Emerging Theme:

Commercial Sexual Exploitation of Children (CSEC)

- It was noted that CSEC conversations have come up in several the presentations
- CSEC services are a gap - Seneca mentioned Solano as a place that does CSEC well
- Love Never Fails, and Community Violence Solutions both serve CSEC
- Where is the hub of centralized support for CSEC ?
- high schoolsare a place where students can be targeted, can services be located there?
- How effectively are warm handoffs are actually happening? where are linkages being made and how are they handled - maybe PD SW can assist with this? how do we make sure there “no wrong door” is being centered ? how do we navigate people to the places they need to go - navigate the bureaucracies of the system that can be a barrier
- What about community pathways, and what about secure track?

- Looking at opportunities for braided funding to expand to serve some more high or higher risk youth or just different populations?

11/4/24

Presentations from RYSE

- questions about coordination with other providers: Golden gate, ONS, 100 years, RPAL
- question about programming that could be brought to JH
- question about programming that can be community based so it's not just inside JH
- suggestion to have CBOs trained in EBPs to deliver in JH and in community

Opportunities: solid foundation of culturally responsive and wraparound services - can this be expanded ?

Gaps:

- West county centered - can the new youth centers in other locations have RYSE services
- RYSE has so many services and only reentry is paid for by JJCPA can more of their services be funded through JJCPA ?

Presentation from YEIP

- **Opportunities:** family action plan is a good "corner stone" for other programs to use

10/7/24

Presentation from CCCOE

Gaps:

- Question about restoring the funding for the additional YSS - ideally it's a case manager who meets with youth around soft skills. Is this a gap that can be filled?

Presentation from STAND!

Opportunities:

- Additional funding to support groups from being provided for 1 semester to a full (academic?) year

9/16/24:

General notes:

- Appreciation that they shared information about patterns across systems

BALA

Gaps:

- Need to increase number of staff to do the work that is coming in - CCC is unique from other counties because there is a dearth of civil legal services
- If there is an interest in opening clinics in other parts of the county, they expect they will get an influx of referrals and they would need to increase staff capacity to serve those young people
- need to have a clinic in east and central

Seneca

Opportunities:

- Can the five slots they have be expanded to more serious offenders with a focus on reentry?

8/5/24:

BACR presentation:

Opportunities:

- to increase referrals for prevention and early intervention ?
- BACR "HEART" program was recently funded through JJCPA prevention dollars to focus on Starting a girls group

Gaps:

- Golden gate community school was recommended as a school that is in need of services

Bay Area Community Resources

Who We Are

Bay Area Community Resources (BACR) is a multi-service organization with a 40+ year history in Contra Costa County. We provide intensive Case Management, Career and Academic Coaching, Job Readiness and Life Skills Training, and Job Placement to Juvenile Justice involved youth re-entering the community from incarceration.

Our Guiding Philosophy

***“Young people can do anything
with the appropriate amount of
training and support!”***

MEET OUR TEAM

Ruth Barajas: Program Director

Karen McBride: Program Manager

Adriana Morales: Senior Case Manager

Carmen Padilla: Academic and Career Coach

REENTRY SERVICES PROVIDED

In-person services and virtual meetings are available. Participants can meet with their Case Manager or Academic & Career Coach at our Antioch location to receive the following services:

- **Case Management** (i.e. case planning, resource referrals, home visits, transition back into community)
- **Academic and Career Coaching** (i.e. college tours, resume support, job placement, career planning)
- **Life Skills and Job Readiness Training** (skill building)
- **Job Placement** (subsidized and unsubsidized)

PROGRAM DESIGN

Preliminary Stage: Referrals are made through Contra Costa Juvenile Probation

STAGE 1: Relationship Building: Participants are met in custody up to three times to prep for their Reentry meeting

STAGE 2: Post Release Enrollment Services:

- ❖ Enrollment Documents
- ❖ Assessments
- ❖ Plans

STAGE 3: Stabilization/ Barrier Removal Services: Participants receive services tailored to their immediate needs, which can include helping them obtaining their CA ID, vital documents, transportation, food, professional clothing, etc.

