

Advisory Body Name: Contra Costa County Fish and Wildlife Committee

Advisory Body Meeting Time: 3rd Wednesday of the month, 6 meetings per year, 3 – 5 pm

Location: Department of Conservation and Development Construction Conference Room, 40 Muir Road, Martinez, CA

An option to attend remotely via teleconference was provided for all in-person meetings.

Chair: Daniel Pellegrini

Staff: Maureen Parkes

Reporting Period: January 2025– December 2025

1. Activities and Accomplishments The Fish and Wildlife Committee met 7 times to discuss matters related to fish and wildlife in Contra Costa County (CCC). The Committee administered a grant program that expends the Fish and Wildlife Propagation Funds (funds that are collected by the CA Department of Fish and Wildlife for code violations). Additional details on the Committee's activities are provided below.

Grant Program: The Committee reviewed 20 proposals, interviewed applicants, and selected 15 of the proposals to recommend to the Board of Supervisors for full or partial funding totaling \$148,500.08. Recommended grant awards ranged from \$895 – \$24,930. The Committee reviewed progress and final reports from previous grant cycles and extended invitations to grantees to give presentations.

Outreach: 1) The Committee hosted the annual Fall Forum on September 25th at the Martinez Yacht Club and via teleconference for those who wished to join remotely. The Forum was open to the public and invitations encouraged people involved in fish and wildlife law enforcement issues in CCC to attend. Invited attendees included representatives of the U.S. House of Representatives, California Senate and State Assembly, the California Department of Fish and Wildlife, Sheriff's Department, District Attorney's Office, Superior Court, Public Defender's Office, the East Bay Regional Park District Police, the Board of Supervisors and members of the public. Past participants have indicated that the Fall Forum has been helpful in raising awareness and fostering cooperation on fish and wildlife issues and law enforcement. Approximately 115 people attended the event in 2025. 2) Distributed Wildlife in Your Backyard brochure.

Volunteer Activities: Several members volunteered in the community with other organizations that are interested in fish and wildlife issues. A sample of these volunteer activities include: Roni Gehlke – California Water Environment Association (CWEA) - State Division Chair of the Community Engagement and Outreach Committee, CWEA San Francisco Bay Section Communications Committee and CWEA State Division Education Committee; Susan Heckly - CCC Master Gardener, International Wildlife Rehabilitation Council and the FWC representative on the CCC Integrated Pest Management Advisory Committee; Danny Pellegrini - Contra Costa Mosquito and Vector Control District Board of Trustees - Secretary, Sheriff's Posse of CCC (Barbeque Captain) and the Martinez Sportsmen's Club; and Jamin Pursell - Co-chair of the Richmond Shoreline Alliance, Sierra Club West Contra Costa Group Executive Committee, Contra Costa County Hazardous Materials Commission, and Richmond Southeast Shoreline Area (RSAA) Community Advisory Group.

Committee members were updated on activities related to fish and wildlife in CCC, which included 4 presentations and are listed below:

- Presentation on Pacheco Marsh Restoration and Public Access Project (Linus Eukel, John Muir Land Trust)
- Presentation on eDNA Monitoring of Restored Livestock Ponds (Ben Weise, Contra Costa Resource Conservation District)
- Presentation on the Wildcat Creek Water Quality and Fish Habitat Monitoring Study (Peter Mangarella and Roger Unger, John Muir Chapter of Trout Unlimited)
- Presentation on public health efforts to reduce the risk of mosquitoes for Contra Costa County residents and in the County's marshlands. (Nola Woods, Public Affairs Director, Contra Costa Mosquito and Vector Control District)

2. Attendance/Representation The FWC is composed of ten members. Each County Supervisor appoints a member and the Internal Operations Committee appoints four At-large members and one At-large Alternate. The FWC met 7 times at which a quorum was always present. The members during the reporting period were: Jamin Pursell (D-I), Susan Heckly (D-II), Tim Fares (D-III), Brett Morris (D-IV), Daniel Pellegrini (D-V), Roni Gehlke (At-large), Kathleen Jennings (At-large), Nicole Balbas (At-large), Olivia Ortega (At-large), and Courtney Coon (At-large Alternate).

