### PUBLIC PROTECTION COMMITTEE

Meeting Date: April 30, 2025

Subject: Draft Record of Action - February 18, 2025

Submitted For: Monica Nino, County Administrator

Department: County Administrator's Office

Presenter: Enid Mendoza, PPC Staff

Contact: Enid.Mendoza@cao.cccounty.us, (925) 655-2075

### **Referral History:**

County Ordinance requires that each County body keep a record of its meetings. Though the record need not be verbatim, it must accurately reflect the agenda and the decisions made in the meeting.

### **Referral Update:**

Attached for the Committee's consideration is the Record of Action for the Committee's February 18, 2025, meeting.

### **Recommendation(s)/Next Step(s):**

APPROVE the Record of Action from the February 18, 2025, Public Protection Committee meeting.

### **Fiscal Impact (if any):**

There is no fiscal impact.

to the Victims' Representative seat on the Community Corrections Partnership with terms ending December 31, 2025, as recommended by the Community Corrections Partnership.

*The Committee thanked both candidates for their continued participation and approved the recommendation as presented.*

**Motion:** Carlson

**Second:** Andersen

**Aye:** Chair Candace Andersen and Vice Chair Ken Carlson

**Result:** Passed

5. CONSIDER approving the proposed fiscal year 2025-26 AB 109 Public Safety Realignment Community Corrections budget for inclusion in the County's FY 2025-26 Recommended Budget, as approved by the Community Corrections Partnership - CCP Executive Committee at its December 20, 2024 meeting. [ATTACHMENT D - Departments' FY25-26 Budget Proposals](#)  
[ATTACHMENT E - Change From FY 24-25 to FY25-26 Budget Requests](#)

*Community Corrections Partnership (CCP) Chair, Esa Ehmen-Krause provided an introduction and CCP staff, Enid Mendoza presented a summary of the budget assumptions, as well as recently revised base and growth allocations assumptions that are slightly higher than originally presented to the CCP at their November and December 2024 meetings. Staff shared that per the Governor's January Proposed Budget, the County FY 2025-26 base revenue estimate has been updated to \$38,452,551 and the Growth allocation to \$1,432,878, which results in a reduced amount of fund reserves (\$2,173,750) needed to balance the proposed FY 2025-26 budget, which was initially assumed to be approximately \$5 million.*

*The Committee offered any present department heads to comment if they wished. There was no public comment.*

*The Committee approved the budget recommendations for inclusion in the County's FY 2025-26 Recommended Budget.*

**Motion:** Andersen

**Second:** Carlson

**Aye:** Chair Candace Andersen and Vice Chair Ken Carlson

**Result:** Passed

6. CONSIDER receiving a report from the Animal Services Department on Animal Services operations and medical services, and provide direction to [25-521](#)

staff, as needed. (Ben Winkleblack, Animal Services Director)

**Attachments:** [CCAS PPC Presentation 2.18.25](#)

*Director of Animal Services, Ben Winkleblack, presented the update to the Committee. The presentation covered challenges with increasing animal intakes and costs for medical supplies, as well as the department's approaches to increase staffing, decreasing shelter length of stay, and new funding supporting additional spay and neuter surgeries to alleviate the challenges. Director Winkleblack also informed the Committee of increased pet license activities, 64 community outreach events, and upcoming service enhancements. He also acknowledged the increase in transfer partners, which reduce the number of euthanasia despite the increasing intake numbers.*

*The Committee acknowledged the department's improvements and shared appreciation for the updates provided. The Committee approved the report and directed the department to incorporate relevant key highlights from this presentation in its FY 2025-26 recommended budget presentation to the full Board at the end of April.*

**Motion:** Carlson  
**Second:** Andersen  
**Aye:** Chair Candace Andersen and Vice Chair Ken Carlson

7. CONSIDER reviewing the 2024 Public Protection Committee's year-end report and discuss the 2025 Public Protection Committee's referrals and work plan. (Enid Mendoza, PPC Staff)

[25-522](#)

*Enid Mendoza, staff to the Committee, presented the activities and dispositions of the 2024 Public Protection Committee, which Supervisor John Gioia served as Chair and Supervisor Federal D. Glover served as Vice Chair.*

*The Committee provided direction to staff to CONTINUE the following Committee referrals:*

*1. "Opportunities to Improve Coordination of Response to Disasters and Other Public Emergencies" for updates and review of the Countywide Emergency Operations Plan (EOP) on an as needed basis and when the plan requires revisions.*

*2. "Community Warning System" for in depth discussions on this countywide system and critical public safety emergency and evacuation responses to serious incidents such as wildfires, law enforcement activity, missing persons and other events where timely notification is necessary to communicate and resolve serious situations. Communications to the Board of Supervisors regarding the continuation of this referral are to clarify the Committee's oversight will be separate from the focus of the Board's ad hoc committee overseeing the Industrial Safety Ordinance, local industrial accidents, and ordinance compliance of local refineries until the Board takes action to address the ad hoc nature of that committee. The Committee intends to work with the County's Emergency Services Policy Board, which also serves as the County's Disaster Council.*