STAGE 4: Behavior Modification/ Mindset Development/ Life Skills and Professional Development Training: In person group cohort.

STAGE 5: Academic Advising and Career Coaching: Services include the development of a Career Action Plan, Portfolio Building, academic and career coaching, employment support and job placement.

Referrals and Enrollments

Our juvenile reentry program has the capacity to serve 44 young people ages 14-24 each year. In FY 2023-2024, Contra Costa Juvenile Probation Services referred 30 youths to BACR, resulting in 20 new enrollments in our program. Overall, we served 63 participants this fiscal year, including 5 who rolled over from the previous fiscal year (2022-2023) and 12 rollovers from the previous quarters within the fiscal year.

At this time, we have not had to add referrals to a wait list.

Individualized Reentry Professional Development Training

Life Skills and Job Readiness Training is designed to foster a growth mindset and enhance awareness of professionalism. Youth develop new coping skills to manage their thinking, communication, and behavior in both life and on the job.

We address the needs of the young people we serve, whether they are incarcerated or reintegrating into the community, through weekly meetings with their Case Manager and Academic & Career Coach.

OUR IMPACT

Program Model and Outcomes

We are currently using a logic model for our evidence informed data. The data collected is then stored in Salesforce.

In FY 23-24, we received 30 referrals. 3 of the referrals declined services and the other 3 were not engaged.

- 24 participants received resume building support and 4 participants secured unsubsidized employment
- 8 participants participated in our Life Skills training, one of whom got a promotion at work due to his improvement in professionalism.

Engagement

85% of enrolled participants are consistently engaged with our staff and actively working towards their educational and employment goals. Additionally, some participants are volunteering their time to support community events.

Unity in the Community 2024 Bay Point, CA

Service Goals for 2025

- Coordinate and facilitate 100% of reentry meetings for participants being released.
- Enroll and engage all referred youth who are released from custody.
- Provide efficient supportive services, which directly address barriers to success i.e. ID, birth certificate, driver licence, social security card, school enrollment etc.
- Facilitate Individualized Professional Development Trainings that target mindset, personal and professional growth.
- Thinking 4 Change classes are being added.
- Place 8-10 youth into subsidized employment opportunities.
- The launch of a girls group
- On site therapy for clients and clinical consultation for staff.

Cost & Funding

The cost per unit for our services (serving 44 participants) is: **\$ 5,682** per participant.

100% of our source of funding for this reentry program is through JJCPA.

This funding has allowed us to help participants with overcoming barriers, reach educational and professional goals, and be able to have or build healthy relationships.

Collaboration

BACR currently collaborates with the following organizations:

- Antioch & Brentwood Unified School District - engaging with young people
- Los Medanos & Diablo Valley College - higher education collaborations
- Stand Together Contra Costa - free immigration support for Contra Costa residents
- CC 4 Our Families - CC County field coordinators that support clients in applying for county services
- West Pittsburg Community Church - BACR holds weekly wrap around resource fairs at this location serving an average of 120 families per week.
- Food Bank of Contra Costa and Solano - provides food for our weekly resource fair
- Brighter Beginnings - Pediatric health services for low income families
- Village Keepers - CBO that offers free medical services like blood pressure and diabetes testing for low income East County residents.
- Contra Costa Health Services - provides free COVID test kits and shots at our weekly event.
- Bay Church - Provides showers for ECRC participants every week

THE YOUTH JUSTICE TEAM BELIEVES
THAT ALL YOUNG PEOPLE SHOULD
BE TREATED WITH RESPECT AND
HAVE THE RESOURCES THEY NEED
TO MEET THEIR GOALS.

TO THAT END, WE ENGAGE IN CIVIL
LEGAL REPRESENTATION, SOCIAL
WORK, COMMUNITY
COLLABORATIONS, AND SYSTEMIC
ADVOCACY, IN PARTNERSHIP WITH
THE YOUNG PEOPLE WE SERVE.

Why is there a Youth Justice Team?

Vulnerability Factors Experienced by YHP Clients

From 2007-2024, the Youth Justice Project opened thousands of legal cases for youth across the SF Bay Area.

