## Qualifications and Volunteer Experience

### Please explain why you would like to serve on this particular board, committee, or commission.

---

Public service has been my interest for a decade as a citizen reporter, I broke news on a personal blog that made stories in Newsweek and Rolling Stone, and investigations I started are in development by two documentary production companies. This happened by Do It Yourself practice. That's how I also developed interest in bicycling as a way of life that connects transit, urban design and culture. With climate change threatening the planet, bicycling is an essential part of a greener future and I get to advocate for it by teaching people to ride a bike for the first time. As an observer, reporter, teacher, and doer, I would like to help the committee represent the public interest for making bicycles a great transit option.

### Describe your qualifications for this appointment. (NOTE: you may also include a copy of your resume with this application)

---

I use access I would advocate for, cycling hundreds of miles a month around the county and the SF bay. I make systems work together, my entrepreneurial activity is funded by running an Amazon seller business with logistics for importing and delivering goods around the world. I have served hundreds of thousands of customers and do my own bookkeeping for experience in budgeting and spending decisions.
