salary range of the Senior Clerk - Project (9KT7) classification will be reallocated from its current five-step salary range ($4,524.893 - $5,500.036) to match the current seven-step Clerk - Senior Level (JWXC) salary range ($4,433.812 - $5,662.161). The salary range of the Intermediate Clerk - Project (99J3) classification will be reallocated from its current five-step salary range ($3,927.507 - $4,773.909) to match the current five-step Clerk - Experienced Level (JWXB) salary range ($4,012.538 - $4,978.520).

FISCAL IMPACT:

The total cost of salary increases will be approximately $13,300 for the remainder of FY 23/24, and $146,000 annually ongoing. Costs will be absorbed by the operating department's state and federal Head Start funds.

BACKGROUND:

In September 2023 the Board of Supervisors approved a salary increase for specific merit classifications in the Clerk series following the salary study findings completed in June 2023. Though the County has always considered the Merit and Project class series to be very distinct, and has paid both series differently, this proposed action would provide a realignment between the classifications.

CONSEQUENCE OF NEGATIVE ACTION:

The Senior Clerk - Project and Intermediate Clerk - Project classifications will continue to be compensated differently from the Clerk - Senior Level and Clerk - Experienced Level classifications.

THE BOARD OF SUPERVISORS OF CONTRA COSTA COUNTY, CALIFORNIA

and for Special Districts, Agencies and Authorities Governed by the Board

IN THE MATTER OF the Side Letter providing for salary reallocations for the Senior Clerk - Project (9KT7) and Intermediate Clerk - Project (99J3) classifications.

The Contra Costa County Board of Supervisors acting in its capacity as the governing board of the County of Contra Costa and the Board of Directors of the Contra Costa County Fire Protection District RESOLVES THAT:

Effective the first day of the month following approval by the Board of Supervisors, the Side Letter between Contra Costa County and AFSCME, Local 1 be ADOPTED.

SIDE LETTER
BETWEEN CONTRA COSTA COUNTY AND AFSCME, LOCAL ONE

This side letter is by and between AFSCME, Local One and the County of Contra Costa (County) and is effective on the first day of the month following Board of Supervisors' approval.

The County and AFSCME, Local One agree to reallocate the salaries of the Senior Clerk - Project (9KT7) and the Intermediate Clerk – Project (99J3) classifications as follows:

a. The salary range of the Senior Clerk – Project (9KT7) classification will be reallocated from its current five-step salary range ($4,524.893 - $5,500.036) to match the current seven step Clerk – Senior Level (JWXC) salary range ($4,433.812 - $5,662.161). Incumbents in the Senior Clerk – Project (9KT7) classification will be placed at the salary step of the new range which is next above their current salary.

b. The salary range of the Intermediate Clerk – Project (99J3) classification will be reallocated from its current five-step salary range ($3,927.507 - $4,773.909) to match the current five step Clerk – Experienced Level (JWXB) salary range ($4012.538 - $4978.520).

This side letter reflects a one-time salary reallocation and does not establish future salary parity between the project and merit systems classes described above.

Except as otherwise set forth herein, all other terms and conditions of the MOU between the County and AFSCME, Local One (July 1, 2022 – June 30, 2026) remain unchanged by this Side Letter.

Report Title: West County Wastewater District Release of Liability Agreement for the West County Reentry, Treatment and Housing Project

☒Recommendation of the County Administrator ☐ Recommendation of Board Committee

RECOMMENDATION:
APPROVE and AUTHORIZE the County Administrator, or designee, to sign a Release of Liability Agreement with the West County Wastewater District for a new sewer connection for the West County Reentry, Treatment and Housing project at 5555 Giant Highway, Richmond, CA.

FISCAL IMPACT:
No fiscal impact.

BACKGROUND:
As part of the West County Reentry, Treatment and Housing (WRTH) project the County has to design a new wastewater connection to the main West County Wastewater District (WCWWD) system. WCWWD is concerned about the overall capacity of their system to handle the additional connection and had concerns about the engineering design of the County's proposed system and connection. The County and WCWWD have agreed that a release of liability agreement would resolve the concerns about the proposed system and connection. The County will agree to release WCWWD from liability if the system and/or connection to their force main fails because of the County's proposed system sizing and design.

Consequences of Negative Action:
Not taking this action would delay the approval of the wastewater system and connection and increase the costs of the WRTH project by requiring a new system design at a higher cost.

Release of Liability Agreement
Justice Center Force Main Connection

This *Release of Liability Agreement* ("Agreement") is entered into as of _____, 2024 (the "Effective Date") and is by and between the County of Contra Costa ("County") and West County Wastewater District ("WCWD"). The County and WCWD are each a "Party" and collectively the "Parties."

A. The County owns real property located at 5555 Giant Highway in the City of Richmond, California (the "Property"). The County is developing its Contra Costa West Re-Entry Facility ("Project") on the property, which, as proposed, will discharge additional wastewater flow to the wastewater collection system owned by the County and operated by WCWD. The Property contains an existing private lift station that conveys flow from the West County Justice Center, via an existing private 10-inch diameter force main, to an 18-inch diameter force main in Giant Highway that is owned and operated by WCWD.

B. The County's plans include the construction of a private lift station at the Project site that would discharge directly into the existing private 10-inch force main on the Property.

C. WCWD's hydraulic analysis prepared by Carollo, and attached hereto as Exhibit 1 (the "Study") concluded this configuration is hydraulically feasible, but generally not preferable because there is a higher risk of sewer overflow in certain conditions, including when the force mains experience higher than expected pressure during peak wet weather flow conditions. The Study discusses an alternative solution under which the County would convey flows from the proposed private lift station to the existing Justice Center lift station and then repump to the 18-inch diameter force main in Giant Highway.

D. The County has declined to pursue the alternative approach. Given the increased risks associated with the County's proposed connection, WCWD will only approve the proposed connection subject to a release of liability relating to the proposed connection.

The Parties therefore agree as follows:

1. **Acknowledgement and Release of Liability.** The County acknowledges that the proposed connection to the private 10" diameter force main ("Connection") may increase the risk of a sewer overflow on the Property. The County acknowledges that WCWD has disclaimed any responsibility for impacts to the Property caused by the Connection, including, but not limited to, sanitary sewer overflow on the County's Property. The County releases WCWD from any claims arising out of or relating to the Connection, including sewer overflows or other operational defects caused by the Connection. WCW will not be responsible for maintaining or inspecting the Connection or the County's private sewer infrastructure.

2. **Indemnification.** The County shall indemnify, defend, and hold harmless WCWD from any first or third-party claims, damages, costs, fines, losses, lawsuits, and actions (together “Claims”) arising out of or relating to the Connection, including sewer overflows or other operational defects caused by the Connection. The County shall be

DRAFT

responsible for any fines, costs, or penalties imposed by the Regional Water Quality Control Board or any other regulatory authority as a result of any spill, overflow, or unlawful discharge resulting from the Connection.

3. **Sewer Connection and Plans.** County shall build or cause to be built the Connection in accordance with plans and specifications approved by WCWD and in compliance with WCWD's *Wastewater Ordinance* and construction standards. Approval of the plans by WCWD shall not constitute approval of this Agreement. The Connection shall be constructed by a contractor licensed by the State of California to install the facilities, and must be constructed in accordance with all applicable laws and regulations. WCWD shall not be responsible in any manner for the County's plans and shall bear no liability for the design of the plans.

4. **Reconfiguration.** If the County wishes to change the configuration of its connection at any time, the County will be responsible for any costs associated with an alternative connection to WCWD's wastewater system, including any relevant plan review or other fees or charges.

5. **Recordation of *Notice and Indemnity Agreement.*** The County agrees that should it ever determine to sell the Property, at least 30 days prior to listing the Property for sale the County shall execute and request to record the attached *Restrictive Covenant Regarding Force Main Connection*. WCWD agrees that should the County Recorder refuse to accept and record the Restrictive Covenant on the grounds that it is not a document of the type acceptable for recordation, the County can then proceed with its attempt to sell the Property without such recording occurring.

6. **Entire Agreement.** This Agreement contains the entire understanding between the Parties relating to the obligations of the Parties described in this Agreement.

7. **Amendment.** This Agreement may only be amended in a writing executed by both Parties.

8. **Attorneys' Fees.** In the event of any legal proceedings arising out of or in connection with this Agreement, each party shall be responsible for its own costs and expenses incurred in connection with such proceedings.

DRAFT

9. **Counterparts**. This Agreement may be executed in two or more counterparts, each of which will be deemed an original, but all of which shall constitute one and the same instrument.

The Parties have executed this Agreement as of the Effective Date.

RESTRICTIVE COVENANT REGARDING FORCE MAIN CONNECTION

DRAFT

This *Restrictive Covenant Regarding Force Main Connection* ("Agreement") is made as of _____, 2024, by The County of Contra Costa (the "County") and the West County Wastewater District ("WCWD"), each a "Party" and together the "Parties."

1. Property. This Agreement binds property located at 5555 Giant Highway in Richmond, California 94806 ("**Property**") owned by the County, for the benefit of Property owned by WCWD located at 2377 Garden Tract Road in Richmond, California 94801, where WCWD maintains and operates a wastewater treatment facility (APN 408-150-008; 408-150-004; 408-150-005; 408-150-010; 408-130-028;) (the "WCWD Property").

2. Force Main Connection. As part of its Contra Costa West Re-Entry Facility, Owner has requested that it connect its Property to the sewerage system of WCWD through a lift station connecting to an existing private 10" diameter force main on the Property (the "Connection"). WCWD's hydraulic analysis concluded this configuration is hydraulically feasible, but generally not preferable because there is a higher risk of sewer overflow in certain conditions, including when the existing force mains experience higher than expected pressure during peak wet weather flow conditions.

3. Intent to Establish Use Covenant. For valid consideration received and for the benefit of WCWD's customers and the WCWD Property, the Parties seek to place this restrictive covenant upon the Property to allow the County to use and maintain the Connection on the Property and to allocate liability relating to the Connection for the benefit of the WCWD Property. The County thereby agrees to following covenants regarding the use and maintenance of its Property with respect to the Connection ("Covenants"):

a. Acknowledgement of Potential Impacts and Waiver. The County acknowledges that the Connection increases the risk of a sewer overflow on the Property. The County acknowledges that WCWD has disclaimed any responsibility for impacts to the Property caused by the Connection. The County, on behalf of the County and the County's heirs, successors, assigns, agents, employees, and invitees, hereby releases the WCWD from any claims arising out of or relating to the Connection, including sewer overflows or other operational defects caused by the Connection.

b. Indemnity. Owner shall indemnify, defend, and hold harmless WCWD from any first or third-party claims, damages, costs, fines, losses, lawsuits, and actions (together "Claims") arising out of or relating to the Connection, including sewer overflows or other operational defects

caused by the Connection. Owner shall be responsible for any fines, costs, or penalties imposed by the Regional Water Quality Control Board or any other regulatory authority as a result of any spill, overflow, or unlawful discharge resulting from the Connection.

4. Runs with Land. The Covenants contained in this Agreement will run with the County property pursuant to Civil Code Section 1468 and shall apply to, inure to the benefit of, and bind the respective successors and assigns of the Parties.

5. Termination. This Agreement will continue in effect for so long as the Connection remains on the Property, or until WCWD signs a written agreement to terminate this Agreement, at which time WCWD shall execute documentation necessary to remove this Agreement from title upon request by the County. This Agreement may be validly terminated, amended or modified, in whole or in part, only by recordation in the Office of the Contra Costa County Recorder of a proper instrument duly executed and acknowledged by the County and WCWD.

6. Partial Invalidity. If any portion of the Covenants or terms set forth herein are determined by a court having jurisdiction to be invalid for any reason, the remaining portion shall remain in full force and effect as if such portion had not been included.

The Parties are signing this Agreement as of _____, 2024.

Subject: Additional Flow from Upgraded Contra Costa West Re-Entry Facility Analysis

Dear Mr. Hodge:

In accordance with your request, Carollo Engineers, Inc. (Carollo) has conducted an evaluation of the impact of the proposed additional flow from the Contra Costa West Re-Entry Facility (Proposed Project) on the West County Wastewater (WCW) collection system facilities. The results of our evaluation are presented in this letter report.

DRAFT

Background

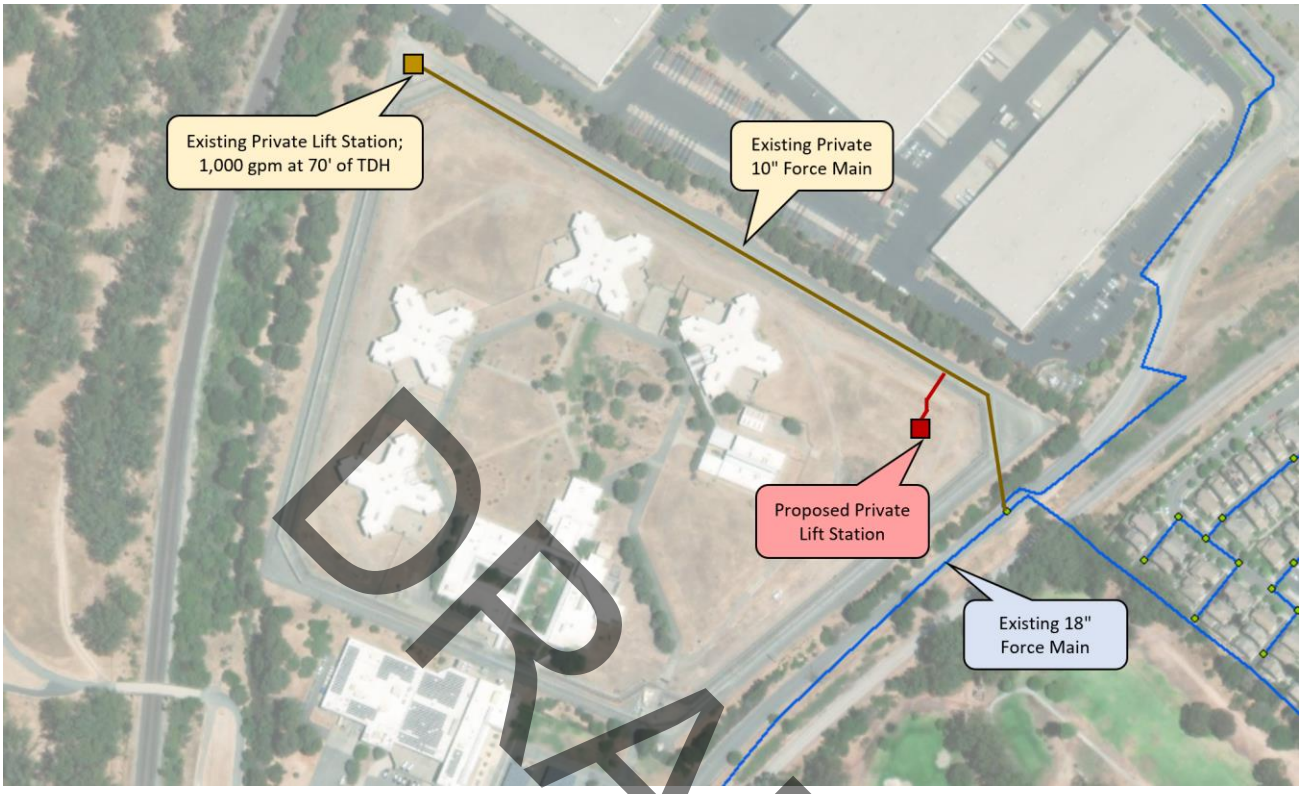
WCW contracted with Carollo to prepare the 2014 Collection System Master Plan (Master Plan). As part of the Master Plan, Carollo built and calibrated a hydraulic model of the system and performed a capacity analysis to identify system deficiencies within the collection system under peak flow conditions. The hydraulic model was developed using the InfoSWMM software package developed by Innovyze, Inc. (Innovyze).

