Contra Costa County's Comprehensive Prevention Plan Implementation Updates

**Juvenile Justice Coordinating Council
October 2025**

Family First Prevention Services Act (FFPSA) Part I

2018 Bipartisan Budget Act

Family First Prevention Services (FFPS) Program

2021 State Assembly Bill 153

Comprehensive Prevention Plan (CPP)

2023 Contra Costa County Plan approved

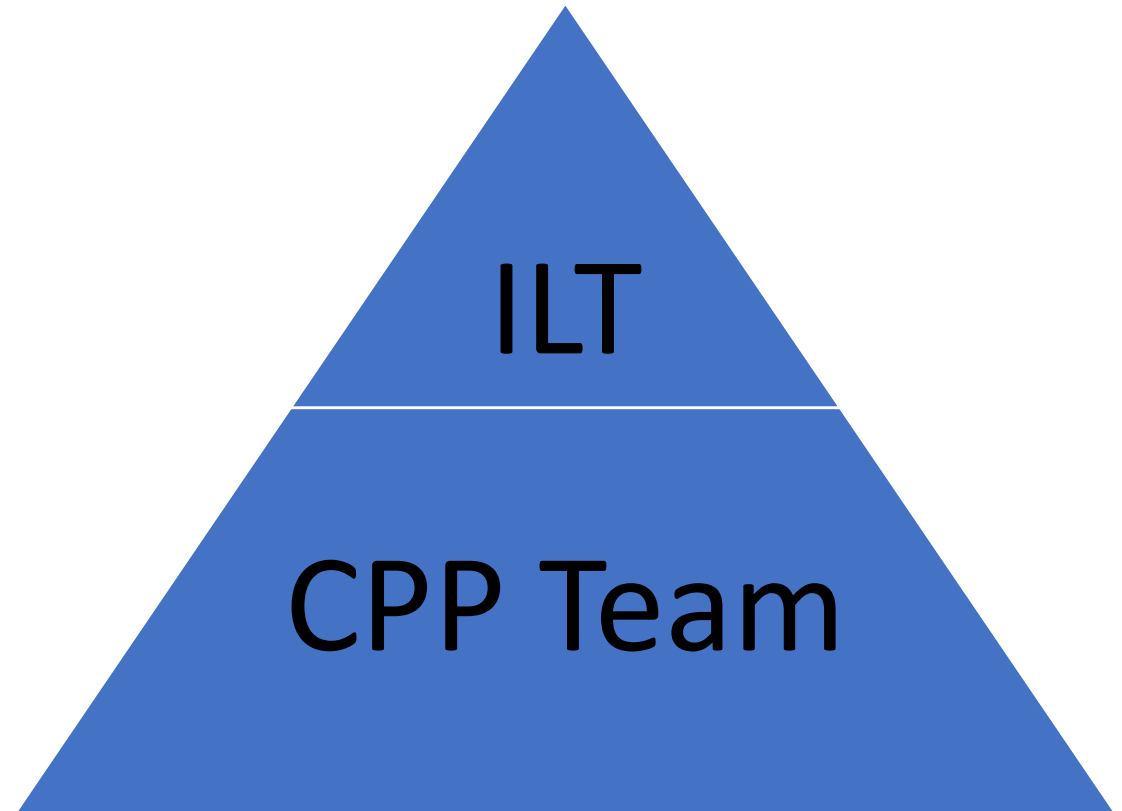

CPP Planning Team Partners

CPP and the ILT

Governance Structure: Leverage AB 2083

Directed by ILT and guided by CPP Team

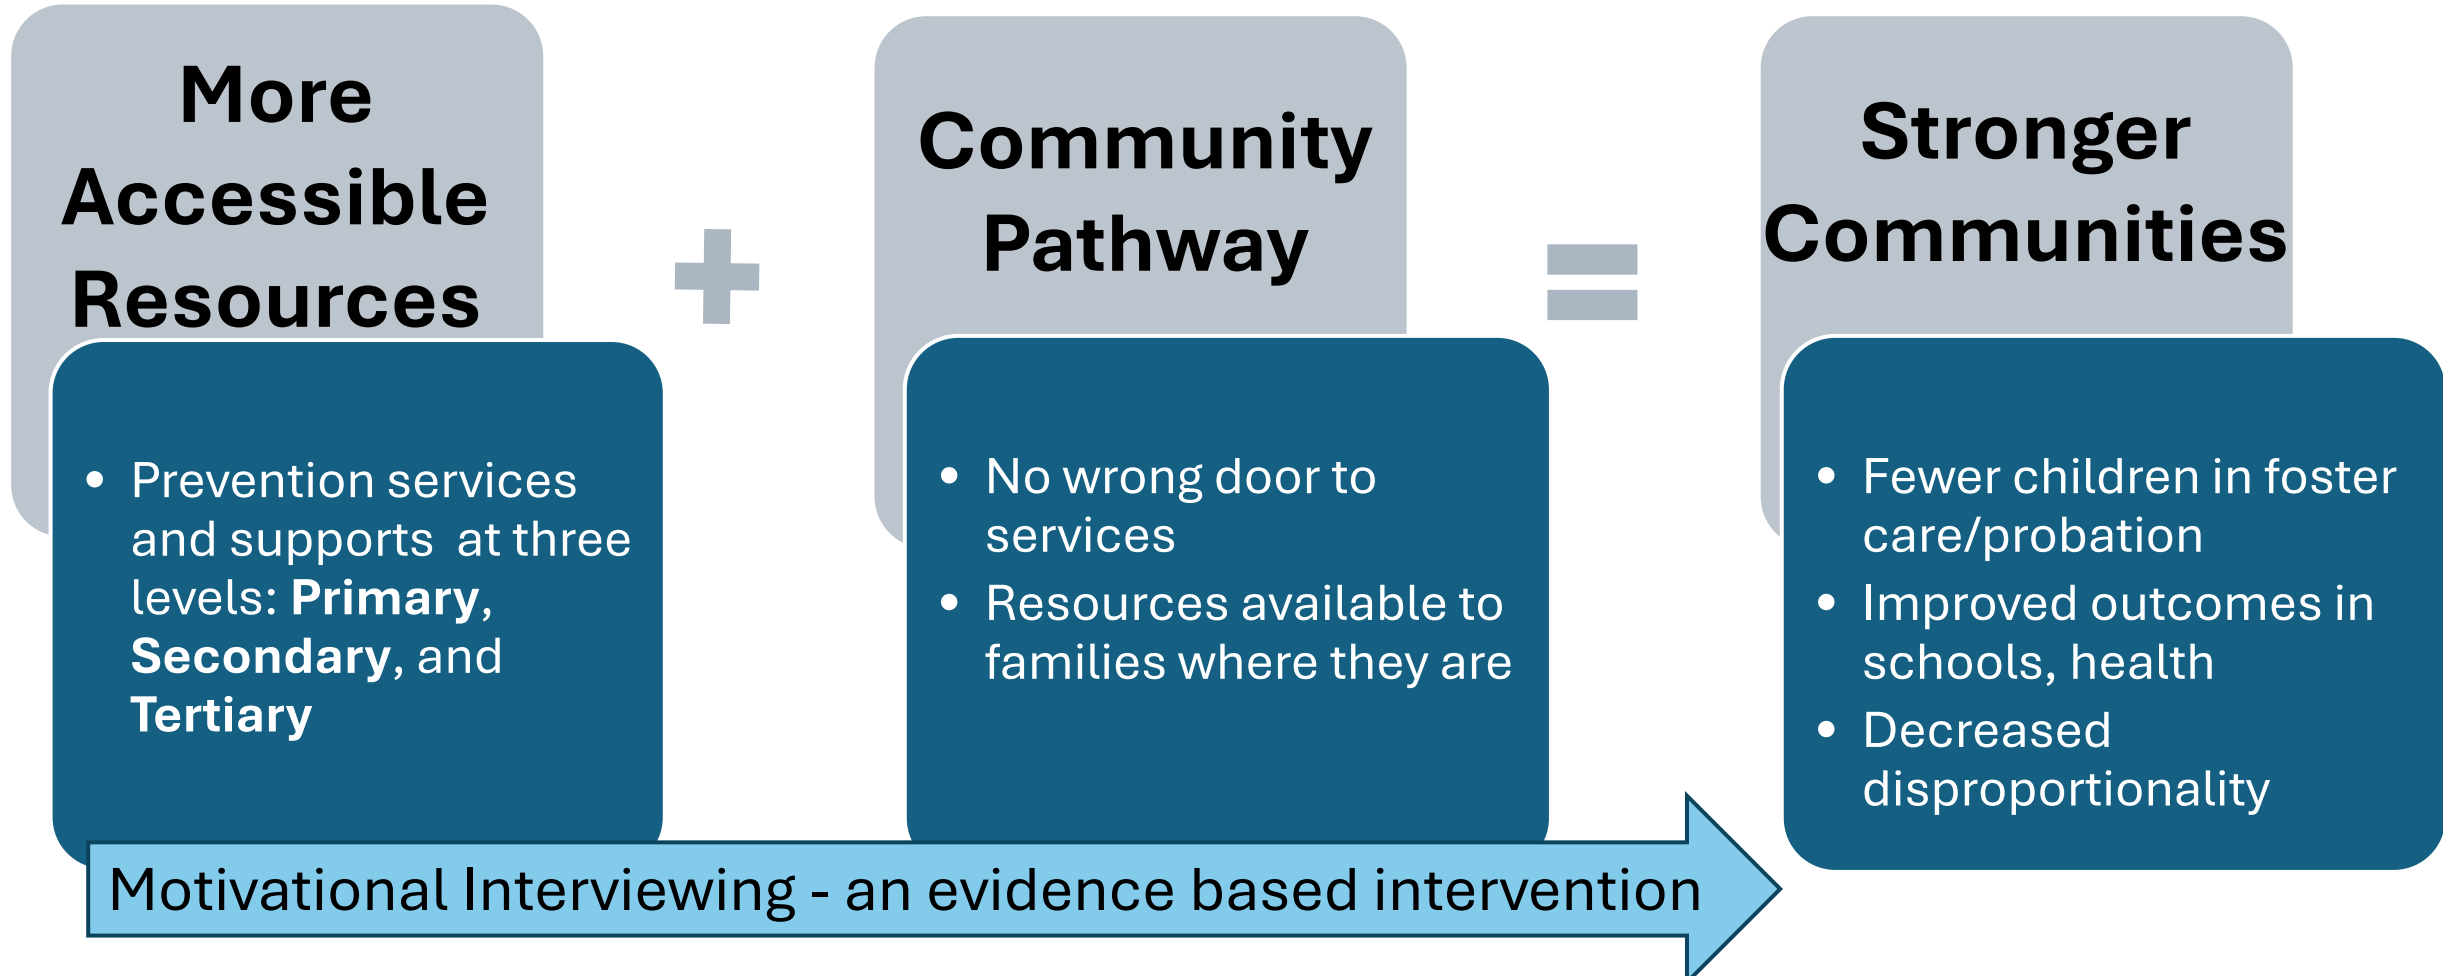

CPP Charter Statement

Purpose: To create and oversee a countywide prevention plan which impacts the social determinants of health for our children, families, and community.

Vision: All children and families in Contra Costa County are supported by services and systems that are accessible, have an equitable approach, include culturally and linguistically responsive services, and celebrate all aspects of diversity.

