SB 16 (Blakespear, D) Ending Street Homelessness Act.

Current Text: 06/23/2025 - Amended [HTML](#) [PDF](#)

Introduced: 12/02/2024 (Spot bill)

Last Amended: 06/23/2025

Status: 07/10/2025 - July 16 hearing postponed by committee.

Location: 06/09/2025 - Assembly Housing and Community Development

Summary: Current law requires each city, county, and city and county to revise its housing element according to a specified schedule, as provided. Current law, for the 4th and subsequent revisions of the housing element, requires the Department of Housing and Community Development to determine the existing and projected need for housing for each region, and requires the appropriate council of governments, or the department for cities and counties without a council of governments, to adopt a final regional housing need plan that allocates a share of the regional housing need to each city, county, or city and county, as provided. At least 2 years before a scheduled revision of the housing element, as specified, existing law requires each council of governments, or delegate subregion as applicable, to develop, in consultation with the department, a proposed methodology for distributing the existing and projected regional housing need to jurisdictions, as specified. Current law requires that the final allocation plan ensure that the total regional housing need, by income category, determined as specified, is maintained, and that each jurisdiction in the region receive an allocation of units for low- and very low income households. For the 7th and subsequent revisions of the housing element, current law also requires that the allocation to each region include an allocation of units for acutely low and extremely low income households. This bill, until January 1, 2032, would require the council of governments, or delegate subregion, as applicable, in developing the proposed allocation methodology that allocates each jurisdiction’s share of the regional housing need for acutely low income housing, to count any newly constructed interim housing, as specified, as meeting the needs of acutely low income households. By imposing additional duties on local governments, this bill would impose a state-mandated local program. (Based on 06/23/2025 text)

SB 72 (Caballero, D) The California Water Plan: long-term supply targets.

Current Text: 10/01/2025 - Chaptered [HTML](#) [PDF](#)

Introduced: 01/15/2025

Last Amended: 04/10/2025

Status: 10/01/2025 - Chaptered by Secretary of State - Chapter 210, Statutes of 2025

Location: 10/01/2025 - Senate CHAPTERED

Summary: Current law requires the Department of Water Resources to update every 5 years the plan for the orderly and coordinated control, protection, conservation, development, and use of the water resources of the state, which is known as “The California Water Plan.” Current law requires the department to include a discussion of various strategies in the plan update, including, but not limited to, strategies relating to the development of new water storage facilities, water conservation, water recycling, desalination, conjunctive use, and water transfers, that may be pursued in order to meet the future needs of the state. Current law requires the department to establish an advisory committee to assist the department in updating the plan. This bill would revise and recast certain provisions regarding The California Water Plan to, among other things, require the department to expand the membership of the advisory committee to include, among others, tribes, labor, and environmental justice

interests. The bill would require the department, as part of the 2033 update to the plan, to update the interim planning target for 2050, as provided. The bill would require the target to consider the identified and future water needs for all beneficial uses, including, but not limited to, urban uses, agricultural uses, tribal uses, and the environment, and ensure safe drinking water for all Californians, among other things. The bill would require the plan to include specified components, including a discussion of the estimated costs, benefits, and impacts of any project type or action that is recommended by the department within the plan that could help achieve the water supply targets. (Wiener, D) Housing development: transit-oriented development.

Current Text: 10/10/2025 - Chaptered [HTML](#) [PDF](#)

Introduced: 01/15/2025 (Spot bill)

Last Amended: 09/05/2025

Status: 10/10/2025 - Approved by the Governor. Chaptered by Secretary of State. Chapter 512, Statutes of 2025.

Location: 10/10/2025 - Senate CHAPTERED

Summary: Existing law, the Planning and Zoning Law, requires each county and city to adopt a comprehensive, long-term general plan for the physical development of the county or city, and specified land outside its boundaries, that contains certain mandatory elements, including a housing element. Existing law requires that the housing element consist of an identification and analysis of existing and projected housing needs and a statement of goals, policies, quantified objectives, financial resources, and scheduled programs for the preservation, improvement, and development of housing, as specified. Existing law requires that the housing element include, among other things, an assessment of housing needs and an inventory of resources and constraints that are relevant to the meeting of these needs, including an inventory of land suitable for residential development, as provided. Existing law, for the 4th and subsequent revisions of the housing element, requires the Department of Housing and Community Development to determine the existing and projected need for housing for each region, as specified, and requires the appropriate council of local governments, or the department for cities and counties without a council of governments, to adopt a final regional housing need plan that allocates a share of the regional housing need to each locality in the region. Existing law requires the inventory of land to be used to identify sites throughout the community that can be developed for housing within the planning period and that are sufficient to provide for the jurisdiction's share of the regional housing need. Existing law requires each local government to revise its housing element in accordance with a specified schedule. This bill would require that a housing development project, as defined, within a specified distance of a transit-oriented development (TOD) stop, as defined, be an allowed use as a transit-oriented housing development on any site zoned for residential, mixed, or commercial development, if the development complies with applicable requirements, as specified. Among these requirements, the bill would require a project to include at least 5 dwelling units and establish requirements concerning height limits, density, and residential floor area ratio in accordance with a development's proximity to specified tiers of TOD stops, as provided. The bill would provide that, for the purposes of the Housing Accountability Act, a proposed development consistent with the applicable standards of these provisions as well as applicable local objective general plan and zoning standards shall be deemed consistent, compliant, and in conformity with prescribed requirements, as specified. The bill would provide that a local government that denies a project meeting the requirements of these provisions located in a high-resource area, as defined, would be presumed in violation of the Housing Accountability Act, as specified, and immediately liable for penalties, beginning on January 1, 2027, as provided. These provisions would not apply to a local agency until July 1, 2026, except as specified, or within unincorporated areas of counties until the 7th regional housing needs allocation cycle. The bill would specify that a development proposed pursuant to these provisions is eligible for streamlined, ministerial approval pursuant to specified law, except that the bill would exempt a project under these provisions from specified requirements and would specify that the project is required to comply with certain affordability requirements, under that law. This bill contains other related provisions and other existing laws. (Based on 10/10/2025 text)

Summary: Current law establishes the Department of Housing and Community Development (department) in the Business, Consumer Services, and Housing Agency. The California Building Standards Law establishes the California Building Standards Commission (commission) within the Department of General Services. Current law requires the commission to approve and adopt building standards and to codify those standards in the California Building Standards Code (code). The State Housing Law establishes statewide construction and occupancy standards for buildings used for human habitation. Current law requires, among other things, the building standards adopted and submitted by the department for approval by the commission, as specified, to be adopted by reference, with certain exceptions. Current law authorizes any city or county to make changes in those building standards that are published in the code, including to green building standards. Current law requires the governing body of a city or county, before making modifications or changes to those green building standards, to make an express finding that those modifications or changes are reasonably necessary because of local climatic, geological, or topographical conditions. This bill would, from October 1, 2025, to June 1, 2031, inclusive, prohibit a city or county from making changes that are applicable to residential units to the above-described building standards unless a certain condition is met, including that the commission deems those changes or modifications necessary as emergency standards to protect health and safety. Summary: The Meyers-Milias-Brown Act contains various provisions that govern collective bargaining of local represented employees and delegates jurisdiction to the Public Employment Relations Board to resolve disputes and enforce the statutory duties and rights of local public agency employers and employees. Current law requires the governing body of a public agency to meet and confer in good faith regarding wages, hours, and other terms and conditions of employment with representatives of recognized employee organizations. Current law requires the governing body of a public agency, and boards and commissions designated by law or by the governing body, to give reasonable written notice, except in cases of emergency, as specified, to each recognized employee organization affected of any ordinance, rule, resolution, or regulation directly relating to matters within the scope of representation proposed to be adopted by the governing body or the designated boards and commissions. This bill would require the governing body of a public agency, and boards and commissions designated by law or by the governing body of a public agency, to give the recognized employee organization no less than 45 days' written notice before issuing a request for proposals, request for quotes, or renewing or extending an existing contract to perform services that are within the scope of work of the job classifications represented by the recognized employee organization, subject to certain exceptions. The bill would require the notice to include specified information, including the anticipated duration of the contract. (Based on 10/13/2025 text)

(McKinnor, D) Telephone corporations: carriers of last resort.