*Staff were directed to include the details of the Committee's CWS referral continuation report, including the graphs with CWS alert type and hazardous materials incident type summaries to the full Board at its next meeting.*

*3. "County Support and Coordination of Non-profit Organization Resources to Provide Re-entry Services, Implementation of AB 109 Public Safety Realignment, and Community Corrections Partnership Appointment Recommendations" for relevant Local Community Corrections updates and RETITLE the referral to "Public Safety Realignment and Local Community Corrections Partnership".*

*4. "Juvenile Justice Coordinating Council" for annual updates on the council and appointment recommendations as they arise.*

*5. "Holistic Intervention Partnership" for the Public Defender to provide updates on the outcomes of this program on an as needed basis.*

*6. "Familiar Faces/A3/Stepping Up" to reengage County departments and partners on the efforts to address the unique needs of people with mental illnesses and different approaches needed to better serve those that are or may become justice involved or in jails.*

*7. "Animal Services Department Operation Updates" for annual updates on shelter and medical challenges and approaches taken by the department to mitigate the impacts on the department's operations.*

*The Committee provided direction to staff, in alignment with the 2024 PPC's recommendations, to TERMINATE the following Committee referrals:*

### PUBLIC PROTECTION COMMITTEE

Meeting Date: April 30, 2025

Subject: Community Warning System

Submitted For: David Livingston, Sheriff-Coroner

Department: Office of the Sheriff

Presenter: Julie Beach, CWS Manager and Leslie Monroy, Senior Emergency Planner

Contact: Enid.Mendoza@cao.cccounty.us

### **Referral History:**

The matter of the Multi-Language Capability of the Telephone Emergency Notification System (TENS) / Community Warning System (CWS) had been on referral to the Internal Operations Committee since 2000 and was later reassigned to the Public Protection Committee (PPC) in 2008.

The PPC met with Sheriff and Health Services Department staff in March 2008 to receive an update on the County's efforts to implement multilingual emergency telephone messaging. The Committee learned that the Federal Communications Commission had before it two rulemaking proceedings that could directly affect practices and technology for multilingual alerting and public notification. Additionally, the federally-funded Bay Area "Super Urban Area Safety Initiative" (SUASI) had selected a contractor to undertake an assessment and develop a five-year strategic plan on notifications of public emergencies, with an emphasis on special needs populations. The Sheriff's Office of Emergency Services reported to the PPC in April 2009 that little had changed since the March 2008 report.

On October 18, 2010, the PPC received a report from the Sheriff's Office of Emergency Services on the Community Warning and Telephone Emergency Notification systems, and on developments at the federal level that impact those systems and related technology. Sheriff staff concluded that multilingual public emergency messaging at that time was too complex to be implemented at the local level and should instead be initiated at the state and federal levels. New federal protocols were being established to provide a framework on which technological industries and local agencies could work to develop such capabilities.

In 2011, the Office of the Sheriff reported that there were still no extraordinary developments in terms of language translation for emergency notifications. They also reported being on the SUASI project's contact list for participation in the workgroup that would be developing a gap analysis, needs assessment, and five-year strategic plan.

On September 18, 2012, following the Richmond Chevron refinery fire, the Board of Supervisors established an ad hoc committee to discuss the Community Warning System and Industrial Safety Ordinance. Since that committee is ad hoc in nature, the PPC recommended that the CWS issue remain on referral to the PPC.

The PPC received two updates on this issue in 2015; one on April 13, 2015 and one on November 9, 2015. Following the November 2015 discussion, the Committee requested the Sheriff's Office to return in six months with an update.

On May 23, 2016, the Committee received an update from the Sheriff's Office on the status of the TEN system and directed staff to provide a summary of the CWS/Emergency services protocols for future review of the Committee and prepare a handout in both English and Spanish that summarized emergency services protocols.

On October 18, 2016, the Board of Supervisors referred a review of the AtHoc, Inc. (now a division of BlackBerry) contract to the PPC for additional review and discussion and on October 24, 2016, the Committee met to discuss this item. AtHoc Inc., was a full-service alert and warning company specializing in fixed siren systems and emergency notification systems. Alerting Solutions, Inc., also provided support for the Contra Costa County Community Warning System, which at that time consisted of 25 separate and linked control centers, monitoring systems, and communication systems between emergency responders, sirens (40), and other alerting devices (700+), and automated links to radio and television stations serving the community. Representatives from the Sheriff's Office were present to discuss the item and its importance to the County's Community Warning System (CWS) operations. Following that discussion, the Committee recommended that the contract be rescheduled to the Board of Supervisors' agenda for approval but directed staff to continue reporting on CWS operating contracts on a periodic basis. Since the PPC had an existing referral on the CWS telephone electronic notification system (TENS), this referral was combined with the TENS referral with the expectation that the Committee would receive coordinated updates on both issues in the beginning in 2017.

