### **SB 72** (Caballero, D) The California Water Plan: long-term supply targets.

**Current Text:** 03/18/2025 - Amended [HTML](#) [PDF](#)

**Introduced:** 01/15/2025

**Last Amended:** 03/18/2025

**Status:** 03/28/2025 - Set for hearing April 8.

**Location:** 01/29/2025 - Senate Natural Resources and Water

**Summary:** Current law requires the Department of Water Resources to update every 5 years the plan for the orderly and coordinated control, protection, conservation, development, and use of the water resources of the state, which is known as "The California Water Plan." Current law requires the department to include a discussion of various strategies in the plan update, including, but not limited to, strategies relating to the development of new water storage facilities, water conservation, water recycling, desalination, conjunctive use, and water transfers, that may be pursued in order to meet the future needs of the state. Current law requires the department to establish an advisory committee to assist the department in updating the plan. This bill would revise and recast certain provisions regarding The California Water Plan to, among other things, require the department to expand the membership of the advisory committee to include, among others, tribes, labor, and environmental justice interests. The bill would require the department, as part of the 2033 update to the plan, to update the interim planning target for 2050, as provided. The bill would require the target to consider the identified and future water needs for a sustainable urban sector, agricultural sector, and environment, and ensure safe drinking water for all Californians, among other things. **Summary:** The Meyers-Milias-Brown Act contains various provisions that govern collective bargaining of local represented employees and delegates jurisdiction to the Public Employment Relations Board to resolve disputes and enforce the statutory duties and rights of local public agency employers and employees. Current law requires the governing body of a public agency to meet and confer in good faith regarding wages, hours, and other terms and conditions of employment with representatives of recognized employee organizations. Current law requires the governing body of a public agency, and boards and commissions designated by law or by the governing body, to give reasonable written notice, except in cases of emergency, as specified, to each recognized employee organization affected of any ordinance, rule, resolution, or regulation directly relating to matters within the scope of representation proposed to be adopted by the governing body or the designated boards and commissions. This bill would require the governing body of a public agency, and boards and commissions designated by law or by the governing body of a public agency, to give the recognized employee organization no less than 120 days' written notice before issuing a request for proposals, request for quotes, or renewing or extending an existing contract to perform services that are within the scope of work of the job classifications represented by the recognized employee organization. The bill would require the notice to include specified information, including the anticipated duration of the contract. (Based on 01/28/2025 text)

**Location:** 03/24/2025 - Assembly Appropriations

**Summary:** Current law establishes within the Natural Resources Agency, the State Lands Commission consisting of the Controller, the Lieutenant Governor, and the Director of Finance. Current law vests in the commission with exclusive jurisdiction over all ungranted tidelands and submerged lands owned by the state, and of the beds of navigable rivers, streams, lakes, bays, estuaries, inlets, and straits, including tidelands and submerged lands. Current law authorizes the commission to take immediate action to remove from areas under its jurisdiction a vessel that is left unattended and is moored, docked, beached, or made fast to land in a position as to obstruct the normal movement of traffic or in a condition as to create a hazard to navigation, other vessels using a waterway, or the property of another. Current law requires the commission, by July 1, 2019, and in consultation with other relevant state and local agencies directly involved in the removal of abandoned vessels, to develop a plan for the removal of abandoned commercial vessels. This bill would require the commission, on or before January 1, 2027, to create an inventory of all abandoned and derelict commercial and recreational vessels on or in waters within the Sacramento-San Joaquin Delta, including commercially navigable waters, as specified. **Current Text:** 03/17/2025 - Amended **HTML** **PDF**

