

AMENDMENT II

AMENDMENT TO THE COUNTYWIDE SITING ELEMENT FOR CONTRA COSTA

(Proposed Transformation Facility)

The County of Contra Costa is amending the Countywide Siting Element to include the following:

FACILITY INFORMATION

Facility Name:	Raven SR Transfer/Processing Facility & Steam CO ² Reformation (Raven SR) (Proposed)
Facility Size:	2.5 acres (Approximate)
Type of Facility:	Transformation Facility
Location:	1 Parr Boulevard, Richmond, CA 94801. Co-located at the West Contra Costa Sanitary Landfill (WCCSL) near the Golden Bear Waste Recycling Facility
Facility Capacity:	Facility designed to accept and process up to 99.99 tons per day (up to 36,463 tons per year).
Material Type:	Pre-processed blended organic material, including but not limited to, green waste and food waste, and other materials typically allowed in municipal organics collection programs.
Byproduct Materials:	Purified liquid hydrogen fuel, a low-nitrogen, high potassium, and phosphorus, carbonaceous “biocarbon” material, and minimal to no residual material (0-5%).