Why is there a Youth Justice Team?

As of 2024, over 90% of clients were BIPOC.

Disparities for Black and Latinx youth are reflected in homelessness, foster care involvement, juvenile and adult criminal justice involvement, and school discipline.

Types of advocacy

What is our program model?

- **Stated-interest**
- **Client-centered**
- Holistic
- Interdisciplinary
- Trauma-informed
- Conscious of race and intersectional identities

Normal Life, Bad Things

PTSD

Complex Trauma

YJT Program Model

- 13-26 year-olds at greatest risk for--homelessness, justice system entry/reentry, abuse/neglect/abandonment, trafficking, school to prison pipeline; most have intersectional identity of BIPOC, person living with a disability, and one of the above vulnerability factors
- Operates in Alameda, Contra Costa, San Francisco, and Santa Clara Counties
- Services are usually provided in a mix of hybrid and in-person options, but are catered to the youth's specific circumstances (internet/phone access, childcare, transportation)

YJT Program Model

- Services are primarily in English and Spanish but we have the capacity to translate to any language as needed
- We prioritize hiring of staff with shared experiences with our youth, most of our staff have lived experiences and half share intersectional identities of the youth we serve

YJT Program Model

- Foster Care Entry and Benefits
 - Education (enrollment to sped advocacy to school discipline defense)
 - Probate Guardianships
-
- SSI and SSDI applications and appeals of denials
 - Public benefits appeals of denials
 - Immigration (affirmative relief for SIJS, T and U Visas)
 - Family law for parenting youth who have experienced intimate partner violence and restraining orders
 - Consumer justice (ID theft, fraud, credit history)
 - Traffic tickets clearance
 - THP Exit prevention/FYI voucher denial advocacy

2023-2024 Success Stories

Capacity and Goals

Contra Costa County

- Can carry a case load of approximately 20-25 youth at a time, based on legal need, currently have 22 youth with open cases with us
- Waitlist is roughly 1-2 months for immigration or education related assistance, time sensitive cases are prioritized
- We have a high priority interest to increase capacity in Contra Costa County, where there are very few free legal services available to youth
- Our long-term goals are to increase presence in community and conduct more legal clinics, and to be involved in more systems change meetings, and to be involved in youth court *these are best practices we have learned in other jurisdictions*
- We are currently limited by funding and staff resources

Costs and Funding

Legal cases vary dramatically in cost based on length of time it takes us to resolve the legal issue for our client but average \$7,000-\$8,000/per case in Contra Costa County

Majority of youth justice funding comes from local government and State government (Counties, Probation Department), and Foundations, with some individual donations as well

JJCPA covers roughly 15% of our funding for the Youth Justice Program

Costs and Funding

JJCPA funding allows us to:

Staff a regular clinic in Contra Costa County and to dedicate specific attorney time there

Expand our education services, foster care entry, and benefits and guardianship in the County

Generally serve more youth and also dedicate social work time

 - Defining what success looks like
-

Client Story

Cost & Funding

- We are cost reimbursed & therefore our services are reimbursed based on the expenses we incur up until our contract cap (\$381, 958)
- Funding sources: Probation
- 100% of contract budget covered by JJCPA dollars
- How has JJCPA funding supported the impact of our program?

Collaboration

- We partner with CFS (Children & Family Services), CCC Behavioral Health, School Districts, REACH, 100 Years, Embrace, STRTPs, & any other agencies serving the youth & families we're working with.
- Reasons why we might not be able to serve a youth:
 - Youth & family moving out of the service area
 - Youth & family declining services
 - Court has ordered youth to placement
- Which organizations are doing similar work to us?

BACKGROUND

YOUTH SERVICES EMPOWERMENT PROGRAM:

The Contra Costa County Office of Education (CCCOE) Youth Services Empowerment Program (YSEP) offers personalized support services tailored to justice-involved and at-risk youth, spanning ages 14 to 24. Our dedicated case managers conduct thorough assessments to identify and address the unique barriers, needs, and aspirations of each individual referred to our program. For youth aged 14-17, our services prioritize educational success, while our Transitional-Aged Youth (TAY) services emphasize progress in secondary and post-secondary education, apprenticeships, and/or employment pursuits. Referrals to our program commonly originate from Deputy Probation Officers, Public Defenders, and School Personnel.