**Introduced:** 01/28/2025

**Last Amended:** 03/17/2025

**Status:** 03/18/2025 - Set for hearing April 7.

**Location:** 02/05/2025 - Senate Business, Professions and Economic Development

**Summary:** Current law, until January 1, 2028, authorizes the establishment of a Green Empowerment Zone for the Northern Waterfront area of the County of Contra Costa for the purpose of building upon the comparative advantage provided by the regional concentration of highly skilled energy industry workers by prioritizing access to tax incentives, grants, and loan programs, among other incentives. Current law authorizes the Green Empowerment Zone to be composed of 9 specified cities and the County of Contra Costa, upon adoption of a resolution by the city or county, and provides for the Green Empowerment Zone to be governed by a board of directors comprised of representatives from 7 stakeholder groups, as specified. Current law requires the board to appoint a steering committee to develop metrics to gauge the progress of the Green Empowerment Zone and requires the board to annually post information on those metrics on its internet website, as specified. This bill would extend the authorization for the Green Empowerment Zone to January 1, 2040, and would authorize the expansion the Green Empowerment Zone to include 4 additional cities, including the Cities of El Cerrito, Pinole, Richmond, and San Pablo, upon adoption of a resolution by each city. The bill would make changes to the stakeholder groups who serve on the board of directors, including increasing the number of stakeholder groups to 8 by adding a category for 7 directors who live or work in the Green Empowerment Zone and who represent environmental or environmental justice organizations or interests. **Location:** 04/03/2025 - Senate Judiciary

**Summary:** The Ralph M. Brown Act requires, with specified exceptions, that all meetings of a legislative body, as defined, of a local agency be open and public and that all persons be permitted to attend and participate. The act generally requires for teleconferencing that the legislative body of a local agency that elects to use teleconferencing post agendas at all teleconference locations, identify each teleconference location in the notice and agenda of the meeting or proceeding, and have each teleconference location be accessible to the public. Current law also requires that, during the teleconference, at least a quorum of the members of the legislative body participate from locations within the boundaries of the territory over which the local agency exercises jurisdiction, except as specified. Current law, until January 1, 2026, authorizes specified neighborhood city councils to use alternate teleconferencing provisions related to notice, agenda, and public participation, as prescribed, if, among other requirements, the city council has adopted an authorizing resolution and 2/3 of the neighborhood city council votes to use alternate teleconference provisions, as specified. This bill would authorize a subsidiary body, as defined, to use alternative teleconferencing provisions and would impose requirements for notice, agenda, and public participation, as prescribed. The bill would require the subsidiary body to post the agenda at the primary physical meeting location. The bill would require the members of the subsidiary body to visibly appear on camera during the open portion of a meeting that is publicly accessible via the internet or other online platform, as specified. **AB 283****(Haney, D) In-Home Supportive Services Employer-Employee Relations Act.****Current Text:** 01/22/2025 - Introduced [HTML](#) [PDF](#)**Introduced:** 01/22/2025**Status:** 03/19/2025 - Coauthors revised. From committee: Do pass and re-refer to Com. on APPR. (Ayes 7. Noes 0.) (March 19). Re-referred to Com. on APPR.**Location:** 03/19/2025 - Assembly Appropriations

