1. Activities

The NRMFC made recommendations to the County Board of Supervisors and Richmond City Council on the use of money collected through a Waste & Recovery Mitigation Fee established as result of an Environmental Impact Report to mitigate impacts from the expansion of the West Contra Costa Sanitary Landfill (WCCSL) Bulk Materials Processing Center (BMPC) located in the North Richmond area. The Committee provided feedback to City/County Committee staff about recommended uses of the mitigation fee for the purpose of defraying the annual costs associated with the collection and disposal of illegally dumped waste in the North Richmond area as a result of the BMPC expansion.

2. Accomplishments

In 2025, the NRMFC received a Tonnage & Revenue update along with informational reports on all expenditure plan strategies. Projected tonnage revenue reports indicated more revenue for the 2025/2026 fiscal year than was provided in 2024/2025. At the May 2025 meeting staff provided a recommended 2025/2026 budget based in part on actual 2024/2025 costs at that time.
