Greetings Los Medanos Health Area Community Partners!

Contra Costa Health and the Los Medanos Health Advisory Committee are excited to announce the 2023-2024 Los Medanos Health Area Service Contracts. We are currently seeking proposals from community organizations interested in providing direct health programs designed to support initiatives that contribute to the improvement of community health and well-being to the residents of the Los Medanos Health Area (formerly the Los Medanos Community Healthcare District). We invite your organization to participate and apply for this opportunity to bring your impactful health-related projects to life. Applicants may submit proposals for Service Contracts of up to \$50,000 in funding per year for the 23-24 and 24-25 funding cycles.

Applicants may submit proposals for single- or two-year service contracts. Most proposals accepted will be up to \$50,000 in funding per year. Requests over \$50,000 will require additional approval from the Contra Costa County Board of Supervisors and will only be considered for projects that address significant and emergent health needs of the Los Medanos Health Area.

**Background and Service Contract Program Overview**

Contra Costa Health, and the Los Medanos Health Advisory Committee have been directed by the Contra Costa Board of Supervisors to solicit proposals from service providers that are interested in participating in the Los Medanos Health Area Service Contract Program (the "Program") and are capable of addressing the priorities outlined in this notice. Funding for service contracts will be provided from a special fund established by the Auditor-Controller, at the direction of the Board of Supervisors, that is used to segregate the property tax revenue received by the County as a result of the dissolution of the Los Medanos Healthcare District. The funds collected by this property tax will be used for addressing health disparity within the Los Medanos Health Area. The advisory committee will recommend a list of proposed service contractors along with contract amounts to the Board of Supervisors for final approval.

The 2023-2024 Service contract Program is a testament to our commitment to fostering a healthier, happier, and more vibrant community. We believe that a healthy community is the cornerstone of progress and prosperity, and we are dedicated to supporting projects that address critical health issues and create lasting change. Applicants receiving awards must be able to modify their budgets and proposed services should the actual allocation be different than the amount proposed. Final contract amounts will be determined by the Board of Supervisors.

#### **Description of Services to be Funded**

The Program will support activities that meet one of the program goals listed below. All activities should be provided only within the bounds of the Los Medanos Health Area (see attached map).

- 2) Provide mental health awareness, education, and prevention programs (e.g. depression, anxiety, stress, and suicide prevention).
- 3) Provide awareness, education, and prevention programs targeted at chronic disease (e.g. cardiovascular disease, diabetes, asthma, food security).

#### **Contractual Obligations**

The award will result in a contract for services after final approval by the Board of Supervisors and negotiations with the Los Medanos Advisory Committee (LMHAC) Program Manager regarding the work plan and final budget. There are general conditions, including Health Insurance Portability and Accountability Act (HIPAA) and insurance and indemnity requirements, which are common to all county contracts.