**Summary:** Current law establishes the In-Home Supportive Services (IHSS) program, which is administered by the State Department of Social Services, counties, and other entities, under which qualified aged, blind, or disabled persons are provided with supportive services in order to permit them to remain in their own homes. Current law authorizes a county board of supervisors to elect to contract with a nonprofit consortium to provide for the delivery of in-home supportive services or to establish, by ordinance, a public authority to provide for the delivery of those services, in accordance with certain procedures. Current law deems a public authority created under these provisions to be the employer of in-home supportive services personnel under the Meyers-Milias-Brown Act, which governs labor relations between local public employers and employees. Existing law also deems a nonprofit consortium contracting with a county to be the employer of in-home supportive services personnel for purposes of collective bargaining over wages, hours, and other terms and conditions of employment. Current law grants recipients of in-home supportive services the right to hire, fire, and supervise the work of any in-home supportive services personnel providing services for them. Current law prohibits the state and specified local public employers from deterring or discouraging public employees from becoming or remaining members of an employee organization. Current law also requires specified public employers to provide exclusive employee representatives access to new employee orientations. Current law generally grants the Public Employment Relations Board jurisdiction over violations of these provisions. Current law defines "public employers" who are subject to these provisions as including, among others, public agencies, cities, counties, and districts. This bill would expand the definition of "public employer," for purposes of those provisions, to include an employer who is subject to the In-Home Supportive Services Employer-Employee Relations Act, which the bill would create. The bill would establish a method for resolving disputes regarding wages, benefits, and other terms and conditions of employment between the state and recognized employee organizations representing individual providers. **Summary:** Current law that governs the labor relations of public employees and employers, including, among others, the Meyers-Milias-Brown Act, the Ralph C. Dills Act, provisions relating to public schools, and provisions relating to higher education, prohibits employers from taking certain actions relating to employee organization, including imposing or threatening to impose reprisals on employees, discriminating or threatening to discriminate against employees, or otherwise interfering with, restraining, or coercing employees because of their exercise of their guaranteed rights. Those provisions of current law further prohibit denying to employee organizations the rights guaranteed to them by current law. This bill would prohibit a public employer from questioning a public employee, a representative of a recognized employee organization, or an exclusive representative regarding communications made in confidence between an employee and an employee representative in connection with representation relating to any matter within the scope of the recognized employee organization's representation. **Summary:** The California Public Records Act requires state and local agencies to make their records available for public inspection, except as specified. Current law requires each agency, within 10 days of a request for a copy of records, to determine whether the request seeks copies of disclosable public records in possession of the agency and to promptly notify the person of the determination and the reasons therefor. Current law authorizes that time limit to be extended by no more than 14 days under unusual circumstances, and defines “unusual circumstances” to include, among other things, the need to search for, collect, and appropriately examine records during a state of emergency when the state of emergency currently affects the agency’s ability to timely respond to requests due to staffing shortages or closure of facilities, as provided. This bill would also expand the definition of unusual circumstances to include the inability of the agency, because of a cyberattack, to access its electronic servers or systems in order to search for and obtain a record that the agency believes is responsive to a request and is maintained on the servers or systems in an electronic format. **Status:** 03/24/2025 - In committee: Set, first hearing. Hearing canceled at the request of author.

**Summary:** The California Environmental Quality Act (CEQA) requires a lead agency to prepare a mitigated negative declaration for a project that may have a significant effect on the environment if revisions in the project would avoid or mitigate that effect and there is no substantial evidence that the project, as revised, would have a significant effect on the environment. Current law, until January 1, 2028, except for the issuance of a permit or other permit approval, exempts from the requirements of CEQA prescribed fire, reforestation, habitat restoration, thinning, or fuel reduction projects, or related activities, undertaken, in whole or in part, on federal lands to reduce the risk of high-severity wildfire that have been reviewed under the federal National Environmental Policy Act of 1969 meeting certain requirements. Current law requires a lead agency, if it determines that a project qualifies for the above exemption and it determines to approve or carry out the project, to file a notice of exemption with the Office of Land Use and Climate Innovation and with the county clerk in the county in which the project will be located and to post the notice of exemption on its internet website together with a description of where the documents analyzing the environmental impacts of the project under the federal act are available for review. Current law requires the lead agency, if it is not the Department of Forestry and Fire Protection, to provide the notice of exemption and certain information to the department. **Location:** 04/02/2025 - Assembly Appropriations

**Summary:** The Meyers-Milias-Brown Act authorizes local public employees, as defined, to form, join, and participate in the activities of employee organizations of their own choosing for the purpose of representation on matters of labor relations and defines various terms for these purposes. The act prohibits a public agency from, among other things, refusing or failing to meet and negotiate in good faith with a recognized employee organization. Current law states that the Legislature finds and declares that the duties and responsibilities of local agency employer representatives under the act are substantially similar to the duties and responsibilities required under existing collective bargaining enforcement procedures and therefore the costs incurred by the local agency employer representatives in performing those duties and responsibilities under that act are not reimbursable as state-mandated costs. This bill would require, on or after January 1, 2026, a memorandum of understanding between a public agency and a recognized employee organization to include specified provisions including, among other things, a provision providing for a system of progressive discipline that grants due process to an employee when they are disciplined, upon the request of the recognized employee organization. **Status:** 02/24/2025 - Referred to Com. on P. E. & R.

