### **Purpose**

The purpose of this CCB is to inform certain voucher-based child care and development contractors of Fiscal Year (FY) 2025-26 initial planning contract allocations. Please note that award amounts are proposed, and any changes based on Budget Act enactment may be communicated in a forthcoming Budget Act amendment CCB. Contracts will be issued on a flow basis as soon as possible. The Funding Terms and Conditions (FTCs) are located on the [Contractor Resources](#) webpage. An update to the FTCs is forthcoming for the upcoming FY 2025-26.

As a reminder, per [CCB 24-20E](#), Child Care and Development (CCD) Direct Service and Alternative Payment contractors who apply for and are approved for continued funding will not need to sign and return a CCD contract to provide services for FY 2025-26. The CCD contractors will be automatically renewed in accordance with all applicable federal and state laws, as well as all CCD Funding Terms and Conditions and Program Requirements that will be incorporated into the FY 2025-26 CCD contract.

## Background

Voucher-based programs, also referred to as Alternative Payment Programs, provide voucher-based child care subsidies to help income-qualified families pay for child care. To support maximum parental choice, vouchers are provided to families to obtain care in licensed child care centers, licensed family child care homes, or license-exempt care. Voucher-based programs are reimbursed on the Regional Market Rate (RMR) schedule. The RMR ceilings are the maximum amounts that voucher-based child care providers can be reimbursed from the state for subsidized child care. Effective January 1, 2022, the RMR ceilings were established at the greater of either of the following:

- The 75th percentile of the 2018 Regional Market Rate survey for that region.
- The Regional Market Rate ceilings that existed in that region on December 31, 2021.

For additional information regarding the RMR ceiling changes effective January 1, 2022, please review [CCB 21-21](#) and the [Reimbursement Ceilings for Subsidized Child Care webpage](#).

CAPP uses federal and state funding to provide vouchers for eligible low-income families. Alternative Payment Program agencies help families enrolled in CalWORKs Child Care or CAPP arrange child care services and makes payment for those services directly to the child care provider selected by the family.

CMAF provides vouchers to eligible, migrant agricultural worker families (as defined in Funding Terms and Conditions, Section X *Definitions* and [WIC Section 10236](#)) to purchase child care and development services from child care providers serving an identifiable geographic area approved by the California Department of Social Services (CDSS). This program provides services for children birth to 13 years of age, and for older children with exceptional needs. Funding for services follows families as they move from place to place for agricultural work.

CFCC serves families eligible for subsidized care. CFCC are a consortia of licensed family child care homes in a community that provide child care and development services, parenting education, social and health services referrals. Family Child Care Home Education Networks (FCCHEN) also provide training for child care providers and

their staff, as well as quality assessments of participating licensed family child care homes, and development profiles for the children enrolled in the program and support parent involvement.

## **Policy Adjustments**

Since July 1, 2021, voucher-based providers have been reimbursed based on the maximum certified hours of care instead of attendance. For voucher-based providers serving families on a variable schedule, reimbursement was based on the maximum certified hours of care. Funding is subject to an appropriation in the Budget Act of 2025, and therefore is not included in the initial contract allocations.

[AB 116 \(Chapter 41, Statutes of 2023\)](#) established a revised Family Fee Schedule that became effective October 1, 2023. Families with an adjusted monthly family income below 75 percent of the state median income shall not be charged or assessed a family fee. The attachments display the full FY 25-26 allocation by contractor, including funding for the revised Family Fee Schedule. For additional information regarding the restructured Family Fee Schedule, please refer to [CCB 23-22](#). The Fiscal Year 2025-26 CCB related to Family Fees is forthcoming.

[SB 140](#) amends [WIC Section 10213.5](#) to redefine part-time care as care certified for a child for fewer than 25 hours per week instead of 30 hours per week. Full-time care is redefined as care certified for a child for 25 hours or more per week instead of 30 or more hours per week. An annualized allocation is provided to agencies affected by this policy change to cover the cost of transitioning these children from part-time status to full-time status. The attachments display the full FY 25-26 allocation by contractor, including funding for the redefinition of Full-time care. For additional information, please refer to [CCB 24-04](#).

## **Claiming**

The terms Project Cost Account (PCA) and Service Location (SL) codes are interchangeable and represent the same funding source. Effective July 1, 2024, CDSS utilizes and displays coding that pertains to CDSS only. Therefore, a PCA/SL number that begins with a "1" is designated as state general funds and a PCA/SL beginning with a "2" is designated as federal funds. Please note, contract numbers are still to be determined.

Attachment I displays the initial allocation for CAPP. Funding is comprised of revenues from the Youth Education, Prevention, Early Intervention and Treatment Account (YEPEITA), the Child Care and Development Fund (CCDF), and General Fund. CAPP program costs should be claimed to the following PCAs:

<b>Project Cost Account/Service Location Code</b>	<b>Code Title</b>	<b>Federal Catalog Number</b>
25400	CAPP - CCDF Discretionary Federal Fund	93.575
13186	CAPP - State General Fund	N/A
15467	CAPP - Prop 64	N/A

Attachment II displays the initial allocation for CMAP. Funding is comprised of General Fund and CCDF. CMAP program costs should be claimed to the following PCAs:

<b>Project Cost Account/Service Location Code</b>	<b>Code Title</b>	<b>Federal Catalog Number</b>
24570	CMAP - CCDF Matching Federal Fund	93.596
13260	CMAP - State General Fund	N/A

Attachment III displays the initial allocation for CFCC. Funding is comprised of General Fund and CCDF. CFCC program costs should be claimed to the following PCAs:

<b>Project Cost Account/Service Location Code</b>	<b>Code Title</b>	<b>Federal Catalog Number</b>
24569	CFCC - CCDF Matching Federal Fund	93.596
13261	CFCC - State General Fund	N/A

For further information about fiscal reporting and claiming for voucher-based Child and Development programs, please refer to the most recently published Enrollment,

Attendance, and Fiscal Reporting and Reimbursement Procedures for Child Care and Development Contracts, commonly referred to as the Fiscal Handbook located on the [Fiscal Resources webpage](#). An update to the Fiscal Handbook is forthcoming for the upcoming FY 2025-26.