CCCOE Youth Services

Mission: Youth Services (YS) provides a broad range of coordinated services for youth in foster care, experiencing homelessness, or facing other barriers. Our programs support these youth in finishing school, finding jobs, and pursuing career paths. We aim to prepare students to become self-confident, self-sufficient, and independent adults.

Goal: To improve the educational and career outcomes for youth in foster care, experiencing homelessness, or facing other barriers YS provides targeted support and resources that enhance their academic performance, job readiness, and life skills.

Programs: Programs for youth include personalized case management for education and employment, tutoring and academic support.

Collaboration with Districts and Agencies: Work closely with school districts to identify and support youth. Partner with agencies and community organizations. Coordinate services to ensure a holistic approach to youth support.

Youth Services Programs

1. Education for Homeless Children and Youth (EHCY)
2. Foster Youth Services Coordinating Program (FYSCP)
3. Workforce Programs
- 4. Empowerment Program**
5. Homeless Education Technical Assistance Centers (HETAC)
6. California Community School Partnership Program (CCSPP)
7. Wellness in Schools Program (WISP)

Our staff reflect a meaningful portion of the diverse youth we serve which enhances our ability to connect with and support our youth.

PROGRAM DESCRIPTION

- Youth Services Specialist (YSS) provides holistic support to enhance academic performance, career awareness, and transitions to post-secondary education.
- Services include academic guidance, transcript review, college/career guidance, vocational assessment, and education placement assistance.
- Identify educational strengths, address barriers, and advocate for proper school enrollment and access to essential services.
- Participate in school meetings, collaborate with caregivers and agencies, and support delinquency prevention.
- Offer annual follow-up services for ongoing success and support.
- Empower youth with tools for academic and career success.

➤ CHALLENGES

Lack of Direct Communication/Ineffective Communication Channels:

Many youths do not have reliable access to direct communication channels, such as cell phones or emails that they check frequently.

This limitation forces case managers to rely on parents or guardians, which can result in delays, miscommunications, and create additional barriers to establishing trust and rapport.

➤ TRENDS

Achieved a significant increase in graduation success rates this FY, supported by a fully staffed team.

Co-locating at high schools has enhanced our ability to effectively serve and engage with our youth, and our consistent collaboration with school officials has strengthened our ability to advocate for them.

Conducting home visits has deepened our rapport with families and strengthened our connection with those we serve.

COLLABORATION

➤ INELIGIBILITY

If we are unable to serve a referral, our process includes:

- **Assessment:** Identifying the most suitable external agency based on the youth's needs.
- **Referral:** Making a formal referral with all necessary information.
- **Tracking:** Documenting the referral and following up to ensure it's being processed.
- **Feedback:** Gathering feedback from the youth and agency to ensure effective service.

Although our program does not serve other counties currently, we plan to draw on best practices from neighboring jurisdictions to inform and enhance our services in Contra Costa County in the future.

➤ COMPARABLE PROGRAMS

Organizations doing similar work to ours include:

- **WIOA (Workforce Innovation and Opportunity Act):** Focuses on workforce development and training for youth.
- **Youth Works in Richmond:** Provides job training and career development opportunities for young people.
- **Department of Rehabilitation:** Offers services to support individuals with disabilities in finding employment.
- **Love Never Fails:** Works to prevent and address youth homelessness and exploitation.
- **Health Right 360:** Provides health services and support for underserved populations, including youth.
- **Hundred Years Enterprise:** Focuses on youth empowerment and development programs.
- **RYSE:** Offers support services for youth in various aspects of their development.
- **Rubicon:** Provides services aimed at economic self-sufficiency and personal development for youth.
- **Opportunity Junction:** Focuses on workforce development and provides job training and support services for low-income youth and adults.

GOAL PROGRESS

FUNDING IMPACT

2003

Lesi began visiting the court community schools in Contra Costa.

