I. Background

A. Intent of RFQ

The Contra Costa County Office of Racial Equity and Social Justice (ORESJ) is seeking submissions of qualifications from local agencies, organizations and collaboratives qualified to serve as the Lead Entity for the development and implementation of the Federal D. Glover Community Wellness Network (formerly the African American Holistic Wellness & Resource Hub).

This initiative builds upon the community's collective vision for African American wellness and thriving¹, as well as the County's commitment to addressing racial inequities and improving outcomes for its most marginalized residents and communities. The Federal D. Glover Community Wellness Network (FGCWN) will provide a decolonized approach to culturally responsive, compassionate, and comprehensive response to the needs of vulnerable members of the African American community. It builds upon the success of prior County efforts and models such as the Contra Costa Family Justice Alliance (initially administered by Employment and Human Services Department), the Black Health Conductors program (administered by the Health Department) and the Reentry Success Network/Center (administered by the Probation Department).

The FGCWN will provide a formalized structure for the coordination and sustainability of a countywide network of County- and community-led programs and services. Its purpose is to ensure the efficient use of resources, consistent access to quality services across communities, streamlined policies, and a coordinated focus on the needs of Black/ African American² residents experiencing disparities and inequities throughout Contra Costa County.

Ultimately, the FGCWN will play a critical role in strengthening a comprehensive, countywide safety net for vulnerable African Americans and other marginalized residents—enhancing safety, connection, belonging, and access to health, mental health, and supportive services that meet both immediate and long-term needs.

The purpose of this solicitation is to identify a qualified Lead Entity to implement and oversee the coordination of the FGCWN as outlined in the Implementation Plan ([linked here](#)) that was approved by the Board of Supervisors on August 12, 2025. The selected Lead Entity will serve as the administrative and coordinating body responsible for establishing governance structures, nurturing service provider

² Terms such as *African American*, *Black*, and other descriptors connected to the African diaspora reflect evolving histories of self-identification shaped by migration, culture, class consciousness, political movements, census classifications, and anthropological understanding. Language continues to shift as communities define themselves on their own terms. While this document uses the term Black/African American for consistency, we affirm that all individuals and communities who identify anywhere along this spectrum of African diaspora, including Afro Indigenous, Afro Caribbean or Afro Latino identity are recognized, respected, and included in the intent of this work.

relationships, ensuring shared accountability, and building long-term sustainability for the Federal Glover Community Wellness Network.

It is important to note that a parallel process is underway to solicit the services of community-based organizations to provide rapid response services within the Federal D. Glover Community Wellness Network. The contracted community-based service providers will form the first cohort of agencies for whom the Lead Entity will engage, support and coordinate.

B. The African American Holistic Wellness and Resource Hub

Funding for this RFP comes from Measure X, a Countywide, 20-year, ½ cent sales tax approved by Contra Costa County voters on November 3, 2020. The text of the ballot measure stated that the intent of Measure X is “to keep Contra Costa’s regional hospital open and staffed; fund community health centers; emergency response; support crucial safety-net services; invest in early childhood services; protect vulnerable populations; and for other essential county services.” The Contra Costa County Board of Supervisors approved Measure X funds for the establishment of an African American Holistic Wellness and Resource Hub to be developed and administered by the Office of Racial Equity and Social Justice.

Currently, in Contra Costa County, African Americans represent approximately [8.7%](#) of the population. Racism, systemic inequities, injustice, and the enduring impacts of colonial structures have created and maintained conditions that disconnect many African Americans from ancestral traditions, cultural lifeways and community-rooted systems of health and well-being. Throughout the United States, including here in Contra Costa County, African Americans continue to experience disproportionate rates of preventable chronic illnesses such as heart disease, obesity, cancer as well as more recently, COVID-19. Racial and ethnic disparities in health outcomes, the criminal justice system, educational achievement, and social service metrics in Contra Costa County have been well-documented in reports issued by the [Contra Costa Racial Justice Task Force/Oversight Body](#), [First Five Contra Costa](#), [Kaiser Permanente](#), [Contra Costa Health Services](#), [Contra Costa Continuum of Care](#), [Contra Costa Employment and Human Services Department](#), and others.

For the last several years, members of the community have been advocating and leading the effort in the County for the creation of an African American Holistic Wellness and Resource Hub and the urgent need for expanded support services that address the pain, trauma, and other related challenges that exist in under-resourced, under-served African American communities. Since its inception, the vision of a wellness *hub* has evolved and grown to encompass a countywide wellness *network* connecting communities and services throughout Contra Costa County, which then informed the recent change of the name from the African American Holistic Wellness and Resource Hub (AAHWRH) to the Federal D. Glover Community Wellness Network (FGCWN). The high-level mission and vision for the FGCWN is to host and provide culturally relevant and responsive services to eliminate health and wellness disparities. As a result of services provided through the African American Holistic Wellness and Resource Hub, African American community members in Contra Costa County will experience greater safety, connection and belonging, and have greater access to health, mental health and other support services that meet their immediate needs.

