Dear Supervisors,

Local police and authorities should not be "assuring immigration detainees" have all their "rights" provided.

As they will be ICE detainees, this should only be the concern of ICE. We should not interfere with Federal

authorities.

Subject: Regarding The Immigration Truth Act

TO: CONTRA COSTA COUNTY BOARD OF SUPERVISORS I want to make a statement first, followed by a question (s). STATEMENT: My name is Marlene Lerner-Bigley and I am a 49 year resident of Martinez. I was born and raised in Lenoir, NC as the daughter

STATEMENT:

My name is Marlene Lerner-Bigley and I am a 49 year resident of Martinez. I was born and raised in Lenoir, NC as the daughter of two parents who were victims of the Holocaust. My father came from Poland in 1938 and my mother came from Germany in 1939. They each were escaping Nazism. My dad wanted to give back to the country that saved his life, so he enlisted in the Army in hopes of being sent back to Europe. The Army sent him to the Pacific Theater where he became a Staff Sgt. and he learned how to speak better English. My mother and her two siblings ended up in New York City where my uncle also enlisted in the Army. My mother and her sister worked 3 jobs to make ends meet. My mother met my dad through a girlfriend who she worked with and 6 weeks later, they married. That was in 1946. Fast forward to 1987, when the Berlin Wall came down, my uncle, who lived in England, flew to Berlin to find out the fate of his parents. Sadly, he learned that my grandparents had been taken from their home and put into a work camp. From there, they were transported to a camp deep in the forest in Poland. The camp was called Chelmno and was a gas camp. In January of 1942, Isaac and Martha Teich-Birken were gassed along with 9 others, in a van. And for what reason, other than they were Jewish??

Recently, I found out from the German consulate in SF, that my mother's passport was a "foreigner's" passport and that the Nazis deemed her stateless and a non-citizen. Imagine my surprise and at that moment, I realized her despair. The impact of being separated from her precious mother and father was devastating when she left them, and then again, when she found out how they died.

This story must sound familiar to you as to what is going on with the regime that is in The People's House. The Latino/Latina community desperately needs our help and our backing,

your backing! Please have the courage to enact an absolute securely tight Ordinance that restricts the Contra Costa County Sheriff's Dept from providing ICE with information on immigrants who work hard, who have been here for a long time, who live amongst us. This is a violation of the privacy act and this community, ALL of us, deserve that support.

QUESTIONS:

Will you take the pledge to protect our familia by creating a steadfast, clearly-stated comprehensive and permanent ordinance that prohibits Contra Costa County law enforcement agencies from cooperating in deportations with ICE? Will you pledge to require to order full transparency to the family members of the person detained and why?

Thank you for your time and I hope I am chosen to read my statement.

Sincerely,

Marlene Lerner-Bigley

Subject: END county cooperation with ICE

In regard to deportations, who is tracking names of men, women, children, and families who have been detained, will be detained, and where they are going? We need to have transparency on all levels of this unlawful action of rounding up women

In regard to deportations, who is tracking names of men, women, children, and families who have been detained, will be detained, and where they are going? We need to have transparency on all levels of this unlawful action of rounding up women and children and hard-working immigrants because of trump's cruel mandate.

Is this being done?

By who?

Where is the information being held?

Who is keeping track of people if they are transferred to another facility or out of the country?

Thank you.

I am a voter in Richmond, CA. I am opposed to my tax dollars used for Sheriff cooperation with I.C.E. The Sheriff's department has an important role in law enforcement in our County. But I.C.E. cooperation distracts resources from this task. Instead it harms families and further harms individuals who are not criminals and are working hard to achieve the American Dream, but have not yet become citizens. In some cases, even citizens have been taken into custody by I.C.E. based on their race or use of a foreign language.

As a resident and taxpayer in El Cerrito, I object
to the use of county resources to terrorize and racially
profile members of our communities.

Immigrants are an essential sector that contribute
to the health and economic vibrancy of our state
and our county.

Please end ICE collaboration. Do not use my tax \$\$
to add more resources to the extraordinarily bloated
incarceration and deportation machinery of the Trump
regime.

We are currently serving as Social Services Program Assistants in the CalWORKS Field Division, EHS D. In September 2022, our classification changed as a result of Assembly Bill 79. We were reclassified ~~to~~ from Eligibility Workers to Social Services Program Assistants, due to increased complexity and demands of our roles. We now manage multi-program caseloads which ~~includes~~ includes CalWORKS, CalFresh and Medi-Cal. Despite this, CalWORKS Field is currently only being recognized as dual-program workers — not for the full scope of work we are actually responsible for. This is ~~and~~ not just about a paycheck, it's about being valued. It's about fairness. We're simply asking to be considered and be included ~~in~~ in the newest reclassification as Eligibility Workers III. Thank you.

Legal precedents and norms are being rapidly
disseminated by the warrant admin. How
are ICE actions affecting us?

- Militarization of our communities

Our Sheriff dept is supposed to follow
THE constitution and SERVE the community.

Denying due process to our immigrant
community members is illegal!

- Pragmatically, the immigrant community
is paying your salary

- Haven't you (the Sheriff's office) lost enough trust?
the Partnership with ICE does you no favors.

By asking Sworn officers to assist ICE, you are requesting people who have made the public vow to support the Constitution to engage in unconstitutional activity: Article I, Section 9 protects our Habeas Corpus rights, and the 5th + 14th Amendments protect Everyone's Due Process Rights.

We Must ensure that the Rule of Law is respected, and that the Constitution is protected.