2014

Alejandra became the Youth Services Manager.

2016

Youth Services applied and received their first contract with the Probation Department, which provided funding to support one re-entry and transitional age youth (TAY) with education, employment, and other services

2021

Youth Services applied and received a second contract from the Probation Department, which funded six positions to continue supporting re-entry and TAY populations.

Impact of Funding

Thanks to probation funding, we are making the dream a reality!

- We have five dedicated case managers serving youth in Contra Costa County.
- Our support goes beyond education and employment; we take a holistic approach to meet all of youth's needs.
- We build trusting relationships through personalized guidance, helping youth navigate services successfully.
- Our impact extends beyond individuals, transforming families and communities.
- Ongoing funding is essential to grow and improve the program, helping us elevate our vision from 2003 to new levels.

THANK YOU!

Services Program

Youth Education Supportive Services (YESS)

A school and community-based prevention project including education, youth leadership development and training on teen dating violence prevention, shifting attitudes and increasing healthy relationships. The best way to stop family violence is to prevent it from starting. This program is designed to involve, educate, empower and mobilize youth to create youth-driven activities addressing relationship violence. The program helps young people develop the skills and emotional resilience to maintain healthy peer and dating relationships and engage in positive social behaviors. Young people change their physical and social environments and determine their own strategies and actions.

The YESS Prevention Educators offer in-person and virtual presentations and support groups based on the Expect Respect, Promoting Gender Respect, and You Never Win With Violence curricula.

Youth Against Violence (YAV)

Youth Against Violence (YAV) is a leadership program that focuses on teen dating violence prevention and building allies. Leading by example, YAV leaders are both strong and passionate advocates of nonviolence in all facets of their communities. They are provided numerous opportunities to engage their peers in strategies to end violence, participate in critical dialogue around the root causes of violence, and work towards fostering a safe and just society.

LOGIC MODEL TEMPLATE

Instructions: Please provide a program logic model describing the linkages between the program targeted population, resources, activities, outputs, and initial, intermediate- and long-term outcomes related to the proposed service's overall goals/objectives. This logic model should detail how the program will operate and make explicit the sequence of events that are presumed to bring about change associated with the program's outcomes. (This logic model template will not count toward page limit for the Project Narrative Section.)

Using the Logic Model We Looked at the Problem to Address

What causes system involvement?

Unaddressed Educational Challenges & Mental Health Needs

Substance Use & Housing Instability

Difficulty Navigating Services & Inadequate Family Supports

Over reliance on the system to provide services for low risk youth

Using the Logic Model We Looked at the Problem to Address

Why try to minimize system involvement?

Formal system involvement is costly. Research shows formal system engagement leads to deeper contact with the system & worse outcomes.

There are significant racial & class disparities for youth with formal system engagement. Racial & ethnic disparities become more exacerbated the deeper the person is pushed into the system.

Lack of alternatives to formal system processing.

Description of Services YEIP Goals Using the Logic Model

Expand prevention efforts so that fewer children have formal engagement in the youth legal system.

Expand access to and accessibility of services *before* a child is charged with a crime so that we can reduce the likelihood that the child *will* be charged with a crime.

Provide high quality, less restrictive **alternatives** for law enforcement to formal arrest, booking & charging for youth whose needs do not require that level of intervention.

The Mission of YEIP

The mission of the Partnership is to provide service connection, legal advocacy and support to youth who have had contact with law enforcement – or are at risk of such contact -but who have not been formally charged with a crime.

The program is designed to prevent or minimize system involvement for youth whose contact with law enforcement has not resulted in formal processing in the youth legal system.

