Department: Probation Post Release Community Supervision (PRCS)

PROGRAM NARRATIVE:

The elements of Public Safety Realignment include the Post-Release Community Supervision (PRCS) of clients released from prison. Those sentenced to local commitments for crimes that would have previously resulted in prison sentences are released from jail and placed on Mandatory Supervision, supervised by the Probation Department. Those clients released from prison and jail after completing a term for violating their parole are also placed on probation supervision. Systems to coordinate and ensure services are available have been developed and continue to be refined. The goal is to ensure clients have the best possible chance to avoid further negative contact with the justice system. This could not occur without proper staffing and effective interventions developed in the community with enhanced partnerships.

FY 2026/27 Baseline Request

The baseline allocation will provide for 12 DPOs, 1 Clerk, and 1 Supervisor. The operating costs account for office expenses, IT costs, food, client incentives, travel/training, annual vehicle expenses, and stabilization resources.

FY 2026/27 Program Modification Request

Minor Furniture and Computer Equipment expenses have been consolidated into the Office Expense line, which has been increased to \$15,000 to cover these needs. Data Processing has been increased to \$50,000 to account for anticipated cost increases, and Public Works vehicle costs have also been increased to \$125,000 for the same reason. The contract line has been eliminated, as other contract resources are now being utilized to support the Reentry Success Center night program, which was previously funded through this line item.

Department: Pre-Trial Probation

PROGRAM NARRATIVE:

The Pretrial Services Unit works collaboratively with the Court and justice partners to assess defendants and provide recommendations for own recognizance pretrial release of defendants at arraignment. The pretrial program provides monitoring and access to an array of stability resources, including gender responsive programming. For the past few years, there has been a 17% increase in clients and we are expecting this trend to continue. With that in mind, Probation expects to monitor approximately 650 defendants in fiscal year 26/27.

FY 2026/27 Baseline Request

The Pre-Trial Program's proposed budget will provide the following level of service:

- Four (4) FTE Deputy Probation Officers
- One (1) FTE Clerk
- Operating costs totaling \$135,000 to include funding for office expenses, travel/training, a contract and vehicle expenses

Department: Probation Office of Reentry & Justice (ORJ)

PROGRAM NARRATIVE:

The ORJ will continue to provide administrative support to the community programs funded by AB 109 and various other efforts related to public safety and social justice. As the ORJ continues to grow in the Probation department, it does so with a perspective of its work that has matured beyond its days as a pilot project and is regularly involved in matters that extend beyond AB 109. Nonetheless, the ORJ continues to prioritize partnerships that enhance reentry service delivery, program coordination, data collection, and overall understanding of the effectiveness of the County's local justice reform efforts.

FY 2026/27 Baseline Request

The baseline request reflects the current staffing level of 5 FTEs. Operational costs cover office expenses, software, staff development and training, County Counsel support and DoIT's data and communication services.

FY 2026/27 Program Modification Request

Funding for cross-system partner trainings has been removed due to minimal expenditures in recent years. Expenses for training supplies, which were previously covered under this line, can be absorbed within the office expense line.

OPERATING COSTS - \$1,347,554***Recovery Residences (Sober Living Environment)***

No less than four beds are dedicated to AB109 clients who are homeless, have recently graduated from residential and outpatient SUD treatment programs at Uilkema House. Residents may stay for up to 6 months and receive a variety of self-sufficiency services, recovery support and required to continue outpatient services while residing at Uilkema House. Funds are also increased to Oxford Houses contract to ensure access for AB109 clients and extend their rent so that they gain more stability. Oxford Houses are resident-managed sober living environments for individuals in SU remission. Clients residing at an Oxford House are also adhere to the same eligibility requirements of continuing outpatient treatment, working towards self-sufficiency and communicating with a recovery coach on ongoing basis.

