5. Discussion/Action Items

- 5.a. Temporarily eliminate fuel flowage fees for unleaded avgas [25-1680](#)

Director Baer explained that the Airports Division is working with Pacific States Aviation

(PSA) to add unleaded aviation fuel, in addition to leaded avgas. Because unleaded fuel is a new option, supply and demand will dictate the retail cost and it's expected there will be a significant price gap between unleaded and leaded fuel. As a way to lower the retail cost of unleaded fuel, Director Baer sought a twofold recommendation from the AAC members:

- 1) Recommend to the Board of Supervisors to adopt a resolution to waive fuel flowage fees for unleaded avgas until such time that there is a commercially viable and feasible unleaded option that the Federal Aviation Administration (FAA) approves, and
- 2) Make a recommendation to Airports staff to look for other funding sources to offset the loss in revenue to the Airport Enterprise Fund.

The committee voted to make both recommendations to the Board of Supervisors.

Motion: Ashley

Second: Salimi

Aye: Ashley, Baker, Baker, Barnett, McMahan, Meinbress, Salimi, and Stappen

Absent: Celestre, and Leddy

Result: Passed

5.b. Unleaded fuel update

PSA is working with Swift Fuels and two 2,000-gallon fuel tanks have already been delivered to PSA and they are awaiting the delivery of a mobile fuel truck. Airports staff and PSA are currently working together on the permitting process.

5.c. Airport Business Association Seat process update

Director Baer explained that there are two options for the Airport Business Association Seat:

- 1) Someone from the business community can establish a formal association, inclusive of establishing bylaws, state registration, hold meetings, etc., OR
- 2) If those who have traditionally made up the Airport Business Association decide against forming a bona-fide association, the seat would be eliminated and a standing "business" item would be added to the AAC agenda. Having a standing item would allow any business to address the AAC with an equal voice and would avoid conflict of interest considerations where they might exist as a member of the AAC.

Director Baer is expecting a decision from the representatives of those who have traditionally made up the Airport Business Association (Concord Jet, PSA, and Sterling) in a week or two, and intends to update the AAC at the next meeting.

5.d. Webcam at Buchanan Field Airport

The Airports Division and Mount Diablo Pilots Association (MDPA) entered into an agreement that will allow MDPA to install a webcam at Buchanan Field Airport. The webcam will be installed in about three months on an existing pole adjacent at the clubhouse. There will be a weblink on the Airports website.

6. Patriots Jet Team and Foundation presented by Randy Howell and Don Paiva

[25-1681](#)

Attachments: [Patriots Jet Team and Foundation](#)

Patriots Jet Team Presentation: Randy Howell explained that the Patriots Jet Team and Foundation have three components:

- 1) Airshows (their core business)
- 2) Movie Filming (Top Gun Maverick)
He spoke about the making of the movie and working with the actors on some of the flying.
- 3) Foundation that helps educate youth and the community.

Don Paiva is the Executive Director for the Patriots Jet Team Foundation and he reported that the foundation is an all-volunteer, non-profit organization that has been serving the community for over a decade. They teach students from all the Bay Area about Aviation, Space, and STEM.

The next meeting is currently scheduled on Thursday, July 10, 2025, at 10:00 a.m., at Buchanan Field Airport, Director of Airports Office, 181 John Glenn Drive, Suite 100, Concord.

7. Adjourn

Chair Stappen adjourned meeting at 11:49AM.

This was approved.

**County of Contra Costa
CLERK OF THE BOARD'S OFFICE
MEMORANDUM**

DATE: June 11, 2025
TO: Advisory Body Appointees & Staff
FROM: Clerk of the Board Staff *LH*
SUBJECT: Updated Advisory Body Training Requirements

To simplify advisory body training requirements and to ensure that appointees receive and are kept current on information relevant to their offices, the Board of Supervisors has adopted updates to the county's training requirements.

All three required training courses (Brown Act, Ethics, and Implicit Bias) must now be renewed every two years by both advisory body appointees and support staff designated for those bodies.

Advisory body members should provide their completed training certifications to the applicable advisory body staff person. Staff should continue to keep training certifications for each member with the advisory body's records. Advisory bodies will now also be required to provide a training compliance update to the Clerk of the Board's Office as part of the annual survey of advisory bodies for the Triennial Review. The June 10, 2025 Item C.5 Staff Report detailing the updates is available [here](#).

If you have any questions, please contact Lauren Hull in the Clerk of the Board's Office at lauren.hull@cob.cccounty.us or (925) 655-2007. Thank you!

CONCORD PLAZA
HOTEL

**JULY 10, 2025, AVIATION ADVISORY COMMITTEE
MEETING PRESENTATION**

On behalf of the Concord Plaza Hotel team and Hogan Hospitality Group, I am pleased to share exciting news regarding the future of our hotel. We will soon begin a comprehensive renovation and rebranding project to transform the Concord Plaza Hotel into a Courtyard by Marriott and Fairfield Inn & Suites by Marriott, marking a new chapter in our long-standing presence within this community.

This initiative reflects our commitment to excellence, innovation, and growth. The renovation represents a \$17 million investment, designed to modernize our facilities, elevate the guest experience, and align with the high standards of the globally recognized Marriott brand. As part of this transition, Hogan Hospitality Group will continue as the management company, ensuring continuity, strong leadership, and operational excellence throughout the process.

We deeply value the strong partnership we have built with the Airport Authority over the years, and we want to extend our sincere thanks for your continued support. Your collaboration has played a pivotal role in the ongoing success of Concord Plaza, and we look forward to strengthening our relationship in the years to come.

Financial projections for the newly branded Courtyard by Marriott and Fairfield Inn & Suites by Marriott are extremely promising. We anticipate the hotel's asset value will grow to approximately \$29 million within two years and reach \$90 million within five years—a significant return on investment that also signals positive economic growth for the area.

This transformation is expected to stimulate business and tourism throughout the surrounding area, contributing to job creation, increased demand for local services, and a more vibrant local economy. It will also bring new value to our partners through enhanced visibility, broader customer reach, and the credibility of the Marriott brand.

We are genuinely excited about this new journey and confident that the upgraded hotel will be a valuable asset not only to our organization and partners but also to the entire community.

Thank you once again for your support. We look forward to continuing our successful partnership and sharing further updates as the project progresses.

Schematic Interior Design Presentation

The ownership of Courtyard | Fairfield looks to the future with its latest conversion in Concord, CA. An artwork marriage of custom and prototypical elements combine to create an eclectic yet refined mix of styles. The Courtyard and Fairfield brands are both comfortable and welcoming without being cluttered and dark. The relaxed, casual and contemporary brand is clearly evident. Additional layers like refined fine art installations, organic details and materials that evoke its location all work together to create a unique and memorable mix of style.

We are in progress of our ballroom carpet design. We are blending the look and feel of the Fairfield and Courtyard corridor carpet using the striations from Fairfield and the geometric pattern from Courtyard to inspire our design. We plan to utilize the same yarn colors from both carpets to infuse those colorations into our final design. More to come in Design Development!
