

**FINDINGS AND CONDITIONS OF APPROVAL FOR COUNTY FILE CDDP24-03056:
BHAVANA SHAH, TALON DESIGN GROUP (APPLICANT), EDWARD ALLEN
(OWNER)**

FINDINGS

A. Development Plan Findings:

In approving a Development Plan in the P-1 Planned Unit District, findings are required pursuant to County Code Section 84-66.1804(b) that the proposed project is consistent with the intent and purpose of the P-1 District and that it is compatible with other uses in the vicinity, both inside and outside the district.

Project Findings: The subject property is located within a Planned-Unit (P-1) District established by Rezone CDRZ73-1786. Development standards for this P-1 District were established by Final Development Plan CDDP74-3014. The project will modify CDDP74-3014 Condition of Approval #6 to allow a 0-foot rear yard setback (where 15-feet is the minimum required) for a new deck to be attached to a new single-family residence.

The new rear deck is consistent with the P-1 District as its design is consistent with other rear decks in the existing neighborhood. The project is also considered compatible with other uses in the neighborhood, as there are at least five neighboring lots with attached, rear-yard decks that abut their respective rear property lines on similarly sloped lots. Therefore, the Zoning Administrator finds a 0-foot setback for a rear yard deck attached to the residence consistent with the intent and purpose of the Final Development Plan for this P-1 Planned Unit District, and is compatible with other uses in the vicinity, both inside and outside the district.

B. California Environmental Quality Act (CEQA) Review Finding:

The project is exempt under CEQA Guidelines Section 15303(e), New Construction or Conversion of Small Structures, which provides a Class 3 exemption for new accessory structures like the subject deck. There is no substantial evidence that the project involves unusual circumstances, including future activities, resulting in, or which might reasonably result in, significant impacts which threaten the environment. None of the exceptions in CEQA guidelines section 15300.2 apply.