Mission: To create and oversee a seamless cross-sector network that shares collective responsibility for increasing protective factors and positively impacting the quality of the social determinants of health.

Supporting Children and Families to Strengthen Communities

Prevention Levels

Primary

Provide a safety net of supportive services that include concrete supports, navigation assistance, and advocacy services to **prevent harm before it occurs.**

Secondary

Families who have one or more risk factors such as mental illness, parental substance abuse, domestic violence, young parental age, etc., receive in-home services to **stabilize families when at a crisis point.**

Tertiary

Services for families involved in child welfare or probation, with an emphasis on **prevention of future harm after harm has already occurred.**

Primary

- 24-28 English speaking families, 10-16 non English speaking families
- Up to one month services
 - linkages, concrete support

Secondary

- 12-20 English speaking families, 6-12 non English speaking families
- Up to four months services
 - In home case management/parenting support, concrete supports

Tertiary

- 2-6 English speaking families, 2-4 non English speaking families
- Up to six months services
 - In home case management/parenting support, concrete supports

Concrete Supports: A Protective Factor

- “Nearly 85% of families investigated by child protective services have income levels below 200% of the federal poverty line”
- “If low-income families experience at least one material hardship:
 - ~ 3x higher likelihood of neglect investigation
 - ~ 4x higher likelihood of physical abuse investigation”