Current Text: 07/17/2025 - Amended **HTML PDF**

Introduced: 02/06/2025 (Spot bill)

Last Amended: 07/17/2025

Status: 08/29/2025 - Failed Deadline pursuant to Rule 61(a)(11). (Last location was APPR. SUSPENSE FILE on 8/18/2025)(May be acted upon Jan 2026)

Location: 08/18/2025 - Senate 2 YEAR

Summary: Current law vests the Public Utilities Commission with regulatory authority over public utilities, including telephone corporations. Current law authorizes the commission to fix just and reasonable rates and charges for public utilities. Current law requires the commission, on or before February 1, 1995, to issue an order initiating an investigation and open proceeding to examine the current and future definitions of universal service in telecommunications. Pursuant to that provision, the commission issued a decision involving carriers of last resort, including the withdrawal process for carriers of last resort, defined as a carrier who provides local exchange service and stands ready to provide basic service to any customer requesting basic service within a specified area. This bill would require the commission, in consultation with the Office of Emergency Services, to adopt a process through which a telephone corporation acting as a carrier of last resort is authorized to seek relief from their carrier of last resort obligations in a census block where the United States Census Bureau reports no population and where the telephone corporation provides no basic exchange service to any customer address located within the area, and in a census block that is well-served, as defined. The bill would require the commission, on or before December 15, 2026, to adopt a map designating well-served areas. The bill would require that the process include specified notice and challenge requirements. The bill would require a telephone corporation to meet certain requirements during specified time periods following the date that amended status is granted by the commission, as provided. Summary: Existing law, the Information Practices Act of 1977, prescribes a set of requirements, prohibitions, and remedies applicable to agencies, as defined, with regard to their collection, storage, and disclosure of personal information, as defined. Existing law exempts from the provisions of the act counties, cities, any city and county, school districts, municipal corporations, districts, political subdivisions, and other local public agencies, as specified. This bill would recast those provisions to, among other things, remove that exemption for local agencies, and would revise and expand the definition of “personal information.” The bill would make other technical, nonsubstantive, and conforming changes. Because the bill would expand the duties of local officials, this bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws. Summary: The California Public Employees' Pension Reform Act of 2013 (PEPRA) establishes a variety of requirements and restrictions on public employers offering defined benefit pension plans. In this regard, PEPRA restricts the amount of compensation that may be applied for purposes of calculating a defined pension benefit for a new member, as defined, by restricting it to specified percentages of the contribution and benefit base under a specified federal law with respect to old age, survivors, and disability insurance benefits. The Teachers' Retirement Law establishes the State Teachers' Retirement System (STRS) and creates the Defined Benefit Program of the State Teachers' Retirement Plan, which provides a defined benefit to members of the program, based on final compensation, creditable service, and age at retirement, subject to certain variations. This bill, on and after January 1, 2027, would require a retirement system subject to PEPRA to adjust pensionable compensation limits to be consistent with specified percentages of the contribution and benefit base under the specified federal law with respect to old age, survivors, and disability insurance benefits. The bill would require a new member of STRS to be subject to specified limits of the Teachers' Retirement Law. (Based on 01/22/2026 text)

Summary: Current law subjects a minor between 12 and 17 years of age, who violates any federal, state, or local law or ordinance, and a minor under 12 years of age who is alleged to have committed specified serious offenses, to the jurisdiction of the juvenile court, which may adjudge the minor to be a ward of the court. Current law also establishes the transition jurisdiction of the juvenile court and subjects certain minors who are older than 17 years and 5 months of age and younger than 18 years of age, and certain nonminors who are older than 18 years of age and less than 21 years of age, who were wards of the juvenile court and in foster care placement to that jurisdiction. Current law assigns various responsibilities relating to these individuals to the probation officer, including, among others, the responsibility to supervise minors placed on probation. Current law requires every county to appoint a chief probation officer and requires the chief probation officer to perform the duties and discharge the obligations imposed on the office by law or by order of the superior court, including, among other things, community supervision of the minors described above and the operation of juvenile halls, camps, and ranches, pursuant to specified provisions. This bill would authorize the board of supervisors in a county with a population of at least 6,000,000 people to, except as specified, delegate to a county official who has jurisdiction over youth development, diversion, and reentry all or part of the duties and authorities concerning these individuals, as specified. Summary: Current law requires the Cemetery and Funeral Bureau, on or before July 1, 2027, to convene a workgroup composed of representatives from the cemetery, county government, and other interested stakeholders to discuss options for ensuring continued care, maintenance, and embellishment of abandoned cemeteries, including the possibility of requiring counties to assume responsibility for abandoned cemeteries. Current law requires the bureau to submit a report to the Legislature summarizing the workgroup's discussions and its recommendations by January 1, 2028. Current law repeals those provisions on January 1, 2029. This bill would instead require the bureau to convene the workgroup on or before March 1, 2026, would revise the list of representatives required to be included in the workgroup, and would instead require the workgroup to discuss the possibility of requiring counties to assume responsibility for maintenance, irrigation, public works, and burial services for abandoned cemeteries. The bill would require the board to submit the report on June 1, 2026, and would repeal those provisions on January 1, 2027. (Based on 10/11/2025 text)

Summary: The California Fair Employment and Housing Act establishes the Civil Rights Department within the Business, Consumer Services, and Housing Agency and requires the department to, among other things, bring civil actions to enforce the act. Current law requires, on or before September 1, 2024, the Department of Technology to conduct, in coordination with other interagency bodies as it deems appropriate, a comprehensive inventory of all high-risk automated decision systems that have been proposed for use, development, or procurement by, or are being used, developed, or procured by, any state agency. This bill would generally regulate the development and deployment of an automated decision system (ADS) used to make consequential decisions, as defined. The bill would define “automated decision system” to mean a computational process derived from machine learning, statistical modeling, data analytics, or artificial intelligence that issues simplified output, including a score, classification, or recommendation, that is designed or used to assist or replace human discretionary decisionmaking and materially impacts natural persons. This bill would require a developer of a covered ADS, as defined, to take certain actions, including conduct impact assessments of the covered ADS and provide deployers to whom the developer transfers the covered ADS with certain information, including a high-level summary of the results of those impact assessments. Summary: This bill would enact the Functional Zero Act, which, beginning with the next round of Homeless Housing, Assistance, and Prevention (HHAP) program applications, or when updates to the regionally coordinated homeless action plan are next required to be submitted, would require an applicant to provide information relating to its efforts to address homelessness in its jurisdiction, including an assessment of what would be required for the applicant to achieve and maintain both functional zero, which the bill would define as a milestone indicating a community has measurably solved homelessness, as specified, and functional zero unsheltered, which the bill would define as a necessary milestone in the effort to achieve functional zero indicating that sufficient housing options of all types to accommodate a jurisdiction's unsheltered, chronically homeless population based on its most recent homeless point-in-time count. The bill would require, as part of the assessment of progress toward functional zero, applicants to include, at a minimum, an analysis of the number of housing units of all types needed to achieve functional zero in a jurisdiction, and as part of the assessment of progress toward functional zero unsheltered, a financial model assessing the needs for investment in prescribed areas and further analysis of, among other things, funding programs that provide housing or services to persons experiencing homelessness. Summary: Existing law establishes the In-Home Supportive Services (IHSS) program, administered by the State Department of Social Services and counties, under which qualified aged, blind, and disabled persons are provided with services in order to permit them to remain in their own homes. Existing federal law, the Community First Choice Option (CFCO) program, authorizes states to provide home- and community-based attendant services and supports to eligible Medicaid enrollees, as specified. Existing federal law provides federal financial participation for a state that provides services under the CFCO program. This bill would require the department to develop and make available a 5-year pilot project for the County of Contra Costa for the purpose of improving IHSS eligibility and processing times through the use of innovative technologies. Under the bill, the project would be designed with a focus on decreasing IHSS application processing times for recipients participating in the CFCO program. The bill would require the county to post annual reports on project progress and outcomes. (Based on 03/26/2026 text)

