Re: We strongly support Jamin Pursell for the Contra Costa County Hazardous Materials Commission Environmental Organization seat

Greetings.

The Richmond Southeast Shoreline Area Community Advisory Group (CAG) executive committee strongly supports Jamin Pursell for the full-term Environmental Organization seat of the Contra Costa County Hazardous Materials Commission.

Jamin participates in the Richmond Southeast Shoreline Area (RSSA) Community Advisory Group (CAG) meetings with DTSC and other stakeholders regarding the plans for the proper and comprehensive cleanup of the Zeneca-Stauffer research and industrial plant site on the Richmond shoreline. This site is one of the most hazardous and complex waste sites in California, as it impacts the broader community via high volumes of hazardous waste, as well as dispersal and leakage to surrounding properties and public spaces. He also is the co-chair of the Richmond Shoreline Alliance and running for a seat on the Sierra Club West Contra Costa Group Exec Committee.

We strongly support this nomination as we know Jamin will be a great asset to the community and environment on the County Hazardous Materials Commission.

Sincerely,
