Local Hazard Mitigation Plan

The Local Hazard Mitigation Plan (LHMP) is a 5-year plan that sets the mitigation priorities for the County.

Over 40 partners county-wide are a part of this plan: 16 cities, 20 special districts, and many County Departments.

The planning process includes:

working with cities, special districts, and county departments to identify priority hazards in their jurisdictions.

identifying mitigation strategies for each hazards identified.

asking the public for feedback on the plan. Now that we have a draft, we want to hear your comments!