Summary: Current law establishes within the Natural Resources Agency, the State Lands Commission consisting of the Controller, the Lieutenant Governor, and the Director of Finance. Current law vests in the commission with exclusive jurisdiction over all ungranted tidelands and submerged lands owned by the state, and of the beds of navigable rivers, streams, lakes, bays, estuaries, inlets, and straits, including tidelands and submerged lands. Current law authorizes the commission to take immediate action to remove from areas under its jurisdiction a vessel that is left unattended and is moored, docked, beached, or made fast to land in a position as to obstruct the normal movement of traffic or in a condition as to create a hazard to navigation, other vessels using a waterway, or the property of another. Current law requires the commission, by July 1, 2019, and in consultation with other relevant state and local agencies directly involved in the removal of abandoned vessels, to develop a plan for the removal of abandoned commercial vessels. This bill would require the commission, on or before January 1, 2027, to create an inventory of all abandoned and derelict commercial and recreational vessels on or in waters within the Sacramento-San Joaquin Delta, including commercially navigable waters, as specified. Summary: Current law defines supportive services for purposes of the county-administered In-Home Supportive Services (IHSS) program to include those necessary paramedical services that are ordered by a licensed health care professional, which persons could provide for themselves, but for their functional limitations. Current law requires an applicant for, or recipient of, in-home supportive services, as a condition of receiving these services, to obtain a certification from a licensed health care professional declaring that the applicant or recipient is unable to perform some activities of daily living independently, and that without services to assist the applicant or recipient with activities of daily living, the applicant or recipient is at risk of placement in out-of-home care, and defines a licensed health care professional for this purpose to mean an individual licensed in California by the appropriate California regulatory agency, acting within the scope of their license or certificate as defined in the Business and Professions Code. This bill would use the above-described definition of "licensed health care professional" for purposes of the provisions relating to paramedical services, and would, for purposes of the certification requirement, add to the above-described definition of "licensed health care professional" that the licensed individual has primary responsibilities to diagnose or provide treatment and care for physical or mental impairments that cause or contribute to an individual's functional limitations. Summary: The Elder Abuse and Dependent Adult Civil Protection Act establishes procedures for the reporting, investigation, and prosecution of elder and dependent adult abuse. Current law requires a mandated reporter of suspected financial abuse of an elder or dependent adult, as defined, to report financial abuse in a specified manner, including by telephone or through a confidential internet reporting tool, as specified, immediately, or as soon as practicably possible. If reported by telephone, existing law requires a written report to be sent, or an internet report to be made through the internet reporting tool, to the local adult protective services agency or the local law enforcement agency within 2 working days. Current law deems specified persons to be mandated reporters of suspected financial abuse of an elder or dependent adult, including, among others, all officers and employees of a financial institution. A mandated reporter who fails to report financial abuse of an elder or dependent adult is liable for civil penalties, as specified. If a report of financial abuse is made by a mandated reporter, as described above, this bill would also require a report to be made to the Federal Bureau of Investigation Internet Crime Complaint Center within 2 working days. The bill would require a financial institution to provide annual training to its mandated reporters on how to escalate internally and report suspected financial abuse of an elder or a dependent adult to both local and federal authorities, as specified. Summary: Current law generally provides for the placement of foster youth in various placement settings. Current law requires, prior to making a change in the placement of a dependent child, a social worker or placing agency to develop and implement a placement preservation strategy to preserve the dependent child’s placement. This bill would, among other things, require each county child welfare agency to adopt a placement transition planning policy for supporting foster children who are transitioning between placement settings and who are transitioning from foster care to reunification, and requires that the policy ensures that foster children are provided the opportunity to provide input on their placement transition and provides guidance to social workers for obtaining input and sharing information in placement transition planning. The bill would require, if a child’s placement cannot be preserved, the social worker to ensure that there is appropriate placement transition planning, consistent with the county’s adopted policy. The bill would require the State Department of Social Services to issue guidance to county child welfare agencies to describe best practices and strategies for successful placement transition planning, and would require county child welfare agencies to submit to the department its placement transition planning policy, as specified. Summary: Current law requires the State Department of Social Services to establish a statewide hotline as the entry point for the Family Urgent Response System, as defined, to respond to calls from caregivers or current or former foster children or youth during moments of instability, as specified. Current law requires the hotline to include, among other things, referrals to a county-based mobile response system, as specified, for further support and in-person response. Existing law requires the department to collect deidentified, aggregated data, including the number of current and former foster children or youth served through the statewide hotline and the disposition of each call, and requires the department to publish a report on its internet website, as specified. This bill would instead specify that the statewide hotline shall be the primary entry point for the Family Urgent Response System. (Based on 10/13/2025 text)

Location: 01/15/2026 - Assembly DEAD

Summary: The Child Abuse and Neglect Reporting Act establishes procedures for the reporting and investigation of suspected child abuse or neglect. The act requires certain professionals, including specified health practitioners and social workers, known as “mandated reporters,” to report by telephone known or reasonably suspected child abuse or neglect to a local law enforcement agency or a county welfare or probation department, as specified. Current law authorizes a county welfare agency to develop a program for internet-based reporting of child abuse and neglect, as specified. Current law authorizes a mandated reporter in a county where the program is active to use the internet-based reporting tool in lieu of the required initial telephone report. This bill would authorize the County of Los Angeles to establish a 2-year pilot program to test a new model for the mandatory reporting of child abuse or neglect. The bill would require the pilot program to include a comprehensive County of Los Angeles mandated reporter training that may be made available to all mandated reporters in the county. The bill would require the pilot program to also include the development and deployment of an internet-based decision-support tool, developed through a collaborative process with, among others, the State Department of Social Services, for mandated reporters who have completed that training. The bill would require the decision-support tool to, among other things, make a recommendation on whether or not to report and would prohibit the decision-support tool from using predictive analysis. The bill would, during the time the pilot program is in effect, deem a mandated reporter to have satisfied their reporting duties if the reporter completed the training, used the decision-support tool, and complied with the recommended action. Summary: Current law provides for the certification of registered environmental health specialists by the State Department of Public Health and establishes application, examination, and renewal fees for this certification. Current law prescribes educational requirements for the registration of an environmental health specialist and requires all basic science coursework to be equal to what is acceptable in an approved environmental health degree program. Current law provides that only a person who meets those educational and experience requirements is eligible for admission to the environmental health specialist examination. Current law prohibits an applicant who fails to pass the written examination twice from taking the examination additional times unless specified time periods have elapsed. Current law prohibits a person from taking the examination more than once in a 2-year period. Current law requires the department to maintain a current registry of all registered environmental health specialists and environmental health specialist trainees in the state. Current law defines the scope of practice for a registered environmental health professional to include, but not be limited to, the prevention of environmental health hazards and the promotion and protection of the public health and the environment in specified areas, including, among others, food protection, housing, and hazardous materials management. Current law authorizes a local health department to employ a registered environmental health specialist to enforce public health laws, as specified. Current law authorizes an environmental health specialist trainee to work under the supervision of a registered environmental health specialist for a period not to exceed 3 years. Current law defines “environmental health specialist trainee” as a person who possesses a bachelor’s degree, as specified, and who is engaged in an approved environmental health training plan. Current law requires an environmental health training plan to include specified elements. This bill would instead prohibit an applicant from being reexamined for 90 days after failing to pass the written examination. The bill would revise the educational requirements for the registration of an environmental health specialist, as specified, and would delete the requirement that basic science coursework be equal to what is acceptable in an approved environmental health degree program. This bill would extend the period of required supervision to instead not exceed 5 years. (Based on 10/03/2025 text)

