#### 10. EMS Medical Director's Report - Senai Kidane, MD, Contra Costa EMS Medical Director

-CCCEMSA is reviewing field treatment guidelines to see if there is any opportunity to improve the delivery of care given to our citizens, including feedback for new medications, drugs, devices, and innovations. This year a conference panel was held to solicit direct feedback from field providers and provider agencies with the hope of increasing facetime between CCCEMSA and the providers in the spirit of collaboration. At least five proposals for enhancements to the system were received and after considering all proposals, at least a few will most likely be adopted.

#### 11. EMS Director's Report - Marshall Bennett, Contra Costa EMS Director

- -The current contract for emergency ambulance services in Areas 1, 2, and 5 is currently held by CCCFPD with AMR as the subcontractor expires on December 31 of this year. The RFP for the next contract cycle was approved by the Board of Supervisors on February 4th, and on the next day it was submitted to EMSA. CCCEMSA is waiting to hear back.
- -EMS Plans from 2018 to 2023 that CCCEMSA submitted to EMSA back in 2024 are still in process with Bennett working with the EMSA Director.
- -Recent MCI management has been challenging. There has been an uptick in the number of MCIs since COVID and some noncompliance demonstrated at a lot of levels on the scorecard. Increased communication between providers and facilities can improve the situation, and stakeholders are welcome to propose any ideas for improving the situation. CCCEMSA will work to create an opportunity for additional discussion on the topic.
- -The Deputy Director position for CCCEMSA has been approved by the Board of Supervisors on March 4th. Another PHCC position is also being recruited.
- 12. The next meeting is currently scheduled for June 10, 2025.

#### 13. Adjourn