WCW received a set of plans for the proposed upgrades to the Contra Costa West Re-Entry Facility (Proposed Project), located at the existing West County Justice Center located at 5555 Giant Highway in Richmond, CA, that would increase the existing facility flows by 3,500 gallons per day (gpd).

The Proposed Project is seeking to discharge into an existing private 10-inch forcemain, as shown on Figure 1. There is an existing private lift station at the West County Justice Center (with a firm capacity of 1,000 gpm) that conveys flow from the existing West County Justice Center to an existing 18-inch diameter forcemain on Giant Highway that is owned and operated by WCW. WCW's 18-inch forcemain discharges into a 36-inch diameter gravity main that increases in size from 48-inches to 54-inches in diameter by the time it reaches the Water Quality and Resource Recovery Plant. WCW requested that Carollo conduct an analysis of the impact of the Proposed Project on the collection system downstream of the proposed discharge location.

Hydraulic Analysis

Carollo utilized the hydraulic model developed as part of the Master Plan to evaluate the impact of the Proposed Project on the existing collection system facilities. The model was run under the 5-year, 24-hour design storm event (as defined in the Master Plan) and evaluated the impact of the development according to the Master Plan established planning criteria. The Master Plan flagged capacity deficiencies where the maximum hydraulic grade line (HGL) of a sewer encroached to within three-feet of the manhole rim under the 5-year, 24-hour design storm.



DRAFT

Figure 1 Contra Costa West Re-Entry Facility Discharge Point

As part of the analysis, Carollo added a proposed project flows to the existing 18-inch diameter forcemain, and then ran the design storm simulation in the model. We then compared the results of the design storm simulation with the proposed facility upgrade to the existing model runs, in order to determine the relative impact of the facility upgrades on the collection system.

When Carollo ran the 5-year, 24-hour design storm through the model with the Proposed Project, there was a negligible impact on WCW's 18-inch forcemain and downstream gravity sewers associated with the increase in flow associated with the Proposed Project.

Carollo also reviewed the proposed layout of the proposed private lift station and forcemain. As shown on Figure 1, the Proposed Project is proposing a manifold forcemain system in which the Proposed forcemain system would discharge into the existing 10-inch forcemain that flows into the WCW 18-inch diameter forcemain. This solution is hydraulically feasible, but is generally not preferable due to operational challenges as well as the increased risk of sanitary sewer overflows. In manifold forcemain systems, multiple pumps discharge into the same forcemain creating a large range in head conditions for which the lift station pumps would need to accommodate. Should the existing 18-inch or 10-inch forcemain experience higher than expected pressures during peak wet weather flow conditions, it is possible that the proposed Private Lift Station pumps would not be able to pump against this additional head, which could lead to a risk of overflow. An alternative solution would be to convey flows from

the Proposed Private Lift Station to the existing 1,000 gpm West County Justice Center Lift Station and to repump them to the existing 18-inch forcemain on Giant Highway, as shown on Figure 2.

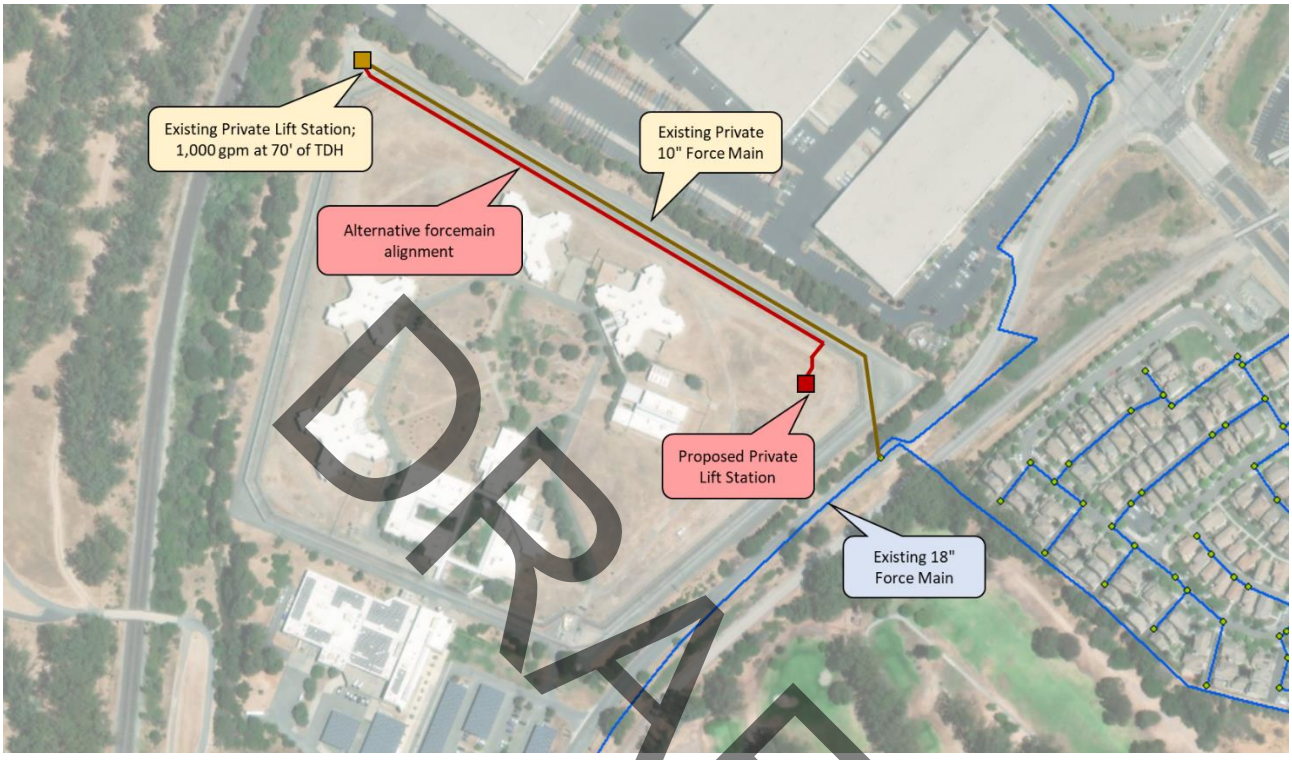


Figure 2 Alternative Contra Costa West Re-Entry Forcemain Alignment

Conclusions

Carollo conducted an analysis of the impact of adding the Proposed Project to the existing WCW collection system. The analysis showed that the impact to the existing WCW facilities of adding the additional flow from the Proposed Project would be negligible.

Carollo also reviewed the proposed layout of the proposed private lift station and forcemain associated with the Contra Costa West Re-Entry facility, which would be a manifold forcemain system. This solution is hydraulically feasible, but generally not preferable. In manifold forcemain systems, multiple pumps discharge into the same forcemain creating a large range in head conditions for which the lift station pumps would need to accommodate. Should the existing 18-inch or 10-inch forcemain experience higher than expected pressures during peak wet weather flow conditions, it is possible that the proposed Private Lift Station pumps would not be able to pump against this additional head, which could lead to a risk of overflow. An alternative solution would be to convey flows from the Proposed Private Lift Station to the existing 1,000 gpm West County Justice Center Lift Station and to repump them to the existing 18-inch forcemain on Giant Highway.

Staff Report

To: Board of Supervisors

From: Monica Nino, County Administrator

Report Title: 1st Quarter Status Report on Measure X Innovation Fund Projects

☒Recommendation of the County Administrator ☐ Recommendation of Board Committee

RECOMMENDATIONS:
RECEIVE status report on the first quarter progress of the five Innovation Fund grant projects.

FISCAL IMPACT:
No fiscal impact. This is an informational report with no recommended action.

BACKGROUND:
On October 17, 2023, at the conclusion of a year-long competitive bidding process, the Board of Supervisors approved the award of Measure X Innovation Fund grants totaling $1,790,737 to five promising projects. Contracts with each grantee were executed by the County Administrator effective December 1, 2023, since which time the projects have been underway.

What follows is a short description of each project, Innovation Funds spent through April 15, 2024, and a summary of progress made towards project goals. Also noted are any challenges or impediments reported by the grantees and any anticipated impacts they will have on the project outcomes or timeline.

The County Administrator's Office will continue to monitor progress, do what can be done to support the grantees, and report to the Board quarterly.

1ST QUARTER UPDATE

Smart Food Lockers Project, Food Bank of Contra Costa and Solano
Contract Award: $717,500
Paid thru April 15, 2024: $5,141 (<1%)

Program Summary: Purchase of food lockers to enable eligible individuals to pick up food anonymously and at their convenience. Like Amazon Hub Locker model, banks of 20 climate-controlled lockers can be placed either inside or outdoors. Food orders are placed electronically, and user codes are granted for pick up. Distributions will begin with a standard set of food staples with a long-term goal of customizing for dietary preferences or restrictions. There is capacity for up to three locker fills daily, so each 20-locker bank can potentially serve 60 families daily.

1st Quarter Status Update
The project team has selected the locker vendor, Click and Collect. This vendor provides a high-quality product customized for food banks at a lower cost than projected in the proposal budget. With this reduced cost, the team is now looking to purchase 6 banks of lockers instead of 4 banks of lockers with grant funds, to serve more food insecure Contra Costa County residents than initially expected.

The team has engaged with 15 partner agencies that expressed interest in becoming locker sites. Staff visited multiple sites to evaluate accessibility and feasibility. The team has tentative agreements with 2 agencies (Contra Costa College in San Pablo and Los Medanos College in Brentwood) to place lockers at their sites and has developed MOUs with those sites for approval by their Board/leadership. The team has identified another existing partner with 4 potential sites, each with interest in hosting a bank of lockers.

Impediments. Unfortunately, the turnaround time for the lockers is 16 weeks, twice as long as vendors projected in August of 2023. This additional processing and shipping time will push back the locker installation, branding, and food distribution by approximately two months. The team has also encountered some reluctance of partner agencies to host lockers 24/7 due to concerns about crime and vandalism, and in recognition of ongoing annual locker maintenance fees.

Pittsburg Mobile Family Resources Program, Lincoln Families
Contract Award: $330,000
Paid thru April 15, 2024: $54,953 (17%)

Program Summary: The awarded project, the Pittsburg Mobile Family Resources (PMFR), brings resource coordination and direct services together with community engagement. Through a network of service providers, the PMFR promises to provide youth and families with coordinated intake, direct services, resource navigation, and strengthened informal support/community engagement. For the project to succeed, the PMFR requires a strong community champion to lead the project.

1st Quarter Status Update
The project team searched for the right candidate to lead PMFR. Additionally, the team gathered community input, conducted community resource scans, and laid the groundwork for intentional community convening and collective project guidance.

While the team rigorously recruited the project leader and made an offer to a qualified Pittsburg resident, a formal hire has not yet occurred. Pending the hiring of a project leader, an Associate Director of Lincoln Families has served as project leader.

The team conducted a resource assessment scan, identifying CBOs that provide mental health and wellness services for families in Pittsburg, and identified 11 potential CBOs as potential partners for the PMFR project located in Pittsburg and Antioch and an additional 9 throughout all East Contra Costa County. The team plans to convene potential providers in April and continues to explore appropriate host sites for PMFR direct services.

Impediments. The hiring of a project leader has been difficult, as the market is competitive, and applicants are not abundant. With only 10 other applicants, most lacked experience in coalition building, a skill that is critical to this leadership position.

Hispanic Outreach Manager Project, Support4Recovery
Contract Award: $147,237
Paid thru April 15, 2024: $32,094 (22%)

Program Summary: Will provide addiction treatment in the Hispanic community. It is modeled off BiBett's Pueblo del Sol program, which offers a residential detoxification program to Spanish speakers. The program goals are to increase awareness that recovery services are available in Spanish and help individuals overcome barriers to getting substance abuse treatment, such as obtaining U.S. identification.

1st Quarter Status Update
The project team conducted a community survey to identify the most pressing needs of Hispanic individuals with substance abuse. They developed partnerships with Pueblos del Sol, the County Public Defender's Office, Casa Club de la Hispanidad, and Re-Entry Success to expand outreach and service capacity and to collaborate to develop personalized exit plans for individuals who qualify for sober living housing, whether they are in custody or undergoing treatment.

The team conducted its first orientation for community members wanting to become bilingual substance abuse counselors. Through engaging discussions on becoming a registered counselor and the importance of bilingualism in serving the community effectively, the team has sparked interest and enthusiasm among individuals seeking to provide culturally competent and linguistically appropriate services to ensure equitable access to support and care for all individuals.

Through partner collaboration, ten housing grants were provided to support clients who have completed treatment.

In collaboration with the Public Defender's Office and Re-Entry Success, the team is planning workshops to be conducted in local jails to provide information and guidance specifically tailored for Spanish-speaking inmates who are struggling with substance abuse issues. Through these workshops, inmates will have the opportunity to access vital information in their native language on substance abuse treatment services, recovery resources, and strategies for overcoming addiction.

Impediments. The limited availability of beds for detoxification and treatment for Hispanics in Contra Costa County has emerged as a significant challenge for the project. With only eight beds allocated for detox and 12 beds for treatment, the team is facing constraints in meeting the growing demand for services within the Hispanic community. Moreover, there are no treatment beds for Spanish speaking women.

Due to illness of one team member, visits to the Mexican Consulate and meetings of the women's focus group have been delayed but are expected to be conducted in the next quarter.

