### Staff Report

**File #:** 25-715 **Agenda Date:** 2/26/2025 **Agenda #:** 

Advisory Board: MEASURE X COMMUNITY ADVISORY BOARD

Subject: Operating Principles Document (Attached for Reference Only)

#### **Information:**

On September 18, 2024, the Measure X Community Advisory Board updated and adopted the attached Operating Principles Document, following extensive discussion at the August 21, 2024 MXCAB Retreat meeting. The document is attached for reference and will be posted in the meeting room.

# Measure X Community Advisory Board Operating principles

#### **VISION STATEMENT**

Contra Costa County will have the necessary funds to invest in and sustain a robust system of care and the social and public services necessary to support a vibrant community and ensure that all county residents have equitable opportunities to thrive.

#### **OPERATING PRINCIPLES**

### Assumptions and commitments that inform our work together:

- 1. Shared responsibility to practice the values of equity, justice, inclusion and compassion.
- 2. Sustaining a strong social safety net is important for the health and prosperity of all.
- 3. Investments will prioritize prevention as well as addressing current system gaps.
- 4. Investments will help leverage other funding sources when feasible.
- 5. Needs and issues are intersectional and interconnected. Think about needs and services from the point of view of residents.
- 6. Name inequities and disparities, and be specific in naming and recognizing those who are most harmed by them, especially Black and Latinx residents. Additional areas of focus include residents with mental health needs, indigenous people, Asian American/Pacific Islander American residents, seniors, disabled people, children and youth (prenatal to adult), immigrants, unsheltered and homeless residents, rural communities, LGBTQ+ residents, and poor people.
- 7. Economic opportunity and equity are at the heart of our purpose.
- 8. Seek transformative solutions, in addition to filling current service gaps.
- 9. Fostering a culture of inclusion, welcoming, and belonging demonstrates our commitment to equity and will improve our work process and outcomes.

### How we work together in meetings:

- 1. Empower the chair to lead successful meetings:
  - a. Use appropriate discretion in setting the agenda, including limiting the number of agenda items as needed to allow for depth of discussion.
  - b. Establish guidelines for how long individual members and the body as a whole can speak on a given issue/item.
  - c. Utilize methods to invite input from MXCAB members whose voices have not yet been heard on an item, such as round-robin input (in which each member is asked to weigh in).
  - d. Move the discussion along if it becomes too lengthy.
- 2. Commit to adhering to the following MXCAB member participation guidelines:
  - a. Come to meetings prepared (read the agenda packet).
  - b. Stay on topic; speak about the matter at hand.
  - c. Avoid repeating a point someone else has already made (or briefly agree).
  - d. Treat each other and all participants with mutual respect.
  - e. Practice active listening; be curious; seek to understand.
  - f. Assume good intention, while accepting and encouraging accountability for impact.
- 3. Center community voices
  - a. Set time limits for individual MXCAB members' comments and/or for members' comments as a group on a particular agenda item, in order to reserve ample time for public comment.
  - b. Adjust public comment time limit for each agenda item as needed, e.g., if there are a lot of public speakers (while recognizing that we must allow every speaker the same amount of time on each agenda item).

### Other strategies to support inclusive and productive meetings:

- Inclusion and access:
  - Explore ways to provide interpretation for languages beyond Spanish and ASL. (We noted this should be accompanied by sustained outreach to the communities/residents who speak a particular language, to encourage and welcome them to participate.)
  - Support the accessibility needs of all participants beyond language inclusion, such as technical support and visual/audio support.
- Onboarding & support for new MXCAB members:
  - Create and maintain a robust onboarding process, including key background materials from the 8/21 retreat packet.
  - Implement a buddy system to mentor new members.
- Clarify key roles

- o Identify MXCAB member roles & volunteer opportunities (e.g., establishing a position of MXCAB archivist).
- o Clarify MXCAB staff roles and expectations.
- Create an annual Measure X timeline that describes key upcoming dates and decision points.

### **Attachments:** MXCAB Memo re November 12 Joint Meeting

The MXCAB reviewed and discussed their draft memorandum to the Board of Supervisors. Steven Bliss motioned for the MXCAB to send the memo to the Board as is, except for one change to request discussion and response by the Board of Supervisors during the first quarter of 2025. The motion was seconded by Omar Rascon, with a friendly amendment to include a recommended template for departmental reporting. The motion failed with 8 yes votes, 2 no (Walker, Walsh), and 1 abstention (Robinson). After further discussion, Patrick Walsh motioned to incorporate the recommendations of the prior motion, and rewrite the memo in the active voice at the discretion of the editor (Rachel Rosekind). Willie Robinson seconded the motion and it passed 10 yes - 1 no (Walker). Public comment was received by

one member of the public.