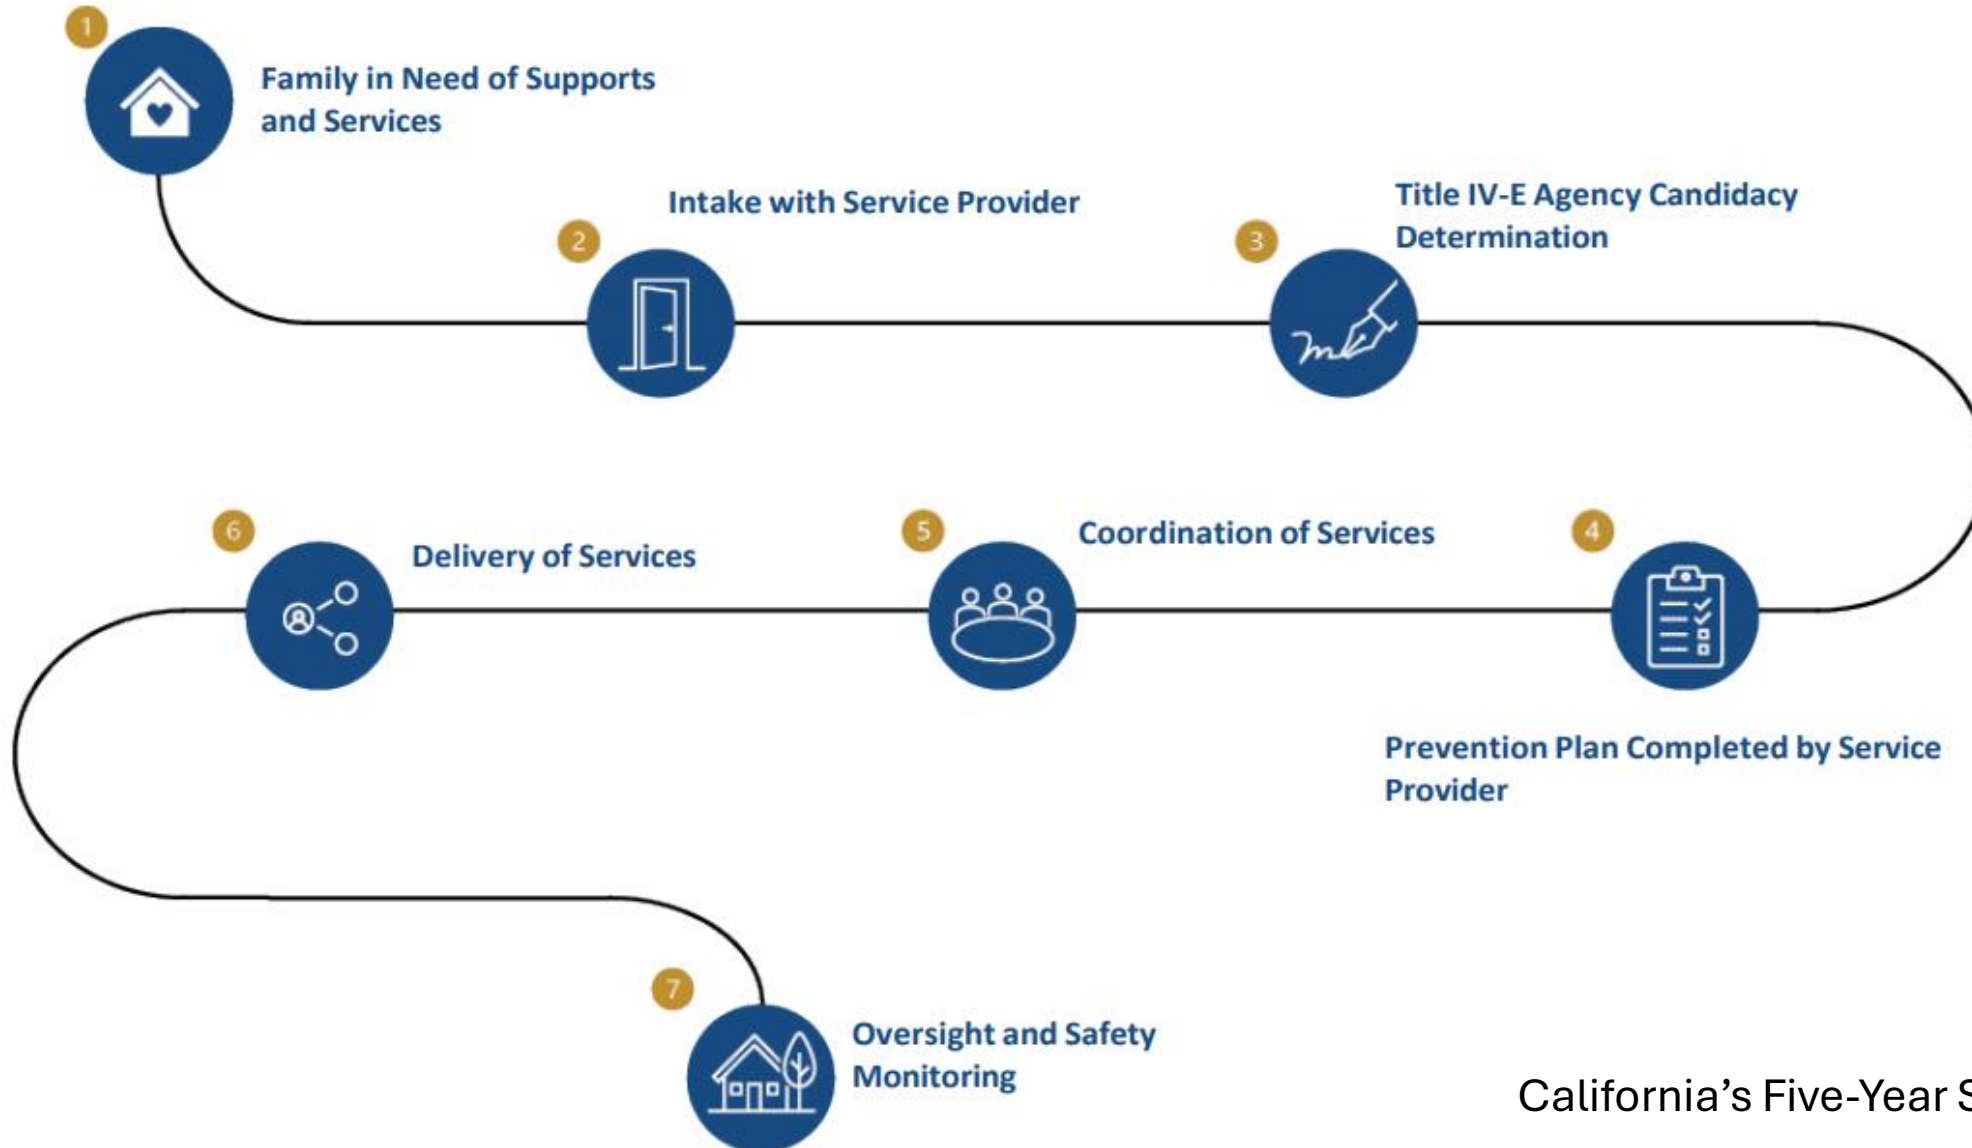

(Child and Family Well-being System: Economic & Concrete Supports as a Core Component” Presented by Clare Anderson, MSW Senior Policy Fellow, Chapin Hall Bay Area Academy 12/14/2023)