Digital Inclusion Program, Tech Exchange
Contract Award: $500,000
Paid thru April 15, 2024: $250,000 (50%)

Program Summary: The program promises to source used computer devices from environmentally responsible businesses and individuals and refurbish and distribute devices to persons who receive public benefits and complete 8 hours of free digital skills training, and to nonprofit organizations that serve

disadvantaged groups. Training will be offered in multiple languages. The program will employ STEM interns.

1st Quarter Status Update
Tech Exchange received 336 donated devices from 4 donor organizations/individuals and developed relationships with six Contra Costa County agencies for distribution. New partners include DeJean Middle School (DJMS), Richmond Public Library (RPL), El Timpano, Multicultural Institute Richmond Branch, First Page New Chapter (FPNC), and Pittsburg Youth Development Center (PYDC). The project team established an MOU with DJMS to continue pilot program offerings while planning for a full launch at the start of the 24-25 school year. The team completed one digital skills cohort for adults at DJMS (four 2-hour sessions) and started two more (currently in session), with additional classes scheduled for May and beyond. The team also distributed an additional 60 devices free to parents of DJMS students and to clients of El Timpano, with plans to install a computer lab at PYDC in May, along with additional device distributions.

Impediments. Due to the winddown of the Affordable Connectivity Program, which made internet service affordable for many households, Tech Exchange's internet enrollment outreach is now focused on ensuring that current recipients of affordable internet have everything they need for the upcoming transition, with the aim of implementing an updated internet enrollment approach by Quarter 2 of the project.

Food Rescue Hero (FRH) Program, White Pony Express
Contract Award: $100,000
Paid thru April 15, 2024: $25,000 (25%)

Program Summary: The FRH application (app) is a pioneering technology solution that connects food producers' surplus with available volunteer food-runners. It works like Uber, only for free food distribution. FRH provides real-time food delivery, connecting volunteers with smaller food donors like restaurants, caterers, schools, and cafeterias. The app allows food donors to signal when they have excess food. Available volunteers are then pinged via the app and can claim the run, electing to pick up and deliver the food immediately to a matching recipient organization registered in the program. This ground-breaking technology facilities the dual goals of feeding hungry people and reducing food waste.

1st Quarter Status Update
The project team continued to build and use FRH app to connect fresh, healthy food to organizations that feed the hungry. The grant helped the team move the program forward in several ways. The team crafted a marketing strategy and outreach materials to raise awareness and engage local businesses as food donors. They contacted restaurants, markets, and other food purveyors to invite their participation in the initiative. They used media outlets, published the initiative in newsletters and bulletins, visited businesses, attended events, and collaborated with community partners and volunteer organizations. They educated the community, public officials, and decision makers, raising awareness about food waste, food insecurity, the new law, and how to take action. The team conducted training for food donors, volunteers, and recipients on how to best use the FRH app.

Through March 31, metrics for this reporting period include:
1. Engaged 36 new food donation suppliers.
2. Registered 79 new volunteer food runners on the app.
3. Made 1,014 deliveries via the app.

4. Total FRH volunteers on the app = 420.
5. FRH volunteers actively using the app = 147.

Impediments. None reported.

CONSEQUENCE OF NEGATIVE ACTION:
Not applicable.

Report Title: Contract 20-534-0 Fleet Commander Renewal with Government Marketing & Procurement, LLC

☒Recommendation of the County Administrator ☐ Recommendation of Board Committee

RECOMMENDATIONS:

APPROVE and AUTHORIZE the Purchasing Agent, or designee, to execute on behalf of the Employment and Human Services Department a purchase order and related agreement with Government Marketing & Procurement, LLC dba Agile Fleet, Inc., for the purchase of the Fleet Commander service system in the amount not to exceed $45,009 for the period April 1, 2024 through March 31, 2027.

FISCAL IMPACT:

$45,009; (59% Federal; 35% State; 6% County) $15,003 of which is budgeted in FY 23/24, $15,003 of which will be budgeted in FY 24/25, and $15,003 of which will be budgeted in FY 25/26.

BACKGROUND:

Fleet Commander is a well-known vehicle management platform. The system provides analytic reporting that the County can use to provide insights into end-of-life for vehicles, as well as visibility. Prior to Fleet Commander, county car usage details were maintained manually by each district office, which resulted in double-booking, errors in tracking, and an overall lack of visibility by management. This purchase includes a Software License and Maintenance Agreement that includes an indemnification clause, which has been approved by County Counsel. This vendor was selected per procurement requirements as outlined in Administrative Bulletin 600.3.

CONSEQUENCE OF NEGATIVE ACTION:

The County's management of Employment and Human Services' fleet of vehicles will be inefficient and limited to manual tracking.

CHILDREN'S IMPACT STATEMENT:

This purchase supports all five of the community outcomes established in the Children's Report Card: (1) "Children Ready for and Succeeding in School"; (2) "Children and Youth Healthy and Preparing for Productive Adulthood"; (3) "Families that are Economically Self-Sufficient"; (4) "Families that are Safe, Stable and Nurturing"; and (5) "Communities that are Safe and Provide a High Quality of Life for Children and Families," by supporting staff working directly with families and children.

☒Recommendation of the County Administrator ☐ Recommendation of Board Committee

RECOMMENDATIONS:

APPROVE and AUTHORIZE the Employment and Human Services Director, or designee, to execute a contract amendment with Contra Costa Senior Legal Services to extend the term through September 30, 2024, with no change to the payment limit of $569,375.

FISCAL IMPACT:

No fiscal impact.

BACKGROUND:

On January 10, 2023, the Board of Supervisors approved item C.49 authorizing the execution of a contract with Contra Costa Senior Legal Services (CCSLS) for legal services for the period January 11, 2023 through December 31, 2023. This contract is funded by the California Department of Aging's (CDA) Home and Community Based Services (HCBS)/Older Adults Recovery and Resilience (OARR) allocation. On July 24, 2023, CDA issued a contract extension for OARR funding with a new end date of September 30, 2024. The amendment was delayed due to a contractor vacancy which delayed the start of the amendment process. Accordingly, this amendment extends County's contract with CCSLS for HCBS/OARR-funded legal services to end on September 30, 2024, with no change in the total contract amount.

CONSEQUENCE OF NEGATIVE ACTION:

County will not be able to take advantage of the state's OARR contract extension for legal services for older adults, persons with disabilities, and family caregivers in Contra Costa County. The county will forfeit any unused funds.

CHILDREN'S IMPACT STATEMENT:

This contract supports the fourth of Contra Costa County's community outcomes of the Children's Report Card, "Families that are Safe, Stable and Nurturing."

☒Recommendation of the County Administrator ☐ Recommendation of Board Committee

RECOMMENDATIONS:

APPROVE and AUTHORIZE the Employment and Human Services Director, or designee, to execute a contract with Laboratory Corporation of America Holdings, a Corporation of Delaware, in an amount not to exceed $18,900, to provide genetic parentage testing services for the period July 1, 2024 through June 30, 2026.

FISCAL IMPACT:

$18,900: 70% State 2011 Realignment Funds, and 30% County General Fund, of which $9,450 will be budgeted in FY 2024-25 and $9,450 FY 2025-26 (per budget).

BACKGROUND:
Since July 1, 2019, the Employment and Human Services Department (EHSD) Children and Family Services Bureau (CFS) has been required to take on genetic testing contracting responsibilities as a result of a California Department of Social Services (CDSS) mandate. The Contractor provides genetic parentage testing for CFS clients to evaluate paternity in court ordered cases. The services provided under the Contract are court ordered and require an active provider to handle service delivery for clients. This contract will renew the prior approved contract for the period July 1, 2024 through June 30, 2026, to provide genetic testing services for clients of CFS. This Contract includes modified indemnification and insurance language, which were approved by Risk Management.

On September 10, 2019 (C.81) the Board of Supervisors approved a contract with Laboratory Corporation of America Holdings in an amount not to exceed $15,000 to provide genetic parentage testing services for clients of the Children and Family Services Bureau for the period July 1, 2019 through June 30, 2020. The Board then approved subsequent renewals on June 23, 2020 (C.41), June 22, 2021 (C.93), and June 21, 2022 (C.98). This Contract has Sole Source Justification.

Nurturing"; and 5) "Communities that are Safe and Provide a High Quality of Life for Children and Families" by providing training to CFS staff to support these outcomes.

CONSEQUENCE OF NEGATIVE ACTION:

Report Title: Contract #20-170-14 CocoKids, Inc., Contract Renewal

☒Recommendation of the County Administrator ☐ Recommendation of Board Committee

RECOMMENDATIONS:

APPROVE and AUTHORIZE the Employment and Human Services Director, or designee, to execute a contract renewal with CocoKids, Inc., a non-profit corporation, in an amount not to exceed $1,122,152, to provide Emergency Child Care Bridge Program for Foster Children services for the period July 1, 2024 through June 30, 2025.

FISCAL IMPACT:

$1,122,152: (85% State Capped Allocation and 15% Federal Title IV-E), all of which will be budgeted in FY24 -25.

BACKGROUND:

On April 24, 2023, the California Department of Social Services (CDSS) issued Child Care Bulletin (CCB) No. 23-10 announcing the FY 2023-2025 Bridge Program Opt-In Notification. Contra Costa County Employment and Human Services Department (EHSD) Children and Family Services (CFS) Bureau opted in at the approval of the Board of Supervisors on May 23, 2023 (C.30). This contract will renew the prior approved contracts for a term of July 1, 2024 to June 30, 2025 to provide Bridge Program Services.

On May 24, 2022, the Board approved item C.41, to execute a contract with CocoKids, Inc., for a term of July 1, 2022 to June 30, 2024 including Board approval of subsequent amendments on January 10, 2023 item C.50; and June 27, 2023 item C.73 to provide Bridge Program services.

Access to child care for potential eligible families seeking to take in a foster child continues to be one of the top barriers to placing young foster children with families. The Emergency Child Care Bridge Program for Foster Children (Bridge Program) was enacted through Senate Bill 89, (Chapter 24, Statutes of 2017) and implemented in January 2018 to reduce child care barriers for children and parenting youth in the foster care system, their caregiver families, and non-minor dependent parents.

The Contractor is the designated Child Care Resource and Referral Agency that provides Bridge Program

services in Contra Costa County that include a twelve-month payment (or voucher) for child care with the possibility to extend the voucher beyond the initial twelve months, child care navigator assistance, as well as trauma-informed care training and coaching to child care providers who care for children in foster care. The contract terms and budget were negotiated with Contractor to allow the Contractor and County to continue to provide Bridge Program services delivering critical emergency child care services to foster youth and their eligible families through June 30, 2025.

CHILDREN'S IMPACT STATEMENT:

This contract supports all five of the community outcomes established in the Children's Report Card: 1) "Children Ready for and Succeeding in School"; 2) "Children and Youth Healthy and Preparing for Productive Adulthood"; 3) "Families that are Economically Self Sufficient"; 4) "Families that are Safe, Stable and Nurturing"; and 5) "Communities that are Safe and Provide a High Quality of Life for Children and Families" by providing safe housing and support to assist youth in foster care.

CONSEQUENCE OF NEGATIVE ACTION:

The County may face an increased number of foster youth unable to be placed with eligible families due to lack of access to subsidized child care and State/Federal funding will be lost.

☒Recommendation of the County Administrator ☐ Recommendation of Board Committee

RECOMMENDATIONS:

APPROVE and AUTHORIZE the Employment and Human Services Director, or designee, to execute a contract with Phamatech, Incorporated, in an amount no to exceed $359,820 to provide court mandated substance abuse testing and related services for Contra Costa County Child welfare cases for the period July 1, 2024 through June 30, 2025.

FISCAL IMPACT:

$359,820: 100% State Funded, all of which will be budgeted in FY 24-25.

BACKGROUND:

Substance abuse can indicate a significant risk of abuse and/or neglect toward any children under the care of the addicted individual. When such a risk is identified, individuals receiving services through Employment and Human Services Department (EHSD) Children and Family Services (CFS) child welfare are required to drug test in order to assure compliance with treatment plans and/or court orders. This Staff Report is to execute a contract renewal for the period July 1, 2024 through June 30, 2025 to provide court mandated substance abuse testing and related services for Contra Cost County child welfare cases.

In 2022, Phamatech, Incorporated (Contractor) was selected from a competitive bid process, Request for Proposal #1183 to provide substance abuse testing and related services to EHSD CFS clients. Contractor will provide randomized scheduled drug testing, ensure the availability of specimen collection sites, screen test specimens, provide test results, provide “on-demand” sample testing when requested by CFS, and provide monthly statistics and reports to CFS for clients referred for drug testing. Laboratory results are submitted for inclusion in Child Welfare dependency, Family Reunification and Family Maintenance case files.

On May 24, 2022, the Board of Supervisors approved item (C.55) authorizing executing a contract with Contractor. On July 26, 2022, the Board approved item (C.77) authorizing executing a contract amendment to modify the substances included in the standard testing panel for court mandated substance abuse testing.

CHILDREN'S IMPACT STATEMENT:

This contract supports one of Contra Costa County's community outcomes of the Children's Report Card (4) "Families that are Safe, Stable and Nurturing".

CONSEQUENCE OF NEGATIVE ACTION:

The County will not be in compliance with mandated court-ordered substance abuse testing requirements for child welfare clients.

RECOMMENDATIONS:
APPROVE and AUTHORIZE the Purchasing Agent to execute, on behalf of the Employment and Human Services director, a purchase order and related agreement with eCivis, Inc. in an amount not to exceed $31,506 for grant management software with grant search and tracking capabilities for the period May 1, 2024 through June 30, 2026.

FISCAL IMPACT:
$31,506: to be funded by fees associated with marriage, death and birth certificates (100% Special Fund); $9,800 of which is budgeted in FY 23/24, $10,486 which will be budgeted in FY24/25, and $11,220 which will be budgeted in FY25/26.

BACKGROUND:
The Employment and Human Services Department (EHSD), Information Technology Unit (IT), needs to renew a subscription based online database. EHSD has used this service since 2018. The eCivis. Inc. subscription will provide online, comprehensive, searchable database of federal, state and foundation grant funding. The database, created for use by government agencies, eliminates the need to research dozens of foundations, state, and federal agency websites to find obscure references to funding solutions. BACKGROUND:

The Employment and Human Services Department (EHSD) needs to renew its primary network management software. This software enables EHSD to automate many Active Directory management tasks which allows the IT group to better allocate limited network management staff to higher priority tasks. The Software License Agreement limits the liability of Zoho Corporation to no more than the amount the County has paid in the twelve months preceding a claim. This purchase order includes a service agreement that includes an indemnification clause. This vendor was selected per procurement requirements outlined in Administrative Bulletin 600.3.

This purchase order was delayed due to changing processes needed to implement the updated Administrative Bulletin 600.3 purchasing procedures.