Summary: Current law establishes the office of county recorder and requires the county recorder to accept for recordation any instrument, paper, or notice that is authorized or required to be recorded, subject to the collection of specified fees. Current law prohibits the fee for recording and indexing an instrument, paper, or notice from exceeding \$10 for recording the first page and \$3 for each additional page, which charges are to reimburse the county for the costs of services rendered. Current law requires \$1 of each \$3 fee for each additional page to be deposited in the county general fund. This bill would set the fee for recording and indexing at \$15 for recording the first page and \$4 for each additional page but would prohibit the fees from exceeding the reasonable costs of the county recorder's office for providing these services. Summary: Existing law requires the Department of Health Care Access and Information to administer the Distressed Hospital Loan Program, until January 1, 2032, which provides loans to not-for-profit hospitals and public hospitals in significant financial distress or to governmental entities representing a closed hospital to prevent the closure of, or facilitate the reopening of, those hospitals. Existing law requires the department to develop a methodology to evaluate an at-risk hospital's potential eligibility for state assistance from the program, and authorizes the methodology for determining financial distress to consider the hospital's prior and projected performance on financial metrics, as specified. Existing law requires a hospital or a closed hospital applying for aid under this program to provide, among other things, the California Health Facilities Financing Authority and the department with financial information demonstrating the hospital's need for financial assistance due to financial hardship. Existing law requires the department to issue the loan award to a qualifying hospital as soon as reasonably practicable following its eligibility determination. Existing law prohibits not-for-profit hospitals and public hospitals that belong to integrated health care systems with more than 2 separately licensed hospital facilities from being eligible for state assistance under the program. This bill would make any hospital, regardless of ownership type or system affiliation, eligible for state assistance under the program for awards provided on or after the effective date of this act, as specified, if it meets the applicable criteria for significant financial distress as established by the department and the authority. Summary: Would require, on or before January 1, 2028, the State Fire Marshal's Wildfire Mitigation Advisory Committee to develop an implementation plan for a home hardening certification program that identifies home hardening measures, including defensible space, that can be voluntarily implemented during renovation or property improvement projects, or both, to substantially reduce the risk of loss during a fire and bring existing building stock into alignment with state building standards for wildland-urban interface areas. The bill would require the committee, in developing the implementation plan for the home hardening certification program, to provide specified recommendations. The bill would authorize the Office of the State Fire Marshal to expend funds from the Building Standards Administration Special Revolving Fund, upon an appropriation by the Legislature, for the purposes of developing the implementation plan for the home hardening certification program. The bill would require the committee, on or before January 1, 2028, to provide a report to specified legislative committees on its findings and recommendations pursuant to these provisions. Summary: The Medi-Cal program is in part governed by, and funded pursuant to, federal Medicaid program provisions. Existing federal law, enacted on July 4, 2025, sets forth various changes to Medicaid eligibility with regard to community engagement reporting, redeterminations, cost sharing, and retroactive coverage, among other factors, for certain Medicaid populations, including beneficiaries between 19 and 64 years of age, inclusive, with income up to 138% of the federal poverty level, commonly known as Medicaid expansion adults. The above-described federal law requires the state, beginning October 1, 2028, to impose deductions, cost sharing, or similar charges determined appropriate by the state, in an amount greater than \$0, with respect to certain care, items, or services furnished to Medicaid expansion adults, with income exceeding 100% and up to 138% of the federal poverty level, as determined by the state. The federal law excludes certain services from these provisions and prohibits the charge from exceeding \$35. This bill would, no sooner than October 1, 2028, set a copayment of \$0.01 for nonemergency services for the above-described population, as specified. The bill would authorize the provider to collect, retain, or waive the copayment amount. The bill would not apply the copayment requirements to emergency services, family planning services, or any services under certain categories. The bill would prohibit a service provider from denying care or services to an individual solely because of nonpayment of copayment. (Based on 02/19/2026 text)

Summary: The California Environmental Quality Act (CEQA) requires a lead agency, as defined, to prepare, or cause to be prepared, and certify the completion of an environmental impact report on a project that it proposes to carry out or approve that may have a significant effect on the environment or to adopt a negative declaration if it finds that the project will not have that effect. CEQA also requires a lead agency to prepare a mitigated negative declaration for a project that may have a significant effect on the environment if revisions in the project would avoid or mitigate that effect and there is no substantial evidence that the project, as revised, would have a significant effect on the environment. This bill would exempt from CEQA hospital projects, as defined, located in the City of Emeryville or City of Santa Clara. The bill would, before a lead agency determines that a hospital project is exempt from CEQA, require a project applicant to certify to the lead agency that the project complies with certain labor requirements. Summary: Existing law requests the University of California to establish the California Health Benefit Review Program (CHBRP) to assess legislation proposing to mandate a health care benefit or service or repeal a mandated benefit or service and to prepare a written analysis. Existing law authorizes an appropriate policy or fiscal committee chairperson, the Speaker of the Assembly, or the President pro Tempore of the Senate to request that written analysis. Under existing law, a written analysis is requested to be provided to the Legislature not later than 60 days after a request for analysis is made. Existing law establishes the Health Care Benefits Fund, funded by an annual fee on health care service plans and health insurers, to support the University of California and CHBRP. This bill would request the University of California to establish the Health Mandates Review Program to assess legislation proposing to mandate new or additional services or activities for a designated provider, beginning no later than January 1, 2028. The bill would require the appropriate policy or fiscal committee within the legislation's house of origin to request the program to assess legislation if the legislation is expected to affect the operations of a majority of the state's hospitals, or a majority of hospitals within a recognized class of hospitals, by requiring specified actions. The bill would request the Health Mandates Review Program to provide a written analysis of the legislation, as specified, and would request that the analysis include information on specified impacts. The bill would request that the program publish an annual summary of legislation it analyzed and that it convene a workgroup of members with relevant expertise in hospital finance or operations to advise on the development and implementation of the program. Summary: Current law generally provides for the placement of foster youth in various placement settings. Current law provides for the implementation of the resource family approval process, and defines a resource family as an individual or family who has successfully met both the home environment assessment standards and permanency assessment criteria, as specified, necessary for providing care for a child placed by a public or private child placement agency by court order, or voluntarily placed by a parent or legal guardian. Current law requires the State Department of Social Services, on or before January 1, 2027, to adopt a simplified approval process for relative caregivers, as specified. Current law conditions implementation of the simplified approval process upon federal financial participation and approval, as specified. This bill would, among other things, require the department to, on or before January 1, 2028, adopt a kinship family approval process to approve a relative, nonrelative extended family member, or extended family member of an Indian child to be a kinship family, which the bill defines as an individual or family who has successfully met the home environment assessment and family engagement standards, as specified, necessary for providing care for a child placed by a county child welfare department or a probation department by court order or voluntarily placed by a parent or legal guardian. The bill would require counties to ensure relatives, nonrelative extended family members, and extended family members of an Indian child are provided information regarding approval processes and the option to choose between the kinship family approval process, the resource family approval process, and in the case of an Indian child, a tribally approved home. Location: 10/01/2025 - Senate CHAPTERED