# accountability

we need tools... but we need to wield them responsibly

# 7 principles connecting racial equity foundations and impact driven work

# real relationships that can tolerate conflict for impact

relationships built for racial equity impact rooted in trust, rather than naming, blaming, and shaming when things go wrong

# understanding and designing for root causes

design strategies to address root causes to powerfully interrupt and build new foundations

# organization self-reflection

a reflective process that doesn't "prove" or blame BIPOC communities/staff for our **institutional** failures and structural designs

## participatory practice

ensuring that power is accounted for and all parts of the process are designed and implemented with BIPOC decision-making at the center - "nothing about us without us"

# 7 principles

# data informs practice to prevent harm

data is used consistently to inform practice - **not knowing is harm** 

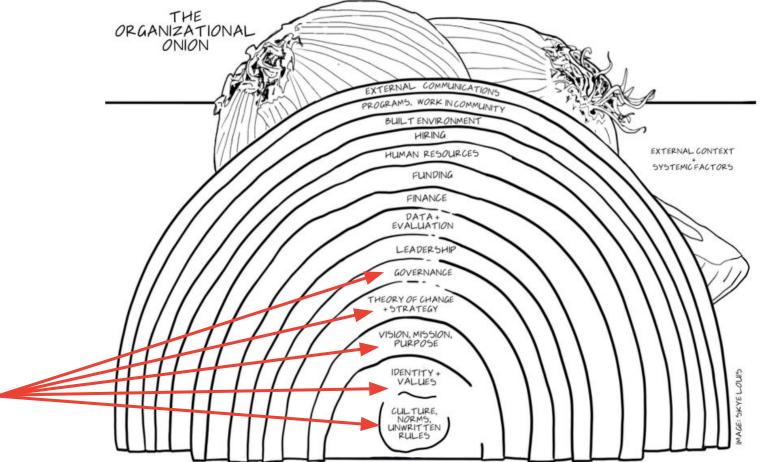

# paying attention to data culture

transforming the usual **punitive data culture** to a learning and use culture

# sharing data/data ownership

data is owned by and shared with impacted BIPOC for trust, transparency and effective design

7 Questions of Population Accountability	7 Questions of Performance Accountability
What condition of well-being do we want for our community (results)?	Who/what does the strategy aim to impact directly (client) - may be multiple?
What would these conditions look like, feel like, taste like if we achieved them?	How can we measure the impact/"better off" of the strategy?
What measures can we use as a proxy to quantify these conditions (indicators)? What is the data source?	3 How can we measure the quality and quantity for the strategy?
	Implementation begins: steps, tactics, timeline, budget
How are we doing on the indicators (broken down by race) and what are the root causes? What are the "hot" roots?	How are you doing on your better off measures? What are the roots of your performance?
What could we do to address the "hot" roots selected (brainstorm, internal and external)?	What could address the root cause(s) of the problem or strengthen the performance?
Who are the partners with a role to play?  What strategies do we propose to implement?	Who are the partners you need and what is their role?
mat strategies do we propose to implement.	What do you propose to do differently? And
	What will be needed?

# **Identifying Strategies**

- Select a hot root
- Ask: how might we disrupt that hot root?
- ID many ideas (new and existing)
- If it's not clear, keep coming back to ask "how does it address the hot root?"

# developing priority strategies (tied to hot roots and better offs)

- racial equity values + impact:
  - -centered on BIPOC and designed with racial equity values
  - -it will make a substantial difference
- leverage:
  - -leverages your institution, its strengths and assets
  - -clarity about additional resources needed to activate it
- feasibility and reach:
  - -it's feasible
  - -it will directly or indirectly reach BIPOC people
- specificity:
  - -has clear activities and deliverables

# better off measures

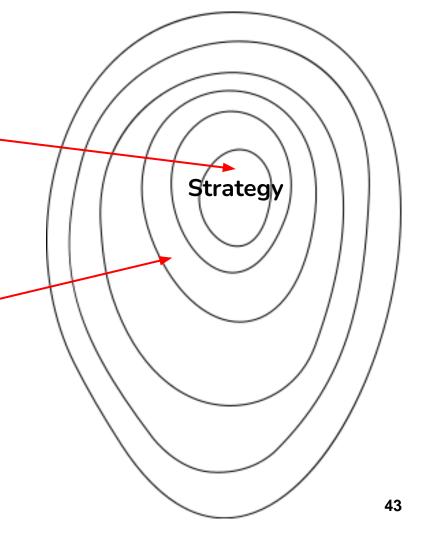

## clients

# primary clients

- internal staff/leadership
- local partners
- city government
- community members

# secondary (and beyond?) clients

- corporations
- state agencies
- city residents

# better off measures

who/what is better off?