FISCAL IMPACT:
Approval of this action would result in a one-time capital expenditure of up to $80,845 and will be funded by Hospital Enterprise Fund I revenues.

BACKGROUND:
CCRMC's current GE Flashpad detector is broken, at its end of useful life, and can no longer be repaired. It is a wireless x-ray detector that delivers high image quality at low radiation dose levels. It is the only detector capable of high-frame-rate imaging that enables advanced applications on high-end GE radiography systems. It features ultra-wideband wireless communication technology that transfers data quickly and reliably and can be easily shared between compatible GE x-ray systems due to its wireless design. On February 26, 2024 the Purchasing Agent approved the continued use of GE Precision HealthCare LLC (GE HealthCare).

Board of Supervisor approval is requested due to GE HealthCare's terms and conditions limiting their liability for direct damages to the County to not exceed the cost for products or services.

CONSEQUENCE OF NEGATIVE ACTION:

☒Recommendation of the County Administrator ☐ Recommendation of Board Committee

RECOMMENDATIONS:
APPROVE and AUTHORIZE the Health Services Director, or designee, to execute on behalf of the County (1) a Software as a Service Agreement and (2) Order Transaction Document with Merative US L.P., a limited partnership, in an amount not to exceed $80,220, for a hosted drug-disease database for Contra Costa Regional Medical Center (CCRMC) for the period from December 31, 2023 through December 30, 2026.

FISCAL IMPACT:
This contract will result in contractual service expenditures of up to $80,220 over a 3-year period and will be funded 100% by Hospital Enterprise Fund I.

BACKGROUND:
CCRMC utilizes the Micromedex platform to assist clinicians and pharmacists with drug utilization and associated costs through advanced analytics applications. The license to this Software as a Service (SaaS) provides CCRMC access to Merative's Micromedex gateway of products with several offerings, including those that extract drug information, monitor the drug-disease interaction, and provide clinical information through the SaaS. Merative's Micromedex Clinical Knowledge Suite is a single solution resource for powerful clinical decision support that offers comprehensive evidence-based resources at the point of care for medication management, toxicology, and disease and condition management. Point-of-care references and embedded drug data solutions are trusted to help elevate quality, reduce costs, and improve patient outcomes. Per Administrative Bulletin 600.3, this contractor has been approved by the Public Works Department's Purchasing Division on April 10, 2024. CCRMC's Quality Management, Utilization Management, and Contract Monitor Staff meet regularly to ensure monitoring and performance measure compliance regarding the availability of the SaaS and service level agreement noted in a transaction document. Per County Administrative Bulletin 600.3, CCRMC is transferring the documentation of services from the purchase order to this contract (PO#026877). CCRMC Inpatient Pharmacy is requesting retroactive approval for this renewal due to delays caused by contract negotiations between the parties.

Approval of this Software as a Service Agreement allows Merative US L.P. to provide services through December 30, 2026. This agreement limits the direct damages the County can recover from Merative to the amount paid by the County in the twelve (12) months preceding any claim.

CONSEQUENCE OF NEGATIVE ACTION:

If this contract is not approved, the services to be provided under this renewal will be limited in their availability and clinical information necessary to enable coordination of care will severely jeopardize patient care.

Report Title: Amendment #23-721-2 with Granicus, LLC.

☒Recommendation of the County Administrator ☐ Recommendation of Board Committee

RECOMMENDATIONS:
APPROVE and AUTHORIZE the Health Services Director, or designee, to execute on behalf of the County Amendment Agreement #23-721-2 with Granicus, LLC, a limited liability company, effective June 1, 2024, to amend Contract #23-721 (as amended by Amendment/Extension Agreement #23-721-1), to increase the payment limit by $5,000, from $975,758 to a new payment limit of $980,758, for additional customization services for Contra Costa Health's (CCH) website with no change in the term of June 1, 2022 through September 30, 2026.

FISCAL IMPACT:
Approval of this Amendment will result in additional annual expenditures of up to $5,000 and will be funded as budgeted by the department in FYs 2024-26, by Hospital Enterprise Fund I.

BACKGROUND:
In June 2022, Granicus, LLC replaced CCH's cchealth.org website and its 2,900 subsidiary web pages, content, and functionality, providing services to plan, develop, test, roll out, support, and host a fully moderated digital community engagement platform, as manual coding over many years caused the website to become problematic to update or add to. The new website and its functionality allow for lower maintenance costs, easier usability by the County and community members, and greater control by community members to get information as requested. This amendment will allow a one-time customization service to improve its functionality.

On May 24, 2022, the Board of Supervisors approved Contract #23-721 with Granicus, LLC, in an amount not to exceed $890,850, for the provision of development, support and maintenance of a new CCH website, for the period from June 1, 2022, through May 31, 2025.

On September 19, 2023, the Board of Supervisors approved Amendment Agreement #23-721-1 with Granicus, LLC, effective October 1, 2023, to increase the payment limit by $84,908 to a new payment limit of $975,758 and extend the termination date from May 31, 2025 to September 30, 2026 for additional development, implementation, support and maintenance for the CCH website.

Approval of Amendment Agreement #23-721-2 will allow the contractor to provide additional website functionality services through September 30, 2026.

CONSEQUENCE OF NEGATIVE ACTION:
If this Amendment is not approved, the functionality of the CCH website will not be improved hurting community members' engagement.

Report Title: CONTINUE EXTENSION OF EMERGENCY DECLARATION REGARDING HOMELESSNESS

☒Recommendation of the County Administrator ☐ Recommendation of Board Committee

RECOMMENDATIONS:
CONTINUE the emergency action originally taken by the Board of Supervisors on November 16, 1999 regarding the issue of homelessness in Contra Costa County.

FISCAL IMPACT:
There is no fiscal impact for this action.

BACKGROUND:
On November 16, 1999, the Board of Supervisors declared a local emergency, pursuant to the provisions of Government Code Section 8630 on homelessness in Contra Costa County. Government Code Section 8630 requires that, for a body that meets weekly, the need to continue the emergency declaration be reviewed at least every 60 days until the local emergency is terminated. The Board of Supervisors last reviewed and continued the emergency declaration on March 5, 2024.

With the continuing high number of homeless individuals and insufficient funding available to assist in sheltering all homeless individuals and families, the emergency situation still exists and it is, therefore, appropriate for the Board to continue the declaration of a local emergency regarding homelessness.

Report Title: Introduce Ordinance No. 2024-05 to Establish a Two-Year Pilot Program for Microenterprise Home Kitchen Operations

☒Recommendation of the County Administrator ☐ Recommendation of Board Committee

RECOMMENDATIONS:
INTRODUCE Ordinance No. 2024-05, establishing a two-year pilot program for permitting Microenterprise Home Kitchen Operations within Contra Costa County, WAIVE reading, and FIX May 21, 2024, for adoption.

FISCAL IMPACT:
The costs to administer the Microenterprise Home Kitchen Operations program will initially be absorbed by the existing budget of the Contra Costa Health, Environmental Health Division (EHD) and supplemented by an upcoming Microenterprise Home Kitchen Operations grant program allocated in the 2022 State budget. On the proposed ordinance adoption date of May 21, 2024, EHD also intends to present a resolution to the Board to establish new permit fees to cover the cost of the Microenterprise Home Kitchen Operations program. There likely will be no impact to the County's general fund, as EHD is fully cost-covered by permit fees established via Board resolution.

BACKGROUND:
On January 1, 2019, California Assembly Bill 626 (AB 626) went into effect and Microenterprise Home Kitchen Operation was established as a new type of retail food facility that allows an individual to operate a restaurant in their private residence.

In October 2019, California Assembly Bill 377 (AB 377) made some changes to AB 626 and provided regulatory clarity. This Bill provided each county full discretion to authorize the Microenterprise Home Kitchen Operations program within its jurisdiction.

In July 2023, California Assembly Bill 1325 (AB 1325) further modified state law relating to Microenterprise Home Kitchen Operations, increasing the maximum amount of gross annual sales and increasing the limit on the number of individual meals that can be sold by a Microenterprise Home Kitchen Operation.

Currently, the legislation permits counties to authorize individuals to use their home kitchens to prepare, sell and serve up to 30 meals per day, or 90 meals per week, and collect a maximum annual revenue of $100,000. Family members can be employed to help operate Microenterprise Home Kitchen Operations, along with a maximum of one paid non-family employee. Risky food preparation techniques are prohibited, and menus are restricted to items that can be prepared and sold the same day. Meals can be served in the home, picked up by

the customer, or delivered by the Microenterprise Home Kitchen operator.
Microenterprise Home Kitchen Operations require an annual valid health permit issued by the Contra Costa Health, Environmental Health Division, an initial permitting inspection and an annual routine inspection thereafter. Microenterprise Home Kitchen Operation owners are required to obtain a Food Manager certificate and employees are required to obtain a Food Handler card.

Since the state established Microenterprise Home Kitchen Operations in 2019, ten counties have permanently authorized these operations. In addition, three counties have temporarily authorized Microenterprise Home Kitchen Operation pilot programs. As of March 2024, there are nearly 400 permitted Microenterprise Home Kitchen Operations across the state.

On October 24, 2023, the Board of Supervisors directed EHD to return with an ordinance for temporary authorization of Microenterprise Home Kitchen Operations in Contra Costa County as a pilot program.

The attached Ordinance No. 2024-05 would temporarily authorize the permitting of Microenterprise Home Kitchen Operations within the incorporated and unincorporated areas of the County. It establishes a two-year program, ending June 30, 2026. EHD anticipates proposing permanent adoption of the program at the conclusion of the two-year program.

The benefits of authorizing Microenterprise Home Kitchen Operations include:

- Increased economic opportunities;
- Encourages safer and legal home businesses;
- Allows people to learn how to operate small-scale food businesses;
- Enables in-home care for families while still generating income;
- Creates additional family income; and
- Provides food in remote locations and food deserts.

CONSEQUENCE OF NEGATIVE ACTION:
Microenterprise Home Kitchen Operations will not be authorized in Contra Costa County and will continue to be prohibited within the county.

ORDINANCE NO. 2024-05

ORDINANCE AUTHORIZING THE PERMITTING OF MICROENTERPRISE HOME KITCHEN OPERATIONS THROUGHOUT CONTRA COSTA COUNTY

The Contra Costa County Board of Supervisors ordains as follows:

SECTION I. SUMMARY. This ordinance adds Article 413-3.20 to the County Ordinance Code to authorize and regulate microenterprise home kitchen operations throughout Contra Costa County in accordance with California Health and Safety Code sections 114367 through 114367.6.

SECTION II. Article 413-3.20 is added to the County Ordinance Code to read:

Article 413-3.20. MICROENTERPRISE HOME KITCHEN OPERATIONS

413-3.2002 Purpose and Applicability.

(a) The purpose of this article is to authorize the permitting of microenterprise home kitchen operations in accordance with Health and Safety Code sections 114367 through 114367.6, to allow for small-scale, direct food sales from home-based food facilities to prioritize locally prepared foods to consumers. This will allow small-scale entrepreneurs entry into the retail food economy and will help provide them with access to guidelines, training, and safety resources.

(b) The requirements of this article apply within all incorporated and unincorporated areas of Contra Costa County, in accordance with Health and Safety Code section 114367. (Ord. 2024-05 § 2.)

413-3.2004 Definitions. For purposes of this article, the following words and phrases have the following meanings:

(a) "MEHKO operator" means the resident of a private home who holds a microenterprise home kitchen operation permit and is responsible for the operation of the microenterprise home kitchen operation.

(b) "Microenterprise home kitchen operation" or "MEHKO" has the meaning set forth in Health and Safety Code section 113825.

(c) "Permitted area" has the meaning set forth in Health and Safety Code section 114367.2. (Ord. 2024-05 § 2.)

413-3.2006 Microenterprise Home Kitchen Operation Permits.

(a) A microenterprise home kitchen operation may not operate without a valid permit issued by the health officer.

(b) An application for a microenterprise home kitchen operation must be made on a form provided by the Environmental Health Division. The applicant must specify the equipment and standard operating procedures the applicant proposes to use in compliance with Health and Safety Code section 114367.2(c).

(c) A MEHKO operator shall successfully pass an approved and accredited food safety certification examination, in compliance with Health and Safety Code section 113947.1, and submit proof of certification, with the application for a microenterprise home kitchen operation permit.

(d) A permit may only be issued after the health officer has conducted an initial inspection of the proposed microenterprise home kitchen operation location, as authorized by Health and Safety Code section 114367.2(d)(1), and determined that the proposed microenterprise home kitchen operation and its method of operation complies with the requirements of Health and Safety Code sections 114367 through 114367.6.

From: Anna Roth, Health Services Director

Report Title: Payments for Services Provided by Project Open Hand

☒Recommendation of the County Administrator ☐ Recommendation of Board Committee

RECOMMENDATIONS:
APPROVE and AUTHORIZE the Auditor-Controller, or designee, to pay $10,000 to Project Open Hand, a non-profit corporation, for additional home-delivered meals for low-income residents of Contra Costa County living with HIV for the period September 13, 2023 through March 31, 2024, as recommended by the Health Services Director.

FISCAL IMPACT:
Approval of this payment will result in expenditures of $10,000 and is funded 100% by Ryan White Care Act-Part B.

BACKGROUND:
This contractor provides home-delivered meals throughout Contra Costa County in accordance with County's Agreement #28-849-10 with California Department of Public Health Office of AIDS as grantee for state funds from the Ryan White Treatment and Extension Act of 2009, the Federal Health Resources and Services Administration (HRSA) Ryan White "Program and Fiscal Monitoring Standards of 2010" (and any modifications or renewals thereof). This contractor conducts nutritional assessments when a resident is referred for home-delivered meals services by Public Health's Medical Care Management staff. This contractor prepares a monthly menu for each resident in alignment with their nutritional and dietary restrictions. This contractor prepares and packages meals using the nutritional assessment and delivers each home-delivered meal to the resident.

In August 2023, the County administrator approved and the Purchasing Services Manager executed Contract #72-198 with Project Open Hand, in an amount not to exceed $50,000, to provide home-delivered meals for low-income residents of Contra Costa County living with HIV for the period April 1, 2023 through March 31, 2024.

This contractor incurred costs over and above the contract limit. Staff received approval from California Department of Public Health to increase the contract to $60,000. The approval came too late to amend contract #72-198, however the contractor provided services in good faith beyond the original Contract Payment Limit.

The contractor is entitled to payment for the reasonable value of its services under the equitable relief theory of quantum meruit. That theory provides that where a contractor has been asked to provide services without a

valid contract, and the contractor does so to the benefit of the County, the contractor is entitled to recover the reasonable value of those services. The contractor has provided services at the request of the County after the contract payment limit had been reached. The Department cannot pay the contractor for services rendered that exceed the contract limits. As such, the Department recommends that the Board authorize the Auditor-Controller to issue a one-time payment not to exceed $10,000 to Project Open Hand.