**Location:** 02/24/2025 - Assembly Public Employment and Retirement

**Summary:** The California Public Employees' Pension Reform Act of 2013 (PEPRA) prohibits a public employer from offering a defined benefit pension plan exceeding specified retirement formulas, requires new members of public retirement systems to contribute at least a specified amount of the normal cost, as defined, for their defined benefit plans, and prohibits an enhancement of a public employee's retirement formula or

benefit adopted after January 1, 2013, from applying to service performed prior to the operative date of the enhancement. PEPPRA prohibits a public employer from offering a supplemental defined benefit plan if the public employer did not do so before January 1, 2013, or, if it did, from offering that plan to an additional employee group after that date. This bill would, notwithstanding that prohibition, authorize a public employer, as defined, to bargain over contributions for supplemental retirement benefits administered by, or on behalf of, an exclusive bargaining representative of one or more of the public employer's bargaining units. The act also regulates fees for development projects and fees for specific purposes, including water and sewer connection fees, among others. The act, among other things, requires local agencies to comply with various conditions when imposing fees, extractions, or charges as a condition of approval of a proposed development or development project. Existing law requires a county to enter into a written agreement with a city or fire district that contracted for or provided prehospital EMS as of June 1, 1980. Existing law requires, until that written agreement is reached, prehospital EMS to be continued at not less than the existing level and the administration of prehospital EMS by cities and fire districts contracting for or providing those services as of June 1, 1980, to be retained by those cities and fire districts, as specified. This bill would authorize a county board of supervisors or the governing body of an entity or a joint powers agency designated as the local EMS agency by the board of supervisors to provide ambulance services to persons located within the county's jurisdiction by specified means, including assigning the duty of providing ambulance services to residents of the county to an existing county department and providing the department with the necessary staffing, vehicles, and equipment to provide ambulance services. **Summary:** The Quimby Act, which is within the Subdivision Map Act, authorizes the legislative body of a city or county to require the dedication of land or to impose fees for park or recreational purposes as a condition to the approval of a tentative map or parcel subdivision map if specified requirements are met. The act provides that the dedication of land, or the payment of fees, or both, shall not exceed the proportionate amount necessary to provide 3 acres of park area per 1,000 persons residing within a subdivision subject to the act, except as specified. This bill would additionally prohibit the proportion of the land to be dedicated, or the amount of any fee to be paid in lieu thereof, or both, from exceeding 25% of the total acreage of the subdivision, if the proposed subdivision is for infill housing. **Summary:** (1)Existing law, the Lanterman-Petris-Short (LPS) Act, authorizes the involuntary commitment and treatment of persons with specified mental disorders. Under the act, when a person, as a result of a mental health disorder, is a danger to themselves or others, or is gravely disabled, the person may, upon probable cause, be taken into custody by specified individuals, including, among others, a peace officer and a designated member of a mobile crisis team, and placed in a facility designated by the county and approved by

the State Department of Health Care Services for up to 72 hours for evaluation and treatment. For the purposes of specified provisions, including those allowing court-ordered evaluations for individuals impaired by chronic alcoholism, existing law defines “gravely disabled” as a condition in which a person, as a result of impairment by chronic alcoholism, is unable to provide for their basic personal needs for food, clothing, shelter, personal safety, or necessary medical care. This bill would additionally apply that definition to provisions allowing a court-ordered evaluation of an individual with a mental health condition. The bill would further define a “mental health disorder” as a condition outlined in the current edition of the Diagnostic and Statistical Manual of Mental Disorders. (Based on 03/24/2025 text)

