

Goal #3

Goal:

The AAA will improve access to information, assistance, and resources to promote equity and visibility of services among older adults, persons with disabilities, and family caregivers.

Rationale:

Knowledge, awareness, and ability to obtain the services and resources one needs are critical to supporting residents' ability to safely age in place and thrive in Contra Costa. Focus group participants established that for services to be accessible and effective, they must be affordable, available, coordinated, equitable, reliable, seamless, and visible. Furthermore, elevating the visibility of Caregiver Respite services is specifically crucial as caregivers are often dependent on this resource as a sole source for relief from caregiving. Hands-on support is also needed to navigate the service system and enroll in programs.