CONSEQUENCE OF NEGATIVE ACTION:
If this Board Order is not approved, the contractor will not be paid for services requested by County staff and provided by the contractor.

Report Title: Contract with iCIMS, Inc. for SkillSurvey Software

☒Recommendation of the County Administrator ☐ Recommendation of Board Committee

RECOMMENDATIONS:

APPROVE and AUTHORIZE the Director of Human Resources, or designee, to execute a contract with iCIMS, Inc., in an amount not to exceed $91,080, for SkillSurvey applicant reference software, for the period of June 3, 2024, through June 2, 2027.

FISCAL IMPACT:

The cost of $91,080 for the subscription will be offset by charges to departments utilizing the system. 100% User Departments.

BACKGROUND:

In October 2022, iCIMS, Inc. acquired SkillSurvey, Inc., which the Human Resources Department previously contracted with for use of the applicant reference software SkillSurvey Reference. The previous contract terminated on September 30, 2023, and prior to termination, iCIMS, Inc. informed the Human Resources Department that the contract renewal must be moved to iCIMS, Inc. terms.

Per the conditions of the Purchasing Division, the service provided by iCIMS, Inc. qualifies as an eligible purchase through the use of a blanket purchase order. County Counsel has reviewed and modified indemnification language in the iCIMS, Inc. service agreement. The service agreement is subject to review by County Counsel due to the indemnification obligation under the agreement and the limitation of liability.

SkillSurvey Reference is an automated, cloud-based reference checking system. This tool has hundreds of job-specific questionnaires designed by industrial and organizational psychologists to help references rate the candidate on the specific behaviors that are relevant to a given job. Ratings have been validated to correlate with reduced first-year turnover for cause and better post-hire performance.

This tool will allow representatives from County departments to perform online reference checks on their finalist candidates in accordance with guidelines established by the Director of Human Resources. Using a

secure login, County departmental representatives will log into SkillSurvey Reference's online system and select a set of customized job-related questions to assess a candidate's competencies for a specific job. The questionnaire will then be forwarded by SkillSurvey Reference to the references provided by the candidate. The references will complete the online questionnaire and SkillSurvey Reference will compile an aggregate report summarizing the responses, which will be made available to the requesting County representative. The automated system will eliminate the need for telephone calls to references as well as the inconsistency in the way questions are asked, increasing the validity of the responses. References are more likely to complete the online questionnaire more candidly which can better predict future job success. By using this automated system, we will be able to identify quality hires quickly and more efficiently. The average time for completion of reference checks using this system is two days or less.

CONSEQUENCE OF NEGATIVE ACTION:

If the agreement is not approved, the County will be unable to utilize the technology to increase efficiency and streamline the reference checking process.

FISCAL IMPACT:

The headsets are pieces of technology that allow the user an opportunity to be hands on with vocational training in a virtual environment with hands on lessons, proactive sessions, and demonstrations. The intent of this inclusion is to further enhance the lessons received by the youth and give them another step towards being self-reliant after they leave the facility.

☒Recommendation of the County Administrator ☐ Recommendation of Board Committee

RECOMMENDATIONS:

APPROVE and AUTHORIZE the Purchasing Agent to execute, on behalf of the County Probation Officer, a purchase order, containing modified indemnification language, with Thermo Scientific Portable Analytical Instruments, Inc in an amount not to exceed $160,000 for drug testing equipment, supplies, and training for the period of June 1, 2024 through May 31, 2029.

FISCAL IMPACT:

This action will result in equipment expenditures of up to $160,000. This purchase will be funded 100% by the Department's General Fund allocation.

BACKGROUND:

Approval to execute a purchase order with Thermo Scientific Portable Analytical Instruments, Inc., will allow the Department to utilize the TruNarc system. This system provides a safer way to test over 530 highest priority illicit and abused narcotics such as heroin, methamphetamine, and fentanyl in a single drug test. The substance is scanned directly through plastic or glass for most drug test samples to minimize contamination, reduce exposure, and preserve evidence. TruNarc is a hand-held system that can be utilized both in the field and in a custodial setting. Acquiring this technology allows for immediate identification of harmful substances allowing for instant identification to ensure the safety of our officers. Micro amounts of certain narcotics absorbed through skin, or accidentally ingested can cause immediate overdoses and deaths to our officers. Trunac will reduce the risk of exposure and increase the safety of our officers. Additional benefits of TruNarc tests are that they do not require direct contact with most substances; they deliver clear, real-time results for presumptive evidence; they provide automated, tamper-proof records with scan results which include time-and-date stamps.

CONSEQUENCE OF NEGATIVE ACTION:

Without this purchase, probation staff would not have access to the safer method of substance testing that TruNarc provides.

☒Recommendation of the County Administrator ☐ Recommendation of Board Committee

APPROVE and AUTHORIZE the Purchasing Agent, or designee, to execute a purchase order with The Save Mart Companies, on behalf of the Probation Department for 48 Save Mart gift cards in the amount of $25 each, for a grand total of $1,200, to provide support for Post-Release Community Supervision clients.

FISCAL IMPACT:
These gift cards will be 100% funded by State AB 109 Public Safety Realignment funds.

BACKGROUND:
In 2011, the California Legislature passed public safety legislation (Assembly Bill 109) that shifted responsibility of certain populations of offenders from the State to the County.

Assembly Bill 109 (AB 109) established the California Public Safety Realignment Act of 2011 which allows for non-violent, non-serious, non-sex offenders to be supervised at the local county level opposed to state parole offices. Those sentenced to local commitments for that would have previously resulted in prison sentences are released from jail and placed on Mandatory Supervision, supervised by the Probation Department. The goal is to ensure Post-Release Community Supervision (PRCS) clients have the best possible chance to avoid further negative contact with the justice system.

The gift cards purchased with these funds will help provide support to PRCS clients and their families while working towards gainful employment or while participating in rehabilitative services with the Probation Department. Resources such as incentives and stabilization support are essential to removing barriers for the clients, their children and immediate family members as they engage with Probation.

CONSEQUENCE OF NEGATIVE ACTION:

Report Title: Contract Amendment with Contra Costa Interfaith Transitional Housing, Inc. Solutions

☒Recommendation of the County Administrator ☐ Recommendation of Board Committee

RECOMMENDATIONS:

APPROVE and AUTHORIZE the Public Defender, or designee, to execute a contract amendment, effective April 1, 2024, with Contra Costa Interfaith Transitional Housing, Inc. (dba Hope Solutions), to increase the payment limit by $45,034, to a new payment limit of $2,672,337, to provide additional services to Holistic Intervention Partnership (HIP) participants, with no change to the term April 1, 2023 through February 28, 2026.

FISCAL IMPACT:

The additional cost of $45,034 will be funded 100% by the California State Board of Community Corrections.

BACKGROUND:

In August of 2022, the Contra Costa County Office of the Public Defender and the Contra Costa County Health, Housing, and Homeless Services Department were awarded a $6 million grant from the California Board of State and Community Corrections (BSCC) to expand the Holistic Intervention Partnership (HIP). HIP provides support to those involved in the criminal legal system in an effort to improve outcomes for indigent Contra Costa County residents who struggle with mental illness, substance dependence, and homelessness. The grant provides dedicated funds to preserve or provide housing for the estimated 35% of Public Defender clients who are unhoused or at risk of being unhoused. Approximately one half of the total grant supports housing services, including staffing, and directs dollars to temporarily house individuals involved in low-level offenses.

The contract amendment increase of $45,034 will provide an additional 440 nights of Short Stays to assist with the immediate stabilization of unhoused individuals, typically upon release from custody or in anticipation of their court date. Short Stays are 3 - 4 day stays at a hotel, serving as a transitional and temporary placement while the client engages with Hope Solution and HIP staff to develop long-term and sustainable housing plans, including placement in sober living facilities.

CONSEQUENCE OF NEGATIVE ACTION:

If this amendment is not approved, over 100 individuals arrested for low-level crimes will leave custody and return directly to homelessness, increasing their chances of failure to appear in court, rearrest, and recidivism. Providing emergency stabilizing housing is often the only opportunity for the Public Defender's Office to find and engage with an unhoused person, who can then access HIP's other rehabilitative services like substance use and mental health treatment.

1. PARTIES & DATE. Effective on the above date, the County of Contra Costa, California (hereinafter "County"), and the above-mentioned Subdivider mutually promise and agree as follows concerning this Subdivision:

2. IMPROVEMENTS. Subdivider agrees to install certain road improvements (both public and private), drainage improvements, signs, street lights, fire hydrants, landscaping and such other improvements (including appurtenant equipment) as required in the improvement plans for this Subdivision as reviewed and on file with the Contra Costa County Public Works Department, as required by the Conditions of Approval for this Subdivision, and in conformance with the Contra Costa County Ordinance Code, including future amendments thereto (hereinafter "Ordinance Code").

Subdivider shall complete said improvements (hereinafter "Work") within the above completion period from date hereof, as required by the California Subdivision Map Act (Gov. Code, §§ 6640 et. seq.) in a good workmanlike manner, in accordance with accepted construction practices and in a manner equal or superior to the requirements of the Ordinance Code and rulings made thereunder; and where there is a conflict among the improvement plans, the Conditions of Approval and the Ordinance Code, the stricter requirements shall govern.

3. IMPROVEMENTS SECURITY. Upon executing this Agreement, the Subdivider shall, pursuant to Gov. Code § 66499 and the County Ordinance Code, provide as security to the County:

A. For Performance and Guarantee: $ 52,730 cash, plus additional security, in the amount of $ 5,220,270, which together total one hundred percent (100%) of the estimated cost of the Work. Such additional security is presented in the form of:

_____ Cash, certified check or cashier's check.
__✓__ Acceptable corporate surety bond.
_____ Acceptable irrevocable letter of credit.

With this security, Subdivider guarantees performance under this Agreement and maintenance of the Work for one year after its completion and acceptance against any defective workmanship or materials or any unsatisfactory performance.

B. For Payment: Security in the amount: $ 2,636,500, which is fifty percent (50%) of the estimated cost of the Work. Such security is presented in the form of:

_____ Cash, certified check, or cashier's check
__✓__ Acceptable corporate surety bond.
_____ Acceptable irrevocable letter of credit.

With this security, Subdivider guarantees payment to the contractor, to its subcontractors and to persons renting equipment or furnishing labor or materials to them or to the Subdivider.

Upon acceptance of the Work as complete by the Board of Supervisors and upon request of Subdivider, the amounts held a security may be reduced in accordance with Sections 94-4.406 and 94-4.408 of the Ordinance Code.

4. GUARANTEE AND WARRANTY OF WORK. Subdivider guarantees that the Work shall be free from defects in material or workmanship and shall perform satisfactorily for a period of one (1) year from and after the Board of Supervisors accepts the Work as complete in accordance with Article 96-4.6, "Acceptance," of the Ordinance Code. Subdivider agrees to correct, repair, or replace, at Subdivider's expense, any defects in said Work.

The guarantee period does not apply to road improvements for private roads that are not to be accepted into the County road system.

5. PLANT ESTABLISHMENT WORK. Subdivider agrees to perform plant establishment work for landscaping installed under this Agreement. Said plant establishment work shall consist of adequately watering plants, replacing unsuitable plants, doing weed, rodent and other pest control and other work determined by the Public Works Department to be necessary to ensure establishment of plants. Said plant establishment work shall be performed for a period of one (1) year from and after the Board of Supervisors accepts the Work as complete.

6. IMPROVEMENT PLAN WARRANTY. Subdivider warrants the improvement plans for the Work are adequate to accomplish the Work as promised in Section 2 and as required by the Conditions of Approval for the Subdivision. If, at any time before the Board of Supervisors accepts the Work as complete or during the one-year guarantee period, said improvement plans prove to be inadequate in any respect, Subdivider shall make whatever changes are necessary to accomplish the Work as promised.

7. NO WAIVER BY COUNTY. Inspection of the Work and/or materials, or approval of the Work and/or materials or statement by any officer, agent or employee of the County indicating the Work or any part thereof complies with the requirements of this Agreement, or acceptance of the whole or any part of said Work and/or materials, or payments therefor, or any combination or all of these acts, shall not relieve the Subdivider of its obligation to fulfill this Agreement as prescribed; nor shall the County be thereby stopped from bringing any action for damages arising from the failure to comply with any of the terms and conditions hereof.

8. INDEMNITY. Subdivider shall defend, hold harmless and indemnify the indemnitees from the liabilities as defined in this section:

A. The indemnitees benefitted and protected by this promise are the County and its special districts, elective and appointive boards, commissions, officers, agents and employees.

B. The liabilities protected against are any liability or claim for damage of any kind allegedly suffered, incurred or threatened because of actions defined below, and including personal injury, death, property damage, inverse condemnation, or any combination of these, and regardless of whether or not such liability, claim or damage was unforeseeable at any time before County reviewed said improvement plans or accepted the Work as complete, and including the defense of any suit(s), action(s), or other proceeding(s) concerning said liabilities and claims.

C. The actions causing liability are any act or omission (negligent or non-negligent) in connection with the matters covered by this Agreement and attributable to Subdivider, contractor, subcontractor, or any officer, agent, or employee of one or more of them.

D. Non-Conditions. The promise and agreement in this section are not conditioned or dependent on whether or not any indemnitee has prepared, supplied, or approved any plan(s) or specification(s) in connection with this Work or Subdivision, or has insurance or other indemnification covering any of these matters, or that the alleged damage resulted partly from any negligent or willful misconduct of any indemnitee.

9. COSTS. Subdivider shall pay, when due, all the costs of the Work, including but not limited to the costs of relocations of existing utilities required thereby; inspections; material checks and tests; and other costs incurred by County staff arising from or related to the Work, and prior to acceptance of the Work as complete or expiration of any applicable warranty periods, whichever is later.

10. SURVEYS. Subdivider shall set and establish survey monuments in accordance with the filed map and to the satisfaction of the County Road Commissioner-Surveyor before acceptance of the Work as complete by the Board of Supervisors.

11. NON-PERFORMANCE AND COSTS. If Subdivider fails to complete the Work within the time specified in this Agreement, and subsequent extensions, or fails to maintain the Work, County may proceed to complete and/or maintain the Work by contract or otherwise and Subdivider agrees to pay all costs and charges incurred by County (including, but not limited to, engineering, inspection, surveys, contract, overhead, etc.) immediately upon demand.

Report Title: Approving the second extension of the Subdivision Agreement for minor subdivision MS18-00007, Alamo area.