Existing law defines “assessment” for those purposes to mean the determination of whether a person shall be evaluated and treated. This bill would require an assessment to consider reasonably available, relevant information about the historical course of the person’s conditions and their ability to provide for their basic personal needs, as specified. This bill would authorize that information to be shared with a county behavioral health service provider or as approved by the respondent and would limit the use of that information for a specific purpose and by court order. (6)The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement. This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above. **Summary:** The Cemetery and Funeral Act establishes the Cemetery and Funeral Bureau within the Department of Consumer Affairs and sets forth its powers and duties relating to the licensure and regulation of, among others, cemeteries and cemetery authorities, which includes cemetery associations, corporations sole, limited liability companies, and other persons owning or controlling cemetery lands or property. Current law authorizes a cemetery authority that maintains a cemetery to place its cemetery under endowment care and to establish, maintain, and operate an endowment care fund. Ninety days following the cancellation, surrender, or revocation of a certificate of authority, current law gives the bureau title to any endowment care funds of a cemetery authority and possession of all necessary books, records, property, real and personal, and assets, and requires the bureau to act as conservator over the management of the endowment care funds. This bill would require a local agency formation commission for the county in which an abandoned endowment care cemetery is located to identify a local agency to be responsible for the care, maintenance, and embellishment of the cemetery, as specified. The bill would vest fee title of the cemetery in the local agency and would restrict the local agency's use of the property to uses consistent with cemetery purposes. The bill would give the local agency title to any endowment care funds of the prior cemetery authority held by the bureau, and would require the local agency to take possession of all necessary books, records, real property, personal property, and assets of the fund. **Summary:** The California Fair Employment and Housing Act establishes the Civil Rights Department within the Business, Consumer Services, and Housing Agency and requires the department to, among other things, bring civil actions to enforce the act. Existing law requires, on or before September 1, 2024, the Department of Technology to conduct, in coordination with other interagency bodies as it deems appropriate, a comprehensive inventory of all high-risk automated decision systems that have been proposed for use, development, or procurement by, or are being used, developed, or procured by, any state agency. This bill would generally regulate the development and deployment of an automated decision system (ADS) used to make consequential decisions, as defined. The bill would define “automated decision system” to mean a computational process derived from machine learning, statistical modeling, data analytics, or artificial intelligence that issues simplified output, including a score, classification, or recommendation, that is used to assist or replace human discretionary decisionmaking and materially impacts natural persons. **Summary:** Current law establishes the Department of Housing and Community Development (department) in the Business, Consumer Services, and Housing Agency. The California Building Standards Law establishes the California Building Standards Commission (commission) within the Department of General Services. Current law requires the commission to approve and adopt building standards and to codify those standards in the California Building Standards Code (code). The State Housing Law establishes statewide construction and occupancy standards for buildings used for human habitation. Current law requires, among other things, the building standards adopted and submitted by the department for approval by the commission, as specified, to be adopted by reference, with certain exceptions. Current law authorizes any city or county to make changes in those building standards that are published in the code, including to green building standards. Current law requires the governing body of a city or county, before making modifications or changes to those green building standards, to make an express finding that those modifications or changes are reasonably necessary because of local climatic, geological, or topographical conditions. This bill would, from June 1, 2025, until June 1, 2031, inclusive, prohibit a city or county from making changes that are applicable to residential units to the above-described building standards unless a certain condition is met, including that the commission deems those changes or modifications necessary as emergency standards to protect health and safety. **Summary:** Current law requires the State Public Health Officer to establish rules and regulations establishing minimum standards for organized camps, and regulations governing the operation of organized camps that they determine are necessary to protect the health and safety of the campers. Current law requires the State Fire Marshal to adopt minimum fire safety regulations for organized camps in accordance with specified law. Existing law establishes specified standards for the operation, regulation, and enforcement of organized camps. Current law adopts certain definitions for the purposes of these provisions, including a definition for "organized camp" and "camper." Current law prohibits an organized camp from operating unless the minimum standards for organized camps prescribed in the building standards published in the State Building Standards Code relating to organized camps, and in other rules and regulations adopted by the Director of Public Health and the State Fire Marshal, are satisfied. Current law makes a violation of these provisions a misdemeanor. This bill would rename "organized camp" to "organized residential camp" and make conforming changes. The bill would define "organized day camp" to mean a site where the primary purpose is to provide a group experience with social, spiritual, educational, or recreational objectives, that has programs and facilities attended by 5 or more children 3 to 17 years of age, inclusive, and that operates for more than 3 hours per day for at least 5 days during any 12-month period. **Summary:** Current law requires that, except as specified, not less than the general prevailing rate of per diem wages, determined by the Director of Industrial Relations, be paid to workers employed on public works projects. Current law requires the body awarding a contract for a public work to obtain from the director the general prevailing rate of per diem wages for work of a similar character in the locality in which the public work is to be performed, and the general prevailing rate of per diem wages for holiday and overtime work, for each craft, classification, or type of worker needed to execute the contract. Under current law, if the director determines during