The PPC did not receive updates on this topic from 2017- 2019 and recommended the continuation of this referral to the 2020 Committee due to ongoing interest in monitoring the implementation of a multi-lingual telephone ring down system and ongoing CWS issues.

The PPC also did not receive updates on this topic from 2020-2023 and next considered this referral in 2024. At its March 4, 2024, meeting, the Committee directed staff to terminate the TENS piece of the referral and refer the CWS contracts piece of the referral to the Industrial Safety Ordinance/Community Warning System Ad Hoc Committee.

On August 13, 2024, the BOS approved, in its response to the Civil Grand Jury, assignment of all emergency response planning, including CWS issues as a whole, to the Emergency Services Policy Board, which also serves as the County's Disaster Council.

Committee meeting cancelations, due to scheduling conflicts, resulted in the 2024 Committee's year-end Annual Report with all referral dispositions and Committee recommendations not being considered until the February 18, 2025 PPC meeting. The 2025 Committee membership includes District II and IV supervisors, whereas the 2024 Committee membership included District I and V supervisors. The newly appointed members discussed this topic extensively and voted to continue this referral with the PPC and directed staff to include this recommendation in a report to the full Board at the next available Supervisors meeting. The Committee discussion highlighted the Community Warning System being part of a countywide system, used for more than industrial accidents, for critical public safety emergencies and evacuations with varying serious incidents like wildfires, law enforcement activity, missing persons and other events where timely notification is necessary to communicate and resolve a serious situation. The Committee's recommendation sought continuance of

countywide oversight of all public safety emergency notifications, separate from the focus of the Board's Industrial Safety Ordinance Ad Hoc Committee and ordinance compliance by local refineries.

Ultimately, the Committee recommended, and the Board approved, to continue this referral to the PPC, with its members working with the Emergency Services Policy Board, which also serves as the County's Disaster Council.

**Referral Update:**

Committee staff worked with the Office of the Sheriff upon Board approval of the continuance of this referral topic to the PPC, and it was agreed that due to the length of time since this topic was last presented to the Committee, a comprehensive introductory report would be the most helpful for discussion and Committee direction to staff. Attached is the Sheriff's Office report and presentation.

Staff from the Contra Costa County Fire Protection District and Contra Costa Health Services Hazardous Materials division will also be in attendance should any emergency response, evacuation, or preparedness topics within their purview be discussed.

**Recommendation(s)/Next Step(s):**

ACCEPT the update from the Office of the Sheriff on the County's Community Warning System and PROVIDE feedback and direction to staff, as needed.

**Fiscal Impact (if any):**

There is no fiscal impact - this is an informational report.

# Community Warning System

The Community Warning System (CWS) is Contra Costa County's official emergency alert system. CWS alerts may be issued at the request of County Officials—such as law enforcement, fire agencies, or the County Health Officer—to warn people in affected areas that they are, or may soon be, in danger and should take immediate protective action to protect life or health.

A CWS alert can provide basic information about the emergency and tells people what protective action they need to take.

### PUBLIC PROTECTION COMMITTEE

Meeting Date: April 30, 2025

Subject: 2025 Committee Workplan

Submitted For: Monica Nino, County Administrator

Department: County Administrator's Office

Presenter: Enid Mendoza, Senior Deputy County Administrator

Contact: Enid.Mendoza@cao.cccounty.us

### **Referral History:**

At its February 18, 2025 meeting, the Public Protection Committee (PPC) considered its standing referrals. The PPC made recommendations to the Board of Supervisors to continue the following referrals:

1. Opportunities to Improve Coordination of Response to Disasters and Other Public Emergencies.
2. Community Warning System.
3. Public Safety Realignment and Local Community Corrections Partnership Appointments.
4. Juvenile Justice Coordinating Council.
5. Holistic Intervention Partnership, with updates on an as needed basis.
6. Familiar Faces/A3/Stepping Up.
7. Animal Services Operations.

At its February 25, 2025 meeting, the Board approved the PPC's recommendations. For the 1<sup>st</sup> and 5<sup>th</sup> referral listed above, the Committee approved receiving updates on those topics on an as needed basis.

### **Referral Update:**

Establishing a proposed meeting work plan gives staff the opportunity to work closely with reporting departments and ensure timely referral reports for the year's meetings.

The attached proposed work plan is a starting point and includes all standing referrals to be reported on in 2025. Several meeting dates state "TBD" to allow for PPC direction on any follow-up reports or flexibility for departments that wish to change their proposed reporting month. Any month where no referral report or advisory body seat recommendations are identified within two weeks of the meeting date, staff will communicate with the Chair to cancel the meeting.

### **Recommendation(s)/Next Step(s):**

Receive a report on the proposed 2025 Committee work plan, and provide direction to staff regarding any changes thereto.

### **Fiscal Impact (if any):**

None.
