INTRODUCTION

COUNTY PROFILE

One of the original 27 counties established in California in 1850, Contra Costa County is home to more than one million people, making it the ninth most populous county in the state. Physically, Contra Costa is over 733 square miles and extends from the northeastern shore of the San Francisco Bay (Bay) easterly about 50 miles to San Joaquin County. The County is bordered on the south and west by Alameda County and on the north by the Suisun and San Pablo Bays. The western and northern shorelines are highly industrialized, while the interior sections are suburban/residential, commercial and light industrial.

About 40 percent of the county is under the jurisdiction of 19 incorporated cities and towns, and large portions of the remaining unincorporated area are part of public park systems. Most of the population is consolidated along the major transportation corridors--Interstates 80 and 680, Highways 4 and 24, and the BART lines. Contra Costa County is also very diverse, with communities that range from small agricultural towns like Byron, with a population density of about 200 people per square mile, to urban population centers like Contra Costa Centre, a bustling transit village with a population density of 8,400 people per square mile.

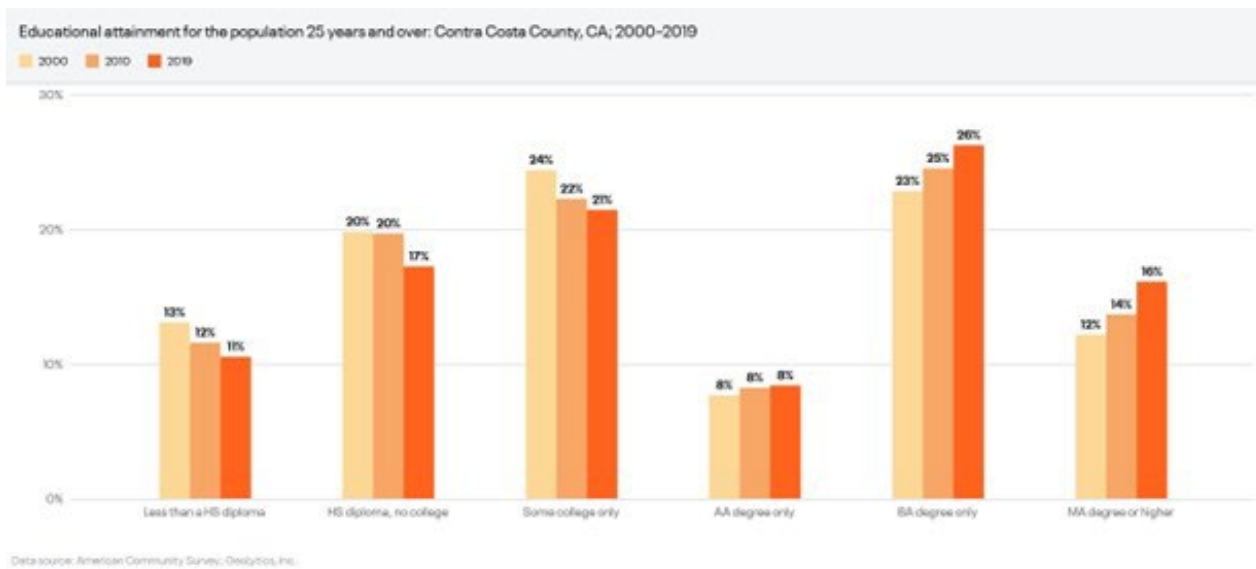

With its strategic location as **The Capital of The Northern California Mega-Region™** and easy access to suppliers and customers, Contra Costa County is a business destination full of opportunity.

DEMOGRAPHIC HIGHLIGHTS

According to the 2024 State Department of Finance data 1,146,626 people live in Contra Costa County. 15% of Contra Costa's population, 176,941 people, reside in the unincorporated areas of the county. The median age of Contra Costa County residents is 39 years old. Our population of people age 60 or older is expected to grow by approximately 47% between 2020 and 2050, making this age group our fastest growing.

44% of County residents are white, with significant proportions of Asian (16.5%) and African American (8%) people. The Census tracks Latinx ethnicity separately from other populations; in total, the Hispanic/Latino population makes up approximately 26% of the total population.