Summary: Current law, until January 1, 2028, authorizes the establishment of a Green Empowerment Zone for the Northern Waterfront area of the County of Contra Costa for the purpose of building upon the comparative advantage provided by the regional concentration of highly skilled energy industry workers by prioritizing access to tax incentives, grants, and loan programs, among other incentives. Current law authorizes the Green Empowerment Zone to be composed of 9 specified cities and the County of Contra Costa, upon adoption of a resolution by the city or county, and provides for the Green Empowerment Zone to be governed by a board of directors comprised of representatives from 7 stakeholder groups, as specified. This bill would extend the authorization for the Green Empowerment Zone to January 1, 2040, and would authorize the expansion of the Green Empowerment Zone to include 4 additional cities, including the Cities of El Cerrito, Pinole, Richmond, and San Pablo, upon adoption of a resolution by each city. The bill would make changes to the stakeholder groups who serve on the board of directors, including increasing the number of stakeholder groups to 8 by adding a category for 7 directors who live or work in the Green Empowerment Zone and who represent environmental or environmental justice organizations or interests. Summary: The Ralph M. Brown Act requires, with specified exceptions, that all meetings of a legislative body, as defined, of a local agency be open and public and that all persons be permitted to attend and participate. The act generally requires for teleconferencing that the legislative body of a local agency that elects to use teleconferencing post agendas at all teleconference locations, identify each teleconference location in the notice and agenda of the meeting or proceeding, and have each teleconference location be accessible to the public. Current law also requires that, during the teleconference, at least a quorum of the members of the legislative body participate from locations within the boundaries of the territory over which the local agency exercises jurisdiction, except as specified. Current law, until January 1, 2026, authorizes specified neighborhood city councils to use alternate teleconferencing provisions related to notice, agenda, and public participation, as prescribed, if, among other requirements, the city council has adopted an authorizing resolution and 2/3 of the neighborhood city council votes to use alternate teleconference provisions, as specified This bill would authorize a subsidiary body, as defined, to use alternative teleconferencing provisions and would impose requirements for notice, agenda, and public participation, as prescribed. The bill would require the subsidiary body to post the agenda at each physical meeting location designated by the subsidiary body, as specified. The bill would require the members of the subsidiary body to visibly appear on camera during the open portion of a meeting that is publicly accessible via the internet or other online platform, as specified. Summary: Current law authorizes a local authority, by ordinance or resolution, to regulate the occupancy of a room or rooms, or other living space, in a hotel, inn, tourist home or house, motel, or other lodging for a period of less than 30 days. This bill would authorize a local agency, defined to mean a city, county, or city and county, to enact an ordinance to require a short-term rental facilitator, as defined, to report, in the form and manner prescribed by the local agency, the physical address, including 9-digit ZIP Code, of each short-term rental, as defined, during the reporting period. The bill would also authorize a local agency to request additional information, as provided, when the physical address is not sufficient for the local agency to identify a specific short-term rental. The bill would authorize the local agency to impose an administrative fine or penalty for failure to file the report, and would authorize the local agency to initiate an audit of a short-term rental facilitator, as described. The bill would require a short-term rental facilitator, in a jurisdiction that has adopted an ordinance, to include in the listing of a short-term rental any applicable local license number associated with the short-term rental and any transient occupancy tax certification issued by a local agency. Summary: The Sacramento-San Joaquin Delta Reform Act of 2009 declares that the Sacramento-San Joaquin Delta (Delta) is a critically important natural resource for California and the nation and it serves as both the hub of the California water system and the most valuable estuary and wetland ecosystem on the west coast of North and South America. Existing law establishes in the Natural Resources Agency the Department of Water Resources. Existing law requires the department and the Department of Fish and Wildlife to determine the principal options for the Delta and requires the department to evaluate and comparatively rate each option for its ability to do specified things, including, among others, to maintain Delta water quality for Delta users, and to preserve, protect, and improve Delta levees. Existing law establishes in the agency the Sacramento-San Joaquin Delta Conservancy. Existing law requires the conservancy to act as a primary state agency to implement ecosystem restoration in the Delta and to support efforts that advance environmental protection and the economic well-being of Delta residents. This bill would establish the Delta Levees and Canal Subsidence Fund in the State Treasury and, upon appropriation, would make the moneys in the fund available to the Secretary of the Natural Resources Agency for expenditure consistent with the allocations described below. The bill would authorize the secretary to seek out, and the fund to accept, state moneys from, among other sources, any bond funds, the General Fund, or the Greenhouse Gas Reduction Fund. The bill would authorize the fund to accept moneys from nonstate sources, including federal and private moneys, and would continuously appropriate those moneys without regard to fiscal year, for allocation as described below, thereby making an appropriation. The bill would require the secretary to allocate moneys in the fund, through the 2046–47 fiscal year, subject to funding availability, as follows: (1) in the amount of \$150,000,000, annually, to the Department of Water Resources for the purposes of supporting capital improvements to restore the original design water conveyance capacity for state water conveyance systems impacted operationally by land subsidence, and (2) in the amount of \$150,000,000, annually, to the conservancy for projects in the Delta to improve existing levees, as specified. Summary: Existing law requires a local agency to declare land either “surplus land” or “exempt surplus land,” as supported by written findings, before the local agency may take any action to dispose of it consistent with an agency’s policies or procedures and defines terms for these purposes. Existing law generally requires a local agency, before disposing or negotiating to dispose of surplus land, to provide a written notice of the availability of the surplus land to specified entities and housing sponsors. Under existing law, land declared by an agency of the state or any local agency as “exempt surplus land” is not subject to these requirements. Summary: The California Constitution provides that people have the right of access to information concerning the conduct of the people’s business. Various provisions of existing law, including the California Public Records Act, the Bagley-Keene Open Meeting Act, and the Ralph M. Brown Act, provide, with some exceptions, for public access to government records and meetings of government bodies. Among those acts, the California Public Records Act defines “person” to include any natural person, corporation, partnership, limited liability company, firm, or association. This bill would specify that, for purposes of the California Public Records Act, the Bagley-Keene Open Meeting Act, the Ralph M. Brown Act, the Political Reform Act of 1974, the Administrative Procedure Act, and the California Environmental Quality Act (CEQA), “person,” “interested person,” “participant,” “member of the public,” as applicable, and any other similar terms under each act referring to those who may engage with governmental agencies, do not include artificial intelligence, as defined, systems, autonomous agents, robots, or other nonhuman entities, whether physical or digital. Location: 04/08/2026 - Senate Appropriations

Summary: The Plastic Pollution Prevention and Packaging Producer Responsibility Act establishes, until January 1, 2037, the California Plastic Pollution Mitigation Fund, which consists of all environmental mitigation surcharges, interest, penalties, and other amounts collected pursuant to the act, as provided. The act requires, upon appropriation by the Legislature, that 60% of the moneys in the fund be expended to monitor and reduce the historical and current environmental justice and public health impacts of plastics, and that 40% of the moneys in the fund be expended to monitor and reduce the environmental impacts of plastics on terrestrial, aquatic, and marine life and human health. This bill would, among other things, require each expenditure made upon appropriation from the fund to comply with specified requirements, including, among others, prioritizing programs and projects that benefit communities most burdened by the impacts of plastic pollution and that provide multiple benefits. The bill would require each of those expenditures to achieve one or more of specified purposes, including, among others, catalyzing mitigation of the adverse health impacts of plastics, creating or accelerating a transformative shift away from plastic production, use, and disposal, and supporting research, data collection, and monitoring activities, as specified. The bill would require each department, agency, or entity implementing a grant program funded by the fund to take specified actions, such as providing technical assistance and using a single standardized, simplified application across all of those entities. The bill would require reimbursement of a grantee’s or subgrantee’s indirect costs by applying one of 4 enumerated rates. The bill would authorize moneys from the fund to be expended on implementing the bill and would prohibit moneys from the fund from being expended on specified purposes. The bill would expand the entities eligible to receive grants from the fund, as specified. (Based on 03/26/2026 text)

Summary: Current law establishes the Department of Forestry and Fire Protection in the Natural Resources Agency. Current law requires the department to be responsible for specified activities, including maintaining an integrated staff to accomplish fire protection, fire prevention, pest control, and forest and range protection and enhancement activities, as needed. This bill would require the department to reach full staffing levels, as defined, on or before January 1, 2028, and to maintain full staffing levels throughout the calendar year at all fire stations and facilities under its jurisdiction. The bill would require the department to implement staffing requirements on a schedule, as specified. Location: 09/11/2025 - Senate 2 YEAR