## use these questions to help develop better off measures:

- how would i know if this strategy worked?
- what is the intended impact?
- how would i know that anyone was "better off" as a results of it/it made a difference

... and then determine how to measure it (data source and frequency)

# **Developing Performance Measures**

## How much did we do?

# organizations/ people served

# activities (by type of activity)

## How well did we do it?

#### % common measures

e.g. workload ratio, staff composition, % staff fully trained/culturally competent % services in language spoken

## % activity-specific measures

e.g. % timely, % people completing activity/ training attendance rate, % correct and complete

# Is anyone better off?

#/% skills/knowledge

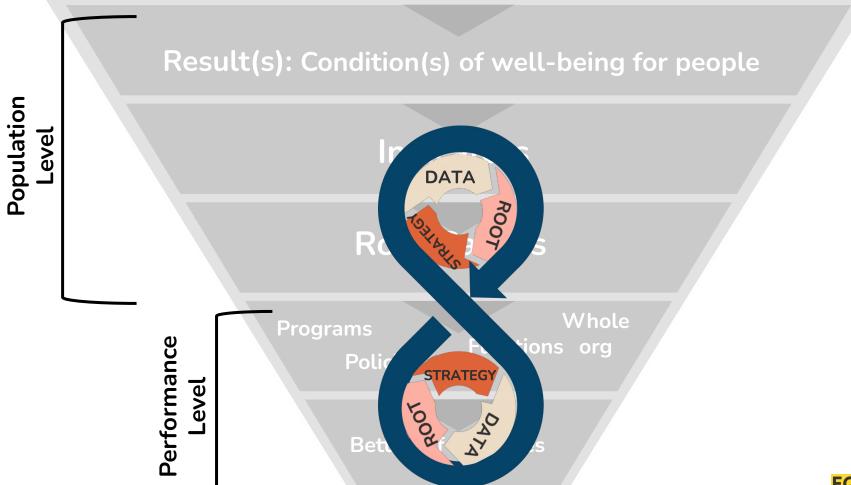

e.g. knowledge of how to start a small biz #/% attitude/opinion

e.g. feel a sense of belonging at the Federal Reserve

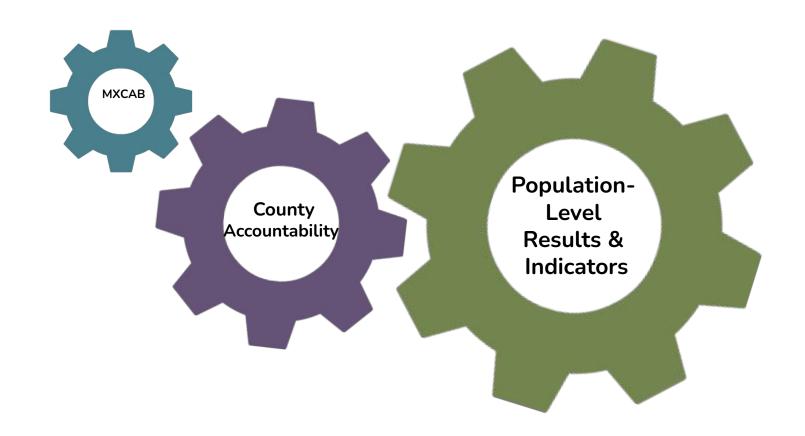

#/% behavior

e.g. school attendance #/% circumstance

e.g. jobs, in stable housing, staff of color retention rate

#### Implementation Plan Overview- October 2023-July 2025

Result

All people in the City of \_\_\_, especially black, indigenous, and people of color, are physically safe in and around City, and thrive through self-determination, prosperity and connection.

Organizational Headline "Better-Off" Measures

(Black/BIPOC) customer satisfaction (PR, PC, EPD) over-enforcement and excessive fines for Black/BIPOC (LUS, PS, PC, EPD) % staff understand + internalize Dept anti-racism as operational priority (TTCI, EPD, BOF) racially diverse/ representative workforce (LUS, BOF) white staff cultural competency BIPOC Dept experience of belonging (LUS, BOF)

**Hot Roots** 

Department disregard of Black/BIPOC racialized wealth gaps and trauma arising through development. Continuously centering frequent customers with resources, perpetuating culturally harmful policies, and lack of acknowledgment of Dept history. (TTCI, PR, PC)

Weak Black/BIPOC voice and partnerships by design. Internal systems are established to center historically strong development partnerships that drive and perpetuate racial disproportionality. (BOF, PS, TTCI) Dept complicity with white development design, comfort, and decision-making. Inadequate application of organizational values and design, from leadership and job context to perceived operational priorities. (BOF, LUS, IS, PC, PR)

Internal anti-racist work avoidance and detachment. Evidenced by cultural practices, including limited investment in actually disrupting disparities. (EPD)