SUD Residential Treatment

Residential SUD treatment will be provided for up to 250 clients. These services will be provided in the community by Discovery House, a county operated program, and through other DMC certified Community-Based Organizations (CBO) under a contract with Behavioral Health's Alcohol and Other Drug Services (AODS). With the implementation of the Drug Medi-Cal Organized Delivery System (DMC-ODS), AOD has experienced an increase on the number of clients. We have transitioned from 90-days length of stays to a client-centered treatment approach in alignment with the ASAM Criteria. Moreover, the Centers for Medicare and Medicaid (CMS) eliminated the restriction on the number of admissions to residential treatment per year. Because of the CalAIM changes, there has been further recognition that justice involved populations may require extra time in residential treatment and recovery residences.

SUD Outpatient Treatment

Outpatient treatment will be available for up to 24 clients. Outpatient services will be provided through DMC certified Community-Based Organizations (CBO) under a contract with Behavioral Health's AODS. In 2026,, AOD plans to add an outpatient program in West County to support the needs of clients in the Richmond area. The new provider West Care will become DMC Certified at a later time, in the meantime they will need a period to ramp up and establish their presence. AB-109 clients will benefit from having services available in the evening and weekends. West Care is a community-based provider with expertise in justice involved and unhoused populations. Outpatient services consist of individual and group counseling sessions and determined by the ASAM Criteria based on individual needs. Accordingly, the duration of treatment is driven by medical necessity rather than a fixed length of stay. Outpatient treatment accompanied by Recovery Residences, promote client self-sufficiency, health and recovery.

Drug Medi-Cal Federal Financial Participation (FFP)

While DMC allows counties to draw down Federal funding, a non-federal match is required. AB109 funding is used by AODS to cover the match for every AB109 client and criminal justice-involved client. Additionally, because DMC only covers treatment and excludes the cost for room and board at residential facilities, AB109 funds are used for each bed day. Since 2019 AODS has been monitoring Medi-Cal eligibility for all AB109 admissions and it has consistently demonstrated that approximately 98% of AB109 clients referred to SUD treatment are in fact Medi-Cal eligible. Every year however, AOD analyzes DMC data claims and a large percentage of claims are disallowed due to various reasons mostly related to the State. As a result, some of the AB109 funded allocated to AODS is used to cover the cost incurred by SU providers for services rendered for AB109 clients for claims not approved by Medi-Cal. Similarly, AB109 funding supports non-DMC eligible (undocumented and out of county) justice involved clients. While the number of admissions into residential treatment are no longer restricted, AB109 clients will still continue to receive extensions and additional admissions through AB109 funding. Additionally, in FY23-24 Contra Costa was required to comply with the CalAIM initiative which included payment reform under the new payment provisions, all CBO rates were increased. AB109 funding also support and advance CalAIM justice-involved implementation.

Pharmacy/Lab

Includes medication and lab fees for AB109 clients who are not covered by insurance.

ISF Fee

ISF is an annual fee for vehicle maintenance, insurance, and replacement. ISF charge will allow for replacement of the vehicle at the end of the vehicle life (90,000 miles) at no cost to the department.

Occupancy

Contra Costa County Community Corrections Partnership
FY 2026-27 AB109 Budget Program Narrative Form

Department: District Attorney's Office

PROGRAM NARRATIVE:

Please provide a narrative describing the programming being proposed on this AB 109 Budget Proposal Form.

The District Attorney's Office is requesting \$2,543,721 for FY 2026-27. The request will continue the programs approved in the FY 2025-26 ongoing AB 109 budget. The realignment team will address the responsibilities presented by the realignment of our criminal justice system pursuant to Penal Code section 1170(h). The Department will continue to provide the Neighborhood Restorative Partnership program.