Summary: Current law establishes the In-Home Supportive Services (IHSS) program, which is administered by the State Department of Social Services, counties, and other entities, under which qualified aged, blind, or disabled persons are provided with supportive services in order to permit them to remain in their own homes. Current law authorizes a county board of supervisors to elect to contract with a nonprofit consortium to provide for the delivery of in-home supportive services or to establish, by ordinance, a public authority to provide for the delivery of those services, in accordance with certain procedures. Current law deems a public authority created under these provisions to be the employer of in-home supportive services personnel under the Meyers-Milias-Brown Act, which governs labor relations between local public employers and employees. Existing law also deems a nonprofit consortium contracting with a county to be the employer of in-home supportive services personnel for purposes of collective bargaining over wages, hours, and other terms and conditions of employment. Current law grants recipients of in-home supportive services the right to hire, fire, and supervise the work of any in-home supportive services personnel providing services for them. Current law prohibits the state and specified local public employers from deterring or discouraging public employees from becoming or remaining members of an employee organization. Current law also requires specified public employers to provide exclusive employee representatives access to new employee orientations. Current law generally grants the Public Employment Relations Board jurisdiction over violations of these provisions. Existing law defines "public employers" who are subject to these provisions as including, among others, public agencies, cities, counties, and districts. This bill would expand the definition of "public employer," for purposes of those provisions, to include an employer who is subject to the In-Home Supportive Services Employer-Employee Relations Act, which the bill would create. The bill would establish a method for resolving disputes regarding wages, benefits, and other terms and conditions of employment between the state and recognized employee organizations representing individual providers. Summary: Current law that governs the labor relations of public employees and employers, including, among others, the Meyers-Miliias-Brown Act, the Ralph C. Dills Act, provisions relating to public schools, and provisions relating to higher education, prohibits employers from taking certain actions relating to employee organization, including imposing or threatening to impose reprisals on employees, discriminating or threatening to discriminate against employees, or otherwise interfering with, restraining, or coercing employees because of their exercise of their guaranteed rights. Those provisions of current law further prohibit denying to employee organizations the rights guaranteed to them by current law. This bill would prohibit a public employer from questioning a public employee, a representative of a recognized employee organization, or an exclusive representative regarding communications made in confidence between an employee and an employee representative in connection with representation relating to any matter within the scope of the recognized employee organization’s representation. Summary: The California Public Records Act requires state and local agencies to make their records available for public inspection, except as specified. Current law requires each agency, within 10 days of a request for a copy of records, to determine whether the request seeks copies of disclosable public records in possession of the agency and to promptly notify the person of the determination and the reasons therefor. Current law authorizes that time limit to be extended by no more than 14 days under unusual circumstances, and defines “unusual circumstances” to include, among other things, the need to search for, collect, and appropriately examine records during a state of emergency when the state of emergency currently affects the agency’s ability to timely respond to requests due to staffing shortages or closure of facilities, as provided. This bill would also expand the definition

of unusual circumstances to include the inability of the agency, because of a cyberattack, to access its electronic servers or systems in order to search for and obtain a record that the agency believes is responsive to a request and is maintained on the servers or systems in an electronic format. Introduced: 02/04/2025

Status: 02/02/2026 - From committee: Filed with the Chief Clerk pursuant to Joint Rule 56.

Location: 01/15/2026 - Assembly DEAD

Summary: The California Environmental Quality Act (CEQA) requires a lead agency to prepare a mitigated negative declaration for a project that may have a significant effect on the environment if revisions in the project would avoid or mitigate that effect and there is no substantial evidence that the project, as revised, would have a significant effect on the environment. Current law, until January 1, 2028, except for the issuance of a permit or other permit approval, exempts from the requirements of CEQA prescribed fire, reforestation, habitat restoration, thinning, or fuel reduction projects, or related activities, undertaken, in whole or in part, on federal lands to reduce the risk of high-severity wildfire that have been reviewed under the federal National Environmental Policy Act of 1969 meeting certain requirements. Current law requires a lead agency, if it determines that a project qualifies for the above exemption and it determines to approve or carry out the project, to file a notice of exemption with the Office of Land Use and Climate Innovation and with the county clerk in the county in which the project will be located and to post the notice of exemption on its internet website together with a description of where the documents analyzing the environmental impacts of the project under the federal act are available for review. Current law requires the lead agency, if it is not the Department of Forestry and Fire Protection, to provide the notice of exemption and certain information to the department. This bill would extend the above exemption and requirements on the lead agency indefinitely. (Based on 02/04/2025 text)

Location: 01/23/2026 - Assembly DEAD

Summary: The Meyers-Milias-Brown Act authorizes local public employees, as defined, to form, join, and participate in the activities of employee organizations of their own choosing for the purpose of representation on matters of labor relations and defines various terms for these purposes. The act prohibits a public agency from, among other things, refusing or failing to meet and negotiate in good faith with a recognized employee organization. Current law states that the Legislature finds and declares that the duties and responsibilities of local agency employer representatives under the act are substantially similar to the duties and responsibilities required under existing collective bargaining enforcement procedures and therefore the costs incurred by the local agency employer representatives in performing those duties and responsibilities under that act are not reimbursable as state-mandated costs. This bill would require, on or after January 1, 2026, a memorandum of understanding

between a public agency and a recognized employee organization to include specified provisions including, among other things, a provision providing for a system of progressive discipline that grants due process to an employee when they are disciplined, upon the request of the recognized employee organization. The bill would define “progressive discipline” and “due process” for this purpose. (Based on 03/13/2025 text)

Location: 01/23/2026 - Assembly DEAD

Summary: The California Public Employees' Pension Reform Act of 2013 (PEPRA) on and after January 1, 2013, requires a public retirement system, as defined, to modify its plan or plans to comply with PEPRA, as specified. PEPRA prohibits a public employer from offering a defined benefit pension plan exceeding specified retirement formulas, requires new members of public retirement systems to contribute at least a specified amount of the normal cost, as defined, for their defined benefit plans, and prohibits an enhancement of a public employee's retirement formula or benefit adopted after January 1, 2013, from applying to service performed prior to the operative date of the enhancement. PEPRA prohibits a public employer from offering a supplemental defined benefit plan if the public employer did not do so before January 1, 2013, or, if it did, from offering that plan to an additional employee group after that date. This bill would authorize a public employer, as defined, to bargain over contributions for supplemental retirement benefits administered by, or on behalf of, an exclusive bargaining representative of one or more of the public employer's bargaining units, subject to the limitations specified above. Status: 08/28/2025 - Failed Deadline pursuant to Rule 61(a)(11). (Last location was APPR. SUSPENSE FILE on 8/18/2025)(May be acted upon Jan 2026)

Location: 08/28/2025 - Senate 2 YEAR

Summary: Current law regulates potentially dangerous and vicious dogs and requires the chief officer of the public animal shelter or animal control department, or the head of the local law enforcement agency, if probable cause exists to believe that a dog is potentially dangerous or vicious, to petition the superior court for a hearing in a limited civil proceeding to determine, upon a preponderance of the evidence, whether the dog should be declared potentially dangerous or vicious. Current law also authorizes a city or county to establish an administrative hearing procedure to hear and dispose of petitions filed for these purposes. Current law authorizes the owner or keeper of the dog to contest the determination through an appeal to the superior court, as specified, and requires the superior court to make its own determination, upon a preponderance of the evidence, as to the potential danger and viciousness of the dog. Current law authorizes a dog determined to be a vicious dog to be destroyed by the animal control department when it is found, after one of those proceedings conducted by a court or other hearing entity, that the release of the dog would create a significant threat to the public health, safety, and welfare. For purposes of these provisions, current law generally defines “potentially dangerous dog” and “vicious dog” as a dog that, when unprovoked, engages in specified conduct, as applicable. This bill would require a court or other hearing entity in a proceeding on original jurisdiction, or a court in a proceeding on appeal, to determine whether a dog is vicious upon clear and convincing evidence and, when determining whether a dog is potentially dangerous or vicious, to make factual findings to support the conclusion that each requirement for placement in that category has been met, including findings specific to whether the dog was provoked. The bill would define the term “provoke” for purposes of these provisions. (Based on 07/17/2025 text)

Summary: The Mitigation Fee Act imposes certain requirements on a local agency that imposes a fee as a condition of approval of a development project that is imposed to provide for an improvement to be constructed to serve the development project, or a fee for public improvements, as specified. The act also regulates fees for development projects and fees for specific purposes, including water and sewer connection fees, among others. The act, among other things, requires local agencies to comply with various conditions when imposing fees, extractions, or charges as a condition of approval of a proposed development or development project. The act prohibits a local agency that imposes fees or charges on a residential development for the construction of public improvements or facilities from requiring the payment of those fees or charges until the date of the final inspection or the date the certificate of occupancy is issued, whichever occurs first, except for utility service fees, as provided. This bill would require a local agency to provide a qualified residential rental project, as defined, with the option of either or both (1) development impact fees set at a rate of \$0 or (2) a development impact fee deferral agreement loan, subject to certain requirements. Location: 01/29/2026 - Senate Rules

