# ISO Tank Terminal Amendments

**Nicole A. Heath, Director of  
Hazardous Materials Programs**

September 10, 2024

# ISO Working Group

First Working Group meeting was held September 6, 2022

Working Group is comprised of:

- CCH
- Partner Agencies
- Industry Members
- Community Members

Monthly Meetings discussed language development, changes, and action items.

Revisions were brought to the ISO/CWS Ad Hoc Committee for discussion and public input

# Applicability

Facility with at least one field erected tank of at least 50,000-gallon shell capacity and contains at least 10,000-pounds of a flammable liquid

8 facilities identified in initial review\*

*3 in Unincorporated County*

*1 in City of Martinez*

*4 in City of Richmond*

*\*Contra Costa Health will continue to review facility submittals to determine any additional facilities potentially subject and will add to working group.*

# Proposed New Tank Terminal Facilities

## Unincorporated County

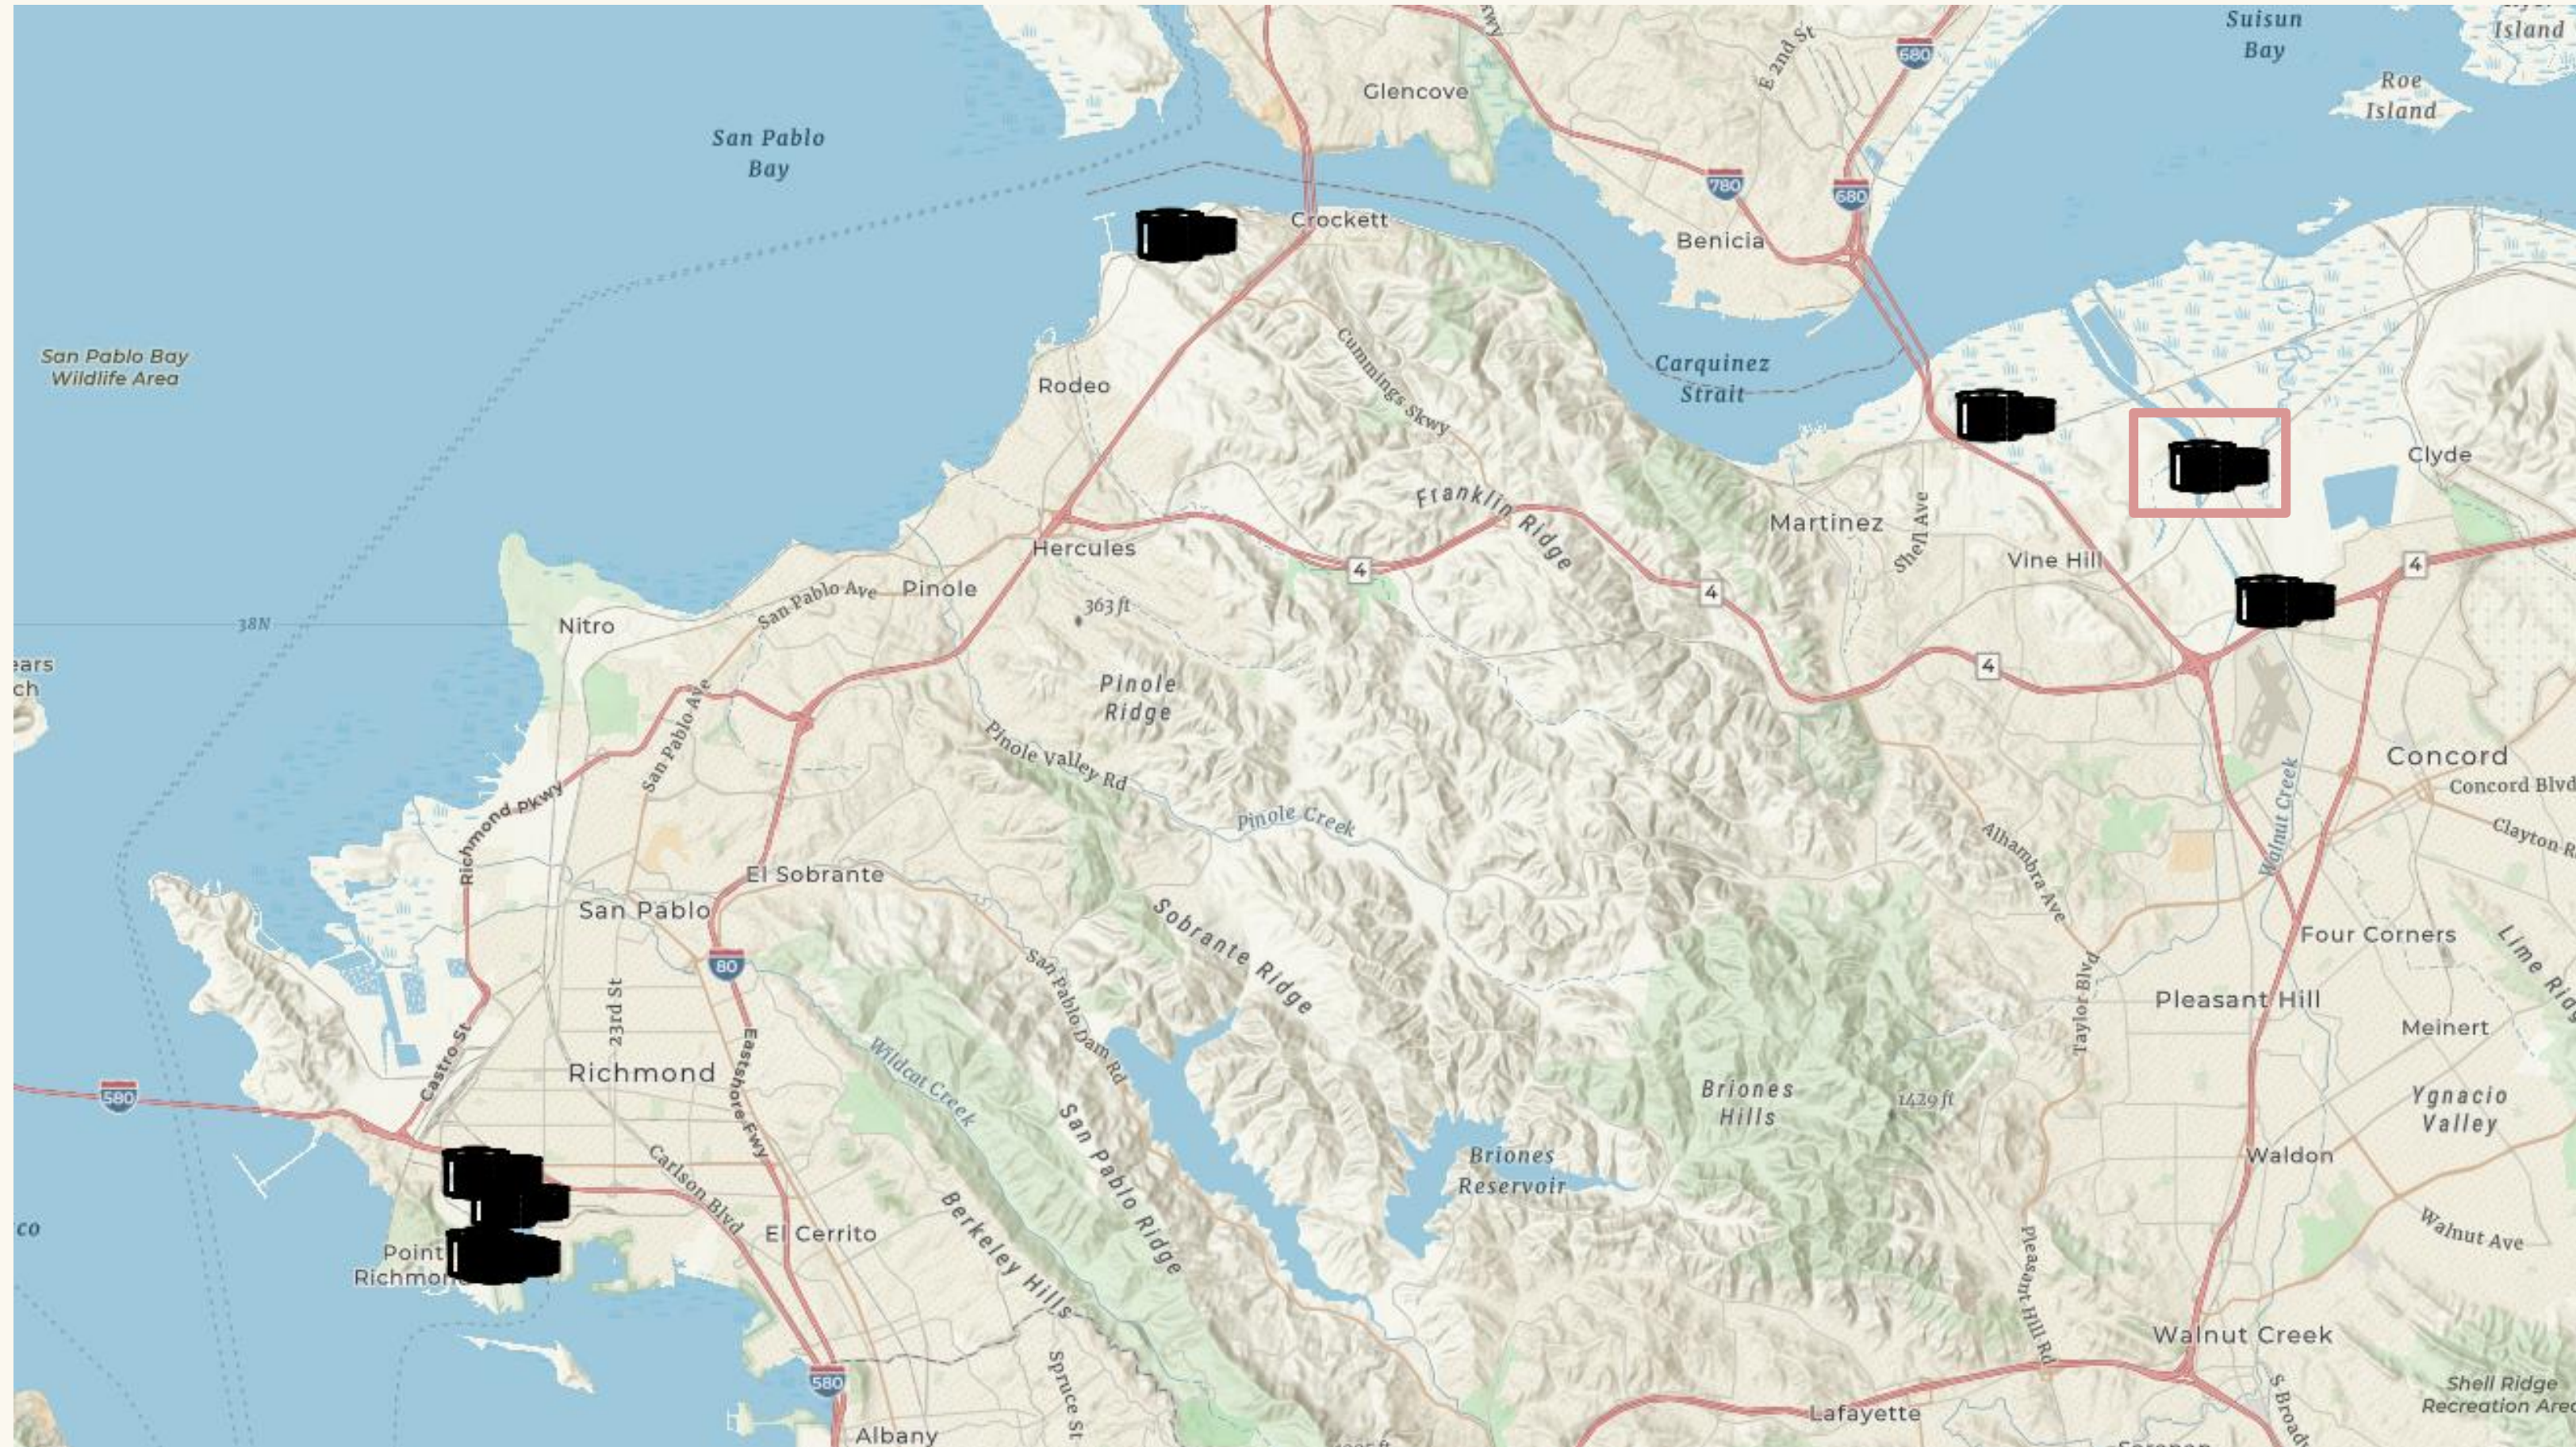

- SFPP
- Shore Terminals
- Chevron Products-Avon

## City of Martinez

- TransMontaigne

## City of Richmond

- TransMontaigne
- Kinder Morgan
- IMTT
- P66 Richmond Terminal

# Safety Programs

#		PROGRAM	BASIS
1	Management Systems	Safety Information	Understanding the hazards
2		Hazard Review	Identifying and understanding risk
3		Operating Procedures	Develop and maintain clear instructions for safely conducting activities
4		Mechanical Integrity	Ensuring equipment is in good working order, published standards are being followed, and training of personnel
5		Management of Change	Managing changes and ensuring Safety Information, procedures, and practices remain up to date
6		Pre-Startup Reviews	Managing changes and ensuring design, documents, and personnel are up to date
7		Incident Investigation	Learning from past incidents
8		Emergency Response	Mitigating consequences

- Open and close public hearing
- Adopt the proposed amendments as stated in Ordinance 2024-14
  - Including determination of CEQA Exemption
- CCH will continue to work with county counsel and stakeholders through the ordinance process
