# CSA

The mission is to ensure fresh, local, chemical free, and intentionally grown produce is available to all West Contra Costa residents. Your CSA bag includes produce from the North Richmond Farm and our local partner farms. This allows us to offer high-quality seasonal fruits and vegetables, often harvested just a couple of days before you receive them.)

## OHLONE REFLECTION GARDEN

### THE FARM STAND (FARM STORE)

- Offering fresh fruits and vegetables to North Richmond 7 days a week

### AN EXPANDED WASH AND PACK

- Equip with more produce cold storage space so we can connect with more small sustainable farmers and get more healthy food to people in need

### A COMMUNITY ROOM

- Creating a space where community members can hold community meetings, events, workshops, youth and adult programs year around

### CHILDREN'S GARDEN

- Designed for kids under 10 years old that will include a mud kitchen and plenty of play and learning spaces

The Community Resiliency Center at the North Richmond Farm will be equipped with a special HVAC system and air filters so it can be used as a Breathing Center when wildfires threaten our air or during other clean air emergencies.

This building will also have a solar and battery back-up system so that it can keep the refrigerators and HVAC going for up to 3 days without electricity from the grid.

This essential infrastructure will be in place so we can train local residents year around in CPR, first-aid and general emergency response, as well as be a much needed safe harbor during emergencies.

A graphic with a solid green background. In the center is a large, white, irregularly shaped blob. Inside this white blob, the words "Thank You" are written in a dark green, cursive script font. The corners of the image are decorated with stylized green foliage, including leaves and thin branches, in various shades of green.

Thank You