any quarterly period that there has been a change in any prevailing rate of per diem wages in a locality, the director is required to make that change available to the awarding body and their determination is final. Under current law, that determination does not apply to public works contracts for which the notice to bidders has been published. This bill would instead state, commencing July 1, 2026, that if the director determines, within a semiannual period, that there is a change in any prevailing rate of per diem wages in a locality, that determination applies to any public works contract that is awarded or for which notice to bidders is published after July 1, 2026. The bill would authorize any contractor, awarding body, or specified representative affected by a change in rates on a particular contract to, within 20 days, file with the director a verified petition to review the determination of that rate, as specified. Current law assigns various responsibilities relating to these minors to the probation officer, including, among others, the responsibility to supervise minors placed on probation and manage juvenile halls and other juvenile detention facilities. **Summary:** Current law establishes the Homeless Housing, Assistance, and Prevention (HHAP) program for the purpose of providing jurisdictions with grant funds to support regional coordination and expand or develop local capacity to address their immediate homelessness challenges, as specified. Current law provides for the allocation of funding under the program among continuums of care, cities, counties, and tribes in 6 rounds, with rounds 1 to 5, inclusive, administered by the Interagency Council on Homelessness and round 6 administered by the Department of Housing and Community Development, as provided. Current law requires a program applicant to provide specified information through data collection, reporting, performance monitoring, and accountability framework, as established by the council. This bill would enact the Functional Zero Unsheltered Act, which, beginning with round 6 of the HHAP program, would require an applicant to provide information relating to its efforts to address homelessness in its jurisdiction, including an assessment of what would be required for the applicant to achieve functional zero unsheltered, which the bill would define as sufficient housing options of all types to accommodate a jurisdiction's unsheltered, chronically homeless population based on its most recent homeless point-in-time count, and information regarding the applicant's implementation of local homeless housing incentives, as provided. The bill would require, as part of the assessment of progress toward functional zero unsheltered, applicants to include a financial model assessing the needs for investment in prescribed areas and further analysis of, among other things, funding programs that provide housing or services to persons experiencing homelessness. **Summary:** Current law provides for the county-administered In-Home Supportive Services (IHSS) program, under which qualified aged, blind, and disabled persons are provided with specified services in order to permit them to remain in their own homes and avoid institutionalization. Current law defines supportive services for purposes of the IHSS program to include those necessary paramedical services that are ordered by a licensed health care professional, which persons could provide for themselves, but for their functional limitations. Current law requires an applicant for, or recipient of, in-home supportive services, as a condition of receiving these services, to obtain a certification from a licensed health care professional declaring that the applicant or recipient is unable to perform some activities of daily living independently, and that without services to assist the applicant or recipient with activities of daily living, the applicant or recipient is at risk of placement in out-of-home care, and defines a licensed health care professional to mean an individual licensed in California by the appropriate California regulatory agency, acting within the scope of their license or certificate as defined in the Business and Professions Code. This bill would instead define "licensed health care professional" for those purposes to mean any person who engages in acts that are the subject of licensure or regulation under specified provisions of the Business and Professions Code or under any initiative act referred to in those specified provisions. Current law deems specified persons to be mandated reporters of suspected financial abuse of an elder or dependent adult, including, among others, all officers and employees of a financial institution. A mandated reporter who fails to report financial abuse of an elder or dependent adult is liable for civil penalties, as specified. This bill would require a financial institution to provide annual training to its mandated reporters on how to report suspected financial abuse of an elder or a dependent adult to both local and federal authorities, as specified. **Summary:** Current law requires, prior to making a change in the placement of a dependent child, a social worker or placing agency to develop and implement a placement preservation strategy to preserve the dependent child's placement. This bill would, among other things, require each county child welfare agency to adopt a placement transition planning policy for supporting foster children who are transitioning between placement settings and who are transitioning from foster care to reunification, and requires that the policy ensures that foster children are provided the opportunity to provide input on their placement transition and provides guidance to social workers for obtaining input and sharing information in placement transition planning. The bill would require, if a child's placement cannot be preserved, the social worker to ensure that there is appropriate placement transition planning, consistent with the county's adopted policy. The bill would require the State Department of Social Services to issue guidance to county child welfare agencies to describe best practices and strategies for successful placement transition planning, and would require county child welfare agencies to submit to the department its placement transition planning policy, as specified. **Summary:** Current law requires the State Department of Social Services to establish a statewide hotline as the entry point for the Family Urgent Response System, as defined, to respond to calls from caregivers or current or former foster children or youth during moments of instability, as specified. Current law requires the hotline to include, among other things, referrals to a county-based mobile response system, as specified, for further support and in-person response. Current law requires the department to collect deidentified, aggregated data, including the number of current and former foster children or youth served through the statewide hotline and the disposition of each call, and requires the department to publish a report on its internet website, as specified. This bill would instead specify that the statewide hotline shall be the primary entry point for the Family Urgent Response System. (Based on 02/19/2025 text)