☒Recommendation of the County Administrator ☐ Recommendation of Board Committee

RECOMMENDATIONS:
ADOPT Resolution approving the second extension of the Subdivision Agreement for minor subdivision MS18 -00007, for a project being developed by The Sherwood Family Revocable Trust, as recommended by the Public Works Director, Alamo area. (District II)

FISCAL IMPACT:
No fiscal impact.

BACKGROUND:
The termination date of the Subdivision Agreement needs to be extended. The developer has not completed the required improvements and has requested more time. (Approximately 80% of the work has been completed to date.) By granting an extension, the County will give the developer more time to complete their improvements and keeps the bond current.

CONSEQUENCE OF NEGATIVE ACTION:
The termination date of the Subdivision Agreement will not be extended and the developer will be in default of the agreement, requiring the County to take legal action against the developer and surety to get the improvements installed, or revert the development to acreage.

F. The Operation and Maintenance Plan and/or the Stormwater Control Plan include an annual inspection and reporting requirement and a continuing maintenance requirement for the Stormwater Facilities constructed on the Property.

AGREEMENT

NOW, THEREFORE, in consideration of the above premises, the sufficiency of which is acknowledged, the mutual covenants contained in this Agreement, and the following terms and conditions, the County and the Property Owner agree as follows:

SECTION 1

Responsibility for Operation and Maintenance: The Property Owner represents and warrants that the Stormwater Facilities have been designed and installed in strict accordance with the Stormwater Control Plan, the Operation and Maintenance Plan, and the Ordinance. No portion of the Stormwater Facilities may be altered in any manner that is inconsistent with the Stormwater Control Plan or the Operation and Maintenance Plan without the prior, written consent of the County Engineer. The Property Owner shall continuously maintain the Stormwater Facilities in first-class operating condition, in strict accordance with the Stormwater Control Plan, the Operation and Maintenance Plan, and the Ordinance, and in compliance with all applicable federal, state, and local laws and regulations, as they may be amended from time to time.

The Property Owner shall engage a licensed landscape contractor or other licensed professional acceptable to the County Engineer to undertake the following maintenance activities on the Property, unless the Property Owner receives prior, written approval of an alternative method from the County Engineer:

1. Diagnosis and correction of the Stormwater Facilities malfunctions that cannot be corrected through routine maintenance,
2. Application of fertilizer and/or pest control products within, under, or above the Stormwater Facilities,
3. Repair of private drainage system (including rain gutters, downspouts, area drains, risers, inlets, outlets, overflows, clean-outs, connectors, earthen and concrete conveyance swales, check dam/retaining walls, and catch basins),
4. Maintenance of irrigation system that may affect stormwater reaching the Stormwater Facilities,
5. Modification of site topography through yard and driveway grading that may affect stormwater reaching the Stormwater Facilities,
6. Subdrain cleaning/replacement (including perforated drain pipe), and
7. Replacement of engineered soil and mulch.

The County Engineer may, at any time, revoke approval of an alternate method for the maintenance of the Stormwater Facilities and require the Property Owner to hire a licensed landscape contractor or other licensed professional acceptable to the County Engineer to undertake any of the activities mentioned in this section.

If a dispute should arise between the Property Owner with respect to the necessity for maintenance, the standard of maintenance, the contractor(s) to be engaged to perform any repair or maintenance work, or any other matters pertaining to the operation or maintenance of the Stormwater Facilities, the dispute may be submitted to the County Engineer, in which case the decision of the County Engineer shall be final.

The County may require the Property Owner to amend the Stormwater Control Plan and/or the Operation and Maintenance Plan whenever the County deems amendments necessary to maintain compliance with the NPDES Permit. In that case, the Property Owner shall have the amendments prepared by a licensed engineer and promptly submit the amendments to the County Engineer for review and approval. All amendments proposed by the Property Owner are subject to the prior, written approval of the County Engineer. Whenever the Property Owner requests amendments to the Stormwater Control Plan and/or the Operation and Maintenance Plan, the Property Owner shall pay the County in advance for all staff time spent reviewing and taking action with respect to such request, whether or not the County Engineer approves the proposed amendments. All approved amendments to the Stormwater Control Plan and the Operation and Maintenance Plan will be kept on file at the County Public Works Department. The Property Owner shall promptly comply with all requirements of the Stormwater Control Plan and the Operation and Maintenance Plan, including any approved amendments.

SECTION 2

Inspection by Property Owner: The Property Owner shall inspect, at least annually, the Stormwater Facilities in accordance with this Agreement, including the requirements of the Operation and Maintenance Plan, the Stormwater Control Plan, and the Ordinance. The annual inspection shall include completion of the reporting form(s) required by the County, which form(s) will be provided annually to the Property Owner by the County. The Property Owner or a licensed landscape contractor or other licensed professional acceptable to the County Engineer must submit the reporting form(s) to the County Engineer no later than the deadline indicated on the form(s). Upon review, the County may require additional information from either the Property Owner or an appropriately-licensed contractor.

SECTION 3

Right of Entry and Stormwater Facilities Inspection by the County: The Property Owner hereby grants permission to the County and its contractors and other agencies with an interest in the Stormwater Facilities, such as the Contra Costa County Flood Control and Water Conservation District, the Contra Costa Mosquito and Vector Control District, and the Regional Water Quality Control Board, to enter upon the Property at any reasonable time to inspect, assess, or observe the Stormwater Facilities for the purpose of ensuring that the Stormwater Facilities are being properly maintained and are continuing to perform in an adequate manner to protect water quality and the public health and safety. This includes the right to enter upon the Property whenever the County or other agency has a reasonable basis to believe that a violation of this Agreement, the Operation and Maintenance Plan, the Stormwater Control Plan, the Ordinance, or the NPDES Permit has occurred or is threatening to occur. It also includes the right for the County and its contractors to enter upon the Property to perform any maintenance or other obligations required of the Property Owner under this Agreement or to abate any nuisance in connection with the Stormwater Facilities. The County and the other agencies shall endeavor to provide reasonable notice to the Property Owner before entering the Property.

SECTION 4

Failure to Perform Required Stormwater Facilities Repairs or Maintenance by the Property Owner: If the Property Owner fails to maintain the Stormwater Facilities in good working order and in accordance with the approved Operation and Maintenance Plan, the Stormwater Control Plan, and the Ordinance, the County, with prior notice, may enter the Property to return the Stormwater Facilities to good working order. The County is under no obligation to maintain or repair the Stormwater Facilities, and this Agreement may not be construed to impose any such obligation on the County. If the County, under this section, performs any work to return Stormwater Facilities to good working order, the Property Owner shall reimburse the County for all the costs incurred by the County, including administrative costs. The County will provide the Property Owner with an itemized invoice of the County's costs and the Property Owner will have 30 days to pay the invoice. If the Property Owner fails to pay the invoice within 30 days, the County may secure a lien against the Property in the amount of such costs. In addition, the County may make the cost of abatement of the nuisance caused by the failure to maintain the Stormwater Facilities a special assessment against the Property, which assessment may be collected on the tax roll in accordance with applicable law. This section does not prevent the County from pursuing other remedies against the Property or the Property Owner, including but not limited to those in the Ordinance and the nuisance abatement procedures in Division 14 of Title 1 (or successor provisions) of the Contra Costa County Ordinance Code.

If the Property Owner fails to maintain the Stormwater Facilities in accordance with this Agreement, the Operation and Maintenance Plan, the Stormwater Control Plan, or the Ordinance, the Property Owner shall be responsible for: (a) the costs of any code enforcement or nuisance abatement actions commenced by the County; and (b) the payment of, or reimbursement to the County for, any fines or penalties that may be levied against the County by the Regional Water Quality Control Board or any other regulatory agency, to the extent that the fines or penalties result from the Property Owner's failure to properly maintain the Stormwater Facilities. The County may recover such costs, fines, or penalties from the Property Owner in the same manner as provided in the preceding paragraph.

SECTION 5

Indemnity: The Property Owner agrees to defend, indemnify, save, and hold harmless the County and its governing board from any and all demands, losses, claims, costs, suits, liabilities, and expenses for any property damage, personal injury, or death arising directly or indirectly from or connected with the design, construction, use, operation or maintenance of the Stormwater Facilities by the Property Owner or the presence or existence of the Stormwater Facilities on the Property, except for claims, costs, or liabilities resulting from the sole negligence or sole willful misconduct of the County. The Property Owner's obligations under this section shall include the payment of penalties, fines, attorneys' fees, experts' fees, costs, and litigation expenses, as well as liability for the release or existence of any hazardous materials on, under, or in the Property. If any action or proceeding is brought against any of the indemnitees, the Property Owner shall reimburse the indemnitees for any expenditures, including reasonable attorneys' fees and costs, incurred by the indemnitees and, if requested by any of the indemnitees, shall defend the action or proceeding at the Property Owner's sole expense with counsel reasonably acceptable to the indemnitees.

SECTION 6

Covenant Running with the Land: The covenants of the Property Owner set forth above shall run with the land, and the burdens of the covenants shall be binding upon each and every part of the Property and the Lots and upon the Property Owner and the Property Owner's successors and assigns in ownership (on any interest in the Property) for the benefit of the plot of land between Bixler Road and residences on Plymouth, Brighton, and Sussex Courts that extends 80 feet south and 400 feet north of Park & Ride Court and associated storm drain(s) and each and every part thereof. Said covenants shall inure to the benefit of and be enforceable by the County and its successors and assigns in ownership of each and every part of the above referenced road(s) and storm drains.

SECTION 7

Severability: Invalidation of any one of the provisions of this Agreement shall in no way affect any other provisions and all other provisions shall remain in full force and effect.

SECTION 8

No Dedication for Public Use: The provisions of this Agreement shall not be construed to constitute a dedication for public use, either express or implied, and any actions by the County to enforce this Agreement, including without limitation code enforcement or nuisance abatement actions, shall not be deemed to involve the exercise by the County of dominion or control over the Stormwater Facilities or the Property.

(Street Encroachments) of the Concord Municipal Code, as amended from time to time ("Encroachment Ordinance").

NOW THEREFORE, in consideration of the mutual covenants and promises of the parties and the faithful performance of the terms and conditions of this Agreement, the parties agree as follows:

4. Permits. Upon execution of this Agreement, CITY will issue an encroachment permit to PERMITTEE, pursuant to the Encroachment Ordinance, provided that all appropriate approvals have been given by CITY for the allowance of the Encroachment. An encroachment permit will be issued after an Encroachment Permit Application is submitted for the work and this agreement is executed.

5. Maintenance of Encroachment. PERMITTEE shall be solely responsible for the inspection, repair, and maintenance of the Equipment during the period the Encroachment remains in the right of way area, and PERMITTEE shall comply with all applicable terms and conditions of the Encroachment Permit. The City assumes no responsibility for loss or damage to the Equipment or other property of PERMITTEE.

6. Term of Agreement. The term of this Agreement, and the Encroachment Permit issued pursuant to this Agreement, shall commence on the date first set forth above, and may be terminated by either party upon thirty (30) days written notice to the other party.

7. Indemnification. PERMITTEE agrees to and shall indemnify, defend, and hold harmless CITY, its officers, officials, employees, agents and volunteers from and against any and all claims, demands, actions, losses, damages, injuries, and liability (including all attorney's fees and other litigation expenses) or suits for damages or injury arising from PERMITTEE's Encroachment or from

8. Failure to Comply. If PERMITTEE fails to comply with the requirements of this Agreement, CITY may terminate this Agreement and/or invoke CITY's rights under this Encroachment Agreement or under the City's Municipal Code, including but not limited to instituting proceedings to enforce this Agreement. If CITY elects to terminate this Agreement, CITY shall notify PERMITTEE in writing of the date of termination and the reasons for such action, and provide PERMITTEE an opportunity to cure, at least thirty (30) days prior to the termination date. However, if PERMITTEE corrects the deficiencies identified in CITY's notice of termination prior to the termination date, or if PERMITTEE commences such correction prior to the termination date and diligently prosecutes same to completion, then this Agreement shall remain in effect, notwithstanding CITY's earlier notice of termination under this Section 8.

9. Relocation or Removal of Encroachment. Said relocation shall be at the sole expense of PERMITTEE.

The Flood Control District Act allows the Flood Control District to act as the fiscal agent to levy Stormwater Utility Area assessments to fund work related to the National Pollutant Discharge Elimination System (NPDES) permit pursuant to the Clean Water Act.

Attached are resolutions from Contra Costa County, the incorporated cities of Antioch, Clayton, Concord, Danville, El Cerrito, Hercules, Lafayette, Martinez, Moraga, Orinda, Pinole, Pittsburg, Pleasant Hill, San Pablo, San Ramon, Walnut Creek, and Oakley (collectively, participating permittees which are those participating in the Stormwater Utility Area assessments), determining their respective assessment rates and requesting the Flood Control District to levy Stormwater Utility Area assessments in their respective areas. The Flood Control District has filed an Engineer's Report for the adoption of the Fiscal Year 2024-2025 assessments (attached),

outlining the assessments, including proposed assessment rates and maximums, proposed stormwater utility budgets and estimated assessment revenues. The proposed assessments for Fiscal Year 2024-2025 will provide approximately $15,905,706 in funding for the participating permittees and their NPDES program for drainage maintenance activities.

Contra Costa County, the incorporated cities of Antioch, Brentwood, Clayton, Concord, Danville, El Cerrito, Hercules, Lafayette, Martinez, Moraga, Orinda, Pinole, Pittsburg, Pleasant Hill, Richmond, San Pablo, San Ramon, Walnut Creek, and Oakley, and the Flood Control District (collectively, permittees) partner under the Contra Costa Clean Water Program to implement the provisions of the Joint Municipal Stormwater NPDES Permit, Municipal Regional Permit (MRP) 3.0, issued by the State Regional Water Quality Control Board.

Under MRP 3.0, new and additional activities designed to reduce or eliminate pollutants from entering open bodies of water will be required. Examples of activities to meet permit requirements include public education on pollution prevention, trash assessments, inspection of construction sites, including commercial and industrial facilities, and drainage facilities maintenance. These activities are funded in part by Stormwater Utility Area assessments. The balance of activities are funded by each municipality's general funds, road funds, grants, or other sources.

CONSEQUENCE OF NEGATIVE ACTION:
If the proposed recommendations of this action are not approved, the hearing to adopt the Stormwater Utility Area assessments for Fiscal Year 2024-2025 will not be scheduled, and the assessments, which will provide approximately $15,905,706 in funding, cannot be levied.