Summary: Current law requires that, except as specified, not less than the general prevailing rate of per diem wages, determined by the Director of Industrial Relations, be paid to workers employed on public works projects. Current law requires the body awarding a contract for a public work to obtain from the director the general prevailing rate of per diem wages for work of a similar character in the locality in which the public work is to be performed, and the general prevailing rate of per diem wages for holiday and overtime work, for each craft, classification, or type of worker needed to execute the contract. Under current law, if the director determines during any quarterly period that there has been a change in any prevailing rate of per diem wages in a locality, the director is required to make that change available to the awarding body and their determination is final. Under current law, that determination does not apply to public works contracts for which the notice to bidders has been published. This bill would instead state, commencing July 1, 2027, that if the director determines, within a semiannual period, that there is a change in any prevailing rate of per diem wages in a locality, that determination applies to any public works contract that is awarded or for which notice to bidders is published after July 1, 2027. The bill would authorize any contractor, awarding body, or specified representative affected by a change in rates on a particular contract to, within 20 days, file with the director a verified petition to review the determination of that rate, as specified. The bill would require the director to, upon notice to the interested parties, initiate an investigation or hold a hearing, and, within 20 days after the filing of that petition, except as specified, make a final

determination and transmit the determination in writing to the awarding body and to the interested parties. (Based on 01/22/2026 text)

Summary: Existing law, the Emergency Medical Services System and the Prehospital Emergency Medical Care Personnel Act, governs local emergency medical services (EMS) systems, authorizes each county to develop an EMS program and designate a local EMS agency, and requires the Emergency Medical Services Authority to receive plans for the implementation of EMS systems from local EMS agencies, as specified. Existing law requires a county to enter into a written agreement with a city or fire district that contracted for or provided prehospital EMS as of June 1, 1980. Existing law requires, until that written agreement is reached, prehospital EMS to be continued at not less than the existing level and the administration of prehospital EMS by cities and fire districts contracting for or providing those services as of June 1, 1980, to be retained by those cities and fire districts, as specified. This bill would authorize a county board of supervisors or the governing body of an entity or a joint powers agency designated as the local EMS agency by the board of supervisors to provide ambulance services to persons located within the county’s jurisdiction by specified means, including assigning the duty of providing ambulance services to residents of the county to an existing county department and providing the department with the necessary staffing, vehicles, and equipment to provide ambulance services. The bill would require a county board of supervisors or a local EMS agency to adopt a written policy, including specified requirements, for an emergency ambulance services provider in order to enter into a contract with a provider for emergency ambulance services and would include required provisions for those contracts. Summary: Current federal law establishes the federal Supplemental Nutrition Assistance Program (SNAP), known in California as CalFresh, under which supplemental nutrition assistance benefits allocated to the state by the federal government are distributed to eligible individuals by each county. This bill would, in the event of a federal funding lapse that results in the withholding, suspension, or delay of federally funded CalFresh benefits, require the State Department of Social Services to utilize state funds to ensure that CalFresh benefits continue to be issued to existing recipients. The bill would define “federal funding lapse” to mean any period during which the federal government fails to appropriate sufficient funds to the United States Department of Agriculture to cover the full monthly allotment of SNAP benefits for eligible households in California, and would require the Director of Social Services to declare a federal funding lapse during any period that meets that definition. The bill would, in the event of a declaration by the director of a federal funding lapse, continuously appropriate to the department

from the General Fund an amount necessary to cover the costs to implement these provisions, as determined by the director. (Based on 02/19/2026 text)

Location: 01/15/2026 - Senate DEAD

Summary: The California Environmental Quality Act (CEQA) requires a lead agency, as defined, to prepare, or cause to be prepared, and certify the completion of an environmental impact report on a project that it proposes to carry out or approve that may have a significant effect on the environment or to adopt a negative declaration if it finds that the project will not have that effect. CEQA also requires a lead agency to prepare a mitigated negative declaration for a project that may have a significant effect on the environment if revisions in the project would avoid or mitigate that effect and there is no substantial evidence that the project, as revised, would have a significant effect on the environment. This bill would exempt from the provisions of CEQA a project to underground powerlines. (Based on 02/03/2025 text)

Summary: The Quimby Act, which is within the Subdivision Map Act, authorizes the legislative body of a city or county to require the dedication of land or to impose fees for park or recreational purposes as a condition to the approval of a tentative map or parcel subdivision map if specified requirements are met. The act provides that the dedication of land, or the payment of fees, or both, shall not exceed the proportionate amount necessary to provide 3 acres of park area per 1,000 persons residing within a subdivision subject to the act, except as specified. This bill would additionally prohibit the proportion of the land to be dedicated, or the amount of any fee to be paid in lieu thereof, or both, from exceeding 25% of the total acreage of the subdivision, if the proposed subdivision is for infill housing. Location: 07/17/2025 - Assembly 2 YEAR

Summary: Under the Lanterman-Petris-Short (LPS) Act, when a person, as a result of a mental health disorder, is a danger to themselves or others, or is gravely disabled, the person may, upon probable cause, be taken into custody by specified individuals, including, among others, a peace officer and a designated member of a mobile crisis team, and placed in a facility designated by the county and approved by the State Department of Health

Care Services for up to 72 hours for evaluation and treatment. For the purposes of these provisions, current law defines “gravely disabled” as a condition in which a person, as a result of a mental health disorder, a severe substance use disorder, or a co-occurring mental health disorder and a severe substance use disorder, is unable to provide for their basic personal needs for food, clothing, shelter, personal safety, or necessary medical care. This bill would include in the definition of “gravely disabled” for purposes of the above provisions an individual who is unable to provide for their basic personal needs due to chronic alcoholism, as defined. The bill would further define a “mental health disorder” as a condition outlined in the current edition of the Diagnostic and Statistical Manual of Mental Disorders. (Based on 05/23/2025 text)

Summary: The Lanterman-Petris-Short (LPS) Act authorizes the involuntary commitment and treatment of persons with specified mental disorders. Under the act, when a person, as a result of a mental health disorder, is a danger to themselves or others, or is gravely disabled, the person may, upon probable cause, be taken into custody by specified individuals, including, among others, a peace officer and a designated member of a mobile crisis team, and placed in a facility designated by the county and approved by the State Department of Health Care Services for up to 72 hours for evaluation and treatment. Current law defines “assessment” for those purposes to mean the determination of whether a person shall be evaluated and treated. This bill would require an assessment to consider reasonably available, relevant information as specified. The bill would also authorize an assessment to be used to assist specified individuals in developing an aftercare plan for an individual, if that individual has agreed to an aftercare plan and can be properly served without being detained. Location: 01/23/2026 - Senate DEAD

Summary: The California Global Warming Solutions Act of 2006 establishes the State Air Resources Board as the state agency responsible for monitoring and regulating sources emitting greenhouse gases and requires the state board to adopt rules and regulations to achieve the maximum technologically feasible and cost-effective greenhouse gas emission reductions from those sources. Pursuant to its authority, the state board has adopted

the Advanced Clean Fleets Regulation, which imposes various requirements for transitioning local, state, and federal government fleets of medium- and heavy-duty trucks, other high-priority fleets of medium- and heavy-duty trucks, and drayage trucks to zero-emission vehicles. The Advanced Clean Fleets Regulation authorizes entities subject to the regulation to apply for exemptions from its requirements under certain circumstances. This bill would require the state board to establish the Advanced Clean Fleets Regulation Appeals Advisory Committee by an unspecified date for purposes of reviewing appeals of denied requests for exemptions from the requirements of the Advanced Clean Fleets Regulation. The bill would require the committee to include representatives of specified governmental and nongovernmental entities. The bill would require the committee to meet monthly and would require recordings of its meetings to be made publicly available on the state board's internet website. The bill would require the committee to consider, and make a recommendation on, an appeal of an exemption request denial no later than 60 days after the appeal is made. The bill would require specified information relating to the committee's consideration of an appeal to be made publicly available on the state board's internet website. (Based on 04/07/2025 text)

