Topics identified in 2025 Work Plan:

- Implementation of the County's 2024 Climate Action Plan,
- Issues in the Climate Action Plan, including water conservation and drought; land use and public transportation, including pedestrian and bicycle access; energy efficiency and renewable energy; and recycling and composting,
- Implementation of the Climate Emergency Resolution,
- Increasing resilience to climate-related disasters and incidents, including the Adapting to Rising Tides studies for Eastern Contra Costa County and the Bay Area region, wildfires, and Public Safety Power Shutoffs,
- Review of Just Transition Economic Revitalization Plan,
- Electric Vehicle Readiness Implementation,
- Advocacy on issues related to the Climate Action Plan,
- Potential health impacts of climate change (i.e., wildfires),
- All-Electric Buildings for new and existing buildings,
- Low-carbon concrete building materials,
- Tree planting and preservation policies and actions,
- Carbon Capture and Sequestration, and
- Outreach and education on sustainability to Contra Costa County residents and businesses.
