- This is an appeal of the Zoning Administrator’s decision to approve a development plan for the expansion of an existing Insurance Auto Auctions storage facility onto an adjacent vacant 10.35-acre property. The proposed expansion would allow the storage of an additional 1,136 vehicles bringing the total number of vehicles permitted to be stored at the facility to approximately 4,436 vehicles. The development plan approval includes approval of deviations to the Bay Point P-1 Development Standards for 7.5% of the subject lot to be landscaped (where 10% of the site is required to be landscaped) and to allow a 0-foot side yard setback (where a minimum of 10 feet is required) and a 3-foot street side yard setback (where a minimum of 10 feet is required) for portions of an 8-foot-tall metal screen wall extending along the eastern and southern property boundaries. In addition the applicant requests approval of a tree permit for the removal of 41 code-protected trees ranging in size from 7” to 60” in diameter, and the granting of an exception to the collect and convey requirements of Division 914 of the County Code. Consideration of the appeal is continued from the December 10, 2025 County Planning Commission meeting. The Commission will also consider a mitigated negative declaration prepared for the project under the California Environmental Quality Act. The project site is located at 2770 Willow Pass Road in the Bay Point area of unincorporated Contra Costa County.