Program Description

YEIP TEAM

Client Services Specialist:

- Detailed strengths and needs assessment
- Service referrals & follow up
- Regular check-ins
- Data collection to document our work

YEIP Attorney:

- Legal consultation with referred youth
- Formulates Family Action Plan
- Represent youth at school discipline hearings
- Presents to law enforcement agencies & schools to strengthen & expand community partnerships

Program Description & Referral Sources

Youth ages 10-18 who have had contact or are at risk of having contact with law enforcement are referred to our office by:

- The District Attorney's Office
- Law Enforcement officers
- School administration and educators
- Concerned parents
- Community based organizations
- Miranda advisement by our office

Description of program:

Examples of being at risk of law enforcement contact

Youth who are not attending school regularly, have poor grades and / or have behavioral problems at school

Youth who are having difficulties with their parents, not following rules, or are aggressive towards family members

Youth who are associating with a negative peer group

Youth with substance abuse concerns

Youth who have mental health issues, particularly if their treatment needs are not currently being addressed

Description of Program: Who We Serve & Where

Youth of all genders and races, 10-18 years old who live in or near Contra Costa County.

We meet the youth and their families where it works best for them.

We serve youth in English and in Spanish.

We don't turn any referrals away, unless there is a legal conflict.

Intake: The Legal Consultations

Every youth is apprised of the consequences that could result if they are formally charged.

These consultation go a long way toward getting youth to participate and change behavior.

██████████'S FAMILY ACTION PLAN

8/12/22

- 1) Graduate from High School ██████████
 - a) Change school to a credit recovery program like Live Oak or equivalent. ██████████ and ██████████
 - b) Attend school at least 90% of the time. Turn in work. Earn credits. ██████████
 - c) Refer to YSS to assist with school related supports. (Nicole)
 - d) Get credits straight, how many do you actually need. ██████████ to get from counselor ASAP)
- 2) Get Your Mind Right/ Family Harmony-
 - a) Try to do things together at least once a week, have a family dinner, watch a silly old movie, play a board game. It is so hard when you are a busy teenager, but it will feel good to reconnect with your mom. ██████████
 - b) Referrals to MDFT and FFT for action driven family counselling. (Nicole)
 - c) See a psychiatrist to determine if there are medications to help you with ██████████ and ██████████
- 3) Lay Low: There is a lot going on right now. You need to be thinking about who you get in the car with, making smart decisions about your friends and how you spend your time. I recommend you spend it at home, at school and... that's it. ██████████
- 4) Get a Job -> Getting a License -> Getting a car:
 - a) We must get all of the above items in place before we can start moving on this item. But I want it out there as a goal because this is obviously something ██████████ thinks is important to achieving his other goals. (Music producer, entrepreneur/business oriented)

We will meet again on September 7th at 9:00 am in person at the office to see what is working about our plan, what we've accomplished and what we need to add or subtract. All action items have a due date of 9/7/22. In the meantime feel free to reach out with updates or concerns.

A large, leafy tree is shown against a dark, overcast sky. The tree's trunk and branches are visible, but the most striking feature is its extensive root system, which is exposed and spreads out across the ground. The roots are dark and intricate, mirroring the structure of the branches above. The overall image conveys a sense of stability and the importance of addressing foundational issues.

Chris

Success means to our clients:

- Getting connected to pro-social activities
- Engaging in therapy
- Engaging in substance abuse treatment
- Attending school
- On track to graduate
- Improving peer and family relationships
- Develop coping skills

Success means to us:

- ❑ After referral, we are almost always able to build and sustain a long term relationship.
- ❑ Very rarely are youth engaging in conduct that results in a case being filed against them during or after participating in YEIP.
- ❑ The vast majority of our clients terminate successfully from YEIP.

Evidence Based & Evidence Informed Models

*RYSE's holistic model is a community defined, community evaluated practice. Since opening we have trended consistently across the scales and measures tied to our values (Member Survey 2009-2024). **The Transition & Reentry Program** incorporates the following evidence based and evidence informed models:*

- Establishing services 1-3 months prior to release with a designated reentry specialist.
- Intensive case management, utilizing practices of Nonviolent Communication, engagement of Family Systems, Thinking for a Change, Motivational Interviewing, and Creative Youth Development.
- Afterschool Programming rooted in a positive youth development model, and in the trauma-informed practice wherein young people most impacted have significant voice and leadership in shaping program design and delivery.
- Individual and Group Therapy utilizing Cognitive Behavioral Therapy, whole-family approaches, art therapy and Seeking Safety from Substance Use.
