Qualifications and Volunteer Experience

Please explain why you would like to serve on this particular board, committee, or commission.

I would like to contribute in any little way I can to help my fellow citizens and residents of our county to make the services easily available so that they will greatly help them. It is my passion to help the humanity and hope I get an opportunity to make a positive impact through my service on the board, committee or commission of the Contra Costa County.

Describe your qualifications for this appointment. (NOTE: you may also include a copy of your resume with this application)

I'm a strong community volunteer always looking for ways to help my fellow humanity. It is a pleasure that cannot be paralleled when you know the help, guidance, pointers you provided to someone, in a timely manner when they are looking for it, is priceless for them and priceless for me too that I could be of help to them. I feel the responsibility more when people call about the things I may not be able to help but they remember my name and think it worthy of calling me with the hope that I may get them a contact I know who could help them, even if I could not as I may not have expertise on that subject (like a medical related question, for their relatives etc). I completed Masters in Computer Sciences from Oklahoma City University couple of decades ago and working in Software field. But over the years I realized helping people in need in what ever little way I can and taking some time out from my weekly schedule for it has become essential part of my Life now and want to do this on a bigger platform like at county level so that I get an opportunity to help lot more people through my volunteering at county level. Thanks