3. Training/Certification All members have completed the required Brown Act & Better Government Ordinance, Ethics Training, and Implicit Bias videos. Certifications are current under the new two-year recertification schedule introduced this year.

4. Proposed Work Plan/Objectives for Next Year

(a) FWC Operations:

- Develop and refine Work Plan (working document).
- Maintain FWC membership by advertising vacancies and forwarding applications to the Internal Operations Committee.
- Seek to coordinate with other Fish and Wildlife Committees on regional matters.
- Coordinate with the Contra Costa Watershed Forum.

- (b) Make recommendations to the Board of Supervisors via the Internal Operations Committee for the appropriation of funds from the Fish and Wildlife Propagation Fund to support fish and wildlife projects in the community:**
- Conduct grant program to solicit proposals, evaluate their relative merits, and recommend funding for projects which will contribute most to the fish and wildlife resources of the County.
 - Develop and advertise FWC grant program by: 1) reviewing past Request for Proposals (RFP), funding applications; and 2) developing new RFP, funding application deadline, and funding priorities; and 3) posting to the County and Department of Conservation and Development websites and social media sites, distributing these materials to the media, the FWC and Contra Costa Watershed Forum mailing lists, and to anyone who requests them.
 - Work with agencies, organizations, and individuals to help them plan and develop projects suitable for support from the Fish and Wildlife Propagation Fund.
 - Monitor the efficiency and effectiveness of the grant disbursement process.
 - Review funding applications received. Make recommendations to the Board of Supervisors via the Internal Operations Committee for the awarding of grants.
 - Follow-up on projects that receive funding to assure that projects proceed as proposed. One way the FWC will do this is to extend invitations to prior Fish and Wildlife Propagation Fund Grant recipients to future meetings to give status reports, outcomes and presentations regarding their projects.
- (c) FWC priorities for 2026/2027:**
- Make recommendations to the Board to approve Fish and Wildlife Propagation Fund grant applications for projects that increase collaboration with law enforcement agencies, the court, and community cultural organizations on enforcement issues and increase education focusing on communities that may be unaware of local fish and game laws.
 - Provide public forum opportunities for open discussion on wildlife issues that affect CCC residents and impact natural resources in our County, increase outreach efforts and provide advisory updates to Board of Supervisors as needed.
 - Update the “Wildlife in Your Backyard” booklet on the website, continue to disseminate the existing booklet and develop other projects for involvement of the FWC and the community in CCC.
 - Develop a resource document regarding invasive species for public education and community use.
 - Update website with information on invasive species and a list of awarded Fish and Wildlife Propagation Fund grants.
- (d) FWC projects (develop and prioritize a list of projects for potential FWC involvement; select projects for FWC involvement and provide appropriate support, including: initiation, planning, consultation, and/or funding):**
- Make recommendations to the Board on awarding Certificates of Appreciation for significant contributions to the fish and wildlife resources of the County.
 - Consider hosting a forum about wildlife.
- (e) Improve enforcement of fish and game laws and regulations; increase flow of money into the Fish and Wildlife Propagation Fund:**
- Help assure that, when appropriate, a portion of fines from violations of laws designed to protect fish and wildlife resources is deposited in the Fish and Wildlife Propagation Fund. Promote awareness of the harm caused by violation of fish and wildlife regulations and the value of enforcement.
 - Host a Fall Forum with law enforcement officials (CA Dept. of Fish and Wildlife, Sheriff’s Dept., District Attorney’s Office, Superior Court, Public Defender’s Office, the East Bay Regional Park District Police) to discuss fish and wildlife issues and enforcement.
- (f) Monitor and advise the Board on projects that may affect fish and wildlife resources in the County:**
- Attend field trips to see major restoration projects and prior Fish and Wildlife Propagation Fund Grant recipients’ projects in the County.
 - Consider tours of Pacheco Marsh, Wildcat Creek and International Bird Rescue.
- (g) Develop policy recommendations (“white papers”) on fish and wildlife issues as requested by the Board of Supervisors. Topics could include:**
- Impacts of invasive species
 - Wildlife and human interaction / interface
 - Public education on reducing the impact of free-roaming cats on wildlife.
