Adults, November 2023 – 417 respondents

Elements of the Plan

- Why & how we developed the Plan
- What we learned from the research
- How we are going to act:
 - ✓ 6 Goals
 - ✓ 44 Strategies
- How we will oversee the plan
 - ✓ Lead agencies
 - ✓ Champions
 - ✓ Area Agency on Aging coordinating effort

The Framework for Action

Goals	Number of Strategies
Transportation	5
Housing for All Ages & Stages	6
Health Reimagined	8
Equity & Inclusion, not Isolation	6
Caregiving that Works	6
Affordable Aging	13
Total	44

Transportation Goal

As noted in the 2021 Accessible Transportation Strategic plan, the most reported (29%) challenge was feeling safe while travelling.

Strategies:

- Establish a countywide approach to developing accessible transportation policies
- Expand transportation services to improve accessibility and availability
- Launch a countywide, cross-sector trip planning platform with information on subsidies and the amount of walking involved

Housing for all Ages & Stages

19,521 Contra Costa County older adults are on waitlists for affordable housing.

Strategies:

- Increase collaboration between service providers for older adults and homelessness shelters
- Bolster prevention services that keep older adults from becoming unhoused
- Increase affordable housing units that have onsite supportive services

Health Re-imagined

In 2020, 21% of civilians in Contra Costa County lived in a primary care shortage Medical Service Study Area

Strategies:

- Develop a campaign and toolkit of resources to standardize and increase the practice of discussing end of life care
- Improve and expand healthcare services for those experiencing homelessness
- Advocate for policy changes that encourage and/or require medical schools and training to incorporate age-friendly geriatric care

Source: Master Plan for Aging Data Dashboard

Equity & Inclusion, not Isolation

Social Isolation is associated with a 50% increased of dementia and 32% increase for stroke.

Strategies:

- Address the challenges in assessing and using technology by providing education, training & support programs
- Increase funding for and availability of programs that address social connection
- Provide ongoing support to meet the needs of older adults and adults with disabilities who are at risk of or are experiencing abuse and neglect

Source: National Academies of Science

Caregiving that works

70% of adults 65 years and older will need some form of caregiving support.

Strategies:

- Develop strategies to raise awareness and improve navigation of the resources available to caregivers
- Expand caregiver services and supports to meet the needs of the caregiver and people they care for
- Expand caregiver respite support programs

Source: Pew Research Center

CONTRA COSTA COUNTY

EMPLOYMENT & HUMAN SERVICES

Affording Aging

60% of older adults spend more than 30% of their income on housing, and 20% receive public benefits

Strategies:

- Expand the number of home delivered and congregate meals
- Advocate for increased funding for services for those not eligible for means tested programs
- Increase participation in the CalFresh benefit program and advocate to increase minimum CalFresh benefit
