Qualifications and Volunteer Experience

Please explain why you would like to serve on this particular board, committee, or commission.

With all the many problems we're facing in this world, I find the phrase "think globally, act locally" to be empowering. My community means a lot to me, and there are actually things I can do to help build a stronger, safer, more connected Contra Costa County.

Describe your qualifications for this appointment. (NOTE: you may also include a copy of your resume with this application)

I have always had an interest in emergency medicine and community emergency preparedness, and my work with the City and County of San Francisco's emergency response to COVID-19 has given me some valuable experience in what this looks like in practice. I look forward to the opportunity to apply some of this to my own community.