**Summary:** Would authorize the County of Los Angeles to establish a pilot program beginning January 1, 2026, through October 31, 2028, to test a new model for the mandatory reporting of child abuse or neglect. The bill would require the pilot program to include a comprehensive County of Los Angeles mandated reporter training that may be made available to all mandated reporters in the county. The bill would require the pilot program to also include an internet-based, or other type of, decision support tool for mandated reporters who have completed that training. The bill would require the decision support tool to, among other things, make a recommendation on whether or not to report. The bill would, during the time the pilot program is in effect, deem a mandated reporter to have satisfied their reporting duties if the reporter completed the training, used the decision support tool, and complied with the recommended action. The bill would shield a mandated reporter who satisfied their reporting duties pursuant to these provisions from civil liability or criminal penalty, and from penalties impacting their professional licenses, credentials, and certifications, for failing to report known or suspected child abuse or neglect, as well as the reporter's supervisor, employer, superior, or principal, as specified. The bill would repeal its provisions on January 1, 2030. (Based on 02/20/2025 text)

**Location:** 03/13/2025 - Assembly Health

**Summary:** Current law defines the scope of practice for a registered environmental health professional to include, but not be limited to, the prevention of environmental health hazards and the promotion and protection of the public health and the environment in specified areas, including, among others, food protection, housing, and hazardous materials management. Current law authorizes a local health department to employ a registered environmental health specialist to enforce public health laws, as specified. Current law authorizes an environmental health specialist trainee to work under the supervision of a registered environmental health specialist for a period not to exceed 3 years. This bill would extend that period of supervision to instead not exceed 5 years. The bill would include body art and medical waste in the scope of practice of registered environmental health specialists. (Based on 02/21/2025 text)
