To #Business NAICS|23: Construction,

#Business NAICS|56: Administrative and Support and Waste Management and Remediation Services

Good morning Business leaders:

As we wind down the summer, we wanted to share a learning opportunity that could prove to be beneficial to you. PG&E and MCE have partnered together to hold a free contractor training known as [E-Contractor Academy](#). This six (6) week in-person course will be held in Concord. This opportunity builds technical, financial, and operational capacity with diverse, small and local construction business owners for successful business in climate-critical fields such as building electrification, energy efficiency and solar & storage. Participants receive training, business support, and connection to project opportunities in the Bay Area.

The application for the program only takes 5-10 minutes to [apply](#). **The deadline for the program application is September 18 by 11:59pm.**