A Resolution Authorizing the Contra Costa County Flood Control & Water Conservation District to Establish an Annual Parcel Assessment for FY 2024-25 for Drainage Maintenance and National Pollutant Discharge Elimination System (NPDES) Program

Resolution No. 24-8

WHEREAS, under the Federal Water Pollution Control Act, [33 U.S.C. Section 1342(p)], certain municipal storm water discharges require a permit from the appropriate federal or state authorities pursuant to the National Discharge Elimination System (NPDES) Program; and

WHEREAS, the City of Concord, in conjunction with other affected jurisdictions within Contra Costa County, applied to the State Regional Water Quality Control Board and received a Joint NPDES Permit to discharge storm water and developed a Storm Water Management Plan; and

WHEREAS, Assembly Bill 2768 (West's Water Code Appendix, Section 63-12 and 63-12.9) authorizes the Contra Costa Flood Control and Water Conservation District (DISTRICT) to establish storm water utility areas and to impose annual benefit assessments for the purpose of carrying out the activities required under the NPDES Program; and

WHEREAS, the DISTRICT has completed the process for formation of a Concord Storm Water Utility Area (SUA), including the adoption of Storm Water Assessment Drainage Ordinance No. 93-47; and

WHEREAS, the SUA and Program Group Costs Payment Agreement between the City of Concord and DISTRICT requires the City of Concord annually to determine the rate to be assessed per Equivalent Runoff Unit (ERU) for the forthcoming fiscal year; and

WHEREAS, the City Council adopted Resolution 93-14, which established the range of annual assessment to be imposed by the DISTRICT within the storm water utility area at an amount not to exceed $35 per ERU.

//

//

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF CONCORD DOES RESOLVE AS FOLLOWS:

Section 1. Establishing the annual amount of and authorizing the Contra Costa County Flood Control & Water Conservation District to adopt SUA levies and/or assess ERUs does not constitute a "project," as defined in the California Environmental Quality Act (CEQA) of 1970, as amended, and its Guidelines, under the general rule that CEQA applies only to actions that have the potential to cause a significant effect on the environment. If such action were a "project" then, pursuant Public Resources Code Section 21065, CEQA Guidelines Sections 15060(c), 15061(b)(3), and/or 15378, such action is not subject to environmental review because it will not result in a direct or reasonably foreseeable indirect physical change in the environment, and falls within the "common sense" exemption set forth in CEQA Guidelines Section 15061(b)(3), excluding projects where "it can be seen with certainty that there is no possibility that the activity in question may have a significant effect on the environment." In this case, the Council is only authorizing the amount of the annual parcel assessment for the NPDES program. Additionally, pursuant to Section 15273 of the CEQA Guidelines, the establishment of charges for the purpose of meeting operating expenses is categorically exempt. Projects funded by the annual assessment will undergo CEQA review as necessary. No unusual circumstances exist and none of the exceptions under CEQA Guidelines Section 15300.2 apply. This determination reflects the City's independent judgment and analysis.

Section 2. The annual assessment imposed by the DISTRICT within the storm water utility area for Fiscal Year 2024-25 shall be $35.00 per Equivalent Runoff Unit (ERU).

Section 3. The City Council requests the DISTRICT to adopt storm water utility area levies based on said amount per ERU.

Section 4. This resolution shall become effective immediately upon its passage and adoption.

Report Title: Adopt Resolution Requesting that the Flood Control District Adopt Annual Parcel Assessments for the County's Watershed Program. Project #7517-6W7091

☒Recommendation of the County Administrator ☐ Recommendation of Board Committee

RECOMMENDATIONS:

ADOPT Resolution establishing a rate of $30 per Equivalent Runoff Unit (ERU) for Stormwater Utility Area 17 (Unincorporated County) for Fiscal Year 2024-2025 and requesting that the Contra Costa County Flood Control and Water Conservation District (FC District) adopt annual parcel assessments for drainage maintenance and the National Pollutant Discharge Elimination System Program, Countywide.

FISCAL IMPACT:

The 2024-2025 rate per ERU is the same as that set for fiscal year 2023-2024. Therefore, there will be no change in rate for Unincorporated County property owners. The unincorporated area of Contra Costa County will produce approximately $3,653,028 which will be used to implement the Unincorporated County's Stormwater Program. All associated costs are funded 100% by Stormwater Utility Area 17 Funds.

BACKGROUND:

The Clean Water Program consists of the County, Contra Costa cities, and the FC District working together to prevent, reduce, or eliminate the discharge of pollutants into the storm drain system, including creeks and other natural waterways. The Clean Water Program was established in response to changes in the Federal Clean Water Act. The Clean Water permitting program is known as the National Pollutant Discharge Elimination System (NPDES) Program. To be in compliance with the current Municipal Regional Stormwater NPDES Permit (MRP), Clean Water Program participants implement stormwater programs to comply with the

provisions outlined in the MRP. These stormwater programs are paid for with stormwater utility fee assessments. Adoption of the attached resolution will begin the annual process of assessment adoption.

The Board of Supervisors is being asked to set a rate of $30 for one ERU in the Unincorporated County areas and to request that the FC District adopt the stormwater utility assessment. (The FC District is the only entity under state law with legal authority to assess this particular assessment.)

The Public Works Department administers the County Stormwater Program. Examples of how the assessment is being spent in the current year include:

1. Work with County Building Inspection and Public Works inspectors and construction companies/contractors to reduce construction contaminants, such as paint, cement, oil/fuels, and soil erosion from entering storm drains and creeks.

2. Encourage Planners and the development community to use new designs that will reduce contaminated stormwater runoff.

3. Educate the public on the benefits of reducing pesticides and other toxic household product use and their proper disposal.

4. Educate County Engineers and Maintenance staff on flood control design, construction, and maintenance practices that protect water quality and preserve natural watershed habitats.

5. Inspect industrial and commercial businesses for evidence that spill prevention, equipment maintenance and cleaning, waste handling and disposal, and other business practices are done in a manner that minimizes stormwater contamination.

6. Educate marina operators and their marina users through a marina program.

7. Implement trash reduction control measures.

CONSEQUENCE OF NEGATIVE ACTION:
If the rate per ERU is not set for the coming fiscal year, funds will not be available for the County's Watershed Program to comply with the MRP. The San Francisco Regional Water Quality Control Board has the authority to issue fines of up to $10,000 per day against those municipalities that do not comply with the MRP and fail to implement the stormwater programs in compliance with the MRP provisions.

1. Recommendation:

It is recommended that the Stormwater Utility Area Assessments Equivalent Runoff Unit (ERU) rates for Fiscal Year 2024–2025 be adopted by the Contra Costa County Flood Control and Water Conservation District (Flood Control District) for the Stormwater Utility Areas (SUA) for the following incorporated and unincorporated areas indicated in Table 1:

2. Background:

Congress adopted the Federal Water Pollution Control Act, generally referred to as the Clean Water Act, in 1972. It specifically prohibits the discharge of any pollutants (e.g., herbicides, pesticides, oil, and grease) to the "navigable waters of the United States." The initial focus of the Clean Water Act was to prohibit these pollutants from industrial process wastewater and municipal sewage. The Act was amended in 1987 mandating the Environmental Protection Agency (EPA) to establish regulations setting forth the National Pollutant Discharge Elimination System (NPDES) Permit Application requirements for stormwater discharges for municipalities, industries, and construction projects. Contra Costa County (County), its incorporated cities, and the Flood Control District joined together to form the

Contra Costa Clean Water Program in order to marshal the necessary resources and develop the most cost-effective program to comply with these federally mandated requirements.

One of the requirements of the NPDES permit process is to identify funding sources for implementation of the program activities. The Contra Costa Clean Water Program Management Committee identified the formation of an SUA assessment (or levy) as the most practical method for meeting the funding requirements. In total, seventeen city councils and the County Board of Supervisors adopted resolutions requesting that the Flood Control District form an SUA for their territory. The governing board of the Flood Control District established SUAs 1 through 17 on June 22, 1993, and SUA 18 on May 9, 2000.

The SUA assessments are similar to other utility assessments. It has a purpose, a geographic boundary, and a method for spreading the utility costs to benefiting properties or recipients. The purpose of the SUA assessment is to fund the implementation of the NPDES program activities required by the permit and the maintenance of the government-owned storm drain systems. In development of the SUA legislation, the construction of capital improvements was excluded from this purpose. SUA assessment revenues can only be spent on the NPDES program activities and storm drain system maintenance. Replacement of a failing storm drain system is considered a maintenance activity as long as the replacement facility is equal in capacity and a comparable type of facility, e.g., pipe storm drain is replaced by another pipe storm drain.

The NPDES program activities have been tailored to meet the respective city or County NPDES needs based on their land use activities; thus, each program is different. In addition, the cities and County, on an individual basis, will perform most of the NPDES activities. Consequently, each city comprises a separate SUA. This facilitates the setting of the utility rates and the transfer of funds to the cities who perform most of the work. The same applies for the unincorporated County NPDES program, which is implemented by County staff.

SUA assessments generally distribute program costs to the benefiting landowners on the basis of stormwater runoff quantity or the amount of impervious surface associated with various land uses. The SUA assessments utilize the latter method. Staff prepared the report entitled "Report on Stormwater Utility Assessment (March 1993)," which is included as Attachment A to this Engineer's Report. The report explains in detail the rationale for using impervious surface area as the basis for allocating costs, the development of the utility rate standard of one ERU and the relationship between land use, parcel size, and the number of ERUs assigned to individual parcels in each SUA.

Indicated in Table 2 is the ERU Schedule, detailing all Parcel Types included in the assessment and their respective ERU standard. The Parcel Type with the largest number of parcels are single-family residences between 5,000 and 19,999 sq ft. To simplify the administrative and fee calculation process, single-family residences between 5,000 and 19,999 sq ft are equal to one ERU. All other land uses are assigned an ERU value in proportion to the impervious surface area relationship developed in the initial study. For nonresidential parcels, one unit is equivalent to 3,300 sq ft of impervious surface area. Additional details may be reviewed in Attachment A.

3. Proposed Stormwater Utility Area Budgets for FY 2024–2025:

Indicated in Table 3 are the estimated budgets for each SUA for Fiscal Year 2024-2025.

Each year, the agency corresponding with each SUA prepares a budget for their group NPDES costs and local drainage maintenance program for the forthcoming fiscal year. Using this budget, plus the estimated cost for administration and assessment collection, Flood Control District staff calculates the estimated ERU rate by dividing the budgeted local and group NPDES costs by the estimated number of ERU's in the SUA. The estimated ERU rate may exceed the maximum rate shown in Table 1. If the estimated ERU rate exceeds the maximum rate, the maximum rate is accepted as the proposed ERU rate. If the estimated ERU rate is less than the maximum rate, the estimated ERU rate is accepted as the proposed ERU rate. The agency's governing board approves the proposed ERU rate and requests that the Flood Control District levy assessments by resolution.

When budgeted costs exceed assessment revenues, the difference may be covered by other revenues for each participating City and the County. Assessment costs include fees paid to the Flood Control District to process the assessment and fees paid to the County Auditor-Controller to levy the assessment.

(2) The Proposed ERU Rate is the proposed rate for the assessment. The Proposed ERU Rate may be less than the Estimated ERU Rate when the Estimated ERU Rate exceeds the allowable maximum ERU rate. Table 1 illustrates the allowable maximum ERU rate.

4. Estimated Stormwater Utility Area Assessment Revenues in FY 2024–2025:

Indicated in Table 4 are the proposed budgets based on estimated revenues for Fiscal Year 2024–2025 with the proposed ERU rates. The estimated available revenue is the total available revenue for the fiscal year. It is the combined total of the current fiscal year's revenue and surplus revenue from the previous fiscal year. However, a surplus may not exist as the budgeted local and group NPDES costs may exceed the assessment revenues. When budgeted costs exceed assessment revenues, the difference may be covered by other revenues for each participating City and the County.

Attachment B, attached hereto and incorporated herein by this reference, is a listing of each assessor parcel number and proposed FY 2024–2025 assessment, which is also on file with the Clerk of the Contra Costa County Board of Supervisors.

I. INTRODUCTION

The Federal Water Pollution Control Act referred to generally as the Clean Water Act was adopted by Congress in 1972. It specifically prohibits the discharge of any pollutants to the "navigable waters of the United States." The initial emphasis of the Clean Water Act was to prohibit pollutants from industrial process waste water and municipal sewage. The Act was amended in 1987 to require the Environmental Protection Agency (EPA) to establish regulations setting forth the National Pollutant Discharge Elimination System (NPDES) program requirements for stormwater discharges. The EPA promulgated the NPDES permit regulation for stormwater discharges on November 16, 1990 (40 CFR Parts 122, 123 and 124). The requirements primarily focus on municipalities having a specific population, but it also permitted, "a discharge for which the administrator or the State, as the case may be, determines that the stormwater discharge contributes to a violation of a water quality standard or is a significant contributor of pollutants to the waters of the United States..." may require NPDES permits.

The State of California through its nine Regional Water Quality Control Boards is responsible for implementing the NPDES Program in California. Contra Costa County is in the jurisdiction of the San Francisco Bay and Central Valley Regional Water Quality Boards. The executive officer of the San Francisco Bay Regional Water Quality Control Board on April 12, 1991 determined "... Contra Costa County, the Contra Costa County Flood Control District and all cities in Contra Costa County" "... are significant contributors of pollutants to the waters of the United States and must develop and implement a Stormwater Management Program." This requirement led to Contra Costa County, its eighteen (18) incorporated cities and the Contra Costa County Flood Control and Water Conservation District to join together on February 19, 1991 to create the Contra Costa Cities ♦ County ♦ District Stormwater Pollution Control Program in order to obtain a Joint Municipal NPDES Permit.

The granting of the Joint Municipal NPDES Permits represents a three-step process. Part I or the reconnaissance level activities cost all municipalities approximately $500,000; the cost to complete Part II, which represents the actual development of a Stormwater Management Plan for each municipality, is expected to cost $1.2 million; and the implementation of the Stormwater Management Plans is estimated to cost between $6 to $8 million annually. Therefore, one requirement of the co-permittees of the program is the development of a stable funding source for all NPDES program activities or functions. Additionally, the significant reduction of state funding to local government has forced the cities and county to find other financing for general drainage maintenance activities. The Contra Costa Cities ♦ County ♦ District Stormwater Pollution Control Program has identified implementation of a stormwater utility assessment as the only practical method for financing the NPDES Permit program and general drainage maintenance activities.

The purpose of this report is to discuss and explain the proposed stormwater utility assessment and to set forth:

a. the basis for forming the stormwater utility areas;
b. the rationale for basing the stormwater utility assessment on impervious area;
c. the need for a stormwater utility assessment that can be uniformly applied county-wide;
d. the need to simplify the assessment amount determination by adopting standard amounts of impervious surface for various land use types;
e. the basis on which the standard amounts of impervious surface were determined;
f. the use of equivalent runoff units (ERU) as a measurement of benefit; and
g. the procedures to be followed in calculating the stormwater utility assessment.