Summary: Current law authorizes a local authority, as defined, to adopt a program to regulate sidewalk vendors if the program complies with specified standards. These standards include restricting the local authority from requiring a sidewalk vendor to operate within specific parts of the public right-of-way, except when that restriction is directly related to objective health, safety, or welfare concerns. This bill would prohibit a local authority, except as otherwise required by state or federal law, from providing voluntary consent to any individual to access, review, or obtain certain records of the local authority that include personally identifiable information of any sidewalk vendors in the jurisdiction without a subpoena or judicial warrant. The bill would also prohibit a local authority and its personnel from disclosing or providing in writing, verbally, or in any other manner personally identifiable information of any sidewalk vendor that is requested, except pursuant to a subpoena or a valid judicial warrant. The bill would define "personally identifiable information," for these purposes, to include an individual's name, business name, home address, business address, birthdate, telephone number, California driver's license or identification, and other related information. Summary: Current statutory law, the Documentary Transfer Tax Act, authorizes the imposition of a tax by a county or city, as provided, with respect to specified instruments that transfer specified interests in real property. Current law establishes the California Department of Tax and Fee Administration for the purpose of administering various taxes. This bill would require a person, as defined, that owns commercial property, as defined, in this state to register with the department, as provided. The bill would require every person owning commercial real property in this state to file an information return each year by a date determined by the department, as provided. The bill would require the information return to include specified information, including, among other requirements, whether any buildings or portions of buildings were vacant in the previous calendar year. The bill would authorize extensions of the time for a person to file an information return under specified circumstances, including for good cause. The bill would impose on any person who fails or refuses to timely furnish a return required by its provisions a penalty of \$100 per commercial property that the person fails or refuses to timely furnish the information return. The bill would authorize the Director of Finance to make a loan from the General Fund to the department to implement those provisions, and would require any loan to be repaid from revenues from penalties imposed. Summary: Existing law, the Ralph M. Brown Act, requires, with specified exceptions, that all meetings of a legislative body, as defined, of a local agency be open and public and that all persons be permitted to attend and participate. Existing law defines "meetings" for these purposes to mean any congregation of a majority of the members of a legislative body at the same time and location, as specified, to hear, discuss, deliberate, or take action on any item that is within the subject matter jurisdiction of the legislative body. This bill would define "majority" for purposes of the act to mean the number of members of the legislative body equaling more than half of the total number of seats on the legislative body. The bill would specify that if a seat on the legislative body is vacant, that seat is to still be counted as a seat on the legislative body. Summary: Existing law requires Office of Emergency Services, in coordination with all interested state agencies with designated response roles in the state emergency plan and interested local emergency management agencies, to jointly establish by regulation a standardized emergency management system for use by all emergency response agencies, as specified. The California Emergency Services Act requires each local agency, in order to be eligible for any funding of response-related costs under disaster assistance programs, to use the standardized emergency management system to coordinate multiple-jurisdiction or multiple-agency operations, except that a local agency is eligible for repair, renovation, or any other nonpersonnel costs resulting from an emergency. This bill would require OES, on or before July 1, 2027, in consultation with certain entities, to develop an implementation plan for entering into a statewide master contract for a public alert and early warning software that is capable of supporting interoperable public safety alerting across state, regional, and local governmental entities. The bill would require the implementation plan, among other requirements, to include a draft request for proposal under which the public alert and early warning software, among other things, is interoperable across state, regional, and local governmental entities. The bill would require the office, upon completion of the implementation plan, to send the plan to the Assembly Committee on Emergency Management and the Senate Committee on Emergency Management. Summary: Existing law requires the Public Utilities Commission, on or before March 31, 2024, to evaluate each customer renewable energy subscription program to determine if the program meets specified goals and to determine whether it would be beneficial to ratepayers to establish a new tariff or program for an electrical corporation, or modify an existing tariff or program administered by an electrical corporation, to establish a community renewable energy program, as provided. If the commission determines that it would be beneficial to ratepayers to establish the community renewable energy program, existing law requires the commission, on or before July 1, 2024, to establish the program and require each electrical corporation to participate in the program.

Existing law requires each community choice aggregator and electric service provider, if the commission establishes the program, to notify the commission whether it will participate in the program within 180 days of the establishment of the program. Existing law requires the commission, on or before March 31, 2024, to report to the Legislature on its actions taken pursuant to these requirements and its justification for terminating, modifying, or retaining each customer renewable energy subscription program. This bill would instead require the commission to evaluate those programs on or before March 31, 2027, and to establish the community renewable energy program, if applicable, on or before July 1, 2027. The bill would require each community choice aggregator and electric service provider to notify the commission whether it will participate in the program within 190 days, rather than 180 days, of the establishment of the program. Summary: Existing law establishes the jurisdiction of the juvenile court, which may adjudge a child to be a dependent of the court under certain circumstances, including when the child suffered, or there is a substantial risk that the child will suffer, serious physical harm, or a parent fails to provide the child with adequate food, clothing, shelter, or medical treatment. Existing law establishes the grounds for removal of a dependent child from the custody of their parents or guardian, and establishes procedures to determine placement of a child. Existing law requires, when a child has been adjudged a dependent of the court, the court to hold a dispositional hearing to determine the disposition to be made of the child. Under existing law, if the child is removed from the physical custody of their parents, preferential consideration to be given to a request by a relative of the child for placement of the child with the relative. Existing law prescribes factors for the county social worker and court to consider in determining placement, and requires the court to state on the record the reasons placement was denied if the court does not place the child with a relative who has been considered for placement. This bill would require, if the court does not initially place the child with a relative who has been considered for placement, the court to state for the record the reasons why the placement with that relative was denied or delayed. The bill would require, except as specified, after the court conducts the dispositional hearing, the social worker to assess any relative who requests placement and who has not been previously assessed or found to be unsuitable. Summary: Existing law requires the State Department of Health Care Services to streamline and simplify existing Medi-Cal program procedures to improve access to lactation supports and breast pumps among Medi-Cal beneficiaries. This bill would require the department to, by July 1, 2027, issue updated Medi-Cal guidance that clarifies Medi-Cal coverage for lactation services. The bill would also require the guidance to, among other things,

clarify Medi-Cal coverage policies for a continuum of lactation services, including health education related to lactation, basic lactation support, and clinical lactation consultation. The bill would require the department to seek stakeholder input on draft guidance prior to issuing the guidance. The bill would require the department to allow a lactation consultant certified as an International Board Certified Lactation Consultant (IBCLC) to enroll as a Medi-Cal provider and bill for lactation services, as specified. Summary: Existing federal law, enacted on July 4, 2025, sets forth various changes to Medicaid eligibility with regard to community engagement reporting, redeterminations, cost sharing, and retroactive coverage, among other factors, for certain Medicaid populations, including beneficiaries between 19 and 64 years of age, inclusive, with income up to 138% of the federal poverty level, commonly known as Medicaid expansion adults. For purposes of Medicaid eligibility redeterminations, the above-described federal law requires that a Medicaid expansion adult undergo a redetermination once every 6 months, instead of an annual redetermination, except as specified. Existing state law generally requires a county to perform eligibility redeterminations for Medi-Cal beneficiaries every 12 months and to promptly redetermine eligibility whenever the county receives information about changes in a beneficiary's circumstances, as specified. Summary: Existing law creates the Commission on State Mandates and establishes procedures for implementing the requirement in the California Constitution that the state reimburse local agencies and school districts for certain costs mandated by the state. Existing law makes a reimbursement claim for actual costs filed by a local agency or school district subject to the initiation of an audit by the Controller and authorizes the Controller to make a field review of a claim after it has been submitted but before it has been reimbursed. Existing law requires the Controller to notify the claimant in writing within 30 days after issuance of a remittance advice of any adjustment to a claim for reimbursement that results from an audit or review. Summary: Under current law, there are programs providing assistance for, among other things, emergency housing, multifamily housing, farmworker housing, home ownership for very low and low-income households, and downpayment assistance for first-time home buyers. Current law also authorizes the issuance of bonds in specified amounts pursuant to the State General Obligation Bond Law and requires that proceeds from the sale of these bonds be used to finance various existing housing programs, capital outlay related to infill development, brownfield cleanup that promotes infill development, and housing-related parks. This bill would enact the Affordable Housing Bond Act of 2026, which, if adopted, would authorize the issuance of bonds in the amount of \$10,000,000,000 pursuant to the State General Obligation Bond Law. Proceeds from the sale of these bonds would be used to finance programs to fund affordable rental housing and home ownership programs, including, among others, the Multifamily Housing Program, the CalHome Program, and the Joe Serna, Jr. Farmworker Housing Grant Program.
