

Resolution Declaring November Homelessness Awareness and Youth Homelessness Outreach, Prevention, and Education (HOPE) Month

WHEREAS, November is recognized nationally as Homelessness Awareness Month, and Youth Homelessness Outreach, Prevention, and Education (HOPE) Month, a time to acknowledge the challenges faced by adults, youth and young adults, and families experiencing homelessness and to mobilize community-wide efforts toward lasting solutions; and

WHEREAS, 14,245 individuals accessed homeless services in Contra Costa County in 2024—an increase of 40% from 2020¹, underscoring systemic housing challenges; and

WHEREAS, homelessness in Contra Costa County is driven primarily by the lack of affordable housing, with 33,329 low-income renter households in Contra Costa County not having access to an affordable home in 2024²; and

WHEREAS, according to *The Opportunity to Change: A Community Needs Assessment for Youth and Young Adult Homelessness*, an estimated 13,506 young people are experiencing homelessness in Contra Costa County, driven by factors such as aging out of foster care, family conflict, a lack of affordable housing, and systemic disparities including racism, homophobia, and transphobia³; and

WHEREAS, looming federal cuts to permanent housing programs scheduled to take effect in 2027, combined with proposed reductions to Medicaid and CalAIM supportive services in the pending state budget, threaten to significantly destabilize the local homelessness response system; and the National Alliance to End Homelessness estimates that Contra Costa County may lose as much as \$8 million in permanent housing resources—placing as many as 400 formerly homeless residents at risk of losing their housing, including a substantial number of domestic violence survivors and seniors who rely on these supports; and **WHEREAS**, renters needing to earn \$45.37 per hour—more than 2.4 times the City of Richmond’s minimum wage—to afford the average monthly rent of \$2,375⁴; and

WHEREAS, in 2026 in Contra Costa County, there were only 4,427 temporary and permanent housing beds for persons experiencing homelessness, a stark shortfall compared to the scale of need across our communities⁵; and
