Qualifications and Volunteer Experience

Please explain why you would like to serve on this particular board, committee, or commission.

Investing our retirement funds wisely and ethically is an important civic responsibility. There are a lot of very bad ideas in Finance and it is important to keep our beneficiaries' interests paramount.

Describe your qualifications for this appointment. (NOTE: you may also include a copy of your resume with this application)

I retired from a long and successful career in investment management at the end of 2024 and want to get more involved in my community. I was an industry analyst and a portfolio manager of two award winning mutual funds (DODFX and DODEX) at one of the largest asset managers in the Bay Area (Dodge & Cox). My children are almost all out of the house and they no longer need my help in terms of coaching, volunteering in their classroom or, even, being an on-call chauffeur. I understand budgets and have a long held interest in public policy. I understand the private sector well from my career in Finance and am a firm believer that good public policy is essential to sustaining our successes and building a better future for our entire community.