GOVERNANCE

A five-member Board of Supervisors, each elected to four-year terms, serves as the legislative body of the County, which has a general law form of government. Also elected are the County Assessor, Auditor-Controller, Clerk-Recorder, District Attorney, Sheriff-Coroner and Treasurer-Tax Collector. The County Administrator, Monica Nino, is appointed by the Board and is responsible for running the day-to-day business of the County.

Contra Costa County Board of Supervisors:

- District I: John M. Gioia
- District II: Candace Andersen
- District III: Diane Burgis
- District IV: Ken Carlson
- District V: Shanelle Scales-Preston

LEGISLATIVE PLATFORM PURPOSE

The Legislative Platform establishes the priorities, principles, and policy statements of the Contra Costa County Board of Supervisors and establishes the basis for its advocacy efforts, alerting our legislative partners of the greatest needs of our residents and where we need additional help. The Platform also provides general direction to County departments and agencies, legislative advocates, delegation members, and the public on our positions on key policy matters that would impact the way the County does business.

Throughout the legislative session, the County will review and take positions on various policy and regulatory proposals. When a recommended position is consistent with existing County policy, as adopted in the Platform, the CAO's office or department staff will prepare a County position letter for signature by the Board Chair.

Contra Costa County has also adopted a ***Delta Water Platform*** to identify and promote activities and policy positions that support a healthy Sacramento-San Joaquin Delta (Delta). Contra Costa County uses this Delta Water Platform to guide its actions and advocacy regarding the future of the Delta.

MISSION, VISION, AND VALUES

Contra Costa County has adopted the following Mission, Vision and Values statement:

Mission: Contra Costa County is dedicated to providing public services which improve the **quality of life** of our residents and the economic viability of our businesses.

Vision: Contra Costa County is recognized as a world-class service organization where innovation and partnerships merge to enable our residents to enjoy a safe, healthy and prosperous life.

Values: Contra Costa County services people, businesses and communities. Our organization and each one of our employees value: Clients and communities; Partnerships; Quality Services; Accountability; Fiscal prudence; Organizational excellence.

FEDERAL FUNDING NEEDS: PROJECT SPECIFIC

****TABLE PLACEHOLDER****

- **Proposed List of Projects for Community Project Funding**

This section will be amended by the Board of Supervisors in early 2025, following instructions from Congress regarding Community Project Funding.

SURFACE TRANSPORTATION FUNDING NEEDS

- ✓ **Vasco Road Safety Improvements:** Project components (barriers, shoulders, passing facilities) will eliminate cross median collisions, wildlife undercrossing/overcrossing will preserve migration patterns.
- ✓ **North Richmond Community Supportive Transportation Improvements:** Alternate truck route/regulations, trail/school access improvements to address community safety, public health and livability needs, and general transportation improvements to support job growth and priority development area access.

- ✓ **Countywide Multi-Use Trail and Corridor Program:** Active mode facility expansion and improvements including access to/from mass transit stations, schools, activity centers, other trails, facilities to separate pedestrians, cyclists, and electric bicycles, and grade separation including but not limited to the Iron Horse Corridor, Delta De Anza Trail, etc.
- ✓ **State Route 4 / Old River Bridge Study:** The existing structure is narrow; improvements would address safety and traffic flow.
- ✓ **Kirker Pass Truck Climbing Lane (southbound) and Turn Channelization:** Needed for improved traffic flow and safety.
- ✓ **Vasco Road – Byron Highway Connector:** Connection between two major arterials improving connectivity while removing through/truck traffic from the Byron community.