2. STORMWATER UTILITY AREAS

Governor Pete Wilson signed Assembly Bill No. 2768 (Campbell) on August 30, 1992, amending the Contra Costa County Flood Control and Water Conservation District Act to permit the formation of stormwater utility areas based on the incorporated boundary of a city or the unincorporated area of Contra Costa County. It is proposed that each stormwater utility area only contain one jurisdiction. This will facilitate the disbursement of funds collected for the jurisdiction responsible for performing general drainage maintenance and NPDES Permit activities. The District will retain only sufficient funds to cover the cost of administering the levy, collection and distribution of funds to each stormwater utility area.

In the case of city territory, the District Act requires that formation of a stormwater utility area be requested by resolution approved by a majority of the City Council. The boundary of each stormwater utility area is fixed annually. It is anticipated approximately seventeen stormwater utility areas will be created for the 1993-94 fiscal year.

3. RELATIONSHIP BETWEEN IMPERVIOUS SURFACE AND STORMWATER RUNOFF

Three potential methods were identified to determine the stormwater utility assessment amount for each parcel: 1) impervious surfaces associated with the parcels land use, 2) the number of vehicle trips associated with the parcels land use, and 3) the potential for pollutants entering stormwaters from the land use. The method selected for assigning the stormwater utility cost to each benefiting parcel should establish a proportional relationship to the parcel, its land use and the quantity of stormwater. Each of these methods has a direct relationship to the

NPDES Permit activities. However, only impervious surfaces relates to the quantity of stormwater runoff, the amount of drainage improvements and the need to maintain these improvements. For this reason, impervious surfaces has been selected as the basis for assigning the stormwater utility costs to benefiting properties.

Excess rainwater travels across the ground surface (i.e., surface runoff) and accumulates in channels and depressed areas, creating the need for flood control and drainage systems. Two factors which influence the rate and volume of surface runoff are the retarding effects of (1) surface roughness and 2) the porosity of the soil. Assuming the slope of a watershed remains unchanged as it is developed, surface roughness determines the speed of runoff. Generally speaking, the smoother the surface, the faster the runoff. A roof or a parking lot is smoother than natural terrain. In addition, constructed surfaces within a development are designed to slope in a manner that facilitates speedy removal of rainfall runoff.

Soil porosity determines the amount of rainfall that infiltrates the soil substrata and ground water reservoir. In natural terrain, where dense vegetation and uneven ground encourage standing water, the portion of rainfall retained in the soil can be considerable. Constructed impervious surfaces are designed to avoid such retention. Impervious surface areas, resulting from improvements on the land, reduce both of these retarding effects and the overall result is increased surface runoff. Common impervious surface areas include rooftops, patios, walkways, sidewalks, driveways, streets, and parking areas.

The impervious surface areas on developed land and the need to control surface waters to prevent damage are the major reasons for stormwater drainage systems. These systems should be maintained if they are to continue to serve their purpose. The NPDES Permit program is intended to ensure that discharges from these systems be free of pollutants to the maximum extent practicable. The proposed utility fee is based on this casual relationship.

The proposed impervious area based stormwater utility assessment prorates the cost of maintaining the drainage systems, including pollution control, over the total amount of impervious surface area within the utility area. By dividing the total cost of the program by the total impervious surface area, a per-square-foot rate can be established. Each parcel within the subject stormwater utility area would be assessed the amount obtained by multiplying the number of square feet of impervious area attributed to the parcel by the established per-square-foot rate. Due to the large number of square feet of impervious area and the small dollar value of the stormwater utility assessment, it is desirable to establish an administrative standard equal to hundreds of square feet of impervious area. This standard will be referred to as the Equivalent Runoff Unit (ERU).

4. STANDARDIZED IMPERVIOUS SURFACE AMOUNTS FOR VARIOUS LAND USES

There are approximately 250,000 developed parcels that may be included in the proposed stormwater utility areas. It is extremely important to minimize the costs for administering the utility fee assessment and collection process since the expected assessment on many of the properties will be less than $30/year. The most efficient way to minimize these costs is to develop standard impervious area amounts for various types of land use. Actual measurement of individual parcels is not economically feasible due to the number of parcels involved and the fact that impervious areas are continually being constructed on newly developed and existing parcels.

The Flood Control District completed a study in 1981 on the amount of impervious surfaces for various land uses. Much of the data in this section comes from this report titled "Report on Impervious Surface Drainage Fee Ordinance." For convenience, many of the steps followed in the 1981 report are restated in this report.

The first step in establishing a standard amount of impervious surface for each land use, was to measure the amount of impervious surface on randomly selected parcels from each land use type. Parcels were selected from the major land use categories: single family residential, multiple family residential, commercial, industrial, and office. After the parcels were selected, they were photographed from the air. Measurements of impervious surface areas were derived from these photographs. The resultant data, shown in Tables 1 through 6, was used to develop the ERU values for each land use category. A more detailed description of the data collection and analysis process follows.

4.1 Sample Selection Process. Over one hundred parcels, representative of the various land uses, were selected for the sample. The selection process assured that the sample was also representative of the three main areas of the county: West, Central, and East County. As a means of avoiding bias in the selection process, parcels were selected randomly. The County Base Map Book was used for this random selection process since it includes all parcels within the developed county area. The Base Map Index was used to randomly select a sheet of the book and a parcel was then randomly selected from that sheet. In the case of commercial, industrial, and office parks, the number of samples selected in the original process proved to be too small. Additional samples were obtained by randomly selecting contact prints from the aerial flight and developed parcels from these prints.

4.2 Aerial Photography of Selected Parcels. The selected parcels were photographed from the air during April, 1981. Prints of these photographs were made at a scale of 1 inch = 50 feet for single family residential parcels and 1 inch = 100 feet for all other land use parcels. The boundaries of the selected parcels were drawn on the prints. Appendix A contains a complete set of the prints. Each print is annotated with: an assessor's parcel number or a subdivision number referring to the selected parcel; the name of the town or city in which the parcel is located; the measured impervious surface area; the total area of the parcel; and a sample number (e.g. SR1). Sample number codes are: SR for Single Family Residences; MR for Multiple Family Residences; IS for Industrial Sites; SC for Shopping Centers; OC for Office Complexes; and MP for Mobile Home Parks.

4.3 Measurement of Impervious Surface Areas. The photographic prints were used to obtain measurements of the total area and the amount of impervious surface area within the boundaries of each parcel. The data also included impervious surface area within the street right-of-way attributable to the parcel. However, this data has been excluded from the tables as it is not used in the ERU determination process. Generally, it was possible to measure the areas of interest directly from the photographic prints. On-site clarifications were made. In cases where it was not possible to determine the type of surface or extent of impervious surface area from the print, impervious surface areas (including streets) and parcel areas, for each parcel, are shown, in square feet, on the aerial prints.

4.4 Data Evaluation. The measurement process described in the preceding paragraph produced the data shown in Tables 1 through 6. The following paragraphs provide an evaluation of the data, indicating the average amount of impervious surface for each land use type, the relative spread in impervious surface between the samples, and the usability of the data for the development of standard amount of impervious surface for various land uses.

(a) Single Family Residences. Figure 1 portrays, in graph form, the relationship between impervious surface area and parcel size for single family residences. The plotted points correspond to the 63 single family residences comprising the sample set (SR1 to SR63). The figure contains a curve which was derived mathematically from the sample data using the regression method of least squares. The curve can be used to predict, for any specified parcel size, the average impervious surface area attributable to that parcel. Several of the data points are scattered, i.e., samples 52, 55, 56 and 61. A review of these samples showed the causes for the variations in the amount of impervious surface areas to be: an older, small home on a large commercial lot; a small trucking operation and home on one lot; a large home, pool and tennis court on one lot; and a large home and barn on one lot. These samples were not typical uses. Therefore, they were eliminated from the analysis.

The curve in Figure 1 shows generally increasing amounts of impervious surface as the parcel size increases. Yet the percentage of impervious area to total parcel areas decreases as the parcel size increases. The following percentages of impervious surface have been calculated from the equation in Figure 1.

Parcel Size	Impervious Area	% Impervious Surface
6,000 sq. ft.	3,000	50%
9,000 sq. ft.	3,300	37%
12,000 sq. ft.	3,700	31%
20,000 sq. ft.	4,500	22%
40,000 sq. ft.	6,700	17%

The spread of impervious area from small lots to large lots is over 220 percent. This land use was separated into ten residential categories for the 1981 impervious area drainage fee ordinance. Because the stormwater utility assessment amount is relatively small, a split of single family residential into three categories is equitable and still administratively practical.

(b) Multi-family Residences. The multi-family residential data set contains 21 samples (MR 1 through 21). The amounts of impervious surface indicated on each parcel include the internal private streets and parking areas. The "Area/Unit" and "Impervious Area/Unit" were determined respectively by dividing the total site area by the number of units and by dividing the total impervious area on the parcel by the number of units. The data indicated the average multi-family unit utilized approximately 4300 square feet of area. Its prorated share of impervious surface area is 2400 square feet. On the average, it is 56 percent impervious. However, a review of individual samples indicated the percentages of impervious area varied from 38 percent to 82 percent. When the highest and the lowest percent amounts were eliminated, the range decreased to 45 percent to 67 percent.

(c) Office, Industrial, Commercial, Mobile Homes. These four categories were evaluated using similar criteria. The results are shown below in tabular form. The eight samples in each data set indicate the spread in percentage of impervious area is approximately 50 percent for office and 33 percent for industrial. When the highest and lowest percentages were disregarded, the spread in percentage of impervious area decreased significantly to 17 percent for office and 19 percent for industrial.

Land Use	Number of Samples	Average % Impervious	Range of Data % Impervious	Range of Data % Impervious W/6 Sample Sets
Office	8	71%	55% to 82%	68% to 80%
Industrial	8	93%	75% to 100%	83% to 99%
Commercial	8	96%	91% to 100%	------
Mobile Home	4	75%	58% to 84%	-----

5. EQUIVALENT RUNOFF UNIT (ERU)

To simplify the administrative and fee calculation process, it is desirable to set the land use with the largest number of parcels as equal to one ERU. All other land uses will be assigned an ERU value in direct proportion to the impervious surface area relationships developed in the previous section.

Single family residential has the largest number of parcels. In evaluating the spread on the amounts of impervious surface for various parcel sizes it was noted that three size categories should be used. Using three categories is a balance between equity for the landowner versus ease of administrative effort in calculating the assessment. Using the County computerized parcel maps, areas were calculated for approximately 60 percent of all single family parcels. A distribution of the number of parcels, by size, is shown in Table 7. Using this distribution and the impervious surface data for single family residential, the following three categories of single family residential have been selected:

CATEGORY	ESTIMATED # OF PARCELS	AVERAGE PARCEL SIZE	AVERAGE IMPERVIOUS AREA	ERU RATE
Area less than 5,000	42,000	4,000	2,800	.7
Area 5,000 s.f. to 20, 000 s.f.	134,000	8,900	3,300	1.0
Area greater than 20,000 s.f.	17,000	30,000	5,600	1.7

The category with the largest number of parcels is the single family residence on a parcel between 5,000 s.f. and 20,000 s.f. The median parcel is approximately 7,600 square feet and the weighted average parcel size is 8,900 square feet. Using the weight average value as the standard, the average impervious area is 3,300 square feet, based on Figure 1. Thus, one ERU equals 3,300 square feet of impervious area. The ERU value for all other land use shall be determined by dividing the average impervious area for that land use by 3,300 square feet. Using this procedure, the ERU values for the other land uses are:

LAND USE	AVERAGE IMPERVIOUS AREA	ERU VALUE
Multiple	2,400 s.f./unit	.7
Office	30,900 s.f./acre	9
Industrial	40,500 s.f./acre	12
Commercial	41,800 s.f./acre	12
Mobile Home Park	32,700 s.f./acre	10

The average impervious areas for multiple and for single family residential on lots less than 5,000 square feet are 2,400 s.f. and 2,800 s.f., respectively. These amounts are extremely close and based on the accuracy of the data should be considered as one category. The same relationship exists between the Industrial use and Commercial use; so they have been assigned the same ERU value.

Based on the above Land Use - ERU relationships, an expanded list of land uses, shown below, was developed. The land uses in each group have generally similar amounts of impervious surface. These are the same land use categories used by the County Assessor. Three land uses, including cemeteries, golf courses, and utility property, were identified as requiring a field determination to set the amount of impervious surface on site.

(a) Requires determination between cemetery or mortuary use.
(b) Requires field determination of extent of impervious surface amount, i.e., utility corridor, corporation yard, or misc. industrial improvements.
(c) Retirement community developments, such as Rossmoor, should be calculated using the multiple family residence rate.
(d) This use designation shall apply to industrial sites having impervious surfaces comprising less than 50 percent of the parcel area.
(e) This rate is based on cemeteries or golf courses having 2 percent or less impervious surface area collective for all parcels comprising the site.

6. UTILITY FEE CALCULATION

The annual stormwater utility assessment for each parcel of developed land is the product of the number of ERUs assigned to the parcel times the fee for one ERU in the stormwater utility area where the parcel is located. Each year the city or county governing the stormwater utility area will determine the rate for one ERU by dividing their projected drainage maintenance and NPDES Program costs by the total number of ERUs in the stormwater utility area. Each stormwater utility area will probably have a different rate. However, it is expected most of the rates will range between $20/ERU and $35/ERU. Two examples of the utility assessment calculation are shown below.

(a) A single family residence on a 10,000 square foot parcel. The ERU rate for the stormwater utility area containing the parcel is $25.20.

From the ERU schedule, the ERU rate is 1/unit. The annual assessment is:

$$1 \text{ unit} \times \frac{1 \text{ ERU}}{\text{Unit}} \times \frac{\$25.20}{\text{ERU}} = \$25.20$$

(b) A commercial property on a 10,000 square foot parcel. The ERU rate for the stormwater utility area containing the parcel is $25.20

From the ERU Schedule the ERU rate is 12 ERUs/acre. The annual assessment is:

$$10{,}000 \text{ s.f.} \times \frac{1 \text{ Acre}}{43{,}560 \text{ s.f.}} \times \frac{12 \text{ ERU}}{\text{ACRE}} \times \frac{\$25.20}{\text{ERU}} = \$69.42$$

7. SUMMARY

The most equitable means of assigning costs for drainage facility maintenance and pollution control is through the use of impervious surface area. The utilization of standardized impervious surface amounts for various types of land use and parcel size, or unit count, will result in the most streamline, cost efficient fee determination and collection process possible.