FY 2026-27 Baseline Request

The DA's realignment team includes (4) FTE Deputy District Attorneys, (1) DA Assistant Investigator (Neighborhood Restorative Partnership Coordinator), (1) Senior Level Clerk, (2) Experienced Level Clerk, (3) Victim/Witness Assistance Program Specialists, and (1) Part Time 0.5 FTE Senior Level Clerk. \$2,440,581 are requested for FY26-27 Baseline Salary and Benefits. Benefits Costs include FICA, medical, workers' compensation, SUI, deferred compensation, benefits administration, and retiree health. The Legal Assistant position as shown in the FY25-26 Funding Allocation was previously reclassified into a DA Assistant Investigator, and the higher dollar amount shown in the FY26-27 Baseline Request for this position reflects the compensation increase due to the reclassification and merit increase. The increased dollar amounts shown in the FY26-27 Baseline Request for the (1) Senior Level Clerk and (2) Experienced Level positions are due to a combination of salary increase for the entire clerk classification series, longevity pay, bilingual pay, merit increases, and the flex staff promotions for the incumbents. The higher dollar amounts shown in the FY26-27 Baseline Request for the Victim/Witness Assistance Program Specialist positions are due to merit increases for the incumbents. The 0.5 FTE Senior Level Clerk was previously flexed down and filled at the Experienced Clerk level as an 0.5 FTE. The FY26-27 Baseline Request for this Experienced Clerk reflects the incumbent's compensation adjusted to FY26-27 values.

Neighborhood Restorative Partnership

In an effort to offer smart and safe alternatives for low level non-violent misdemeanors, the District Attorney's Office has implemented the Neighborhood Restorative Partnership (NRP). In lieu of filing criminal charges, this community based pre-charging diversion program utilizes a restorative justice lens to resolve low-level misdemeanors and quality of life crimes. Adjudicators – comprised primarily of residents who live and work in the community where the incident occurred – hear the case and create plans that enable the participant to address harms caused to the community and parties affected by the incident. This program reduces the number of cases making their way through the criminal justice system, saving both time and money for the courts and impacted county agencies. By keeping low-level non-violent offenders out of the criminal justice system, and keeping convictions off their record, this program aids in preventing obstacles to obtaining employment, education, housing, and meaningful participation in the community.

Realignment/Re-entry Coordinator Attorney

This position is the office point person on all issues involving the implementation of prevention, realignment and re-entry. They attend Community Corrections Partnership meetings to provide information to the CCP when requested and to keep the office informed as to the CCP's policy decisions. They also participate in the Strategic Re-entry Plan Development, Pre-Release Planning Pilot, Pre-trial Services, and the Racial Justice Oversight Body.

ACER Attorneys

These attorneys staff the Superior Court's in-custody arraignment courts and their early disposition calendars. This includes appearances at arraignments, weighing in on bail motions, interaction with the court on pre-trial release and attempts at disposition of cases early in the judicial process, before additional resources are used. These attorneys appear at felony arraignments and review all pre-release reports.

FY 2026-27 Program Modification Request -

Note: FY 2026-27 revenue assumptions do not support program enhancements or expansions. Instead this section is for program modifications to rightsize prior year under expenditure trends or eliminate programs costs no longer needed in FY 2026-27.

The FY 2026/27 program modification request includes the following changes:

1. Replace Senior Level Clerk (0.5 FTE) with Full-Time Experienced Clerk (1.0 FTE)

The Contra Costa County District Attorney's Office (CCDAO) is requesting a budget modification for FY 2026–2027 to remove the Senior Level Clerk – Part Time (960, 0.5 FTE) position and replace it with a 1.0 FTE Full-Time Experienced Clerk position.

CCDAO previously flexed down the budgeted Senior Level Clerk (0.5 FTE) part time position into a part time n(0.5 FTE) Experienced Level Clerk and filled the position with an incumbent. While filling this part time position has assisted the NRP program, the program requires full-time clerical support to meet its ongoing demands.

Therefore, CCDAO is requesting to convert the currently filled part time Experienced Clerk position and incumbent into a full time Experienced Clerk. This change will allow CCDAO to maintain stable staffing, meet the creased program needs, ensure continuity, and improve overall efficiency and effectiveness of the NRP program. Additionally, in order to offset the increased personnel cost associated with the conversion into a full time Experienced Clerk, CCDAO has made reductions to the program's operating budget under the Program Modification Request column. There is no net cost increase due to this proposed position modification.