FEDERAL FUNDING NEEDS: PROGRAM SPECIFIC

1. **Housing:** Support funding for economic development and affordable housing for local agencies engaged in building stronger, more economically-viable communities.
2. **Local Cost Share:** Support legislation that would give the Army Corps of Engineers the authority to reduce the project cost share in disadvantaged communities to 10% local match.
3. **Multimodal National Freight Network:** Support increases in funding for National Freight Strategic Plan implementation specifically to fulfill the goals of the Northern Waterfront initiative and to address congestion in the I-680 Corridor.
4. **Rail Safety:** Support measures to enhance the safety of rail transportation of hazardous materials with an emphasis on: increased state oversight of

railroad bridges; funding for first responder training; funding to improve rail safety and prevent rail trespass fatalities; funding to improve the rail system to address the impacts of Sea Level Rise; improved regulations for tank car safety standards for hazardous materials; funding for enforcement; data sharing requirements between state emergency managers, local responders and rail operators; support for improved partnerships between state and federal regulators; and addressing the enhanced hazard from incompatible hazardous materials being stored or transported in proximity to each other.

5. **Rural Road Funding Program**: Support the creation of a new program to modernize rural roads consistent with emerging safety, complete streets, active mode policies.
6. **Stormwater Program Funding**: Support additional funding through the EPA to enable compliance with the Clean Water Act.
7. **Surface Transportation Program/Increases in Highway (road/rail) Bridge Funding**: Consistent with the National Association of Counties (NACo) position, regulation changes are needed that allow for direct funding to qualified local jurisdictions to expedite economic benefits, increase purchasing power, and bolster travel, business and economic growth.
8. **Transportation Funding for Disabled, Low-income, and Elderly Persons**: Support increased capital and operations funding, in addition to funding and policy changes that would address local, state, and federally identified needs for coordination improvements including new funding to support the federally required Coordinated Public Transit Human Services Transportation Plans.
9. **Flood Risk and Water Supply Forecasting**: Support coordination and funding for the Advanced Quantitative Precipitation Information (AQPI) radar system. <https://psl.noaa.gov/aqpi/>

PRIORITY POLICY STATEMENTS

CLIMATE CHANGE

1. SUPPORT funding and policy to implement the following:

- i. Technologies that achieve the County's climate goals, including battery energy storage and microgrids, solar and wind energy, electric vehicles, and electric vehicle charging infrastructure;
- ii. Energy efficiency programs that encourage whole house retrofits and address asthma triggers in the built environment;
- iii. Preparation of the Resilient Shoreline Plan that will identify strategies and pathways Planning work for adapting to rising sea levels in the Bay and Delta;
- iv. Planning and implementation of microgrids;
- v. Active transportation and green infrastructure programs;
- vi. Job training for careers in clean energy, clean transportation, and green infrastructure.

2. SUPPORT legislative and administrative efforts that: address the impacts of climate change; support climate adaptation and resilience efforts; support the Green Business program; address the disproportionate impacts that some communities bear because they are located near sources of exposure such as large industrial facilities, freeways or transportation corridors and/or live in proximity to areas vulnerable to sea-level rise or inland flooding; reduce exposure to toxic air pollutants and reduce greenhouse gases; study and recognize the health impacts of global and regional climate change; support a transition away from leaded aviation fuels; and study the economic, workforce and social impacts of transitioning away from fossil fuels.
3. SUPPORT the concept of establishing a national price on carbon-based fuels to address the costs to society of emissions from those fuels.

CRIMINAL JUSTICE AND MENTAL HEALTH

4. SUPPORT policies and approaches that would enhance the ability of county officials and our partners to prevent and treat mental health and substance use disorders, both in the community and within the confines of the criminal justice system.
5. SUPPORT policies and programs that divert non-violent individuals struggling with mental illness and/or substance use disorders from local jails into more appropriate treatment programs.
6. SUPPORT legislation and regulations that would amend the federal Medicaid Inmate Exclusion Policy (MIEP) and allow non-convicted individuals to have continued access to necessary treatment through federal health benefits such as Medicaid, Medicare, CHIP and VA health benefits.

THE DELTA

7. PROTECT and RESTORE a healthy and sustainable Delta ecosystem, including adequate water quality, inflow and outflow, and water supply, to support fisheries, wildlife, and habitat and control invasive species.

8. SAFEGUARD Delta Counties' responsibilities related to land use, water resources, flood management, tax revenues, public health and safety, economic development, agricultural stability, recreation, and environmental protection in any projects, policies, or operations.

