Child Abuse is 100% Preventable

You Can Help Today

Why Donate?

Consider these startling facts:

- Child abuse impacts the child, family, community and society.

Abused children are:

- 59% more likely to be arrested as juveniles
 - 28% more likely to have an adult criminal record
 - 77% more likely to require special education
- The Contra Costa County financial impact for maltreated youth in 2024 was \$211 million dollars.

One parent in a FACT funded program stated that the program “changed my life... and gave me hope.”

Each year there are approximately 10,000 allegations of child abuse in Contra Costa County.

Your FACT donation will help support community programs for at-risk children and their families:

- Parenting education and life skills for pregnant and parenting teens
- Services for children with special needs and their parents
- Treatment for child abuse victims
- Support services for substance abuse
- Multi-cultural parent education and resilience
- Linkages to community resources for at risk families

100% of your contribution goes to prevention services

This is one of the most important tax deductible contributions you'll make all year.

Every donation helps!