2. Reduce Operating Costs

Reduce the Operating cost to offset the increased cost associated with the above described position modification regarding the Experienced Clerk.

PROGRAM NARRATIVE:

Please provide a narrative describing the programming being proposed on this AB 109 Budget Proposal Form.

FY 2026-27 Baseline Request

The Workforce Development Board of Contra Costa County (WDBCCC) is seeking status quo level funding of \$225,238 for the fiscal year 2026-2027. This budget is based on comparison of prior years' program budget submissions with actual expenditures, and reflects the amount of time key staff will devote to AB109 in order to continue to provide linkages to the One-Stop/AJCC system, business engagement, and small business and entrepreneurship connections.

For fiscal year 2027-2028, WDB will seek additional funding of \$150,945 for a full Workforce Services Specialist position. Currently, this position is partially funded by one-time AB109 funds, which end in FY26-27.

WDB is committed to collaborating with small business development organizations and training opportunities to provide entrepreneurial support to the AB109 and broader reentry community. In accordance with the WDBCCC's original submittal, we will use AB109 funds to leverage other funding such as Prison to Employment and Breaking Barriers in an effort to increase our capacity to provide services to justice involved and those returning from incarceration.

FY 2026-27 Baseline Request

The Mental Health Evaluation Team (MHET) program has been running successfully since 2014. The program started with 3 MHET officers from local police departments, one in each region of the county. It has now expanded to include 3 deputy sheriffs on the team. MHET is a co-responding model, a clinician and a police officer/deputy sheriff respond to each referral in the community county wide. Referrals come from law enforcement for individuals with whom they have had multiple calls or contacts about what has been assessed to be BH needs. MHET coordinates services with PES, hospitals, APS, custody facilities, and community agencies. The goal of each response is to stabilize the situation, support the community and families, engage the referred individual and support him/her until they are engaged in long term BH services. The goals of MHET include: reducing repeat calls to law enforcement, reduce violent encounters between individuals with BH needs and law enforcement, reduce visits to PES, increase safety for all, increase utilization of outpatient BH services, and provide education and support to families and the community.

Due to the cost of police officers not being covered, the Program has encountered significant challenges in securing partnerships with Police Departments to provide necessary services, despite recruitment assistance from Supervisors Andersen and Carlson's offices. Based on expenditure trending and contract billing practices, we'd like to modify an increase in the budget allocation to align the program's costs.

FY 2026-27 AB109 Budget Program Narrative Form

Department: SUPERIOR COURT

PROGRAM NARRATIVE:

<i>FY 2026-27 Baseline Request</i>
<p>The Contra Costa Superior Court respectfully requests funding from the County's FY 2025–2026 AB 109 allocation in the amount of \$263,737 to continue supporting two courtroom clerk positions. These positions are essential in managing the workload associated with PRCS cases and Parole Violation Petitions. The Court calendars a high volume of cases involving supervision of offenders, generating more proceedings than could reasonably be managed by a single clerk. To ensure accuracy, timeliness, and efficiency, the Court has assigned a second clerk to each of these high-volume calendars since the implementation of AB 109.</p> <p>The two clerks operate as a team, with clearly defined but complementary duties:</p> <ul style="list-style-type: none">• Primary Clerk: Captures the official court record, ensures proceedings are documented accurately in real time, provides direct support to the Judge while on the record and communicates with other departments for calendaring purposes.• Secondary Clerk: Provides direct support to the Judge, justice partners, and attorneys by receiving and processing paperwork, preparing calendars, answering phone calls, responding to emails, faxes, and entering case information into the case management system. <p>Having two clerks streamlines courtroom operations, reduces errors, and ensures timely data entry. It also enables the Court to provide responsive support to attorneys, the Probation Department, correction facilities and law enforcement without interrupting the flow of proceedings. Continuation of funding is necessary to maintain this level of service and ensure the Court can meet statutory obligations, support justice partners, and uphold public safety.</p>