On December 12, 2023, the Board of Supervisors directed that a one-time allocation of \$1 million of Measure X funds be allocated for the purpose of supporting the “African American Holistic Wellness and Resource Hub and existing services” in Contra Costa County. These funds were allocated to support and expand current programs and services as an immediate, intermediary step until the Hub is established, and is the source of funding for this RFP. In May 2025, a cohort of 13 Black/ African American-led community-based organizations began service delivery on 14 projects located in East and West County across five priority services areas –

community healing, food and housing insecurity, infant and maternal health, behavioral health and youth development. See the current cohort of service providers [here](#).

On April 23, 2024, the Board of Supervisors allocated an additional \$7.5 million of Measure X funds towards the actual establishment and operation of an African American Holistic Wellness and Resource Hub and implementation of services and activities. This is in addition to the \$180,000 that the Board of Supervisors allocated for the completion of a comprehensive feasibility study to help inform the purpose, design, and implementation of the AAHWRH services.

From August 2024 through March 2025, Ceres Policy Research conducted a [feasibility study](#) that included 8 community listening sessions, multiple stakeholder interviews, and a community survey of over 4,000 residents, as well as a fiscal analysis of possible locations and a comprehensive health and needs assessment of Black/ African American community members in Contra Costa County. On April 15, 2025, Ceres Policy Research presented their feasibility plan to the Board of supervisors along with their recommendations for the design and implementation of an AAHWRH. The Board directed ORESJ to proceed with creating an actionable implementation plan based on the information and recommendations shared in the feasibility report.

On June 10, 2025, the Board of Supervisors approved an allocation of \$400,000 of one-time Measure X funds to expand targeted outreach and supportive services for African American males and directed that these funds be added to the previously allocated \$7.5 million and included in the implementation plan for the AAHWRH.

On August 12, 2025, ORESJ presented the [Implementation Plan](#) for the AAHWRH to the Board of Supervisors, which outlined three implementation phases spanning from August 2025 to July 2029. In the first implementation phase, ORESJ, in consultation with the Board-appointed Transitional Community Advisory Board (TCAB), would release two competitive solicitations – one for an implementation lead entity and another for rapid response services. This RFQ is in response to the former.

On October 27, 2025, the Transitional Community Advisory Body (TCAB) held its first meeting to begin tasks associated with Phase 1 of the implementation of the AAHWRH. On November 10, 2025, at their second meeting, TCAB members recommended the re-naming of the AAHWRH to the Federal Glover Community Wellness Network (FGCWN) in honor of the late County Supervisor Federal D. Glover, as well as to better reflect the aim of establishing a countywide service network.

The role of the Transitional Community Advisory Body (TCAB) is to support the early development of the FGCWN by providing guidance and feedback to ORESJ in the procurement of an independent lead entity who will oversee implementation and coordination. Similar to the AAHWRH Feasibility Study Steering Committee (December 2023 to May 2025), the TCAB is a community-led advisory body comprised of thirteen (13) county residents that each possess personal and professional lived experiences that reflect the needs, concerns and priorities of vulnerable African Americans in Contra Costa County.

The Transitional Community Advisory Body's responsibilities include:

- Review and provide feedback on eligibility and selection criteria for Implementation Lead entity
- Review and provide feedback on eligibility and selection criteria for Executive Director
- Review and provide feedback on eligibility and selection criteria for Board of Directors
- Review and provide feedback on eligibility and selection criteria for Community Council

- Support outreach and recruitment efforts for interested and qualified candidates for all positions/roles listed above

Once selected and Board-approved, the Lead Entity will attend the monthly TCAB meetings and provide progress updates and receive feedback related to the implementation of the Federal Glover Community Wellness Network. The TCAB will remain in place until the independent 501(c)(3) nonprofit organization is created, a Board of Directors is appointed, and a Community Council is established, after which the TCAB will dissolve.

ORESJ's Scope of Work

Since December 2023, the Office of Racial Equity and Social Justice (ORESJ) has served as the lead county agency responsible for stewarding the establishment of the Federal Glover Community Wellness Network.

ORESJ is leading the procurement processes for this RFQ which seeks a lead implementation entity, as well as the complimentary RFP which requests applications from Black/African American-led, Black/African American-serving service provider organizations to provide rapid response services in North Richmond, Richmond, Pittsburg and Antioch. ORESJ currently facilitates the Transitional Community Advisory Body (T-CAB), the Board-appointed body tasked with providing real-time feedback on the early implementation tasks for the community wellness network. In Phase 2, after an independent entity has been selected, a 501c3 has been established, and a Board of Directors and Community Council are in place, the T-CAB will transition from its duties and dissolve.

During this first implementation phase, ORESJ will pursue funding opportunities for research and evaluation of the Federal Glover Community Wellness Network. ORESJ is committed to research and evaluation that is community-centered, non-extractive and affirming.
