

SECTION 7. AREA PLAN NARRATIVE GOALS & OBJECTIVES

Goal # 1

Goal:

The AAA will support the implementation of the Master Plan for Aging for Contra Costa County by advocating for the availability of resources necessary to successfully and effectively execute the goals, priorities, and strategies established in the Local Playbook.

Rationale:

The AAA has been designated to coordinate the implementation of Contra Costa's Master Plan for Aging Local Playbook. This requires the AAA to partner with the Advisory Council on Aging, the aging and disabilities provider network, and other community stakeholders to successfully and meaningfully implement the Local Playbook's strategies, initiatives, and activities.

Goal # 2

Goal:

The AAA will promote the development of age- and disability-friendly communities by advocating for an infrastructure that fully and meaningfully prioritizes the needs of older and disabled adults and those who care for them.

Rationale:

The continued growth of the older adult population, especially with the oldest of the baby boomers reaching an advanced age of 85 years starting in 2031, calls attention to the need to prioritize and promote age- and disability-friendly Contra Costa communities. A strong infrastructure that includes diverse and reliable funding sources for programs and services and the inclusion and prioritization of older adults, persons with disabilities, and family caregivers in planning, building, and delivering services promote the development of age- and disability-friendly communities. Promoting neighborhood safety, improving the walkability of streets, protecting seniors from falling victims to scams and crime, and keeping essential services, such as housing, transportation, food, medical/dental care, etc., were among the needs mentioned by focus group participants to make communities age- and disability-friendly. Furthermore, making communities as age and disability - friendly as possible while simultaneously leveraging the needs and accessibility of caregiver respite services speaks to servicing the needs at both ends of the spectrum; those of care receivers as they navigate communities that are adapted and those of caregivers as they seek respite.

Goal # 3

Goal:

The AAA will improve access to information, assistance, and resources to promote equity and visibility of services among older adults, persons with disabilities, and family caregivers.

Rationale:

Knowledge, awareness, and ability to obtain the services and resources one needs are critical to supporting residents' ability to safely age in place and thrive in Contra Costa. Focus group participants established that for services to be accessible and effective, they must be affordable, available, coordinated, equitable, reliable, seamless, and visible. Furthermore, elevating the visibility of Caregiver Respite services is specifically crucial as caregivers are often dependent on this resource as a sole source for relief from caregiving. Hands-on support is also needed to navigate the service system and enroll in programs.
