To: Contra Costa Board of Supervisors

Re Re-appointment of HAZMAT Commission Alternate Member Frank Quin

Dear Board Members John Gioia, Candace Anderson, Diane Burgis, Federal Glover and Ken Carlson,

It is our pleasure to again re-affirm nomination of Frank Quin of Phillips 66 as an Alternate Member of the County Hazardous Materials Commission, Business Seat 3.

Frank possesses very relevant qualifications and knowledge regarding hazardous materials and their effect on the environment and people. Frank is a chemical engineer graduating from the University of Illinois with a degree in Chemical and Biomolecular Engineering. In his refinery capacity as an operations superintendent, process operations team leader and bulk operations team leader, and with more than ten years of experience at Phillips 66 in California, he is uniquely and exceptionally qualified and knowledgeable regarding hazardous materials and hazardous waste.

We trust after review you will agree Frank Quin is an excellent re-appointment to this position of Alternate Member, Business Seat 3. Thank you.

Sincerely,

A handwritten signature in cursive script that reads "James Pezzaglia".

James Pezzaglia

Vice President, Contra Costa Taxpayers Association
