*2. Site Visit/Feedback*

- a. Goal is to focus on outreach/recruiting from central and west county area; CAB already delta landing/east county heavy*

*3. HCH Feedback*

- a. Updates from Margaret: Feedback about dental clinics has been used to retrain the dental team on what patients can expect so they do not feel blindsided and are aware in advance what the process entails. Donnie is very pleased that Rodney was heard and changes were made. Donnie talked with DL dental crew, and gained a better understanding of all the steps that must be completed throughout the denture process. Donnie has been talking to the dental mobile units at Delta Landing: feels they are very quick and thorough, they set up your appointments and he feels they do a really good job. Thinks more people should take advantage of these services, thinks maybe some people are intimidated by the mobile unit*

*Feedback from board members: Curtis – someone used HCH van (Antioch) for medical care and there was harm reduction supplies (pipe and needle) in view of his chair...very triggering for him as a newly sober*

*Mashal – ask CAB where they want to see the CAB a year from now, redirect questions to get better feedback: any times you felt uncomfortable or where do you think the services are lacking*

*1. Daisy – Adult Protective Services: goals are to increased enrollment for unhoused, she will be doing outreach with CORE next week but urges the board members to refer her to clients that are in need such as seniors, disabilities, etc. These individuals must be willing to agree to assistance; they can assist folks that are considered at risk of homelessness*

*2. February 9th – SOS is launching weekly AA meetings Mondays at 8am*