Community Pathway: Upstream Prevention

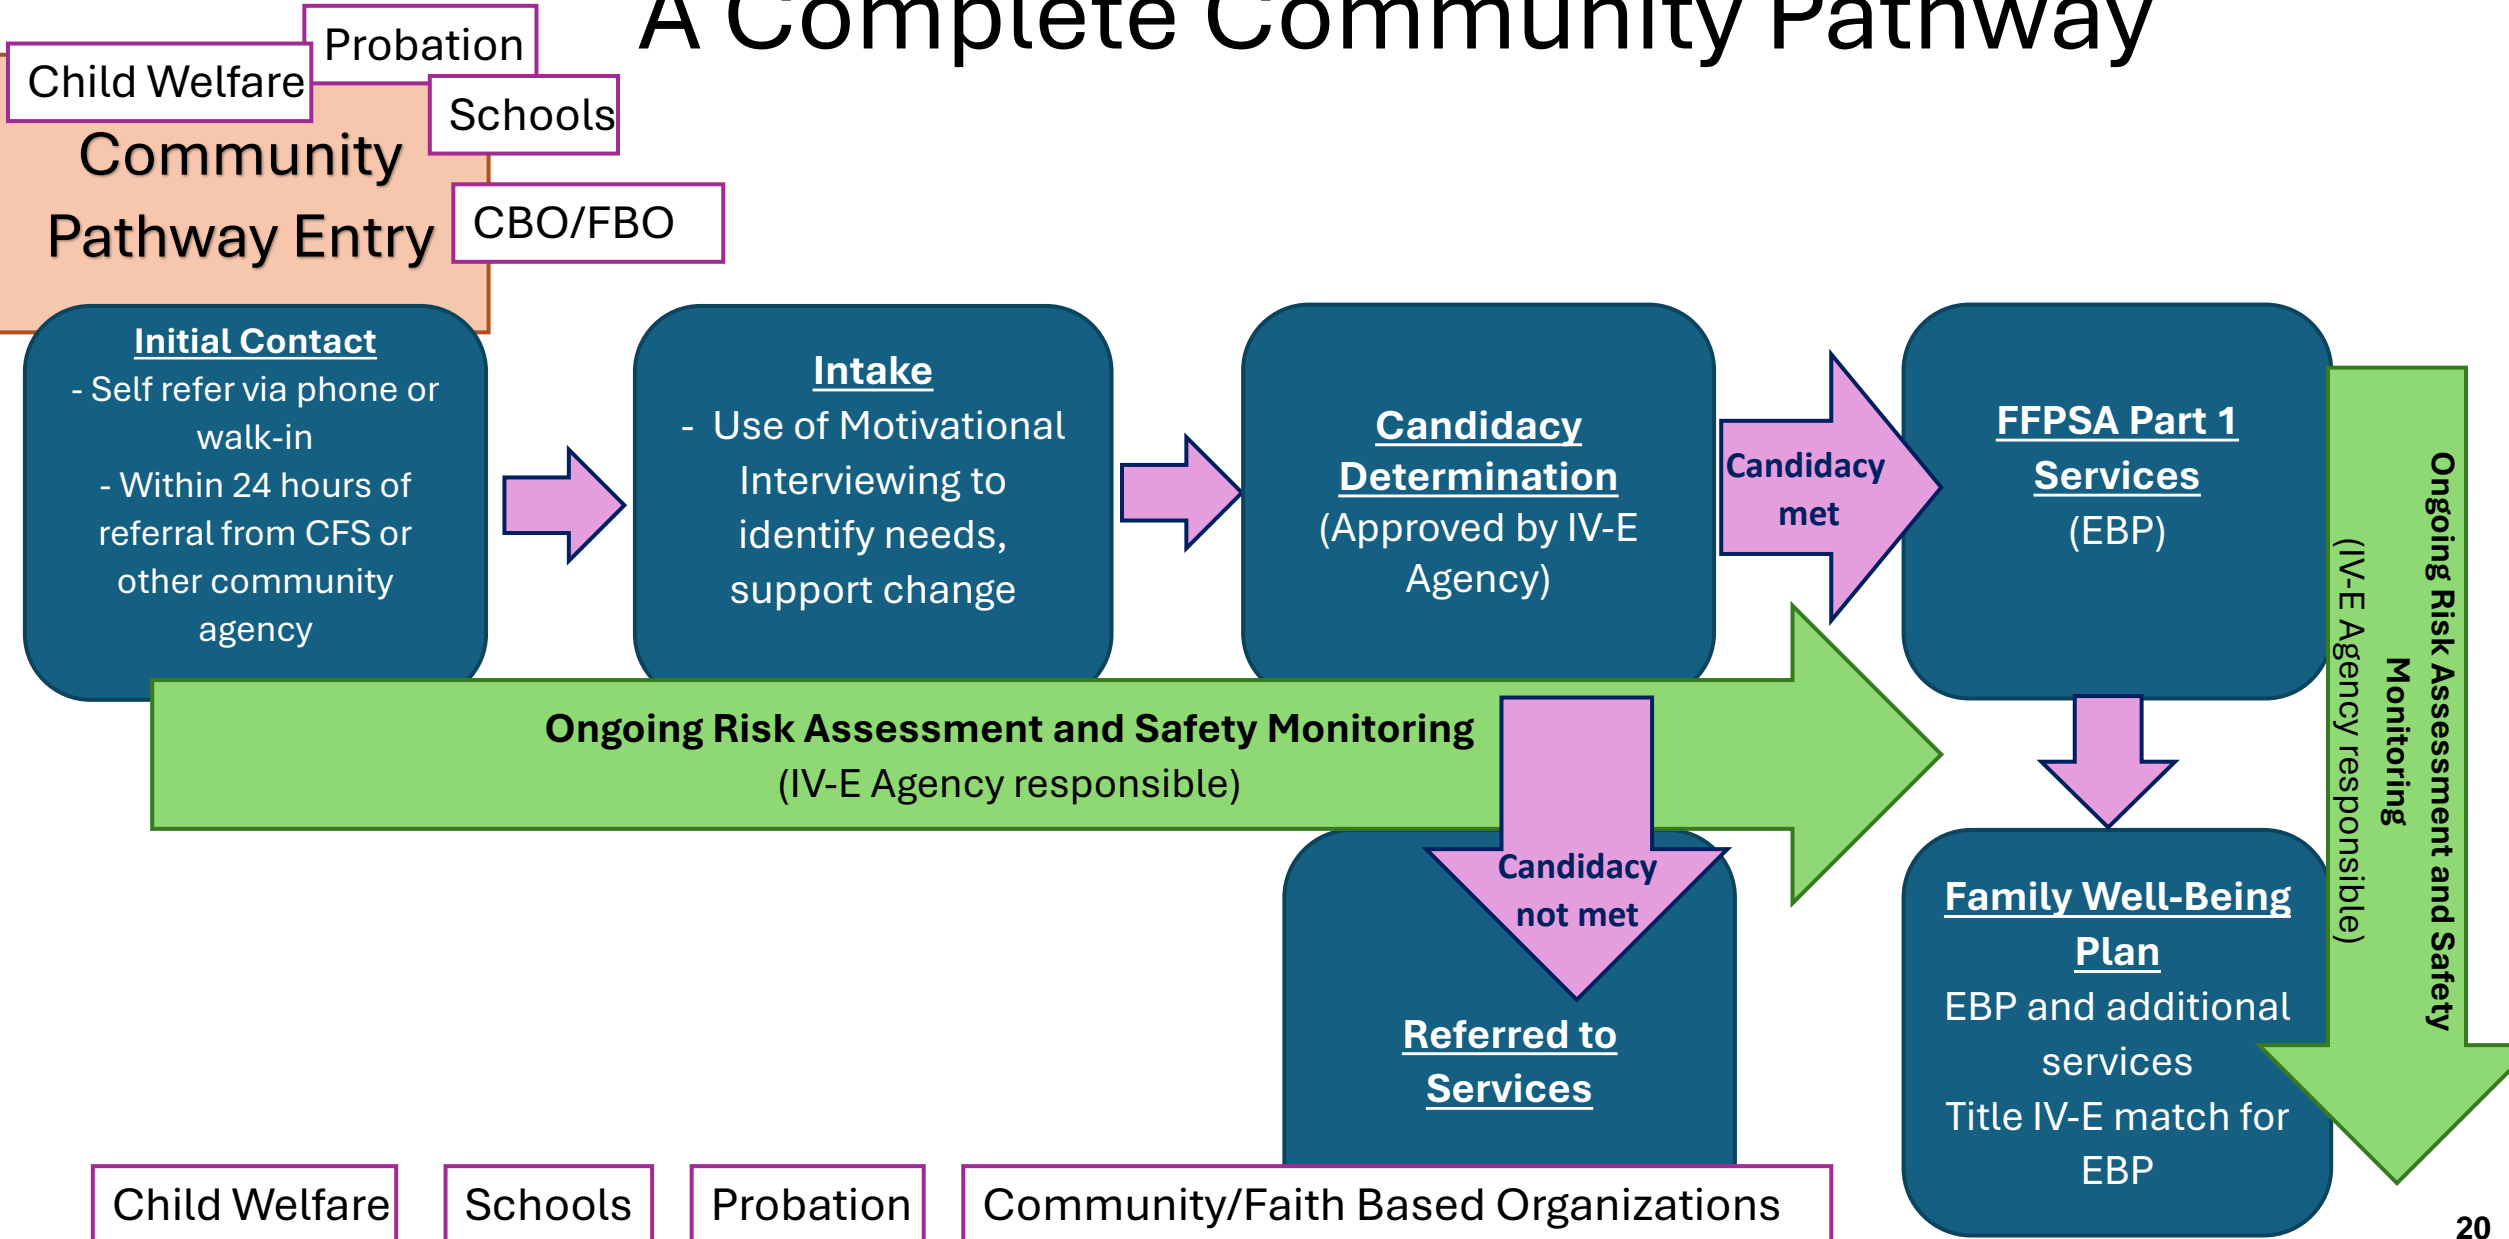

“A community pathway provides families access to community-based services before a call needs to be made to child protective services and/or when direct involvement with CFS or Probation is not warranted. A community pathway can serve to reduce racial disparities by keeping vulnerable children and families who most need supportive services out of ‘the system’ while providing needed services and monitoring safety and risk.” (Contra Costa County Comprehensive Prevention Plan, p. 38).