34. SUPPORT reauthorization of funding for HIV/Ryan White Care, Maternal Child Health Funding including Maternal Infant Early Childhood Home Visiting (MIECHV), and CHIP (Children's Health Insurance Program).
35. SUPPORT legislation and administrative changes that will enhance counties' ability to provide comprehensive Behavioral Health Services.
36. PROTECT funding for core local public health and prevention efforts.
37. ADVOCATE for federal resources to address local pandemic response efforts, including vaccination efforts, that provide direct allocations to local governments to offset revenue losses and maximize local flexibility for use of such funds.
38. SUPPORT legislation and administrative policy changes that will continue into the future the flexibilities in use of Telehealth services.
39. SUPPORT efforts that ensure access to comprehensive reproductive healthcare, and OPPOSE efforts that would restrict funding or access to comprehensive reproductive healthcare, including reduced reimbursement or funding from Medicaid or other federal sources.
40. SUPPORT Medicare physician payment increases to stabilize physician practices, protect access to doctors and reduce consolidation.
41. SUPPORT legislation and administrative policy changes that will reduce Medicare administrative burdens and reform the prior authorization process to ensure patients get the care they need when they need it.
42. SUPPORT legislation that increases Medicare Graduate Medical Education (GME) physician residency training positions to address the physician workforce shortage.

HOMELESS SERVICES

43. SUPPORT the continuation and expansion of funding for fair and equitable affordable housing, homelessness assistance and prevention programs, and strategic local and regional responses to homelessness that promote transparency, equity and data informed decision-making and enhance access to resources that support the County's compliance with federal and state anti-homelessness and anti-poverty initiatives and requirements.
44. SUPPORT increasing and maintaining affordable housing stock and housing stability by way of supporting funding, policy, or regulations that promote fair and equitable housing for the most vulnerable low, very low, and extremely low-income households, including the production and preservation of various housing types and the protection of stable housing for vulnerable persons experiencing homelessness.
45. SUPPORT removal of barriers in planning processes, regulatory frameworks, funding programs, healthcare access, and policy to promote increased equity, innovation, transparency and data-driven approaches to addressing homelessness and housing affordability, with the goals of increasing affordable housing and eliminating discrimination and disparate treatment of individuals based on race, ethnicity, gender, gender identify, sexual orientation, ability, housing status, income, or other household characteristics.
46. SUPPORT wide variety of housing types and formats, for all persons regardless of personal characteristic or status, and actively promote the equitable distribution and access to affordable units and holistic services, in line with evidence-based practices, to ensure the elimination of discrimination and disparate treatment of individuals, particularly vulnerable individuals and those from communities of color.
47. SUPPORT increasing funding, policy, and regulations for disaster planning and relief efforts that allow the County and the County's homeless system to plan for and equitably respond to disasters and pandemics, including for purposes of supporting the health and safety of providers and persons experiencing homelessness, particularly the most vulnerable and those from communities of color.

HUMAN SERVICES

Child Support Services

- 48. OPPOSE efforts to reduce child support funding.
- 49. SUPPORT programs to improve and increase collaborative parenting.
- 50. SUPPORT an initiative to have a single statewide formula for support guidelines and provide for state programs to allow non-cash payments as part of a guidelines support order.

Child Welfare Services

- 51. SUPPORT legislation that increases and protects the safety and well-being of children at risk of abuse, neglect and exploitation.
- 52. OPPOSE the elimination or cuts to funding streams for child welfare programs.
- 53. SUPPORT increasing prevention dollars to help children who are victims of abuse, neglect and exploitation remain safely in their own homes or family-based settings and provide support to their caregivers.
- 54. SUPPORT efforts to provide states with financial incentives, as opposed to monetary penalties, and minimize the significant administrative burden associated with child welfare review processes.

Early Childhood Development

- 55. SUPPORT efforts that ensure all children have access to quality care by expanding high quality learning opportunities for children, expanding subsidized childcare and tax credits, increasing new childcare slots, increasing access to home visiting programs, and making funding available for First 5 commissions, increasing wages and supporting infrastructure of ECE programs.
