Contra Costa County
Hazardous Materials Commission
597 Center Avenue, Suite 200
Martinez CA 94553

Attention Fred Gluck, Hazardous Materials Commission Chairperson:

Sustainable Contra Costa is pleased to sponsor Martin Bond for the Contra Costa County Hazardous Materials Commission Environmental Organization Seat.

Sustainable Contra Costa is a community of citizens, educators, innovators, and organizations working together for ecologically sustainable, economically vibrant, and socially just communities for all. Since 2008, SCOCO has grown into one of the broadest reaching nonprofits in Contra Costa, providing tools and resources that enable people to take meaningful actions. We help thousands of people each year learn to live more sustainably and make changes to save water and energy, reduce waste, grow food, and build healthy, resilient communities.

We would like to nominate Martin Bond to the Environmental Organization Seat on the Contra Costa County Hazardous Materials Committee to represent our work in Contra Costa County. Martin has worked for many years with Sustainable Contra Costa on a variety of projects supporting sustainable practices with residents and businesses in the County.

Thank you for your consideration.

Sincerely,

A handwritten signature in black ink, appearing to read "Tina Neuhausel".
